SILVER PROVISION MADE INVERSED ON GLASS MEASURE

Thomas Discomfit Leaders by Insertion of Amendment Aiding Metal

SEE DEFEAT OF EFFORT
Rejection of Clause Added To Small Industry Bill Called Certain

WASHINGTON, May 3 (UP)—Senate action on the controversial measure was delayed today until next week.

Sen. Elmer Thomas, D., Ohio, who injected the issue in sudden and dramatic form, withdrew his original silver amendment to the Glass-Steagall-Keenan-Foran-Industry bill and then presented it again in a different manner. The consideration by the senate next Monday.

BY H. L. THOMPSON
WASHINGTON, May 3 (UP)—Administration leaders today predicted defeat for the Thomas silver bill, forced upon the senate to the discomfiture of those who had hoped to avoid for the present open fight on the silver issue.

Sen. Elmer Thomas, D., Ohio, interrupted the administration machinery when he appeared unexpectedly in the chamber and offered his amendment to the Glass bill which the senate was about to pass. The Glass bill provided for federal loans to private industry.

British Contusion
Thomas' bill, a modification of the Dies silver purchase plan, was introduced in the senate in favor of the "silver plan."

It appeared that the Glass bill would be passed today, but when the situation was studied, "Democratic leaders" decided to try another way, they declared. (Continued on Page 2, Column 3)

FEDERAL COUNTY'S SET-UP
Headquarters Established in Nine Communities on Job Relief Program

Organization of the county work relief program is being carried on along lines similar to the urban set-up in Twin Falls. The program has been completed and offices are being set up in nine communities. The program is being directed by Bob H. Warner, office manager.

Accused in Bremer Kidnaping

Accused by federal officials as the "brains" of the \$200,000 Bremer kidnaping plot, John J. McLaughlin, one-time Chicago political boss, here (left) being escorted by Sheriff W. E. Marshall Ben Goldberg, McLaughlin, accompanied by William E. Vidler, ex-convict gambler, admitted handling \$55,000 of the Bremer ransom money.

House Fight Looms Over 30-Hour Week

WILL ROGERS SAYS:
SEN. THOMAS' BILL
The 30-hour week bill was thrust into the forefront of the house legislative battle today when a petition was prepared to force it upon the senate. The program for putting 3,000,000 jobs back to work was the main feature of the bill.

BY EDWARD W. LEWIS
WASHINGTON, May 3 (UP)—The 30-hour week bill was thrust into the forefront of the house legislative battle today when a petition was prepared to force it upon the senate. The program for putting 3,000,000 jobs back to work was the main feature of the bill.

Chairman William P. Connery, D., Mass., of the house labor committee and author of the bill, informed the house that he and the American Federation of Labor were conferring with Secretary of Labor Frances Perkins and NIRA Council Donald Richberg "to see if we can't get together on a bill to give the 30-hour week."

Indaho Disabled Group Hears State Commander Talk at Convention
IDAHO FALLS, May 3 (UP)—Legislation in the interests of disabled veterans was the principal business of 150 delegates meeting here today at the opening sessions of the Idaho Disabled Veterans of the World war annual convention.

Funds Tied Up
The funds, he said, are not available and can be released only through an act of congress. The question of war risk insurance funds was also discussed. Veterans feel that it is not just and are planning to urge a rating on the part of the country are mistaken in the idea that those funds can be given by the courts. The people of the country are mistaken in the idea that those funds can be given by the courts.

Japan Given London Ultimatum
LONDON, May 3 (UP)—Britain pressed to Japan today what was understood to be a virtual ultimatum to withdraw her troops from the Japanese encroachment of Japanese land against the island.

DETROIT BANK FRODE
WASHINGTON, May 3 (UP)—Attorney General Homer S. Cummings today ordered submission of evidence by the Detroit, Mich., connection with the collapse of two large Detroit banking groups.

BALANCE BUDGET FOR PROSPERITY STRAWN ADVISES

Raps New Deal Sharply Before National Gathering of Business Chiefs
ATTACKS EXPERIMENTS
Calls Stable Monetary Policy Vital Need for Return of Confidence

BY FRIEDRICH C. OTTMAN
WASHINGTON, May 3 (UP)—America must balance her budget, returned to the gold standard, advise her securities act before there can be any real prosperity, Sigmund H. Strawn, distinguished Chicago attorney, insisted today.

Voices Objectives
Strawn gave voice to many of the leading objections to the recovery program before the national convention of the United States Chamber of Commerce was one of the most vigorous critics of the New Deal yet voiced by an American business leader.

He said business could not prosper if it continued to support one-third of its income for the support of government and that: "It is obvious that the present menace to the revival of normal business... is a lack of confidence. The only way to get back to normal business... is to have a definite announcement that we have ceased experimenting in our financial policy."

WILSON HELD IN CHARGE
Power County Man Arraigned at Burley in Death of Girl, 22

BURLEY, May 3 (Special)—While officials awaited today the results of a preliminary hearing in the case of the death of a Burley girl, E. E. (Blackie) Saturday, Jr., a Burley man was arraigned today before Henry W. Packer, preliminary judge, on a charge of murder.

SILK SHUTDOWN
RULED IN EAST
Dramatic Ode Decision Will Halt Textile Production For One Week

NEW YORK, May 3 (UP)—A national strike of producers in the silk textile industry for the week of May 14 to 21 was ordered today by the code authority.

STEEL COMPANY CHALLENGES NRA
Council for Warrent Concerns Attacks Legality of Recovery Act

WILMINGTON, May 3 (UP)—Constitutionality of the national recovery act was challenged by the American Steel company today in a government's test suit to enforce collective bargaining provisions enacted by the law company.

In Command

Responsibility of leading the most extensive mass formation trip on record goes to Lieut. Col. Ross E. Howell (shown), Marine Corps flyer of Bufile 17. He commands a squadron of 22 land planes scheduled to fly 4,000 miles during participation in fleet maneuvers in the Caribbean area.

FAMILY REOPENS RANSOM CONTACT
Intermediary Makes Secret Trip as Officers Move To Hunt Child

TUSCON, Ariz., May 3 (UP)—Negotiations for payment of \$15,000 ransom and return of June Hobbs, 6, kidnapped here, were believed to have been reopened today.

STOCK EXCHANGE BILL WINS TEST
House Votes Down Attempt To Change Loan Value of Securities

WASHINGTON, May 3 (UP)—The Democratic leadership won the first test vote on the key stock market control bill today when the house voted down an attempt to lower margin requirements set by the measure.

GERMAN ADMITS ESPIONAGE PLOT
Complete Confession Issued By Suspect Held in New French Round-up

PARIS, May 3 (UP)—A complete confession of espionage activities directed against France's war-time border defenses has been obtained from George Sybert, arrested as a German agent, according to Magistrate Andre Berthoin, head of the French military intelligence.

ELKS WILL PICK LODGE OFFICERS

Entertainment Scheduled for Open Meeting Following Annual Election

J. M. Miller, lodge chaplain and committee chairman, announced a program of entertainment at an open meeting which will follow the regular session and election of officers of Twin Falls Elks lodge at the hall this evening. The open meeting is to begin at 9 p. m.

Five little girls, Jane McFarland, Jean Fohlmann, Marilyn North, Eleanor Wait and Helen Jean Weaver, will open the program with a military tap dance. Erna Lea Skinner will appear in an acrobatic dance, and Betty Yarnough in a cake walk. Helma Sweet, Mary Virginia Benson and Erna Lea Skinner as "Three French Dolls" will give a dance number. Miss Rhoda Phillips will present an original impersonation of "Betty Boop."

Adults on the program will be Pat Daly, who will sing, Mr. and Mrs. Jack Dwight, who will present a "musical whirlwind," and "Buddy" White, a former vaudeville performer, who will do a buck and wing dance. Mrs. J. L. Hodge will accompany all numbers.

Victor Strobcek's troupe of Roy Scouts will demonstrate the final phases of scoutcraft to complete the program.

FIRE BURNS \$5,000,000 IN WHISKY

Gasoline poured into a heated stove was the cause, investigators said, of the \$5,000,000 blaze that swept the Schenck-owned distillery near Lexington, Ky., causing the death of a workman and the destruction of 20,000 barrels of whiskey, some of it 21 years old. This was the scene as the flames consumed a remaining pyramid of barrels.

