Vast Sums Disbursed to Save
Homes and Businesses,
Rieberg Says

HALF RFC CASH REPAID

432,000 Families Saved From
Foreclosure, Roosevelt
Is Informed

WASHINGTON, Sept. 3 (U.P.)—Government has loaned more than \$7,000,000,000 to save businesses and homes from depression ruin, Donald R. Rieberg reported today to President Roosevelt in a summary of New Deal efforts to relieve financial pressure.

Rieberg is secretary of the executive council. He reported that:

1. RFC actually has disbursed \$5,853,000,000.
2. The Home Owners' Loan Corporation has advanced \$1,209,445,000, ending a real estate panic and saving the homes of 432,000 families from foreclosure.
3. Only five banks insured by the FDIC have failed.
4. Federal home loan bank system loans are far below capacity because of faults now being corrected.

Today's report was the fourth of seven. Previous reports stated New Deal efforts had re-employed 4,120,000 persons; that drought and farm relief had increased income; and that 23,000,000 persons probably would need government aid to live through next winter.

Vast Allocations
The RFC's greatest lending institution in the program is the Reconstruction Finance Corporation, which since its creation during the Hoover administration, aggregating \$7,044,000,000, of which \$5,200,000,000 has been disbursed since March 1, 1931.

Actual RFC disbursements were reported as follows:

1. To government agencies \$974,000,000.
2. For relief \$800,000,000.
3. All other activities \$4,370,000,000.

Almost half—44.8 per cent—of the \$4,370,000,000 category has been repaid. The program is designed to strengthen banks by loans and subscriptions to preferred stock in 80 percent complete, 6,870 institutions having been authorized to obtain \$1,154,000,000 in this way. RFC has authorized loans aggregating \$448,000,000 to aid reorganization or liquidation of closed banks.

HITLER ASSERTS NAZIS DOMINANT

Belittles Opponents as Party
Congress Obsers Assertion
Of Firm Power

BY FREDERICK OCHSNER
NUREMBERG, Germany, Sept. 3 (U.P.)—"By the revolution, the German form of life is definitely settled for the next thousand years. Reichsführer Adolf Hitler declared today in a proclamation to the opening session of the Nazi party congress.

District Leader Adolf Wagner read the proclamation to a cheering assembly of national Socialists.

"The will of the national Socialist government leadership is unalterable and unshakable," the president declared. "If in face of this the national Socialists should be forced to surrender, we are ready to consider 4,000,000 votes as a menacing opposition, then we can only smile at ourselves."

Foes Divided
Hitler declared the opposition was not united, "either in a faith or a program."

Their Parley Has Political Experts Guessing

Whether or not President Roosevelt (right) accorded even tacit support to Upton Sinclair (left), ex-Socialist who won the California Democratic nomination for governor, had political experts guessing today. Sinclair spent two hours yesterday with the President, but neither would comment on the conference. Sinclair's hearty step and beaming countenance after the parley gave weight to rumors that Roosevelt at least had not frowned on the Californian's "Epic" program in event of election.

Summer White House Silent on
Parley. But Californian
Emerges Jauntily

HYDE PARK, N. Y., Sept. 3 (U.P.)—Administration friends, big and little, were convinced today that Upton Sinclair, former militant Socialist but now an equally militant New Deal Democrat, at least has the silent approval of President Roosevelt for his Epic plan and his California gubernatorial aspirations.

Lacking definite summer White House reaction they based conclusions on the jauntiness exhibited by the silver-haired Sinclair and his loud praise for the President and the New Deal, after a two-hour parley.

Sinclair, insisting he could not use the President's residence as an instrument in advancing his theories, declined to say what they talked about.

"I had the most interesting two hours talk I ever had in my life," he said. "I talked with one of the kindest and most genial and frank and open minded and lovable men I ever met. We talked for two hours and that was his fault and not mine—he told me to tell you that."

Lauds Roosevelt
"We sit out in California and speculate on folks as to how much he knows. I am very happy to tell the people of California he knows. If he knows everything about the other 47 states as well as he knows about California he is a marvel."

Sinclair was asked what he thought of former President Hoover's infernal attack on the New Deal.

"What Mr. Hoover means are rights for millionaires. Millionaires were all Mr. Hoover ever thought about," he said.

BIG SPECTACLE MARKS FIRST DAY HIGHLIGHT

Declared an outstanding success by the thousands who thronged Twin Falls to participate in the Magic City Jubilee, the first day of the four-day celebration staged by the Junior Chamber of Commerce in honor of the 30th anniversary of the founding of the tract and city was featured by a mammoth parade which was viewed this afternoon under a smiling south-ern Idaho sun.

STOCK HOLDERS OPPOSE CUTOFF

Majority Indicates Disapproval
For Stoppage of Winter
Flow Here

Sentiment, opposed to cutting off of the winter flow of water on the Twin Falls tract was expressed by a majority of those attending a conference of representative "stock" holders at the Twin Falls Canal company offices here yesterday.

