

NEW DEAL PRICE IS WORTH WHILE

Final Rihberg Report Terms Cost of Recovery, Small "For Such a Gain"

(Continued From Page One)

International trade demoralization, and the cost of recovery, small "for such a gain."

Russian trade negotiations suspended. Purchasing power still sub-normal.

Small Price The money expended by these great constructive efforts is, of course, far less than the cost of one year of participation in the World War with its vast destruction to life and property.

Rihberg said, "It has been a small price to pay for such a gain."

News in Brief

Readers of the Evening Times are invited to contribute brief news items to the department of the paper by telephone. The number is 36.

Go to Portland

Miss Beatrice Higgins, Kimbrey, has gone to Boise where she will teach in the Garden Valley high school.

Teacher Leaves

Miss Beatrice Higgins, Kimbrey, has gone to Boise where she will teach in the Garden Valley high school.

To Teach School

Miss Beatrice Higgins, Kimbrey, has gone to Boise where she will teach in the Garden Valley high school.

Organization to Meet

Grand Army ladies will meet in the assembly of the 100th anniversary of the war at the hotel Tuesday at 2 p. m. for a business session.

Reports Gas Theft

Continental Oil company this morning reported to police the loss of 12 gallons by theft from the company's tanks.

Primary to Open

The opening session of the latter-day Santa primary will be held Tuesday at 4:30 p. m. in the tubular.

Will Study Engines

Students of the University of Idaho will begin a special course of training on Diesel engines.

Home from Meeting

Miss Mary E. Fiske returned home today from Boise, she attended a meeting of the state board of the Women's Christian Temperance Union.

Go to California

Mr. and Mrs. O. C. Hall left Sunday morning for California where their daughter, who accompanied them, will enroll in the San Diego Teachers' college. Mr. and Mrs. Hall plan to return via Utah in about 10 days.

Will Attend College

Miss Jean Wohlhiel is leaving Wednesday for Portland, where she will enter the University of Idaho, southern branch, as a freshman. Miss Esther Wohlhiel will leave Saturday to enroll as a senior in the University of Idaho, Moscow.

Conclude Visit

Col. and Mrs. James C. Long, Shoshone, spent the week-end as guests of Mr. and Mrs. Harvey S. Hale. Mrs. Long had been there the previous several days. Col. Long, who previously resided here, is with the highway district engineer's office at Shoshone.

Held on Check Charge

Charged by Fred Warren with having issued fraudulent checks, Jack E. Ketchum, 39, was being held in the county jail awaiting hearing, it was reported at the sheriff's office this morning. He was arrested in Pocatello and brought here by Pocatello forces last night.

Quarrel in Custody

Two men and two women, arrested by police officers Saturday night, are being held in the county jail awaiting hearing, it was reported at the sheriff's office this morning. They were arrested in Pocatello and brought here by Pocatello forces last night.

At the Hospital

James Rathburn, Hansen, Miss Ruth Lyon, Nevada, J. C. Gage, Dietrich, and Mrs. W. C. Hansen, Hansen, have been admitted to the hospital for operations. Medical patients admitted are Silver Wolf, Miss June Nease, and Miss Marie June Clark, Oakley, Louisa Drexler, Buhl, and Mrs. Alford Wilson, Oakley. Dismissed patients were Jack Butler, Murdock, and Mrs. M. J. Folley and baby daughter, Kimberly.

Charge Cruel Treatment

Mrs. Clara Chamberlain started suit in district court today for legal separation from Joseph C. Chamberlain, alleging cruel and inhuman treatment, non-support since July and asserting that on one occasion her life was endangered. The couple married at Palo Alto, Calif., May 26, 1923, and are parents of four children, whose custody the mother seeks.

Twisted Limbs

Children are admitted to the sanitarium, their limbs twisted and bent, their bodies wasted, radiating health.

Sanitarium in one of two institutions of its kind in the United States. Only children suffering from tuberculosis of the body, other than the lungs, may obtain treatment. This modern equipment is used.

BLAST IN HULK BLOCKS SEARCH

Smoldering Wreckage Torn by New Explosion; Deaths Estimated at 177

(Continued From Page One)

Why there was at least 45 minutes delay in sending out the SOS.

Why the passengers were not given the alarm earlier and unheeded on deck for safety, instead of being allowed in some cases to perish in their cabins.

Why the fire spread, with such strange rapidity from end to end of the ship.

Why the engines apparently were stopped, although the fire was not in the hold. The ship was anchored instead of making inshore for beaching.