10,000 RECEIVE TUBERCULIN TEST

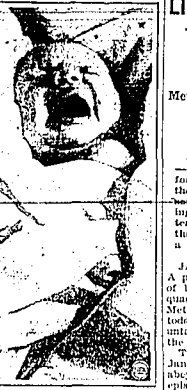

Grade, High School, College Students Included Among Groups Handled

Ten thousand high school and grade school children in 20 Idaho counties have received the tuberculin test this past year through the work of the Idaho Anti-Tuberculosis Association. Mrs. Catherine Athey, executive secretary, told members of the local unit who met here yesterday at the home of Mrs. W. Orr Chapman, county chairman. Tests have also been given at the state university at Moscow and Potomato and at Lewiston and Albion state normal schools.

Tests have already been held this year at Kimberly and will be given in Twin Falls next fall. The dining unit at the McCullay Memorial camp, which is to open in July, will be built through the assistance of the Idaho Emergency Relief organization. Mrs. Athey announced. All children wishing to enter the camp this summer are asked to send their names and addresses to Mrs. Chapman, as soon as possible. It is also hoped that a swimming pool can be added to the grounds. The chairman announced that while contributions will be received from the organizations, no soliciting will be done because of membership in the Community Chest.

The called meeting yesterday took the place of the regular meeting which was to have been held in Twin Falls Saturday.

3 MINUTES OLD LIMITED BISHOP TERMS PROPOSED

"Look pleasant, huh? I've been on earth only three minutes and along comes one of those pesky cameras!" So the new daughter of the distinguished Walter Materna, Saint Ste. Marie, Altna, lets loose a lousy yawn as her proud papa sets what he claims is a world record "snapping" a baby three minutes after birth.

Methodist Southern Parley Considers Plan; Hold Up Cannon Move

JACKSON, Miss., May 2 (AP)—Bishop James Cannon, Jr., in a proposal for holding the terms of bishops was placed before the Methodist Episcopal church, south—today—when overruling the majority of the parley. Cannon, temporary church leader when they voted 229 to 174 against a plan to retire him.

JACKSON, Miss., May 3 (AP)—A proposal for holding the terms of bishops was placed before the quadrennial conference of the Methodist Episcopal church, south today. The plan was given an unfavorable report yesterday by the committee of episcopacy.

The movement to retire Bishop James H. Cannon, Jr. was held in abeyance, pending action on the episcopacy committee's report of place of residence of bishop. Church leaders regarded this report as providing a means whereby Bishop Cannon might be retired for "unacceptability."

Present charges law provided that a bishop may be retired before reaching the age limit of 72 only on grounds of ill health or on conviction of moral charges. Bishop Cannon is two years below the age limit. He has declined that he will not retire voluntarily and that his health is excellent. No moral charges have been rated against him.

Court's Bailiff Is Facing Hard Task

MUNICIPAL, Ind. (AP)—Billings of an insurance case against 1,000 defendants in Delaware circuit court here has faced Ed Frazer, court room bailiff, with the possibility of severe wear and tear on his vocal chords.

If all the defendants default, he will be required to call each name three times, a total of 3,000 times.

Court house attendants have estimated the calling of all the names would require at least three hours and 34 minutes, not counting stops for drinks of water.

SMITH TAKEN TO COAST HOSPITAL

Burton Smith, manager of the Salmon River Canal company, has been removed to San Francisco for special treatment for an injury recently incurred in an auto accident four miles south of here.

Went to Mrs. Smith from the coast city stated she had arrived Wednesday morning in excellent condition, and was a patient at the University of California hospital.

He was accompanied by his daughter, Mrs. Harold Harman, and a special nurse, and was met by Mrs. Smith's son, John Butler, Berkeley.

Musser Rites Held At Burley Church

BURLEY, May 3 (Special)—Funeral services for Jacob H. Musser, 70, were conducted at the Methodist church here Tuesday afternoon, with Rev. Charles M. Reed, officiating. Burial was in the Gravel cemetery beside the grave of Mrs. Musser, who died last October.

Burley Masonic lodge had charge of the graveside ceremonies, members of the order attending in a body. Burley businessmen placed closed during the funeral hour, in respect to the memory of the senior member of the firm of Erickson & Musser, established here 13 years ago.

He was a former Elter resident, having come from Kansas. He was born in Lancaster, Pa., Feb. 21, 1864.

Funeral bearers were the five sons of Mr. Musser.

In Japan, a child is considered as one-year-old on the day it is born, and two days old the following New Year's day; a child born on Dec. 31 would be two years old the next day.

PARIS NAMED AS ALCOHOL CHIEF

Ed Paris, Twin Falls, former general prohibition enforcement officer, has been named chief of the Idaho alcohol division of the department of internal revenue. His friends have been informed. He will maintain headquarters in Boise and will have eight assistants.

George Doyle, formerly located here as a federal enforcement officer, has been transferred to Nevada. It is learned.

SALT LAKE CITY, Utah (AP)—Failure of George Smith to possess a bathtub when a sudden fire for a bath struck him was an excuse for his stealing one from a neighbor, Judge Vera L. McFarley ruled in imposing sentence.

File Foreclosure On Nampa Paper

NAMPA, May 3 (AP)—Foreclosure proceedings against the Co-operative Publishing company, publishers of the Free Press, have been filed with the county clerk by C. G. Caldwell by Loren E. Arnt and Bernard Manuwalling of Baker, Ore., publishers of a paper there.

The plaintiffs are reported to have recently acquired a majority of the bonds outstanding. Application for the appointment of F. L. Poage as trustee was also made and he was appointed by Judge Rice. Poage then filed an action on foreclosure in the interests of all bond holders. A. L. Anderson is attorney for the petitioners.

Three American nurses were wounded and 271 died in consequence of disease or accident in the World War; none was killed by enemy fire.

GANG SEIZED ON WOMAN'S STORY

Thugs' Bullet Fails to Kill 'Moll'; Long Crime List Finds Solution

PHILADELPHIA, May 3 (AP)—Federal agents today were reported to have found four persons in connection with three murders, two kidnappings, a \$60,000 bank robbery, the mail robbery at Philadelphia, and a \$100,000 mail robbery in Philadelphia because a slain gunman's "moll" lived to squeal on his enemies who had sentenced her to death.

Although keeping secret the identities she has them, agents said Mary Elizabeth Fontaine, 29, recovering from a bullet wound, named details of a list of Henryland, Virginia and District of Columbia crimes. They said four suspects were held in Elizabeth, Va. The girl, companion of "Big George Phillips," slain in April by Washington police, had been a partner in a Philadelphia rooming house. She said Phillips' gangster father had been killed and she had been freed, then despatched to him.

SHOW BUSINESS GAINS

SALT LAKE CITY, Utah (AP)—The film and theater industries are connected into popularity. Walter Hanger, one of the nation's great theater proprietors, says that "theater takes a prophetic" declared that the stage business shows a definite improvement over last year.

About 90 percent of the theater proprietors have cut losses, according to trade statistics.

THAMES WANT ADS GET REBUILT

Thames Valley service stations of the Westcott company are being improved in the program of improvement of new underways for the Thames valley.

All stations are being repaired, renovated and overhauled, each is being analyzed, and others are made known as to be easily identifiable. It is stated that the painting program is being carried out under the direction of Robert Loomer, who employs local painters to apply coats of white with the finishing of service station buildings. Interiors are being painted, with auto seats in bright green, and the Thames Valley stations in the program of W. R. Taylor, Harry Brown, Mark Brothers and the Highway station.

MORE THAN 50% LONGER NON-SKID MILEAGE in the NEW Firestone HIGH SPEED TIRE FOR 1934

THE new Firestone High Speed Tire for 1934 is the greatest tire ever built. With its wider, deeper non-skid, more and tougher rubber, and greater non-skid contact with the road, you get more than 50% longer non-skid mileage.

This new development is made possible by the Firestone patented process of Gum-Flipping, whereby the cotton fibers inside the high-stretch cords are snaked and twisted with pure liquid rubber. This provides greater strength, safety and blowout protection.

Firestone engineers pioneered and developed the first successful balloon tire in 1923, and it is only natural that Firestone would lead in the further development of tire construction to meet the demands of the high-powered car of today.

