WIDENING LOOMS FOR YARDS TIEUP

Extension to Packing Houses at Chicago Threatened; Johnson Awaited

WASHINGTON, Aug. 1 (UPI)—The consolidation division of the department of labor reported today that its representatives in Chicago had "negotiated some concessions from both sides" which may speed a settlement of the Chicago stockyards strike.

CHICAGO, Aug. 1 (UPI)—Extension of a Chicago stockyards strike to the ring of giant packing houses that encircles the yards was threatened today by union leaders.

White railroad mediators awaiting arrival of Gen. Hugh Johnson, who would arbitrate powerful hand at settlement of a walkout of 800 stock handlers who has halted activity of the world's largest livestock market for 40 meat cutters walked out last night.

William Collins, international organizer for the union, said that more of the 8,000 union cutters and butchers in the packing house district would strike today.

All May Close

All but three or four of the largest plants would be closed by such a walkout. Every they, however, became eligible for obtaining large amounts of meat.

The handlers walked out a week ago, leaving 80,000 head of stock without feed or water on one of the hottest days of the summer. Thousands died before they could be moved or slaughtered.

The men charged in their strike call that the Union Stockyards company failed to abide by an agreement reached at the end of a summer strike last winter.

Johnson, visiting his mother in Okmulgee, Okla., was expected home late today or early tomorrow.

Nearly a thousand more automobiles were registered this year than during the first seven months of 1933, the latter figure being 5,988, and this year's totaling 6,700 in all classifications, an increase this year over last.

In other divisions the figures compare as follows: Trailers, 1934, 888; 1933, 631; chauffeurs, 21 and 4; motorcycles, 20 and 10; dealers, 25 and 18; commercial trucks, 142 and 26; trucks, 1126 and 915.

WASHINGTON, Aug. 1 (UPI)—Secretary of the Navy Claude A. Swanson said today he would sponsor a general reduction of 20 per cent in naval armament by the great powers, but was definitely opposed to abandonment of the naval ratio fixed by the Washington Treaty of 1922.

Swanson's statement came after a reply to a resolution by Congressmen of the House of Representatives to the effect that the U.S. should not be compelled to give up the naval ratio of 5 to 5.

Recruits New Forces in "War" Against Huey Long

WASHINGTON, Aug. 1 (UPI)—The war department has informed Major T. Semmes Walmsley of New Orleans that it can take no hand in the use of state troops by the Louisiana governor.

NEW ORLEANS, La., Aug. 1 (UPI)—May 15, Walmsley began recruiting an army today to oppose Senator Huey P. Long's national guardianship who are包围ing city hall.

The police force was increased

from 840 to 1,340 men in 500 citizens were sworn in for "emergency duty." All recruits were issued shotgun and pistols.

The police force was reorganized. The three-platoon system of 280 men on duty at any one time was discontinued. A two-platoon system was substituted with 670 men to a shift.

White Guards Mobilized

Every national guardman in the city was mobilized under arms at Jackson barracks, subject to the call of Huey Long's state political forces, who are at war with the city. The troops numbered some 600 infantrymen, cavalrymen and artillerymen.

Major Walmsley ordered machine guns taken out of the police arsenal and issued to his peace officers.

"Our Huey Long is planning some new kind of coup d'état with his troops today. If he tries it, there's going to be plenty of trouble," said a major added.

Held grenades and two gunboats were hauled to the 40 troops holding siege to the Boule

Sen. Pope Attacks "Whispering" Drive

WASHINGTON, Aug. 1 (UPI)—Sen. James P. Pope, D., Ida., charged today that representatives of the Republican party had organized a "whispering" campaign against the Roosevelt administration.

Pope declared he had heard reports of such a campaign throughout the middle west and the drouth area. He said old guard Republicans were attempting to blame the administration for the drouth and were accusing the AAA of making串 of the farmer.

"Such accusations are being passed by word of mouth among those who are so deeply imbued with partisanship that they have lost sight of the national welfare," he said.

German President Near Death

All Europe was uneasy today over impending developments in Germany, where President Paul von Hindenburg (above) was critically ill.

The charge was made on the basis of coded documents found in the office and shoes of Franz Hoss, a secret courier, arrested at Kolnachau on his way from Munich, headquarters of the German Nazi party and Austrian Nazis refugees in Germany.