James R. Bothwell, company attorney, and G. W. Sloan, engineer, explained the advantages which would accrue from the proposal. Opposition was voiced by R. C. Bacon, Mayor Duncan McEl Johnson for the City of Twin Falls, and by the Village of Klamath, which filed a copy of its protest forwarded to the state commissioner of reclamation.

Johnson said the city would oppose the plan until an adequate municipal water supply could be secured from other sources.

Pettygrove Approves
J. A. Crisp, pioneer rancher, who recently returned from Texas, also opposed the plan. E. N. Pettygrove, Hansen, was among those who favored the suggestion that the winter flow be impounded at American Falls reservoir.

A survey vote taken resulted in 28 opposing the plan, while 13 favored it.

Members of the board of directors will meet in regular monthly sessions tomorrow, it was learned today.

Columbo Death Is Decreed Accident

LOS ANGELES, Sept. 3 (U.P.)—The death of Russ Columbo, widely known singing star of the screen and radio, was accidental, a coroner's jury decided today after hearing details of the bizarre manner in which he was wounded fatally by a 125-year-old dueling pistol.

It returned the verdict immediately after Lansing Brown, Jr., Hollywood photographer and long-time friend of Columbo, testified how he discharged the gun unintentionally as he sat chatting with Columbo Sunday afternoon.

WASHINGTON, Sept. 3 (U.P.)—Electric Boat company officials informed their House subcommittee in 1927 that the business of selling warships in South America was based on "graft," it was disclosed today after the senate's munitions investigation.

The statement was made in a letter from L. V. Spear, Electric Boat vice president, to Chairman C. W. Cramer, managing director of Veterans, filed on March 3, 1927.

BY RONALD G. VAN TINE
WASHINGTON, Sept. 3 (U.P.)—The Electric Boat company, Groton, Conn., submarine builders, attempted to help Peru obtain an American loan in 1920 so the South American country could buy warships from the munitions company, testimony revealed today at the senate's inquiry into world armament.

Officials of the boat company who yesterday at the first session revealed amazing connections with Sir Basil Zaharoff, mysterious "merchant of death," were called back to the witness chair today by Sen. Bennett, Champ Clark, D. Mo., committee member.

Indicated Revolt
Simultaneous with the Peruvian loan disclosure, it was revealed that Peru bankers believed they had instigated a revolution in Bolivia to join her in opposition to Chile.

Bankers conducting South American financial work for the company officials, that Peru's weakened financial condition did not warrant a loan for armament purchases, was also revealed.

Parade Winners
Judges at 2:30 p. m. announced the National Laundry company float in today's parade as first place winner, with a prize of \$100.

Second prize of \$50 went to the Independent Meat company; and third prize of \$25 was won by the Royal Neighbors.

Honorary mention went to Twin Falls Rotary club, Idaho Department store, Twin Falls News, Safeway stores and Idaho theater.

The Indians to 1931. Seven bands guided spirit in the procession.

This morning at the city park Miss Rose Beckwith was crowned Queen of the Jubilee by J. S. Tofflemire, president of the sponsoring organization. With her motto of honor the queen headed the second section of the parade which was divided into three sections: pioneer, commercial and industrial.

Colorful Background
Twin Falls streets and business institutions, decorated for the occasion, presented a colorful background for the principal event of the day.

Slebrand Bros. Piccadilly circus and concession booths were arranged on Main avenue, which has been cleared of traffic for the occasion. School pupils were permitted to remain away from classes until 2 p. m. today to view the parade which moved from the traffic lane on Fourth avenue west up Spokane street to Sixth avenue east and around the city park and to Second avenue and Third street east where it disbanded.

Free Barbecue
An even larger crowd is expected here tomorrow, when one of the highlights will be a free barbecue to get underway at the city park at 11:30 a. m. There will be boat races at Dierker's lake at 3 p. m., a basketball game at 7 p. m., a band concert at the city park at 7 p. m., street dancing until 11:30 p. m., and fireworks at 11:30 p. m.

15,000 Spectators
The parade, which was estimated at two miles in length, was witnessed by approximately 15,000 persons, it was reported.

ROOSEVELT MOVES TO HASTEN PEACE IN TEXTILE TIEUP

Picket Army Swells to
300,000 on Wide Front

(Copyright, 1931, United Press)

WASHINGTON, Sept. 3 (U.P.)—The scattered picketing army of textile strikers reached 300,000 today, a United Press survey of mill areas indicated.

Sullen strike violence spread in dimensions of the unparalleled wildcat wildness. More than 50,000 recruits were added to strike ranks overnight.

Fights Numerous
The bulk of strikers were in the picket lines. Fights were frequent. Martial law in strike areas was considered in the Carolinas.

The strike was depriving the 300,000 of wages totalling \$600,000 a day. The average daily wage was \$2.

Although the situation was changing hourly, after still opening today a survey indicated:

**WARD WILL TAKE
POST ON MONDAY**

Rancher Elected School Board
Member in Independent
District Voting

Reorganization of the board of trustees of Twin Falls independent school district No. 1 will take place Monday evening at which time George J. Ward, rancher, residing south of the city, will assume on the board the position to which he was elected by voters at the polls yesterday.