Why such a large proportion of the crew instead of passengers was saved.

Why the lifeboats were so inadequately manned. Crew of 13 years not launched and one which got away held only four members of the crew, although its capacity was 70.

Whether there is any truth in intimations of sabotage in connection with the recent dock workers' strike in Havana.

Whether there was anything mysterious in the death of Capt. Robert R. Willmott, a few hours before the fire.

Important Factor In connection with the captain's death, some investigators believed it was an important factor in the loss of life. Out of respect to him, gala activities aboard the usually festive cruise ship were halted. Passengers went to bed instead of continuing their boisterous late into the night, and what drinking or parties there were privately in cabins. Had the passengers been up and stirring as usual, it was pointed out, smoke would have been noticed and the alarm spread more rapidly.

The bulk of the liner, a mass of molting, hot metal, lay in the surf about 200 feet from the shore, and the heat increased, becoming almost unbearable. The steel sheets beneath our feet were so hot that we could not stand in one spot. Our feet seemed on fire and the smell of scorched leather arose.

Metals Boiled Twisted Hurrying down the stairway, because it seemed we would suffer if we did not get back to the stern, we looked into the officers' quarters. Nothing was left but the frames of the metal beds, twisted in grotesque designs.

Smiles crept from every crack, out of portholes and windows. Everywhere there was shattered glass.

Through apertures to the decks below. No human could have gone down there and survived. It was a mass of red-hot metal.

"Now you have an idea of what hell was like when I returned to the breachers buoy."

Gas Fumes Dense Chief William S. Targgart of the Ashbury fire department, about which I will say a gas mask. He found the fumes and gas so dense it was hard to breathe even through the mask.

"It was as if I could do to stay about between 20 and 30 minutes," he said. "The upper structure of the ship in just a mass of twisted ruin. All I could see was twisted beams and plumes and heaps of ash."

"I doubt very much if many bodies will be found. It must be floating crematory. Even a life boat built of steel was bent double, like a paper boat. The cabins were ash. What was in those ash, one can only guess."

"One couldn't stand on them at places and had to keep moving or search your feet."

Working Boys, Girls Ordered To Pay Weekly Amount Into Fund

LONDON (AP)—British working boys and girls of 14 now have been drawn into the network of the unemployment insurance scheme, though they do not enjoy the "dole" until they reach 16.

But as long as they are employed between 14 and 16 they and their employers must contribute together a penny a week toward the \$300,000,000 insurance fund. The new rule, which introduces the somewhat novel principle of taxation without immediate benefit, went into force Sept. 2.

Many Are Working At present there are 515,000 boys and 400,000 girls between 14 and 16 who carry "unemployment insurance cards" entitling them to benefits when they get out of school.

For boys the premium has to be paid a week, of which half must be paid by the employer; for girls it is a penny a week, similarly divided between employer and employee. Many employers pay the whole premium rather than bother with the reduction in the weekly wages.

Timber Want Ads Get Results

Found nothing there but the skeleton metal framework, twisted out of shape," he said. "There was absolutely no trace of Capt. Willmott's body, and everything within the quarters had been consumed."

Hall made his trip to find out whether a salvage crew could be put aboard later in the day.

Pet Turtle Comes Home to Owner

IRANDON, Wis. (AP)—Warren Burger, 11, caught a small turtle, kept it in the cellar for two weeks and finally a pet of it.

Eventually Warren's parents discovered the creature and took it to a small creek a mile away, over Warren's fearful protests.

Next morning the family arose to find the turtle waiting at the cellar door.

DIES IN CRASH

Douglas Davis, of Atlanta, Ga., veteran pilot, crashed to his death in the Thompson trophy race on the last day of the national air meet at Cleveland. A few days previously, he had won the Bendix derby, speeding from Burbank, Calif., to Cleveland in nine hours, 20 minutes, 41 seconds.

Stricken Liner Charred Wreck, Observer Finds

(Continued From Page One)

Deck Burned Off At times there was nothing but glass to walk on. With the others aboard, I could see up through the burned-out openings what was once the boat deck. There was no boat deck. It had been burned away.

We moved forward to the bridge and the heat increased, becoming almost unbearable. The steel sheets beneath our feet were so hot that we could not stand in one spot. Our feet seemed on fire and the smell of scorched leather arose.

Metals Boiled Twisted Hurrying down the stairway, because it seemed we would suffer if we did not get back to the stern, we looked into the officers' quarters. Nothing was left but the frames of the metal beds, twisted in grotesque designs.