The new Firestone High Speed Tires for 1934, have already proved their worth by constant testing on the Firestone fleet of test cars over all kinds of roads and highways throughout the United States.

Firestone High Speed Tires are further subjected to the most severe tests known on the greatest proving grounds in the world—the Indianapolis Speedway. In fact, Firestone Tires have been on the winning cars in the annual 500-Mile Indianapolis Race for fourteen consecutive years—a conclusive evidence of Firestone's outstanding leadership in tire development, and construction.

Divide in two and replace your thin, smooth, worn tires with a new set of the Safest—Longest Wearing—Get Most Dependable Tires. Firestone has over made.

THE NEW Firestone AIR BALLOON FOR 1934

The new Firestone Air Balloon for 1934 embodies all the improvements in the new Firestone High Speed Tire. The lower air pressure provides maximum traction and riding comfort. The new Saf-T-Track cords, provide 30 to 40% greater deflection and blowout protection.

Get 1935 low average mileage equipping your car today with these new tires. Saf-T-Track is so low to match your car.

FREE TRIAL ON YOUR CAR

By STUART CAMERON United Press Sports Editor NEW YORK, May 3 (AP)—Vince Dundee in laying his middleweight title claims on the line at Traverser tonight, meeting up with one Al Diamond, pride of Paterson, for 15 rounds of ten.

ANGES CAPTURE SQUARE OVER REDS

Square Current Series and Prove They Can Play Under Lights

Los Angeles footballers met last night today for the league-leading Angels not only proved they are the best team in the city under the bright lights but also placed the Mission Reds in their hands for the first time since they were first placed in the Pacific coast league.

GOLF

Ask any golfer who has a reputation for good putting the secret of this game within a game and he will tell you it is practice. There is no department of play where practice will pay more dividends than here.

One thus acquires a putting touch without which no player can consistently perform well. One learns by actual performance. The more he practices, the better he gets.

A PUTTING TOUCH CAN BE ACQUIRED BY PRACTICING INDOORS

TRACK ATHLETES READY FOR MEET

South Central Entrants Will Invade Gooding to Hold Inter-District

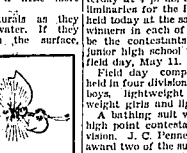

Trackmen from a dozen south central districts are expected to invade Gooding to hold the inter-district track and field meet.

Twain Falls, Fler and Burley top the south central entries in number of events entered at Gooding. Each will meet in the inter-district track and field meet.

Choice of Fly Decides Trout Catching Luck

NEA Service Most anglers at fly fishing have a tendency to change lures frequently. This results in the fisherman spending valuable moments trying lures in lieu of that which would be covering many feet of a stream.

There are several points to remember in fly fishing that will help in your selection of flies. For instance, if the day is bright, start out with a number-16 offering; if it's dark, try a little more sandy fly.

Here are typical flies for light and dark days... quill, black, and royal coachman, for dark.

There are several old reliable essentials to every fly. For instance, the fly must be made of the royal coachman, pink lady and white rubber flies are good lures while the dark olive quill, gold Gordon, black gnat and gray hackle seem to be the best lures for this writer's book on bright days.

OLSON TOPPLES CREST RECORDS

All Canyon Crest course records had been toppled today. The 558 yards club professional, turned in an 18-hole card of 80 yesterday, eight strokes under the mark.

WIFE OF SCREEN STAR FILES SUIT

Mrs. John Gilbert Asserts Husband Wanted Her to Be "Stay-at-Home"

(Copyright, 1934, United Press)
HOLLYWOOD, May 3 (U.P.)—Mrs. John Gilbert, wife of the screen hero, left out of her fourth wife because she wouldn't be a "stay-at-home."

This was the basis of the divorce suit of Virginia Bruce, which she filed with the court in Los Angeles.

Mrs. Gilbert complained that Gilbert often abused her whenever she wanted to go to a matinee or to attend a function.

Under terms of a friendly property settlement, Mrs. Bruce will receive community property valued at more than \$50,000, \$100 a month alimony, her support and \$200 a month for the support of their child.

Mrs. Bruce and Gilbert were married in 1922 and separated last January 14. Gilbert's three former wives were the late Mrs. Harwell, Laetitia Joy and Ina Clark.

Filed from him by divorcee, Natalie Talmadge Keaton now wants to file of Buster Keaton's name filed application for superior court for the restoration of his maiden name for business and social purposes.

Arthur Shrier, actor and producer, filed application to become an American citizen.

TWIN FALLS IS SESSION CHOICE

Presbyterial Meeting Picked City for Scene of 1935

With May 3, 1935, as the date for the 1935 Presbyterial meeting in Twin Falls, delegates from Jerome, Wendell, Elgin, Pocatello, Burley, and other churches in the region, met here Tuesday afternoon to select the city for the scene of the 1935 meeting.

Mrs. R. E. Davis, moderator, led the session. The first order of business was the report of the 1934 session, which was read by Mrs. J. D. Barnhart, Twin Falls, corresponding secretary. Mrs. J. D. Barnhart, Twin Falls, corresponding secretary. Mrs. J. D. Barnhart, Twin Falls, corresponding secretary.

At the Tuesday morning session, the devotional service was led by Mrs. H. H. Patten, and Rev. G. C. Clark, Twin Falls. Reports from various committees were given, after which Mrs. E. M. Murphy, Boise, state president, gave the address of the morning session, "Move Us on to the Right." A box luncheon prepared by the Twin Falls ladies was served at noon.

Young people of the Blvd church conducted the Monday evening service. Mrs. J. D. Barnhart, Twin Falls, presided. Mrs. J. D. Barnhart, Twin Falls, presided. Mrs. J. D. Barnhart, Twin Falls, presided.

OFFICERS REPEL ANGRY FARMERS

Montana Deputies Turn Back Growers' Attempt to Halt Sale

PLENTYWOOD, Mont., May 3. A group of farmers and their deputies today following an attempt by the farmers to prevent the auction sale of a foreclosed harvesting machine.

Approximately 325 farmers, many of whom are members of the Montana Farm Holiday association, stormed the sale early yesterday after Sheriff H. P. Madson refused to let them remove the machine.

The farmers were met by 20 armed deputies and a herd of cattle before the officers drove the farmers away. Several were struck with guns, but no one was injured.

Farmers Deceased
A city fire engine was called near the end of the fight and directed a stream of water into the faces of the farmers who, in retaliation, slashed the hose in several places.

Citizen Forgotten as Europe Dictators Tighten Iron Rule

By MILTON BRONNER (New Service)

LONDON. While the United States hears charges and demands of Fascist tactics and planned revolution within its boundaries, democracy almost everywhere else in Europe is on the verge of being crushed.

But one democracy survives. Parliamentary government is held in contempt in countries where democracy has been crushed.

Italy: For 14 years it has been ruled by the Fascist party, the leader of which is Benito Mussolini, holding the nominal title of prime minister.

Germany: Chancellor Adolf Hitler has ruled for fifteen months. President Hindenburg holds an empty title, and has been so intimidated by Hitler.

Poland: Until last January 26, the country looked like a republic. But the real ruler, of course, was Jozef Pilsudski, who had ruled in the name of the minister of war.

Austria: A few weeks ago the country ceased to be even nominally a republic. Chancellor Engelbert Dollfuss dissolved parliament and ruled in an dictator for more than a year.

Spain: Ever since it was founded, following the expulsion of the Moors, the Spanish republic has been threatened by Socialists, Fascists, and Catholic labor groups and the three of George Washington.

France: Beginning with the St. Etienne strike and the subsequent bloody fighting there has been a succession of strikes, the most serious of the forces of the Fascists, Royalists, Nationalists, Left and extreme Right.

Great Britain: Conditions seem much brighter with the signing of a surplus reduction of taxes and restoration of the dollar. It was only a few weeks ago that people like Stanley Baldwin were voting almost at the rate of one per cent.

U. S. S. Oregon steamed 14,000 miles to take part in the 25th Pacific to Key West in the Cape Horn.

TRAFFIC GROUP GATHERS MAY 9

Southern Idaho Shippers to Convene at Boise for Annual Meet

NAMPA, May 3 (AP) — The seventh annual meeting of the Southern Idaho Shippers Traffic Association will be held at the Idaho country club at Idaho Wednesday, May 9.

