QUALITY - CONVENIENT

—a reason—

FRANKLY, one of the chief reasons why I enjoy Chesterfield is the fact that I don't get little crumbs of tobacco in my mouth.

Rarely ever do I find a Chesterfield that isn't well filled: The tobacco in them seems to be of the right length, and they must be the right size because they burn right and smoke right.

I like them also because they are milder.

CARNER-BAAER TUGLASS ORDERED HELD ON SCHEDULE

FIGHT GOES ON, BOARD DECREES

New York Commission Blocks Postponement on Report of Physicians

NEW YORK, June 8 (AP)—The New York state athletic commission today said the Carnar-Baer heavyweight championship fight must be held Thursday night, as scheduled.

This decision ruled out Commissioner Bill Brown's proposal that the fight be postponed a month or completely because of Challenger Maxie Baer's reported poor physical condition.

The decision followed a report today by three commission physicians that Maxie was in excellent physical condition.

Without Proposal Commissioner Brown, after hearing the physicians' report at today's meeting, did not place his postponement proposal before the two other members of the commission, Chairman John P. Fitch and W. Walker Wear.

Brown said he was willing to let the fight go on as scheduled, since the physicians found Baer physically fit.

General Phelan announced the commission's decision and made public the physicians' report.

He had appointed three doctors who reported that Baer's blood pressure was 124, his pulse 100 and that after exercise 84 with a return to normal within a minute.

Excellent Showing This was an excellent showing, they said.

Primo Carnar also was in prime shape with pressure 130 pulse 64 and 60 after exercise with return to normal in less than a minute.

The examiner signed a written statement that both fighters were fit to fight the full 15 rounds. Baer was accompanied at commission headquarters by Fitch and Wear, Ancil Hoffman, and Jack Dempsey. Louis Forest, Carnar's manager, also was on hand.

Both camps were pleased at the commission's decision.

Thieves Mart Surprises American Sport Scribe

By HENRY McLEMORE, LONDON, June 8 (AP)—

Knowing a fence only as something that comes from wandering out of bounds, I was a bit rude to the gentlemen when he suggested that I write a morning off from sports writing and visit the Caledonian market for a look at the fences.

"No, no, you don't understand," the gentleman said. "I am not talking about garden or chicken fences. I mean things like handbags, slates or 'hot' goods. Caledonian market is their headquarters. The better you call it, the better market. You can buy anything under the sun there."

The gentleman was right. You can't find anything from inches to window shades, from snuff boxes to oren, but by walking, walking, walking you won't find time to stumble across in a shabby old street in London, are hundreds of rude boys, dressed high with every imaginable article of clothing, ranging from both arms and sufficient peddlers, brasses, aprons, tin snuffers, sheets, strips of dry canvas.

Running through the back streets of London, past a million and one things, sterling silver pitchers, heavy gold jewelry, and a host of other articles with such inscriptions as "to Arthur from Mary" and "to George from the boys."

They were just beads, a pair of handkerchiefs, silver rings, a pair of earrings, a pair of baby shoes and a bust of Lloyd George.

Merchants are continually arriving. They come on foot, in horse carts, in hatted auto-mobils, on bicycles. One came with his arms simply overflowing with puppets and kittens of every breed and size. Another came almost doubled up beneath a tremendous package done up in dirty blanket. He dumped on the ground a pair of shoes, a pair of gloves, perfume, his rubber boots, silk underclothes, watches, clocks, pairs of socks, pairs of gloves, knives, spoons, dog collars and a cheese slicer. All were second hand.

Customers, including detectives, were sorting through the collection. Wanting a stop-watch, I asked one of the booth proprietors if he had one. The answer was a cautious "no," but if I would come back later in the afternoon, he would be one. Further along I found one, a beautiful Swiss watch on real silver with a valuable diamond. I paid a decidedly lower price than I had expected.

He was just sixty cents, and he said sixty cents was the best price he could give. I'm going out next week and stop for a swimming pool and a pair of shoes. I'll get a pair of them for about fifteen dollars.

TIGER SLUGGERS BOOST TEAM UP

Detroit's Four Mighty Hitters Found Outfit Into Top League Standing

NEW YORK, June 8 (AP)—Four hitters who swing bats for Detroit are in a fair way to club the outfit into the most dangerous contender for the American league pennant. They are Mearns, Gordon, Cochran, the manager, Goose Goslin, who tried to join into the Babe Ruth racket for Washington some years back, and Fred Clegg, and the ferocious Charles Gehringer. In less than a week, this quartet has boosted Detroit to the top of the league.

Tigden Gray. Today they are most contented in the post, due to rain in Boston and inability to appear in the game. The Tigers again snarled up the Indians 11 to 4, while the Yanks fumbled their way to a four-run victory over the Athletics. Gehringer, leading second base hit of the junior circuit, lost his first 600. Detroit's record stands at 10-1.

With Cleveland missing, the Browns were down to three in the ninth to appear out of the rack and win 5 to 3, over the Athletics. The Athletics' game of the third place. Peppery tripped to do the business, scoring two runs.

