It may seem like banality, but this is a horse. Furthermore, he's one of the most popular horses in Idaho, because when his child, Jackey, falls off they haven't had to go to him. It has been suggested that he be sent across the sea as a present for the Prince of Wales, but his owner, Lester J. Anthony, of Anthony, Idaho, objects with him, wouldn't think of parting with "Shorty the Duckydoo."

Society. Calendar. Salmon Social club has postponed its meeting from Thursday to Friday. War Mothers will meet Friday at 2:30 p. m. in the auxiliary room at the American Legion.

Significance of the flag of the United States should be impressed upon everyone at this time. Tomorrow is the time fixed for the annual observance of Flag day, and in Twin Falls, the event will not be ignored.

Boy Scouts in the morning will stage the annual flag-raising ceremonies, and in the evening the public will be welcomed to exercises, sponsored by the local Elks lodge, and consisting of the first of the summer series of band concerts, to be followed by ritualistic ceremonies, participated in by the Elks, the Twin Falls Municipal band, and also by Boy Scouts.

An appreciation for the flag is contained in the following expression issued by one of the patriotic organizations: Our United States flag is the third oldest of the national standards of the world, older than the Union Jack of Britain or the Tricolor of France.

HONORING JEFFERSON. Washington is full of statues and monuments, some animate, some inanimate. Now Representative John J. Boylan is pretty excited about something that every Washingtonian has known for years—that amongst all this welter of memorials, there isn't a single one of Thomas Jefferson.

Boylan wants the federal government to spend \$100,000 for a pedestal on which some private association may later want to build a memorial to the sage of Monticello.

Now you might think \$100,000 is small change these days, the way the government is tossing billions about. And yet you might also paraphrase Poor Richard, and say that if you watch the hundreds of thousands of dollars the billions will take care of themselves. There are lots of things we need more today than \$100,000 pedestals.

The best memorial which could be built for Jefferson today would be for a few millions of people to devote just one-tenth the thought, work, and zeal to democracy that Jefferson gave to it.

A Twin Falls angler reports that he caught trout in a lake and that these particular piscatorial beauties had teeth one and a quarter inches across. They weren't, it is said, particularly large fish, either. One more smell of the cork and that angler could easily have landed three sea serpents in the American Falls desert.—Pocatello Tribune.

Democrats have three candidates for governor and Republicans have four. And the rule still holds good that "three of a kind will beat two pairs."—Leviston Tribune.

SPENDING AUTHORITY. WASHINGTON, June 12.—The \$2,000,000,000 spending authority which President Roosevelt is getting from congress is rather much more than the amount he originally tried to get. Only a few congressmen know the details of the bill, and they are not telling. It happened in an executive session of the house yesterday afternoon.

PLAN. The exact wording of the provision was: "Provided further that any savings or unbudgeted appropriations which have been transferred to the purposes of the federal emergency relief act shall be available for the purposes of the reconstruction finance corporation." The congressmen's eyes bulged when they read that part of the bill, handed to them by the executive branch of the government.

FOOLISHNESS. The high-minded statesmen who are giving their aid to disarmament have been managed to conceal their real plight, fully well. They accomplish it by forever quoting news.

FARM ATTITUDE. The congress with the AAA amendments was somewhat similar. The high-minded statesmen who are giving their aid to disarmament have been managed to conceal their real plight, fully well.

HISTORY Of Twin Falls City & County. As gleaned from Files of The Times.

15 Years Ago. Mrs. Claude McRoberts, Twin Falls, was the first woman of the Eastern Star yesterday at the concluding session of the Idaho Grand Chapter, which convened Monday and closed last night.

27 Years Ago. The windows of the Sprague pharmacy attracted a large crowd of people on Friday and Saturday, when the famous portrait of George Washington was being painted in landscape scenes.

You May Not Know That— A wagon, mentioned in the 27-years-ago column a few days ago, was having been involved in a runaway in 1907, has been in use almost continuously since then, according to Ed Vance, the owner. Originally it was the property of the Idaho Department store, and it is said to have been the first delivery wagon in Twin Falls.