A golf tournament will be held from 10 a. m. until 12, followed by an open session at luncheon for all members, associate members, growers, and representatives of railway and manufacturing interests.

Principal speakers at the luncheon will be Harry Thoma, president of the Traffic Association; Harry J. Eastman, manager of the control committee of the Northwest Tree Fruit; Porter B. Taylor, Washington, D. C., chief of special crop sections, agricultural adjustment administration; and W. W. Houston, Omaha, vice president of the United Fruit Pacific.

A golf tournament for members and guests will be held at 2:30. Three trophies will be offered: the President's trophy, the J. L. Amos trophy and the association cup. There will be a bridge luncheon for women guests at the Hotel Boise at 1 p. m.

A banquet and ball honoring past presidents and their wives is scheduled at the Idaho country club at 7 p. m. Joel L. Pritchard will be the toastmaster.

DEFIES CLEVELAND GAS STRIKE

RUMANIA DRILLS DEEP OIL WELLS

Government Expert Visiting United States to See Latest Methods

HOUSTON, Tex. (AP) — Because oil wells are drilled at such great depths in Rumania, Sir Siferaeus, official government representative, is visiting oil shows in the United States to observe latest equipment and methods.

At the University of Empire meeting exhibition here he said the Rumanian fields were as well equipped as those in Texas.

He is chief engineer of the Independent Rumanian de Petrole, government-owned enterprise.

The petroleum industry is the largest business in Rumania, he said. The country consumes only 20 per cent of its production, exporting the remainder.

He is chief engineer of the Independent Rumanian de Petrole, government-owned enterprise.

KANSAS TO MARK 75TH BIRTHDAY

Indian Tepees in Center of Metropolis Will Help in Celebration

KANSAS CITY, Kan. (AP) — Indian tepees will move into Kansas City again next month, when Kansas celebrates its 75th birthday with a festival on the banks of the Kaw, where the Wyandotte convention drew up the state constitution in 1859.

It has been so long since Indian tepees were seen in this part of the country that only the old-timers know what they look like.

Those in charge of the birthday celebration have arranged for an Indian village in the heart of the state's largest city. Fifty Indians will move into the village for the festival May 10 to 14.

A grand parade on Friday, May 11, will depict the growth of Kansas from the time when its history began. Pawnee Indians, whose ancestors inhabited this part of the country, when the White Man arrived, will lead the parade. They will be followed by groups representing Coronado's expedition, the Franciscan monks, the Spaniards and French explorers, the Jesuit missionaries, Lewis and Clark, and the other groups of rough-and-ready pioneers who wrested the land from the Indians or tried to develop it.

Plan Renaming of School Buildings

CLEVELAND (AP) — The question of whether Cleveland public schools which have supposedly meaningless names shall be rechristened is holding the attention of school board members.

Names such as Redwood, Elgin and Waring have come under the spotlight. Albert A. Demer, school president, outlined the question at a board session that took place last night.

Some proposals named have large eyes capable of seeing only the immediate light thrown out by other demerit of the deep, which others have no vision at all.

Some proposals named have large eyes capable of seeing only the immediate light thrown out by other demerit of the deep, which others have no vision at all.

Twice-Married Man Freed of Bigamy

PHILADELPHIA (AP) — Charles Newman, 46, has two wives in Pennsylvania, and isn't a bigamist.

Judge William M. Lewis arrived at this decision in Domestic Relations Court. He ruled that a divorce Newman obtained in Texas from his first wife is not binding here, though it is legal elsewhere.

He indicated also that Newman could not be prosecuted for bigamy.

He indicated also that Newman could not be prosecuted for bigamy.

He indicated also that Newman could not be prosecuted for bigamy.

1ST MEDAL SENT TO WHITE HOUSE

Initial Cast of Traditional Memento is Dispatched to Roosevelt

PHILADELPHIA (AP) — The first presidential medal has been cast at the local mint, and will be sent to Franklin D. Roosevelt.

The medal, three inches in diameter, have been cast for each president since George Washington. Made of brass, they carry the President's likeness on one side, and his seal on the other.

The first 100 medals are for distribution, but additional copies are on order at one dollar each.

WORM PEST CALLED SERIOUS

Hale Cities Preventive Means for Halting Beet Loss From Parasite
By HARVEY S. HALE
County Extension Agent
Early indications are that cutworms will be a serious pest on garden and sugar beets. The extremely mild winter has been favorable for the cut worm as well as most other insects. Aphids, or plant lice, are now prevalent throughout this time of the year. Farmers and gardeners are warned to watch their crops for insects which they have not noticed before. When signs of damage are observed, use control methods before serious damage is done. Wireworms are already doing damage on alfalfa, but so far no control method is available for this pest.

LIVESTOCK

CHICAGO LIVESTOCK
CHICAGO, May 3 (AP)—Hogs: 18,000; slow; steady; with Wed. spots 4 cents higher; top \$14.50; 4000; choice grades. WHEAT DECLINES ON LIQUIDATION

NEW YORK, May 3 (AP)—The market for wheat and wheat products was quiet today, with a slight decline in prices. The market was influenced by liquidation of wheat stocks in the West. The price of No. 1 hard winter wheat fell 1/2 cent to 56 cents. The price of No. 2 hard winter wheat fell 1/2 cent to 55 cents. The price of No. 1 soft winter wheat fell 1/2 cent to 54 cents. The price of No. 2 soft winter wheat fell 1/2 cent to 53 cents.

STOCKS DROP ON CLOSING SLUMP

NEW YORK, May 3 (AP)—The stock market closed lower today, with a sharp decline in prices in the final hours of trading. The Dow Jones Industrial Average fell 11.25 points to 191.50. The S&P 500 index fell 1.25 points to 188.75. The market was hit by a selling spree in the afternoon, with many stocks reaching new lows. The volume of trading was heavy, with over 1 billion shares changing hands.

Local Markets

The following market quotations are corrected daily by the Idaho Evening Times and represent the average prices paid by dealers for the best available formation. The prices are subject to change without notice by the dealers. Dealers are urged to watch the national markets with which their local markets will be in touch.
BUTTER PRICES
Butter, cream, 100 lbs. \$24.00
Butter, non-cream, 100 lbs. \$22.00

NEBRASKA FEARS 'HOPPER PLAGUE'

Nebraska Section is Perilous From Insect Pests
The destructive army of the locusts is already beginning to appear and farmers of the region are being urged to take action. The locusts are being reported in several places in Nebraska, and it is feared that they will soon be a major pest. The locusts are being reported in several places in Nebraska, and it is feared that they will soon be a major pest. The locusts are being reported in several places in Nebraska, and it is feared that they will soon be a major pest.

DOG MESSAGING TEXANS' CATTLE

Perocious Packs Roam Range, Kill as Widely as Wolf
FORT WORTH, Tex. (AP)—Hangers of the Texas Panhandle are being urged to take action against the dog messengers that are preying on their cattle. The dogs are being reported in several places in the Panhandle, and it is feared that they will soon be a major pest. The dogs are being reported in several places in the Panhandle, and it is feared that they will soon be a major pest.

COLORED CIVIL WAR SHEL EXPLORES

OWA Workers on Gettysburg Battlefield Find Long Buried Explored
BALTIMORE (AP)—Although history books have long told of the Civil War, a new discovery has been made at the Gettysburg battlefield. A long buried explosion was found, and it is believed that it was caused by a shell that failed to explode. The discovery was made by workers on the battlefield, and it is believed that it was caused by a shell that failed to explode.

PHILADELPHIA ICE—Traces of a Flood in Mesopotamia, which may have given rise to the legends of Noah's Flood, were reported by archeologists.

PHILADELPHIA ICE—Traces of a flood in Mesopotamia, which may have given rise to the legends of Noah's Flood, were reported by archeologists. The discovery was made by a team of archeologists who were excavating an ancient city. They found a large amount of ice, which is believed to be the remains of a flood. The discovery is believed to be one of the most important in the history of Mesopotamia.

INDIAN CAMPFIRE CASE OF MOUND

Archeologists Explain Noted Landmarks in National Park Area
WASHINGTON, D.C.—Archeologists of the Interior department are convinced that the hardened gypsum and mounds in the Grand Canyon National Monument are the remains of an ancient Indian occupation. The discovery was made by a team of archeologists who were excavating an ancient city. They found a large amount of ice, which is believed to be the remains of a flood.