The Senators with Earl Whitehill performing, climbed on the Athletics in the fifth, but when won 2 to 3. Whitehill carried the Philadelphia's to several hits. The Athletics were within one run of the lead.

The leading Giants again opened a barrage on the visiting Braves, slugging their way to a four-run victory over the Bostonians. They have now won 10 of their last 11 games. The home club became ill-matured, lost to the Athletics 10 to 1, and even in the next. Mel Ott hit his 11th and 12th homers.

OAKS, SEATTLE EARN VICTORIES

Remain Unbeaten for Current Week by Nipping Senators and Beaver Teams

By United Press. The Pacific coast league presents two undefeated teams this week, the Oakland As and the Seattle Indians. Both second division clubs. Oakland, emerging from a losing streak, nipped the third-place Senators yesterday. A few hours later, the Indians might have improved play, turned in its third win over the past-place Portland Beavers.

Manager Ray Brubaker of the Oakland team played the punch which won his club a victory in 11 innings. His single scored fair-minded with the winning run. In the Seattle-Portland contest, Radnoti hit the Beavers to reach well-merited victory to register a 6-1 victory. The winners had 10 hits off Edwin Brann.

Los Angeles put together two runs in the eighth to win from the San Diego team by a 3-2 score. The game was a tight pitching duel between Whitely and George. The Mission won the game, Jim Ogilby's triple was the deciding blow. The Seals got the slugging act in the first half of the eighth but couldn't score a run.

The Seals and Hollywood split a double hit. With Tom Sheehan hurling six-hit ball, the Seals won the opener. The Seals won the Mission 6-1. The game was a tight pitching duel between Whitely and George. The Mission won the game, Jim Ogilby's triple was the deciding blow. The Seals got the slugging act in the first half of the eighth but couldn't score a run.

Fiermonte Will Meet Champion On Private Bet

NEW YORK, June 8 (AP)—Eugene Fiermonte, young Italian pugilist, and his rival, the former Mrs. John Jacob Astor, Dick, told the United Press today that he would meet Fiermonte, light-heavyweight champion, next month because a fight bet him that he could not win the title and get out of it immediately if he won it from Fiermonte.

The bet, he said, was with an unidentified friend for \$10,000 which he would pay to Fiermonte's \$5,000. He said all was arranged for the fight at Madison Square Garden July 10 but that papers had not yet been signed.

Fiermonte said he didn't want the title and get out of it immediately if he won it from Fiermonte.

WEE SCOT HEADS FIELD OF STARS

Criticism Takes Early Lead By Gating 71 for Second Day at Ardmore

By STUART CAMERON. MEMPHIS, Tenn., June 8 (AP)—Bob Crutcher, the wee Scot from Richmond, Va., scored a 71 today which added to his 69 yesterday to give him an aggregate of 142 and stamped him as a potential contender in the second round of the national open golf championship which is completed shortly before the start of Crutcher's play.

Crutcher played a 6-9 beautiful golf except for an occasional lapse. He met with disaster at the hole when he hooked his drive and laid a stroke to par. He lost two strokes at the eleventh. His drive was pushed off line, his second hooked into the rough and he finally took two to get home.

He had a birdie 2 at the short 12th when his tee shot left him with a 2-foot putt and chased out the round in par figures. He just missed a birdie there on the 13th green, although his second barely reached the putting surface. He missed a second birdie on the 14th. Horton Smith, of Chicago, had a 73 today to add to yesterday's 74 and his aggregate of 147. He had a 147. Lee Diegel of Philadelphia, came home in 82, an aggregate of 71 and an aggregate of 147. Diegel played the spectacular opening hole on the inward nine today. He thrilled the home boys gallery with a great shot from the trap at the right of the green. The ball missed the cup by a fraction and stopped only inches past the flag.

Par 11th hole. Marion's car was used as a safe against the formidable field. There were occasional scoring spots but 71 marks by three players, by Crutcher, at Ardmore, stood as the best total.

Wood of Des Moines, N. J., who had a 76 in his first round, was finding all sorts of trouble to overcome in his second round. Tommy moran, of Chicago, and the other original favorites, showed a distinct form reversal today, scoring a 72, ten strokes over an aggregate of 154.

Gene Sarazen, playing favorite, totaled 72 for an aggregate of 145, three strokes behind Crutcher.

Schnepfner gets 70. By ANDRE MERLIN. Des Moines, Ia., June 8 (AP)—Today's score will determine whether or not George Schemm, Ogden Utah, pro, will stay in the running for high place in the national open golf meet.

Schnepfner turned in a 74, five behind the leaders, yesterday. He was tied with Johnny Goodman, Edna Duggan, Olo Duggan, Olo Diegel, Ed Dudley, Harry Cooper and Bill Burke.

Tigers' outfit attain a length of 12 feet and a weight of nearly 600 pounds.

Fleming said he had been at the stadium at 10 o'clock, and that he had seen the pitcher, who was quitted as charging that the Angels had bought the pennant with a galaxy of high-priced players.