JOSLIN AWARDED \$3,150 DAMAGES

Filer Man Wins Decision of Jury in Case Against Times Company

Verdict of a jury in district court today awarded a judgment of \$3,150 against the Idaho Publishing Company in the civil action brought by L. E. Joslin, Filer, seeking damages in the amount of \$3,275 for injuries sustained last January when he was struck by a motorcycle.

Defendants pleaded that there was contributory negligence on the part of the plaintiff, that the driver of the motorcycle was an independent carrier, not an employee of the publishing company. The case went to the jury at 4:30 p. m. yesterday and a verdict was reached at 10:30. It was sealed and presented in court at 9:30 a. m. today. M. Sangren was jury foreman.

James R. Bobbitt and Henry Foyce were attorneys for the plaintiff. Judge W. A. Babcock presided.

The case will be appealed to the supreme court, it was indicated today.

Refrigerator and Stove Joined As Newest Invention

WASHINGTON, June 13 (AP)—An electric refrigerator, with stove and oven combined, apparently is destined to revolutionize American kitchens.

It also will revamp the multi-million dollar electrical equipment industry, according to representatives of the country's big electric factories, who watched it in operation today at the bureau of economic research of the agriculture department.

Principal idea

Finally, according to David E. Lillenthal, a director of the Westinghouse Valley Authority, it will make the country a "pleasanter place in which to live" by making the principal idea in the first place.

The refrigerator-stove was built to the order of the TVA. For installation wherever the latter's cheap electric power is available, Lillenthal said, that it will cost about 25 cents a month to operate the ultra-efficient refrigerator, perhaps a little more to heat the super-stove.

Lillenthal said the refrigerator sold for \$72.50 delivered and the stove for \$50.00, little more than half what similar equipment now costs.

Young Republicans Will Pick Officers

County officers of the Young Republican league will be named at a dinner meeting set for 7 p. m. today at the First Methodist church at Filer. It was announced this afternoon. Three delegates to the state convention will also be chosen.

Local Lyle's orchestra will provide music at the affair, which will be served by the Ladies Aid society. Following this event, the membership will go to Buhi for a dance, starting at 9:15 at Legion hall. All interested are invited to attend the dinner and dance, officers said.

Farmers Win Strike On Tomato Prices

JACKSONVILLE, Texas, June 13 (AP)—East Texas farmers are sending tomatoes to market again today and they got the price they had been asking. Their strike ended with complete success.

Marketing was resumed after a conference at Crystal Springs, Miss., agreed that buyers should pay 2 cents a pound for tomatoes. This was four times what the farmers were getting when they struck last week.

Meat Freight Rate To Idaho Rapped

WASHINGTON, June 13 (AP)—The interstate commerce commission examiners today recommended that the ICC declare present railroad rates on west-bound carload lot shipments of fresh meats and packing house products as not unreasonable.

The examiners held, however, that rates on fresh meats and packing house product shipments from Butte, Mont., to points in Idaho were unreasonable and should be lowered.

Seen Today

Renewed activity in business circles in the east part of town, about where the residence of J. C. Penney building, the new improvement at the Harmon Auto company, early completion of the D. K. Frost building, prospective removal of the C. C. Anderson store to the present quarters of the Penney store, announced removal of the Trotter pharmacy into the Weaver building, and projected installation of a coffee shop in the new Harmon hotel building. A 1934 auto license on every Idaho car now in operation. Disappointment registered by a Salt Lake visitor after a trip to Shoshone falls last night. He expected to see a giant catfish, and instead, was able to detect only a trickle of water leaking over the high precipice. Civil war veteran, using a little girl, who took part in the Harmon hotel building. Young lady painting, after a brisk walk in from the country to her work, necessitated by her car having had its supply of gasoline exhausted.