GERMANS, FINNS END TRADE WAR

Commercial Accord is Reached After Two Months of Peace Negotiation
HEILBRUNN, Germany—Germany and Finland have terminated their four-month trade war. After extremely difficult negotiations, conducted almost daily, the two countries have reached a commercial agreement, which was provisionally enforced, recently. With provisional enforcement, all trade discriminations, which the other country adopted against the other, were automatically rescinded. Thereby, Germany has made peace with the most important European country, which had declared a trade war upon the world since its independence in 1918.

WIRT RED PROBE

DOUSTS CHARGES

Committee Report Declares Assurances of Educator Were Untrue

WASHINGTON, May 3 (AP)—The house Wirt "red probe" investigating committee has reported as untrue the charges of a Virginia educator that "brain trusters" were planning to overthrow the government.

The majority report said in part: "From all of the evidence presented to the committee, there was no whatever showing that there was any person or group in the government or planning to overthrow the things mentioned in Dr. William A. Wirt's statement."

The report carried no recommendation to the house except that it held that "no further action" be taken.

On the basis of testimony at the hearings the report said it was "clearly shown that the statements made by Dr. Wirt in the manuscript which was quoted by James H. Rand, Jr., before the interstate commerce committee were not true."

In addition the report said that the six "satellite" named by Wirt as "brain trusters" at a Virginia dinner party had "clearly shown by their evidence that they did not make the statements attributed to them by the Gary, Ind., school superintendent."

EXPLORERS CITE SAHARA CULTURE

Carvings and Paintings Called Proof of Once Tropic Civilization

ALGERIERS, May 3 (AP)—Carvings and drawings executed on stone by cave dwellers some 20,000 years ago were cited by members of the Gautier-Reyrouge archaeological expedition to the Academy of Sciences as proof that the Sahara once was a fertile and rich tropical vegetation. Tribes of hunters lived from the profits of their villages and the skins of animals now extinct.

This once green countryside is now buried under thousands of miles of shifting sand dunes—a desert. It is a desert, however, by a few bands of desert Beduins. Digging into the dunes, 60 miles south of Fort Polignac, the members of the expedition found ample traces of a lost civilization.

Find Paintings On a vast plateau, between high ridges of black and rose rocks, and in the dried beds of rivers, the two Algerian scientists, Professors Gautier and Reyrouge, found hundreds of carved stones. On the ridges they discovered paintings in ochre, undamaged by the centuries.

Most striking were the carvings showing chariots hitched to four or eight horses and it is these stones which may eventually fix the identity of the desert tribes. Scientists believe they see a relation between the carvings of chariots and the chariots of the Garamantes, those desert warriors whom Heron mentioned as warring on the Ethiopians by means of armored chariots drawn by four or eight horses.

Public Health Is Theme for Dinner

RUPERT, May 3 (Special)—A May day dinner was served at the American Legion home on Tuesday evening. The program being in the interest of public health, with Mrs. Neva Lewis of the county health council presiding. Lewis Williams, state welfare chairman, outlined the health program as released from Washington. Dr. K. J. county physician, Miss Bertha Nye and Dr. L. D. Hyde spoke from their respective points of view.

Essays had been written in the subject by the Rupert, Paul and Heuburn high schools. The subject, "Why the Necessity of State Public Health Education in Idaho." First prize was awarded Katherine Jensen of Heuburn, second to Sylvia Olson of Heuburn and third to Elmore Lacy of Rupert. The state awarded the first prize essay to a high school among the essays sent in from the various counties.

Two Parties Given By Hostess Group

RUPERT, May 3 (Special)—Mrs. J. C. Whittman, Mrs. Reed Hansen, Mrs. James Weber and Mrs. L. P. Remberg were hostesses at parties Monday and Tuesday evenings at the Okanogan hotel. Bridge was in play at twelve o'clock on Monday and Mrs. W. H. John, Mrs. E. H. and Mrs. W. H. Dancy winning the all-out on Tuesday evening. The parties were in play. Mrs. H. V. Croason received high score prize and Mrs. E. H. Nelson won a high score prize. Decorations and flowers were in pastel shades. Lunch was served at the close of each evening's play.

BANDITS DEMAND CASH; BANKER GIVES BULLETS

When three would-be robbers were held up, the banker shot them. One of the robbers, Edward Ferguson, left, was shot in one leg and captured and held in the jail. Weber is shown right, demonstrating how he rented the hand.

ISLANDS RECEIVE 1ST VICE CONSUL

State Department Action Is Inaugural Step Marking Philippine Status

WASHINGTON, May 3 (AP)—The first official recognition of the new status of the Philippine Islands under the independence act had been given by the state department today in the announcement of the appointment of an American vice consul at Manila.

Simultaneously it was announced that American immigration laws in effect with regard to Philippines and that the quotas have been assigned a quota of immigrants annually. Henry B. Day, now American vice consul at Hong Kong, has been appointed the vice consul at Manila. He is the first American consular officer to be assigned to the Philippines since Spanish sovereignty was withdrawn at the end of the Spanish-American war. He also probably is the first American consular officer ever to be appointed to serve in that capacity on American soil—his home is at New Haven, Conn.

Amsterdam Workers Given Relief Jobs

AMSTERDAM, May 3 (Special)—A number of men in this vicinity have been assigned work on the Hoger-Shoeter bath road by the relief administration. The relief program gives them 24 hours of employment on the Simonstraat bath road. The relief work school will be in session here on Friday. Miss Thira Rice, accommodation for pupils. The Pastor, Amos Human, and Ronald Hudson, will attend the track meet in Twin Falls.

This vicinity was benefited considerably by the rain which fell Tuesday night. Mr. and Mrs. Ed Patao, who spent the past week at the hot springs south of here taking treatments, returned home Monday. Clarence Valcott, former resident of this vicinity and now a farmer at Duhl, was a Monday business visitor in this locality.

Mr. and Mrs. Glen Clapp and family have moved to a farm northeast of Jerome, where Mr. Clapp has employment. Thelma Everett, remained here to finish the school year. He is staying at the E. Kunkel home.

Handel, composer of "The Messiah," remained a bachelor to the end. The parents of his first love insisted that he give up composing music.

Home Brew

BOISE, May 3 (AP)—Three point two has not displaced home brew by a good deal. The state of Idaho derived twice as much revenue in April from the malt tax as in January, and since the tax was first put in effect the total revenue has been \$18,100, it was learned. Beer tax revenue has totaled \$103,326, the bureau said today. Collections in April were \$11,479.

PASSION PLAY IS UNHURT BY NAZIS

Eclectic First Year of Hitler Regime Falls to Touch Oberammergau

OBERAMMERGAU (AP)—Nazism's eclectic first year has brushed lightly most Oberammergau, where a 200-year tradition and faith will be reconsecrated in May. Whittier, May 21, when the first public presentation of the Passion Play takes place, will mark the end of the third century since Christ's Passion was first played by a village just saved from extinction. Figure 11th Europe. Flung following chase on the heels of the armies, rode rampant through the Alps in 1634 in Koenigsberg, he raised such havoc, the record says, that in 1633 "only two married couples out of the whole community still were in complete health." One amongst similarly was struck. By the middle of 1633, 84 of the village's 600 had succumbed, and many more already bore the stigma of the pest—"the plague of the plague" and "the twelve" met in the village church and solemnly vowed to reconstruct once every decade the story of the Passion. From that instant the deaths ceased. The spot was first built in 1634, and three centuries of devotion since have raised it from a local to a world tradition.

ROSS ASKS CROP LOAN HASTENING

BOISE, May 3 (AP)—In an effort to speed action on crop production loans to Idaho farmers, whose applications he said have been in for months, Governor C. Ben Ross has made a long distance telephone appeal to J. A. Schooner, president of the Producers-Credit Corporation, at Spokane. Schooner assured the governor all possible speed would be made. "Red tape," said the Idaho executive, "is standing in the way. Fruit men need their money in the spring, with spraying. Coddling moth cannot be controlled unless the spraying is done early."

Vets Get Extension For CCC Enrolling

BOISE, May 3 (AP)—An extension of time has been granted for enrolling Spanish-American and World War veterans in CCC work. Approval of the extension of the veterans administration facility at Boise announced. All applications must be received by May 7, he said.