One document, half deciphered by government code experts, read:

"It follows Rinteln." There followed several undeciphered words and then: "Rinteln arrested.

There will not be any more new samples of table service." Government experts believed "table service" meant arms.

Colonel Walter Adam, minister of propaganda, in a radio speech, said the documents showed the German government was connected with the revolt.

Ignored Decree

The troop concentration followed announcement by Mayor Walmsley that the city would ignore Governor O. K. Allen's proclamation of martial law, under which troops seized the office of the registrar of voters for Orleans parish, in the Boule building, Monday night.

"This is war to the end against Huey Long's political machine," Dr. C. L. Gatzin said. He previously appealed to federal authorities in Washington for intervention.

Adjutant General Ray Fleming commanded the troops. He warned city officials that he had called out enough guardmen to enforce the governor's orders.

Trot Case

An issue arose today which might develop into a test of strength. The city refused to accept Harry E. Scott and Joseph Wehren as assessors.

The two men were appointed by Governor Allen to fill vacancies in the department. Mayor Walmsley said the offices should have been filled by election.

Rumor circulated that troops would be ordered to install the assessors for the Long machine.

Legal Helpers of Underworld Figures Next Object of Federal War

LYLE C. WILSON,
(Copyright, 1934, United Press)

WASHINGTON, Aug. 1 (UPI)—While Justice department agents shoot it out on the underworld front there is developing in Washington a campaign against lawyer allies of gangsters, racketeers and hoodlums.

Attorney General Homer S. Cummings started the legal counterattack last winter. He plans to carry it on when he returns from a Hawaiian vacation. The first triumph of Justice over the technical quibbling by which gamblers have been aided in court was gained when congress authorized the United States supreme court to promulgate uniform rules for federal court procedure.

Rules Added Undercover To meet the need of the new statute, a code of local rules and regulations modified federal district court procedure in the several states. Thus was created a confusing mass of technicalities which lent themselves to the dilatory, obstructive tactics frequently employed by lawyers representing underworld big shots. This reform legislation had been pending in congress 20 years when Cummings, backed by President Roosevelt, jammed it through.

Hits at Shysters Having to a degree disarmed the underworld lawyers by simplification of the procedure of justice, Cummings plans now to get directly to the unethical counsel. He revealed some weeks ago here he planned before calling for Hennepin that the justice department would sponsor a conference next December to trap the Dilley gang and Capones of the legal profession.

The forthcoming conference is to consider three methods of coping with gamblers lawyers:

1. Prosecution for violation of state or federal law.
2. Punishment for contempt of court.
3. Censure, suspension or disbarment by the profession.

TIMES' SOUTH IDAHO HANDICAP TOURNAMENT SET FOR SEPT. 2-5

Large Entry Group, Big Prize List Will Feature Event Here

Numerous Awards Will Give Average Golf Player Chance to Stroke Way into Capturing of Trophies

Idaho's largest golf tournament—with a prize list outstripping those of the state's other links classics—will be held in Twin Falls Sept. 2 and 3.

It is the second annual Southern Idaho handicap tourney, sponsored by the Idaho Evening Times. It will be played again at Canyon Crest links here.

With nearly 80 entrants last summer, the Evening Times event is expected to overshadow the 1933 mark both in players and in value and number of awards offered, according to tentative entries indicated from golf clubs of southern Idaho.

Dick Olson, professional at Canyon Crest, will have charge of the tourney and will settle all playing questions.

Large Prize List

Olson declared today that the list of prizes will probably exceed \$25, with matched foursomes and the Idaho Evening Times handicap cup topping the list. Canyon Crest members expect the number and worth of awards to be double what was offered in the Idaho state tourney, where a much higher entry fee was charged.

Adequate handicaps will assure every average entrant a chance to stroke his way into the prize list. Olson said. Southern Idaho golf association players will use their regular league averages to determine their handicaps. Canyon Crest members not in the association will use their club handicaps.

Others To Quality

For all others, according to plans announced today, the first 30 of the tournament's 84 holes will determine the handicap. Those 30 holes also count on the total tournament score.

A handicap limit of 27 strokes has apparently been adopted as the maximum. The handicaps will be set according to the numerical system determined and arranged by the United States Golf Association.