He will succeed W. I. Sackett, member for nine years, who was not a candidate for reelection. Ward moved along with T. J. Tenckhoff, candidate to succeed himself for a three-year term.

The vote: Ward—Lincoln 113, Beckel 90, total 212; Tenckhoff—Lincoln 84, Beckel 63, total 147. Election voters wrote in the name: Roncoe Beatty.

Holdover members of the board are L. L. Patrick, Mrs. Ralph B. Smith, S. H. Graves and C. A. Bailey.

KIMBERLY, Sept. 3 (Special)
—Kimberly voters yesterday re-elected J. L. Shepard and Bruce Requa for three-year terms on the board of independent school district No. 2, and named Ernest Koch to the two-year term.

DANCE FRIENDS WIN
FIGHT, Sept. 3 (Special)
—Dance members who assertedly favor the opening of the high school gymnasium for dancing and other social affairs for students were chosen by voters in a spirited election here Tuesday, when Edgar D. Vincent and Clifford Johnson defeated F. E. Williams and J. J. Kahleisch, candidates for reelection. The vote was: Johnson 102, Vincent 82; Williams 103; Kahleisch 93.

In the grade school election voters re-elected W. C. Musgrave to serve a three-year term on the board, and named J. N. McKie as successor to Mrs. H. E. Hammer. (Continued on Page 2, Column 1)

George W. Malone, state engineer, who must support the Roosevelt administration, held a lead for the Republican senatorial nomination.

The six-cornered race for the Democratic gubernatorial nomination apparently will not be decided until the vote from every precinct is counted.

Gaining strength in late returns, Harley Harmon, Las Vegas district attorney, had pulled to within 124 votes of Richard Kirman, Reno banker, and early leader for 200 precincts had reported. Kirman had 4,570 votes and Harmon 4,446.

Pittman has represented Nevada in congress for 22 years and at present is chairman of the senate foreign relations committee and a "right hand man" of President Roosevelt on silver questions.

**Bennett Gives Up
Post With FDIC**
WASHINGTON, Sept. 3 (U.P.)—E. O. Bennett, Utah banker and Republican member of the Federal Reserve board, announced today that he would resign his position as director of the Federal Reserve bank of St. Louis.

Pledge Help in
New Step

(Copyright 1931, United Press)

WASHINGTON, Sept. 3 (U.P.)—Textile strike leaders and the industry pledged cooperation to President Roosevelt's dramatic mediation proposal today in the midst of widening threat of violence and acute authority charges of intimidation by pickets.

The strike will continue, however, Francis J. Gorman, strike leader, warned in commenting on the President's peace move.

Ominous Tension
From north to south came reports of "right-at-mittings," or mobilization of troop units, and state police in various textile centers. Through the strike area ominous tension was increasing.

President George A. Sloan of the Cotton Textile Institute said the President's mediation board

Two Slain
CHATTANOOGA, Tenn., Sept. 3 (U.P.)—Two men were reported slain in a battle between textile strikers and mill officials, said officials at Trion, Ga., 30 miles south of here, this afternoon.

"We will receive our utmost respect," Sloan earlier had charged "mob action" by strikers was forcing workers involuntarily from their jobs.

Gorman said union leaders would cooperate "as far as possible" in meeting the President's mediation move.

Dramatic Move
The President intervened dramatically in his sudden effort to speed settlement of the strike, spreading through America's huge textile industry.

Upon recommendation of the national labor relations board, he announced he had decided to name a special board of three members to mediate the strike.

The President, who had maintained a policy of "hands off" in regard to the greatest labor conflict under NFIA, broke his silence unexpectedly at a time when reports showed the slow paralysis of the strike was being extended.

Relations Board Falls
The national labor relations board reported to the President that in the face of the spread of the strike, it had tried without success to bring peace to the industry.

The labor relations board's recommendations were contained in a two-page letter to the President made public simultaneously with

Invalid Recovers

OKLAHOMA CITY, Sept. 3 (U.P.)—Mrs. A. W. Gok, 70-year-old, was recovering today from a paralytic attack by an army of red ants.

A local newspaper reported that the ants had been driven off by a local doctor.

Police Recover
DYNAMITE CACHE
LOS ANGELES, Sept. 3 (U.P.)—Following an anonymous tip which led them into the desert northeast of here, authorities announced today that a cache of the nine tons of dynamite cached in Hollywood six months were found in a single place near Victorville, Calif.

Police said the cache was found in a single place near Victorville, Calif.

MERCHANTS PLAN STYLE DISPLAYS

-One of the most interesting features of the entire four-day Jubilee to feminine residents of Twin Falls will be the full opening conducted by the merchants Thursday eve-

that evening to anyone who is interested in new fall clothes and fall fashions.

Every type of costume, from the most individual formal to the simplest of sport clothes for school girls will be displayed. Most of the merchants have secured models to display their costumes, and music and special lighting effects will combine to make the style show an attractive "open house." Others are preparing window displays of unusual interest.

The shows will be conducted throughout the evening.