SPRING TRIPPER LOWELL MONTREAL

LOWELL, Mont., May 3 (AP)—May moving actively in Montreal will be the lowest in years this year, it is indicated. Between 55,000 and 60,000 families change their residence in the city in normal times, but this season the total is expected to be below 45,000.

TERMS INFANTRY STILL WAR NEED

Major General Asserts Foot Soldier Won't Be Out of Style

FORT WORTH, Tex., May 3.—Contrary to popular opinion, the next major war will not be fought in the air, believes Maj. Gen. William H. Smith, wartime commander and now superintendent of the Service Military academy at Seward, Tex. "The next war will be very much like the World War," the former superintendent of the United States Military academy at West Point said. "Men must meet face to face on the battlefield before one army can defeat another."

Major General Smith said, but that war will not be a war of the air. "When men are confronted with too powerful a force, they die," he continued. "The only way to fight them is to send other men to die; then out."

BRITAIN SURPRISED AT ALL THIS FUROR OVER 'TEST TUBE' BABIES

By HENRY T. RUSSELL (Copyright, 1934, United Press)

LONDON, May 3 (AP)—Great Britain today by eminent British medical and lay experts. "Normal" have "presented" of the World League for New Health, told the United Press the practice had been common for many years in the British aristocracy where it is important that there be an heir to a title.

"Many in the aristocracy are descendants of artificially inseminated women," he said. "The practice is so old and so well known here that I can not understand the excitement in the United States over a case like this."

"It is well known that the late Jervels Aarom provided heirs for a considerable number of aristocratic British families in this manner. Furthermore many English physicians have been using artificial insemination technique for years. Nobly think it worthy of special comment to powerful a force, they die," he continued. "The only way to fight them is to send other men to die; then out."

HEARTY ENDORSEMENT

Sir William Arbuthnot Lane, president of the committee of surgeons, endorsed the artificial insemination practice heartily. He said it is a most admirable method of providing an heir to a title.

"Frequently artificial insemination is urgently required to secure health and happiness to a childless wife."

FELTON'S PAPERS BOWTIE

NEW YORK (AP)—Robert Felton's papers, consisting of manuscripts, drawings and printed books collected by his wife studying the problem of submarine navigation and warfare over 125 years ago, have been acquired by the New York Public Library.

SINGER PRAISES FOLK MELODIES

Claims Spirituals, Mountain Tunes, Cowboy Songs Are Symphony Material

PARIS (AP)—Southern spirituals, mountain folk songs and cowboy anthems all are excellent material fodder for a first class American symphony, in the opinion of the celebrated Russian singer, Mrs. Nina Tarasova.

She said: "Folk music is not as many people think a musical form contemptible to popular songs sung by charlatan singers. It is the oldest, most noble music in the world and has inspired most of the great composers such as Brahms, Tchaikovsky, Beethoven and Rimsky-Korsakov."

Over since the Russian chanteuse was eight years old she has been interested in this type of music. She heard the peasants singing on her grandmother's estate in Russia and took part in their singing frolics at an early stage in her musical career.

Music Week May 6th to May 12th Methodist Church Starting Sunday Evening. STEVENS VAN ENGELN CO STORES. FASCINATING FABRICS INSPIRATIONS FOR HOME SEWING. Sparkling Silk Prints in smartest colors. The ROMANTIC RUNAWAY

KATHARINE HAYLAND-TAYLOR
A PLAY IN THREE ACTS

CHAPTER XLVIII

Sir Aubrey had told Pablo the whole story and now sat waiting for the young man to speak. Pablo seemed too quiet, too contented, for the moment. Sir Aubrey remembered the pitiable twisting of Mary's hands. He could not guess whether his confession and his promise to do everything possible to make matters would count or not.

He had told his wife and daughter the same story, promising them the inheritance that was rightfully theirs but declaring that the house and enough to run it must be his son's. His son! And now that son sat before him, so tranquilly that...

DETROITERS MAY TEST NEW LIGHT

Sodium Vapor Lamps Urged As Newest Method of Road Illumination

DETROIT (U.P.)—Whether Detroit should be the medium for the test of a new form of highway lighting will be decided here shortly, the public lighting commission has announced.

Sodium-vapor lamps, a comparatively new development, may be used for the best both for street and safety zone illumination. Louis J. Solzkrand, superintendent, said those lamps never have been used here, but they have been tried successfully in the east and west.

"Success of Future

I have no doubt but that these sodium-vapor lamps are the lamps of the future so far as lighting of highways and outlying sections are concerned," Solzkrand said. "They are non-chromatic and make for greater visibility by concentrating light on the road and leaving dark zones become darker."

"These lamps could be used wherever except in areas where it is necessary to distinguish between light and dark. They could be used in almost any other place."

The new lamps also are too expensive for widespread use, because their manufacturers have refused to make them on a production basis, Schrenk said.

NEBRASKA OPENS 'WIGGANS' EFFORTS

Old Guard Republicans Seek Treasury Comptroller as G. O. Nominee

OLD GARD Republicans in Nebraska here are booming J. H. Wiggins, former federal tax collector, as a "home-town quartette" and comptroller general of the U. S. treasury, as a prospective leader to "carry the party banner" in the 1936 presidential election.

Although more than a year has yet to elapse before the country once again will elect a national executive, Nebraska republican leaders are on the alert for evidence that Wiggins might be a "strong" adviser from Washington and east, in their estimation, have significant that Wiggins' presence are not remote.

Nebraska's old line republicans have received trumpet blasts of O'Brien Miller with notable courage. The Nebraska trip of the former President Hoover through the midwest, while not reaching Nebraska, failed to stir up any enthusiasm here.

Mention of McGarr's name, however, has been received. His supporters here point to his mention recently in industrial circles as a "strong" leader of the James F. McGarr Associates at Washington, as indicating that his name actually is being considered.

WELCOME TO OUR COUNTRY

This county is fortunate in having had designated for this summer the Civilian Conservation camp at Porcupine springs. Rogerson and Twin Falls constitute the gateway to this enterprise, although the camp itself is believed to be located in Cassia county.

In the changed program, many of the CCC camps in southern Idaho were eliminated for this season, but the one near here is among the few to be kept intact. It is presumed that there will be in the neighborhood of 200 young men quartered there commencing in a week or two.

Of prime importance to this section of the state is the improvements that will be made possible in the roadway running through the Minidoka forest. That is an objective which has been sought for a long time, but which could not have been accomplished for a decade in the ordinary course of events.

In addition, the camp will offer an outlet for large quantities of merchandise and materials, and otherwise increase the buying power of the community.

The counties of Twin Falls and Cassia are benefited greatly in the re-establishment of the CCC camp. Many organizations have cooperated in the past in advancing the success of the enterprise, and this summer will continue to show appreciation for the accomplishments.

He realized he had hoped a great deal as he lay, trembling, under the mosquito netting. And he knew he had loved Pablo by the hurt that Pablo had wrought in him. Suddenly tears gathered in his eyes and rolled down his cheeks. He felt them come, unchecked by the handkerchief in the pocket of his blue dress pants.

"This is a message for you. Estelle Field wants to see you."

It was an amazingly short time (remember the distance was not so large) Pablo was tipping a shabby little boy who opened the gate of the Field estate for him. Then he went to the garden beyond the house, the garden that faced the sea.

It was Estelle in the twilight which had thickened swiftly. She was standing against a wall and she was waiting for the young man to speak. Pablo seemed too quiet, too contented, for the moment. Sir Aubrey remembered the pitiable twisting of Mary's hands. He could not guess whether his confession and his promise to do everything possible to make matters would count or not.

He had told his wife and daughter the same story, promising them the inheritance that was rightfully theirs but declaring that the house and enough to run it must be his son's. His son! And now that son sat before him, so tranquilly that...

BISHOPS ESCAPE SOVIET PRISONS

Refugees Welcomed at Vatican After Bearing Release From Russia

VATICAN CITY, Rome (U.P.)—The pontifical commission for Russia has just received two refugees from Soviet prisons who spent several years in Bolshevik prisons. These two heroes of the faith are Father Fratello, of the Matulania, auxiliary bishop of Leningrad and Monsignor Julian Grifone, apostolic administrator of Chabulavskaya Siberia.