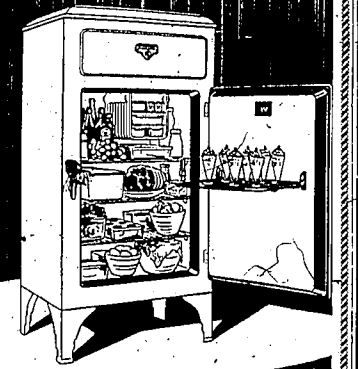

POWER COMPANY EMPLOYEES MEET

Seventy employees of the Idaho Power and Light Co. are meeting today for a banquet and a meeting. B. E. Bowley, of the Edison Appliances Co., Salt Lake City, L. W. Brainerd, Boise, and J. D. Orr, assistant general manager, formerly manager of the Twin Falls-Jerome division. Orr, out of town guests will be Jack Kelly, Butte, Mont., Jack McLean, and Orland Meyer, Boise.

All employees repeat themselves after a period of approximately 28 years and 12 days; this period of time is known as the Saros.

FLETCHER CALLS YOUNGER G. O. P.

Strategies Need for Youth If Party Is to Regain Old Political Vigor

WASHINGTON, June 13 (U.P.)—Restoration of the Republican party to its old-time vigor demands enlistment of the younger elements of the party in militant organization, Henry P. Fletcher, new national committee chairman, said in his first capital press conference.

Fletcher said he had no plans regarding Republican laureates which he called the Hoover-Curtis ticket two years ago to support Democratic nominees. He did not know what part former President Hoover would play in this year's congressional campaign.

"How many horse heads do you expect to win this year?" Fletcher was asked.

Doesn't know "I am not in a position to say now, the new chairman replied. "I hope to be soon."

The principal Republican campaign headquarters this year will be established in Chicago, he revealed.

"This thing came like a bolt from the blue to me," Fletcher said in explaining why he was unable to detail his campaign plans.

The first job before the new chairman is paying off a hold-over debt for each fund he pledged in Chicago. He intimated that the joint congressional committee might also do an independent career early this year in protest against policies of Everett Ruess, former chairman.

May mean change "Does that mean you will merge the two campaign chests?" "I don't know," Fletcher replied. "You must have something to merge first."

"What New Deal measures are you going to support?" "That would be hard to say."

"Are you going to support any?" "I want to be fair," Fletcher replied.

Whether the committee would support Republican bolters such as Senators Johnson, Cal. Cutting, M., and La Follette, Wis., Fletcher said no plans had been made regarding them but.

All Republicans look alike to me. "All Republicans look alike to me."

He'll see Borah "Are you going to see Senator Borah?"

"I hope so," Fletcher replied. "Why do you ask? Does he keep his door locked, or something?"

Borah was one of the Progressive Republicans who expressed angry disappointment at Fletcher's selection.

The chairman will appoint one or two assistants, one of them possibly John D. St. Hamilton, Kansas committeeman.

Reunion Celebrates 83rd Anniversary CLOVER, June 13 (Special)—A family reunion and picnic was held Sunday afternoon and evening at the St. C. Reinke home near Twin Falls. The eighty-third birthday anniversary of grandfather Reinke was celebrated on this occasion.

The following families from the attendees: E. A. Reinke, J. H. Reinke, H. F. Kellep, John Meyer, Theodore Gilling and M. J. Klein.

Members of Trinity Ladies Aid entertained their husbands and families Sunday evening at the school house. After a program of songs and piano music, refreshments were served.

Rev. and Mrs. Dannenfeldt motored to Rupert Sunday afternoon, where Mr. Dannenfeldt held services at 3 p. m. at the Lutheran church.

Parts of the Sahara desert have frost one or two nights a year.

HANDING OVER REINS OF G. O. P.

Henry P. Fletcher, new chairman of the Republican national committee, assumes his important duties with a smile as he starts directing the G. O. P. effort for a comeback. The Pennsylvania diplomat is shown here, left, at the Chicago session of the committee, giving a hearty handshake to his predecessor, Everett Ruess.

GRAHAM CRACKER USAGE EXTENDED

Originator Wouldn't Know His Versatile Proteges Today, Say Experts

Dr. Sylvester Graham, after whom Graham flour and Graham crackers were named more than 100 years ago, wouldn't recognize the versatile proteges today, according to home economists. Graham cracker "cookers" has been a new vogue.

Every day there are new recipes published on the use of Graham crackers to make such like-sounding things as Dr. Graham never dreamed of: Graham cracker tea box cake, Graham cracker pie, Graham cracker cake, sandwiches, bread and even soups.

