

Here's Exclusive Photo of Famed Quintuplets as They Are Today

PLEASE GO 'WAY AND LET US SLEEP

Sound asleep and blissfully unconscious of the world's absorbed interest, the Dionne quintuplets are shown in this exclusive photo at slightly more than two months. Marie, left, lies quietly, while Emilie, next, wiggles her tiny fingers in a baby-dream. Cecile, center, opens her mouth wide as though in protest at being toyed by the hand of Nurse De Krom, while Annette and Yvonne, right the strongest of the brood, take the case in complete quiet. Pictures of the quintuplets will be printed in Twin Falls for months to come exclusively by The Idaho Evening Times, since NKA Service has secured sole picture rights, from Canadian government representatives who are handling interests of the family. The exclusive photo will offer another unique feature in Idaho Evening Times service to its readers.

THIS CURIOUS WORLD

By William Ferguson

SEVEN CITIES... SAYSNA, RHODOS, COLOPHON, SALAMIS, CHIOS, ARGOS AND ATHENS. ALL CLAIM TO BE THE BIRTHPLACE OF THE GREEK POET HOMER.

THE PUMPKIN BLOSSOM HOLDS THE PLACE IN THE LEGENDS OF THE SOUTHWESTERN INDIANS THAT THE LOTUS HOLDS IN ORIENTAL LORE.

DIVINING RODS FORKED HAZEL STICKS... STILL ARE WIDELY USED BY SUPERSTITIOUS WELL-DIGGERS, WHO BELIEVE THE STICKS WILL POINT TO WATER.

The divining rod is carried in the hand of the person seeking a location for a well, and, as the person approaches a location with underlying water, the forked stick is supposed to dip toward the earth.