The Pope received the two bishops in a lengthy private audience and was particularly interested in their adventures in Russia.

"How were you?" he asked.

"Oh, quite naturally," said Sir Aubrey, struggling into his trousers. "I was in the hands of the Soviet army and two of you to come home to the Small House—will you go on."

"How were you?" he asked.

"Oh, quite naturally," said Sir Aubrey, struggling into his trousers. "I was in the hands of the Soviet army and two of you to come home to the Small House—will you go on."

PHILADELPHIA LIBRARY

Will Be Shown

Unique Newspaper Collection Soon to Be Displayed by Franklin Institute.

PHILADELPHIA (U.P.)—The Franklin Institute newspaper and professional journal in the United States will soon be on exhibition here to the public.

More than 200,000 issues of newspapers, books and photographs are included in the "Fossil" collection presented to the Institute.

The Fossil, an organization of men between 60 and 90 years of age, who built a century ago were amateur editors, publishers and printers, decided after some debate to send the Fossil to Philadelphia. Editor Hadley Smith, of Washington, D. C., is now in charge of it. In his library room of the Institute.

The library, originally created by Smith in 1861, was housed in the Franklin Institute in Brooklyn. Interest was aroused, and the collection grew. In 1912 it was moved to Columbia University. Four years later it was moved again, this time to the office of Joseph Dana Miller, editor of the Single Tax Review, in New York City.

In 1923 the late Cyrus H. K. Curtis and Dr. Howard McClellan, director of the Institute, visited the library. Curtis, an active Fossil, urged that the collection be given a permanent home here. The gift was accepted in behalf of the Institute by Dr. McClellan.

COST OF PEACE

It is doubtful if there is any other country where the anti-war sentiment is quite as wide and as deep as it is in the United States. Yet the United States government has just announced that it will start construction of 20 new warships within four months, with 75 more to be built immediately thereafter; and there is little question that this action has the endorsement of the majority of the citizens.

Why should there be this contradiction—if it is a contradiction?

For one thing, the American people trust their government not to use the fleet as an instrument of aggression; for another, the international horizon is by no means clear, and if a navy is to be supported at all it might just as well be kept up to the mark.

It is possible to desire peace very earnestly and still keep ready for any emergency; and that, apparently, is what present-day Americans plan to do.

He had told his wife and daughter the same story, promising them the inheritance that was rightfully theirs but declaring that the house and enough to run it must be his son's. His son! And now that son sat before him, so tranquilly that...

He realized he had hoped a great deal as he lay, trembling, under the mosquito netting. And he knew he had loved Pablo by the hurt that Pablo had wrought in him. Suddenly tears gathered in his eyes and rolled down his cheeks. He felt them come, unchecked by the handkerchief in the pocket of his blue dress pants.

"This is a message for you. Estelle Field wants to see you."

It was an amazingly short time (remember the distance was not so large) Pablo was tipping a shabby little boy who opened the gate of the Field estate for him. Then he went to the garden beyond the house, the garden that faced the sea.

Girl, 9, Starts Preaching Early

CHANDLER, Okla. (U.P.)—

According to her mother, preaching "just comes natural" to Chandler Pugh, 9, who plans an evangelist tour of Oklahoma.

She recently conducted evangelistic services at Cushing, and next plans to go to Ardmore. Her first attempt at preaching, her mother said, was when she started to school in Beaumont, Tex. On the way home, she stopped on a street corner to deliver a sermon to school children. Ministers became interested in her, and took her into their churches a tiny tot, to deliver sermons.

Wives Watch for Higher Alimony

CLEVELAND (U.P.)—Cleveland's

excuses are dropping a close watch on the business news these days. And just as soon as they learn that friend ex-husband is getting a pay raise they rush into divorce court with the chant, "We want more."

And according to John Lovelace, domestic relations court clerk, they have a good chance of getting it. Lovelace said that hundreds of requests for more alimony have been filed since the new law became effective, and pay increases in many industries.

SOCIETY'S RESPONSIBILITY

No man today can say that he is self-sustaining, says Bishop C. H. LeBlond of St. Joseph, Mo. For that reason the social service agency has an essential part to play in any modern society.

"A board of directors sitting in a little room hundreds of miles from a community," Bishop LeBlond told an audience of Ohio charities workers, "can change the fortunes of that community by the stroke of a pen. Whole families are made destitute and the children of these families suffer."

Hence, the bishop pointed out, society must be forever alert to preserve the stability of families which are the victims of movements that they cannot control.

We have passed the pioneer period, when men really could stand or fall by their own efforts. Co-operation to help those who have been caught in the complex shiftings of modern life is one of the jobs society cannot overlook.

News Behind The News

BY PAUL MALDON

(Copyright, 1934, by Paul Mallon)

WASHINGTON—Indiana Jim Watson, grand old bellower for the G. O. P. in the quibbling around the country, collecting proxies to make himself chairman of the Republican national convention. Nearly everyone knows that because his shoes squeak.

For a while now he has been, if an election were held today, Watson would have more votes than any other candidate for the job.

Yet he probably never will get it. It has been held up since last December because it was loaded with enemies. But since the national committee members changed their minds rather suddenly, they have approved the report of a draft form, but voted against it a few weeks later when the saw it in print.

This fact led to inner suspicions that pressure had been brought to bear by powerful conservative agents.

Since then another vote has been taken, but the same result prevailed again by a bare majority. Among other things, it will recommend that the party be brought up to date by discarding the beliefs of the old deal and embracing the principles of the new.

JOE

The three-day disappearance of a famous Wall Street speculator's some months ago was a mystery.

Some influential people in the street believe they have the answer now.

They have heard that the speculator was operating in a pool with several other persons. Some persons believed the speculator was going to sell out on them and they kidnaped him and held him until they could get the matter straightened out. Wall Street considers it a great joke.

SADNESS

Outside of that there are no jokes in Wall street now. The boys are blue about the stock market. They are blue about the fact that it is so low. They are blue about the fact that they have been killed.

Their long cry of hope is the prospect of a new deal. The street's winter abatement. Aside from the expected homecoming of some boys from the front, the boys have noticed Matt Bruhn moving around his old haunt. He is a great joke.

You May Not Know That

Many persons are following the practice of planting their gardens according to the phases of the moon.

This is illustrated by a letter from a "Twin Falls subscriber" which says: "Now that the weather is so warm, and it is also time to plant garden, most of us old-timers and Mrs. Lovell are planting to the light or dark of the moon. Will you kindly send me a list of the phases of the moon is light or dark? I have had several people ask me about it. I would like to know the moon was the dark of the moon, new moon the light in this correct and why?"

THE TRADER HORN of the market. The main reason for the big rise in the price of the stock market investigation, but when those boys get together, there is no doubt about it. The market one way or another.

NOTES

Prices of tires are due to go up as a result of the recent London market. The tire industry between the British and the Dutch.

The adjusted seasonal index on exports were 41 for February and 30 for March. The figures for February and 44 for March. These figures may well set forth. The chart published in this space April 25. They do not show much except that our foreign trade is not so good and is lagging behind the recovery in other lines.

A congressman performed an unusual public trick the other day. He talked during the day that President Roosevelt would appoint him to a diplomatic post.

HEROES OF 30 YEARS AGO WIN THEIR REWARD

That the government does not forget a deed of valor even though it happened 30 years ago is proved in a colorful White House ceremony when President Hoover presented the heroes of the 1904 battle of the Fortified Cliff and completely routed the Spanish garrison. The heroes, Colonel David Dixon Porter (left) and Colonel Henry H. Rogers (right) are shown receiving their medals from the president's secretary, Mr. Clegg, in the presence of Mrs. Hoover, assistant secretary of the navy standing directly behind the president.

FEDERAL RURAL WORK

Organization of the rural work relief program in this county will be welcomed, for there is no denying that unemployment still persists and that there are hundreds of needy persons.

A man working under the urban program afforded Twin Falls, or the rural plan, which will apply to the rest of the county, can earn a maximum of \$22 a week. Certain it is that if there were other means of livelihood at hand, he would forsake the federal relief employment. Hundreds of men and families, right here in this county are dependent upon the program. What they would do without the assistance provided is something for critics of the measure to answer.