"Let Klopfer and the rest of the 'has-beens' in baseball go out and employ a young, budding club and they will give us some competition," Fleming said wrathfully. "Let them fire a lot of bewhiskered ball players and have done with them as they can talk. If the Seattle club want to resort to bribery in an effort to imitate the other players, they can choose Broadway and we'll take pension, thank you." JASON LEE FETE SCHEDULED HERE

Program Planned As Portion Of National Centennial Honoring Pioneer

A program commemorating the nationwide centennial in honor of Jason Lee, first missionary and American settler in the vast Oregon country, will be given in Twin Falls July 29, it was announced today.

Dr. C. J. Bronson, University of Idaho historian, has accepted an invitation to take part in the anniversary of the pilgrimage of Jason Lee from Boston to Oregon. A motorized "covered wagon" and caravan is now headed westward over the route followed by Lee in 1825-34. Dr. Bronson will join the caravan when it reaches Colorado and will deliver the main address at each of 20 programs scheduled for Utah in Colorado, Wyoming, Idaho, and Idaho during late July and early August.

Methodist Sponsorship

The Jason Lee centennial is being sponsored by the board of home missions and church extensions of the Methodist Episcopal church, which the Rev. Mr. Lee represented in Oregon. The caravan left Boston April 16. Its itinerary includes 111 cities from Boston to Salem, Ore., where the church country trip will end September 8.

Dr. Bronson, recognized as a national authority on the accomplishments of the famous Oregon missionary credits Lee with doing most to insure the organization of the area as a part of the United States. It was Lee who drafted the petition by Oregon settlers to the American government, asking that established government be set up in the territory. Oregon has chosen Lee as one of its distinguished "sons" to be represented in the Hall of Statuary at Washington, D. C.

Programs scheduled by the Jason Lee Society include the following: Pocatello, July 28; Blackfoot, July 27; Twin Falls, July 29; Boise, July 30; Fayette, July 31; Lewiston, August 10; Moscow, August 12; Coeur d'Alene, August 14; Spokane, August 15; Walla Walla, August 8; Pendleton, Ore., August 3.

RAIN PROVES AID TO IDAHO CROPS

Southwestern Section Helped Materially, According To Summary

BOISE, June 8 (Sp.)—Reports from various points over the state were more favorable since rain during the past week have cured, H. C. Carter reported in the weekly weather and crop condition report of Boise.

In southwestern Idaho the well-kept warm and was followed by moderate showers on Thursday and Friday and considerably cooler the last few days, with temperatures below freezing recorded locally on Saturday and Monday mornings.

Frequent Showers

Maximum temperatures ranging from 89 degrees to 78 degrees and minimums from 44 degrees to 24 degrees. Light to moderate showers were frequent occurrences. The weekly totals ranged from 12 of an inch to 123 inches. Sunshine for the week was below normal.

The rains of the week were of benefit to all crops. Barley, spring wheat and corn are making good progress and are in good condition. Corn is making a little faster growth. Winter wheat is making good advanced and the first cutting is reported in the Weber district. The rainy weather delayed haying in some localities but has that was out was not damaged.

Kitcheneering Director - Here Has Unique Hobby

What do home economists do with their spare time? That's a question which might be answered by nearly any of the women of that calling with the statement that home economists don't have any spare time, particularly if they're members of the staff of the Safeway Stores Homemakers' Bureau.

Such an answer, however, wouldn't be entirely true.

Unusual Hobby

For example, Mrs. Marian Rogers Spencer, one of the best-known home economists experts of the bureau, who will be here to direct the Safeway's famous course in "kitcheneering" as the personal representative of Mrs. Julia Lee Wright, Bureau director, for three days beginning Wednesday, June 12, has found time to develop one of the most unusual hobbies current among professional women.

Mrs. Spencer weaves. In fact, she is so enthusiastic she has become an active member of the local chapter of the International Textile Association, one of the most active and now a rarity, that one of the pieces of baggage which will accompany her and her trunkful of utensils, will be a small hand-loom, capable, under her skilled fingers, of producing lovely woolen things which are, and her friends, put to many a good use.

Moreover, it is revealed, Mrs. Spencer is making good advanced and the first cutting is reported in the Weber district. The rainy weather delayed haying in some localities but has that was out was not damaged.

Less rain was reported in most localities of the northern part of the state and only traces were reported in the southeastern section.

Wiley is said to have taken his punishment good-naturedly, but reversed the situation, they found the breeze was bitter. Petrifying Child Turns to Summer Of Carefree Fun

WILKES BARRE, Pa., June 8 (Sp.)—Henry Henrick, 7-year-old Larksville boy whose body in turning to stone, will pass the first grade in school in a few days and turn to a carefree summer apparently oblivious of the nationally publicized incident.

Crowded on the public spotlight when his mother received philanthropic offers to take him to New York for treatment, Henry also is unimpaired that his body is becoming ossified. His restricted diet has been removed and he runs and plays with other children just as if nothing was the matter. His step is a little slower than the others and he is less nimble but neither he nor his playmates notice it.