The "brown" Betty of childhood days, home-made with Graham crackers, a frozen dish from the refrigerator all covered with whipped cream and apple pie with nuts. For children, a "more pudding" becomes a wonderful treat when made with Graham crackers, mothers familiar with the new vogue have discovered.

Home economists point out that Graham cracker "cookers" is based upon the sound contribution to health made by Graham products. This is recognized by dietitians and in many schools Graham crackers with milk are a daily classroom treat.

THIS CHILD WAS REAL "HIT-RUN"

SAN FRANCISCO (U.P.)—Dodie Parks, five-year-old negro boy, was numbered today in San Francisco's small but select group of hit-run pedestrians.

Run down by a car driven by Dr. Blake Wilbur, son of Dr. Ray Lyman Wilbur, Stanford University president and former secretary of the interior, Eddie jumped to his feet and ran down the street.

"I ain't done nothing, mister," he shouted, terrified, as Dr. Wilbur attempted to catch him.

The car ended at Eddie's home. Dr. Wilbur took him to a hospital, where Eddie evidenced considerably more interest in surgical instruments than in the cut on his forehead.

HANDY LIST OF ANNIVERSARIES

Some husbands remember the first wedding anniversary; some remarkable fellows never forget; others need to be reminded not only of the day, but the year. But wives, as a rule, can tell you precisely.

Yet many wives are vague about the character of the anniversary celebration. They know the twenty-fifth is silver, the fiftieth gold and that's where they stop. So here is a little table that may be of help to housewives who plan celebrations on the "in between years" and who are casting about for the proper motif.

- 1st, cotton; 2nd, paper; 3rd, leather; 4th, silk; 5th, wood; 6th, iron; 7th, woolen; 8th, rubber; 9th, silver; 10th, tin; 11th, steel; 12th, linen; 13th, lace; 14th, ivory; 15th, crystal; 20th, china; 25th, silver; 30th, pearl; 35th, coral; 40th, ruby; 45th, sapphire; 50th, gold; 55th, emerald; 60th, platinum; 75th, diamond.

After being kept for five years in a showcase in the Natural History Museum of South Kensington, London, a small shell was found to contain a live snail.

Walnuts for Breakfast? Yes, And They Are Good for Soups

Walnuts for breakfast? None sense! But did you ever try them? Chopped nuts added to your favorite muffin recipe, or combined with fresh fruits such as dates and raisins, are particularly appetizing.

Home economists recognize that walnuts are food, and because of their high nutritive value, should be treated as such. They are so easy to prepare and require no particular method of cooking.

Try them in cinnamon rolls—if anything could improve a hot, fresh, homemade cinnamon roll, it is a generous sprinkling of chopped walnuts.

In the topping of coffee cakes, there is nothing better for additional flavor than chopped walnuts, and if you have never tried adding about one-half cup of them to a wafter batter, especially if it is a chocolate batter, you have a treat in store for yourself.

Not from soup to nuts, but soup with nuts! Walnuts finely chopped and sprinkled over the top of cream soups make a delicious combination.

Try them in cinnamon rolls—if anything could improve a hot, fresh, homemade cinnamon roll, it is a generous sprinkling of chopped walnuts.

Walnuts even can make a main course. Chopped, they may be used as the main ingredient for dishes which take the place of the meat course, as in meat loaf, meat rolls, spaghetti, etc.

Saltpeter or as pratin dishes are greatly improved by the addition of a few chopped nuts mixed with the bread crumbs and cheese for topping.

Wash With Salt Sinks and drains can be kept clean from grease and disagreeable odors by pouring hot salt brine through them once a week.

To restore to their original whiteness, and to remove the stain of a washbasin which have become yellow, wash them with salt and turpentine.

Save That Egg!

If a boiling egg is cracked, do you remember that a pinch of salt added quickly to the water may prevent the egg from boiling out? And do you know that adding a tiny pinch of salt to fresh milk will make it keep much longer?

Stained Tablecloth To remove jam or fruit stains from tablecloth, apply powdered starch while fresh, leave for one hour, then wash in cold water; repeat if necessary.