Pat Roche, Chicago detective, says if he got \$10,000 and three men he would bring back Dillinger alive. Why three men? Wouldn't Frank Buck alone do it?

Former President Machado of Cuba, fleeing extradition, might not have heard of the Mediterranean cruise of Samuel Insull.

Wilbur Glenn Voliva has decided to admit smokers and pork eaters into his church. He figures the world will end anyway next September.

The way to get Dillinger is to let him become an innocent bystander.

CHIEFS

Messrs. Hillis and Roraback do not break into the headlines very often. Their specialty is cooking up things quietly on the inside. No one in the national committee can do things better.

They have said nothing against Watson, but some of the leaders have seen them with their thumbs down at a mention of the Hooper candidate. At any rate, they will not let it go.

That Watson's goose already has been cooked by these two most powerful men in the G. O. P. means that the public contest for Everett Sanders' job is wide open now.

FOREGOING

The Hillis-Roraback boys are said to be looking for some man to be chairman of the Hooper-Harbord or Frank Knox. General Harbord is with the Reds and Harbord and Mr. Knox are the successful Chicago publisher. Both are outstanding men.

Such men are never in a hurry to hang for the job.

After what happened, to remember that the chairman, namely, Claudia Huston and Senator Foss, the host has become very popular and that the party is a "smear job." That means it is a campaign to carry on a salary and much about it.

ESCAPE

Ex-Senator Edge was considered a promising prospect for the chairmanship some weeks ago. Since...

FEW DELAYS

PHILADELPHIA (U.P.)—There were fewer delays last year on the Pennsylvania railroad than in 1932, in spite of reported operating expenses, a report recently published by the Interstate Commerce Commission. The report shows that in 1932 the Pennsylvania railroad had 103 days of delay, a reduction of 20.6 per cent.

DETROITERS MAY TEST NEW LIGHT

Sodium Vapor Lamps Urged As Newest Method of Road Illumination

DETROIT (U.P.)—Whether Detroit should be the medium for the test of a new form of highway lighting will be decided here shortly, the public lighting commission has announced.

Sodium-vapor lamps, a comparatively new development, may be used for the best both for street and safety zone illumination. Louis J. Solzkrand, superintendent, said those lamps never have been used here, but they have been tried successfully in the east and west.

"Success of Future

I have no doubt but that these sodium-vapor lamps are the lamps of the future so far as lighting of highways and outlying sections are concerned," Solzkrand said. "They are non-chromatic and make for greater visibility by concentrating light on the road and leaving dark zones become darker."

"These lamps could be used wherever except in areas where it is necessary to distinguish between light and dark. They could be used in almost any other place."

The new lamps also are too expensive for widespread use, because their manufacturers have refused to make them on a production basis, Schrenk said.

WHERE TROTSKY PLANNED REVOLT

In this simple cottage, picturesque situated on the edge of the historic Frenchtown hotel in France, plans were formulated for a Fourth Internationale and world revolution. For it was here that Leon Trotsky, exiled Soviet leader, lived mysteriously for three months before French justice riddled it.

INDISCRETION IS LAID TO BENNETT

Wife Charges Famous Actor Was Compromised With Secretary

LOS ANGELES, May 3 (Special)—Chicago that Howard Bennett, veteran stage and screen actor, once stabbed his wife with a nail file and another time was trapped in his bedroom with his secretary were contained in a separate-annulment suit filed by Mrs. Angela H. Bennett.
The step-mother of Constance, Joan and Barbara Bennett of theatrical fame accused their father of indiscreet conduct in a five-page complaint which demanded \$200 a month alimony for "ordinary living costs," \$5,000 attorney fees and \$1,000 court costs.
The maintenance complaint called the veteran actor to task for an alleged indiscretion involving his secretary.
"Unhappily insisted upon the defendant's opening the door of his bedroom suite, the same being locked," Bennett's second wife charged in stiff legal terms. "Upon plaintiff's emphatic insistence defendant caused the door to be opened, after a wait of several minutes, and when plaintiff entered the room she found the defendant clothed only in a bath-room robe that in said room there was also at the time the defendant's female secretary."
Mrs. Bennett described him as "a person of unclean mind."

200 Attend Scouts Rally Near Burley

BURLEY, May 3 (Special)—Nearly 200 attended a scout rally and court of honor held at the Rotary beach this week. Don Barlow, scout commissioner, was in charge of the rally. Scouts were given the various prizes. In absence of Rev. C. M. Reed, who has a severely sprained ankle, President E. H. Snyder, of the Albion State Normal school, presided at the court of honor.

Marriage Announced

BURLEY, May 3 (Special)—Mr. and Mrs. S. H. Goodfellow announce the marriage of their daughter, Miss Fern Goodfellow to Gilbert Keeler. The marriage took place in the Salt Lake City temple April 25. Miss Goodfellow was graduated from the local high school in the class of 1932, and has been employed at King's variety store. Mr. Keeler has been living with his parents near Burley. The couple plans to make their home here in Burley.

Mrs. Skillern Is Honored at Party

BURLI, May 3 (Special)—Mrs. Robert Davis and Mrs. Jess O. Eastman entertained a company of 40 friends at a bridge party at the Eastman home Monday evening in honor of Mrs. Fletcher Skillern, who will leave soon for Eugene, Ore. A cold scheme of green and orange was carried out on the table. Card, crepe paper candy containers, and the two-course luncheon served at midnight. First and second high score prizes were awarded to Mrs. Everett Hall and Mrs. E. Boniewicz. Mrs. Skillern Director E. T. Horsfall announced, received a guest prize.

Seen Today

Disgust, registered by Judge Haddock following his visit over the week-end to the Haddock cabin on upper Warm springs creek near Ketchikan, because the owners and such had played wreek with the property during the prolonged absence of the family... Haddock, expressed by the numerous friends of Ralph Cook and Mrs. Cole over the fact that they will be leaving Twin Falls for Idaho, where Mr. Cole will assume an engineering position with the Idaho Power company, a concern with which he has long been identified. Haddock's shop reader of Evening Times, mentioning that he is commencing on "what Will Rogers said yesterday"... Office visit, who visited the electrical refrigeration exhibit, something which has become of all the ice men, and deploring the fact that kids in the summer must a lot in not being able to enjoy the fun of picking up the ice chips left by the deliveryman as he curved a piece of frozen fluid or just the right size for some household's ice box.

ROOSEVELT GETS ARTIST'S PRAISE

French Portrait Painter Is Enthusiastic Over Chief Executive of U. S.

PARIS (U.S.)—Max Band, French artist, who has just returned from Washington, where he painted a portrait of President Roosevelt, tells his countrymen that "the President is truly a wonderful man."
Band was commissioned by a group of Americans in Paris to paint the President's picture, and it is to be offered to an American official institution, perhaps the American Embassy here, when completed.
"I was especially anxious that the portrait be made when the President was busy doing his daily affairs, so that I might catch the wealth of expression playing over his face as he concentrated on the various vital matters he deals with daily," he said.
At White House
M. Band went to the White House four times, staying an hour and a half each time. "I had not the least difficulty in proceeding with my work," he said, "regardless of other more important matters pressing Mr. Roosevelt's attention. He has the kindness, the simplicity and the warm-heartedness of a great man. He expressed himself at ease with the painting, remarking especially on the expression I had managed to catch in his eyes."
The Frenchman has not yet completed the portrait, but will put on the finishing touches here during the next few weeks.

Murtaugh Students Present Operetta

MURTAUGH, May 3 (Special)—The operetta, "The Forerunners" was presented Friday evening at the school auditorium. Cast members were: Olin Raymond, Geneva Stray, Ada Goodman, Lincoln Lee, Delbert Hank, Douglas Lewis, Woodruff Wain, Virginia Lee, Thora Bates.

Luckies are always in All-Ways kind to your throat
so round, so firm, so fully packed—no loose ends that's why you'll find Luckies do not dry out
We like to tell about the finer tobaccos in Luckies—the choicest Turkish and domestic, and only the mild, clean center leaves—they taste better—then "It's toasted"—for throat protection. But we're just as proud of the way Luckies are made. They're so round and firm, so free from loose ends. That's why Luckies "keep in condition"—that's why you'll find that Luckies do not dry out—an important point to every smoker. Luckies are always—in all-ways!—kind to your throat.