Entry fee, after conference with many club members throughout southern Idaho, will be \$1.50.

Practices Privileges

All entrants, after paying fee, will have full club privileges at Canyon Crest from Aug. 10th up through the tournament proper.

Entrants will be matched in threesomes, and time of play in Sept. 2 and 3 will be posted in advance by the Idaho Evening Times. Courses are to signify whether they can play on Sept. 2 and 3, or whether they desire to play all or part of their 36 holes during the time starting the preceding Wednesday.

This choice, it was announced, will permit wide latitude and eliminate inconvenience for the large field expected.

Entry Places

Entries may be sent to Canyon Crest, to Fred Stone at the Twin Falls bowling alleys, or to the sports editor of the Idaho Evening Times.

Entry blanks published in The Evening Times may be utilized, or simply "notice-of-enterance" and choice of times may be mailed without the blank or may be phoned or left in person at any of the three locations.

Digest of the complete rules will be published orally on the sports pages of The Evening Times starting tomorrow.

Campbell Defeats Second Round Foe

PIPERSON, Aug. 1 (UPI)—Albert "Scotty" Campbell, his second opponent today in the national public links tournament,

downed Byron Hunt, Columbus, 8 and 7, and moved into the third round to be played tomorrow.

Campbell covered the long first nine in 38 to go 1 up. Coming in, he won the 10th hole, halved the next and lost the 12th. He ended the match on the 15th green with a par 3.

YANKS WIN TWO TO REGAIN LEAD

Defeat Boston Twice to Push Detroit from Top; Cuba Cut Giant March

BY THEON WRIGHT

NEW YORK, Aug. 1 (UPI)—The Yankees with their bagsong once again in the contesting toll of Col. Jake Ruppert's ball yard, today turned off an offer to take all comers.

Yesterday, the Red Sox came, and the Yankees took them twice. This put the Ruppert clowns back at the head of the American League, two points above the Detroit TC (6-6).

Tough at Home

To get an idea of how tough the Yankees are at their home field, look at a few figures. The Yankees have had only five games in twenty-seven played at home, which averages .184. They have clinched seventeen out of thirty-two starts in the midlands, which is .566. Jaunts through the east have not been much better, averaging only .545.

They will play twenty-nine more games at home, trying until September 4, save for a tour to Washington and Boston for seven games. The Bronx boys have had only one victory at Fenway Park, which is .143. They have had only one win in ten at the Polo Grounds, which is .100.

The Yankees' record is 10-6, .600.

They are 10-6, .600.

Federal Agency To Sell Cheap Refrigerators

WASHINGTON, Aug. 1 (UPI)—

Commissioners' Choose Boards for Primary Election in County

The administration has embarked on a program designed to make electricity the "servant" of the masses who toll.

The electric home and farm authority, a division of the Tennessee Valley Authority, is going to sell cheap electric refrigerators all over the country. Distribution will be made through regular appliance dealers and public utilities.

Sale of refrigerators apparently was the step in a program which contemplates the eventual sale of all electric appliances at prices far below those now in effect.

CHEAP FINANCING

Cheap financing goes with the low cost equipment but, only where electric rates are low enough to receive government approval.

The home and farm authority is retailing two types of refrigerators now and soon will offer for sale cooling units made by 10 or 15 manufacturers of electric ice boxes.

The TVA is selling refrigerators, ranges and water heaters at present. Seven electric pumps will be added to the line and later all electrical appliances.

In the area where public utilities have agreed to reduce their rates for domestic currents in accordance with regulation promulgated by the Tennessee Valley Authority, the appliances may be purchased on payments as low as \$2 down and \$2 a month.

J. C. Penney Establishment Stages Inaugural Day at New Home

Formal opening of the new J. C. Penney company store at the corner of Main Avenue and Second Street south took place today, with Mayor Duncan McJ. Johnston turning the key to the front door at 9 a.m.

In addition to throngs of shoppers attracted to Twin Falls today, a number of local trade managers and surrounding towns were here for the opening event.

Coming from Boise was Leonard L. Wood, former Twin Falls man, head of the store in the Capital City. He said that a similar opening of an enlarged store was being planned there soon. Mr. Wood was accompanied by Mrs. Wood.