Shakespeare wrote 37 plays; of these 16 were comedies, 11 tragedies, and 10 historical.

MYSTERY DISHES COME TOMORROW

Mrs. Marian Rogers Spencer Tells of Thursday's Kitchening

Page Sherlock Holmes! And he's better being an apron and a measuring cup and adding Mrs. Marian Rogers Spencer, personal representative of Julia Lee Wright, director of the Safeway Stores Homemakers Bureau, as she prepared for the second day of "Kitchening" at Radlajod, which is to feature a number of "mystery" dishes.

Mystery Dishes
"Generally speaking, our program for tomorrow is to devote to cakes and dishes for entertainment," explained Mrs. Spencer. "The much discussed 'mystery' portion of the program is the result of two special dishes which were developed in the Homemakers Bureau testing kitchen and which are to be demonstrated from the stage at Radlajod."

"One of these is 'Goop.' It's an odd name, an odd dish. In fact, but very, very delicious. 'Goop' was perfected by one of our own home economists and when served with a few slices of garlic and perhaps a little of the 'mystery' ingredients, it constitutes a meal in itself. But I'm not going to explain the 'mystery' of 'Goop' now; you'll have to attend our interesting session tomorrow to become a real 'Goop' expert."

Her's Second
"The second big mystery of the day will be a demonstration of a new, original cake—appropriately named 'Mystery.' There's really nothing complex about it but I am sure you will be tremendously amused if you know two of the ingredients used."

Cakes are destined to receive considerable attention during the second session of "Kitchening" in Twin Falls. Mrs. Spencer said that one of the featured events will be a demonstration of an easy method to make sponge and angel food cake as developed by the Homemakers Bureau during the last year.

Highly Gratiified
Mrs. Spencer declared that she was highly gratified with the response accorded the first session of "Kitchening" here. Congratulations were heaped upon her by an enthusiastic audience as she brought the program to a triumphant close this afternoon.

"I hope that many of the Twin Falls homemakers who were unable to attend our first session will be at Radlajod tomorrow," she said. "The Safeway Stores Homemakers Bureau has devoted months of effort and patient research as a part of the preparation of the Twin Falls course in "Kitchening." It has been designed to answer the demands of modern women. Fundamentals are presented in a clear, concise manner to teach western women the modern art of preparing and serving well-balanced and economical meals with a minimum of time and energy. We have planned

our "Kitchening" programs so that every minute is highly interesting and educational." The third and final session of "Kitchening" here promises to be a fitting climax with the program devoted to complete meals. An interesting discussion and demonstration of every plate of stove usage, involving both surface and oven at high and low temperatures, will also be included on the last day.

At the start of the "Kitchening" course we printed and distributed more than 35 recipes, and I'm sure our audience will find us more than making good this promise on the final program," stated Mrs. Spencer.

Porto Rican Dish
"Friday afternoon we will demonstrate the Bureau's method of making a delightful Porto Rican Pot Roast which is served with German potato pancakes. We will also feature a number of delicious breakfast dishes, including Fluffy French Toast and Baked Hammy Complexions."

maker who attends will find every session actually exciting and well worth while. Once again, I want to warn homemakers to bring a pencil and paper to the "Kitchening" evening sessions. Our audience always find there are hundreds of thoughts and hints they want to jot down."

As on the opening day, the doors of Radlajod will be opened at one o'clock to accommodate early arrivals. The sessions on the latter two days will also start promptly at two o'clock. Admission, of course, is free of charge.

To cool a dish of pudding or any hot food quickly, set it in a pan of cold water which has been well salted.

Pineapple Is Unique—Better Canned Than When It's Fresh

Pineapple, the experts of the Safeway Stores Homemakers' Bureau point out is perhaps the only fruit that always comes to us a better when canned than when fresh, for the luscious ripened fruit which goes into the cans is far too fragile to be shipped any distance. This observation is not hearsay, for Mrs. Julia Lee Wright, director of the bureau, has done home economics work in the Hawaiian islands and understands pineapple.

energy foods so necessary in the daily menu. And it lends itself to so many appetizing treatments. Here is one suggestion, called grapefruit in a Hawaii: Prepare halves of grapefruit in the usual manner, being sure to remove the center stalk. Fill this hollow with crushed pineapple and chill thoroughly before serving. This makes a most delicious opening course for luncheon or dinner when served with a colorful stuffed olive.

Pinapple, dietitians agree, is

SOUP TUREEN IS BACK ON TABLES

Safeway Homemakers' Bureau Gives Advice on Types And How to Serve

The return to good living has brought the soup tureen back to our tables, according to the Safeway Stores Homemakers' Bureau which offers a few suggestions for clear, light soups are always good in spring and summer, while the heavier, heartier soups are the most popular in the fall and winter. However, whether serving the lighter soup for the opening course or the heavier soup for the main course, keep in mind that the perfect soup is correctly seasoned and served with appropriate accompaniments and attractive garnishes.

The peltes macremies or small pottery, however, whether serving the lighter soup for the opening course or the heavier soup for the main course, keep in mind that the perfect soup is correctly seasoned and served with appropriate accompaniments and attractive garnishes.

The soup plate is, used for the more formal service, at dinner. With this we have the choice of a tablespoon, dessert spoon or round bowl spoon.

The cream soup bowl has been popularized for informal dinners and with this is used the cream soup spoon. This is favored particularly for thick soups.

Appropriate to serve with soups are small plain salted crackers, whole wheat crackers, oyster crackers, cheese wafers, bread sticks, hard rolls, thick slices of French bread, tanned of troutons (which are just squares of rather dry bread buttered and toasted or browned in deep fat), Meba toast, and tiny meat turnovers, about three inches in diameter and filled with highly seasoned chopped meat.

Garnishes Suggested
Garnishes and accessories suggested are tiny dumplings, meat balls and vegetables, grated, sliced or cut in thin strips. Cereals such as rice, barley, lupines, peas, macaroni, noodles, vermicelli and alphabet.

A slice of toast spread with cream cheese or sprinkled with grated cheese.

Mushrooms, broiled and placed in the center of cream soup, also.

For cream soups, chopped nuts, whipped cream, egg white, popcorn, or any puffed cereal, chopped parsley are appropriate additions.

Patties and Souffle Are Two New Ways for Utilizing Bread

Two new ways of using bread are recommended by the Safeway Stores Homemakers' Bureau. First, there is a foundation for creamed mixture for sandwiches: Dresden patties—cut an unrefined loaf of bread into 1/2 inch slices, and cut each slice across diagonally. Hollow out each triangle so that a shell remains with half-inch walls. Toast in a moderate oven (350 degrees F.) until brown. Then add hot creamed mixture and then add cold breaded mixture. Bake one hour in a moderate oven (350 degrees F.). A cup of ground ham or a cup of vegetable may be added to the soufflé. This is served as an entree or main dish, not as a side dish.

1/2 teaspoon dry mustard
1/2 teaspoon salt
"Butter" bread on one side and cut into cubes. Lay one-half of them in the bottom of a casserole and sprinkle with one-half of the cheese. Add remaining bread and cover with cheese. Bake one hour in a moderate oven (350 degrees F.). A cup of ground ham or a cup of vegetable may be added to the soufflé. This is served as an entree or main dish, not as a side dish.

"Superb pineapple Marie! Libby's center slices, did you say?"

It's only to be expected that Libby's center slices should cause comment. For, as is explained at the Cooking School, center slices are the very choicest part of field-ripened Hawaiian pineapple. Most tangy and delicious in flavor. Most uniformly fine in color, texture, shape. And Libby's gives you center slices exclusively at no extra cost! Nor do you want to forget Libby's Crushed when buying your pineapple for health. It is delightful in flavor and texture, perfect for the Pineapple Cup. Ask your dealer always for Libby's Hawaiian Pineapple, Libby, McNeill & Libby, Hawaii.

NEW! Thrillingly delicious! Libby's Hawaiian Pineapple Juice, rich in natural Esters (the flavor carriers), unacidified, not syrupy, this luscious juice is marvelous for breakfast. Healthful, too—among other benefits it provides vitamins A, B, C.

Lo-We-Ho is the unique name of a club at Buhl, of which Miss F. Thompson is leader. The name stands for love, work, health. Officers are: President, Lillian Leht; secretary, Norma Pooshost; secretary, Gladys Bayless; reporter, Marcella Hickerson; program chairman, Winzell Hugdon; medical leader, Lois Garrett. Other members are Barbara Hancock, Myrtle Duval and Olga Gre.

MOVING SIGHT IN ENGINEERING

A feat unique in engineering history was achieved by Ralph McDowell, famous bridge builder, when a 1200-ton steel bridge spanning Rock Creek gorge in Washington, was moved bodily 80 feet to a new location without so much as a twist in any of its girders. Here is a general view of the 300-foot long structure, during the history-making move.

KIWANIANS PLAN WORK FOR 1935

Idaho Group at International Convention Outlines Next Year's Program

TORONTO, Ont., June 13 (Special).—Idaho Kiwanians attended the 18th annual convention of Kiwanis International being held here planned today for the 1935 community and welfare activities.

The annual report of the agricultural committee urged a land utilization program. All clubs will bring urban and rural letters, and together at an early date to discuss land use planning, problems and suburban activities. Other activities to be continued are the presentation of diversified farming, institutes and scientific farming, projects, dairying and purebred stock raising, sponsoring grain stock shows and fairs, and 4-H boys and girls club work.

Albert E. Smith, of Nephi, Utah, chairman of the agriculture committee, will direct this work in the Idaho-Idaho Kiwanis district.

CHALLENGES WORLD AIR MARK

Murray B. Dilley, reserve army flyer, has purchased the "Flying Wing" plane, perfected by the late Claire Vance and plans to leave Oakland, Calif., June 20 in a non-stop flight to New York preliminary to trying to break the Post-Datary world flight record. He will also participate in the London-Melbourne derby. The "Flying Wing" plane carries gas sufficient for 7,000 miles of flying and has a 210-mile per hour speed.

TEACHING STAFF PLANS VACATION

GOODING, June 13 (Special).—Plans of the teachers of the Gooding public schools for the summer were announced recently by Supt. F. H. Thronas, as follows: Miss Florence Frahm and Miss Ida Frahm will remain in Gooding for a while. Their plans are uncertain. Miss Leatha Hellet and Miss Vern Young will start on an educational tour June 16. Miss Myrl Davies will spend part of her summer with her brother in Bellevue. Miss Marie Cope will spend her entire vacation at home near Richfield, unless she attends summer school at Albion. Miss Gertrude Brehman is visiting with her sister in Seattle. Miss Emily Post will spend her vacation at her home at Mindoka.

Miss Ethel Simonton, Myrtle Clemons, Miss Ada McClelland and Miss Myrtle Clifford and Miss Cecelia Neater will spend the vacation in Gooding. Jeffrey Bevington will attend the summer encampment of the National

Guard at Boise and the remainder of the vacation in Gooding. Mrs. L. H. Taylor is making plans to attend summer school or perhaps the fair in Chicago. Mrs. Fairfield later in the summer will go to Chicago later in the summer and will probably attend the Girls college to specialize in commercial subjects. Miss Beatrice Stalker has returned to her home in Lewiston. Coach M. W. Tate will be in Gooding. Miss Anabelle Horneman is at the University of Idaho summer school at Moscow. Carl O. Hennings is working in the Couer d'Alene forest at Wallace on fire control. Supt. F. H. Thronas will spend the summer in Gooding.

NAZARENES URGE REMAINING DRY

District Assembly Declares In Favor of Retaining State Law

NAMPA, June 13 (Special).—Idaho-Oregon Nazarene district assembly went on record here last week as favoring the retention of the Idaho prohibition laws. Members also advocated the forming of a new political party which would have as its main objective the enforcement of prohibition.

The old political parties have sold out to the wets," they charged.

The assembly also attended the graduation exercises of the Northwest Nazarene college here. A total of 101 students were graduated from the different departments of the school.

10 4-H Clubs Listed For Jerome County