Commander of Dought Ship Says Previous Fire in Liner Was Man-Made

(Continued From Page One)

"He came back in a minute, and I told him to send out a general SOS call. Later I saw him at the phone. Then, shortly after, he came back and said the SOS had been sent."

Warren then told the inquiry board that he was told by the explosion in a writing room locker to believe that fire might have been purposely started.

He admitted he had little evidence to support that theory, and that it was possible a dropped cigarette might have been responsible.

ASKS CREW PROBE NEW YORK, Sept. 10 (AP)—Congressman William T. Rutherford today sent the following telegram to Capt. Willmott, director of the steamboat inspection service, in New York:

"Information in my possession leads me to believe the crew of the liner Castle was new and untrained and that this time they crew the day before sailing and discharged it at the end of each voyage. Request you carefully investigate this condition."

"NOT ACCIDENTAL" HAVANA, Sept. 10 (AP)—Capt. Oscar Gonzalez, chief of the Havana port police, said today that his opinion of the liner Castle's fire "could not have been accidental."

EFFORT AT ARMS SALE UNCOVERED

Vast Stock of British Guns Turned Over to English Firm, Quiz Reveals

WASHINGTON, Sept. 10 (AP)—The British war office has turned over \$30,000,000 worth of small arms, including machine guns, to a private company for sale, according to a disclosure made today by the senate subcommittee on investigation.

A letter from the Sole Armament company, Ltd., to the American Armament corporation, New York, dated Feb. 3, 1934, told of plans to dispose of the stock.

The stock was estimated at such magnitude that the sale of a bulk of them could alter the military balance of power of the world, it was pointed out.

Complications from the point of view of finance and industry.

Another letter from the Sole company in March, 1934, suggested that the United States purchase a quantity of the arms it held and supply them to China for use against Japan.

The Sole company, in another letter to the American firm on Feb. 6, 1934, advised that "armaments are not usually done without some officials getting 'greased'."

In testimony, A. J. Mendenhall, president of American Armament corporation, charged that the department of state aided American munitions companies to avoid an embargo on arms sales to Bolivia and Paraguay last June.

The charge was denied immediately by Joseph C. Green, of the department's division of western European affairs.

LARGEST BATTAL MILWAUKEE (AP)—The largest battle in the history of Milwaukee county will be fought at voters at the primary Sept. 18. There will be names of 624 candidates on the ballot. The biggest previous total was in the 1933 fall primary, when the ballot had 477 names.

LOVE—OR PITY?

Paul Lusk comes back to his wife, Ann Harding, in "The Girl from Missouri," to discover that she is engaged to another man. Full of admiration for his high character and of compassion for his sufferings, Miss Harding declares herself to her husband, turning her back upon the romance. The film's now showing today and tomorrow for the last time at Joe-K's Roxy theater.

JEAN HARLOW Film Pleases Audiences

Jean Harlow's latest feature, "The Girl from Missouri," opened at the Orpheum yesterday and provided first day audiences with many a laugh and thrill. Franchot Tone, Lionel Barrymore, and Pat Kelly are featured in the platform long's latest starring vehicle and all are excellent in their respective parts, with Pat Kelly providing much of the comedy and fun.

The film is ideally suited for Miss Harlow and is rated her best production since "Red Headed Woman." It will be shown at the Orpheum through Tuesday and on the same program the Orpheum is showing Cal Galloway in a musical treat featuring his famous orchestra together with an interesting novelty reel "Marching with Science," and latest news events.

Oil Cans, Solder Build Playhouse

CONNEAUT, O. (AP)—Carefully weighing 10 pounds of solder and 1,000 cans of kerosene, a young man, Edgar Spoor, 24, fashioned a playhouse for his 3-year-old daughter, Charles.

Spoor had soldered cans lengthwise, offset one top of one at the next, to make a row of tin at the front, and a row of tin at the back, to make a row of tin at the back.

Dies of Injury

JEPHERSON, O. (AP)—Struck in the head last May while playing ball, 6-year-old John Bertram died here three months later of a brain injury he had sustained.

JOE SAYS! The depression would end if some of the big corporations and men would learn to practice the motto of "Live and Let Live." What? It will not pay to keep faith with the Good Times at.

YANKEES WIN PAIR FROM BROWNS AS DETROIT NIPS RED SOX

ST. LOUIS CUTS LEAD OF GIANTS

Cards Advance Game and Half by Double Triumph Over Philadelphia

BY THEON WRIGHT
NEW YORK, Sept. 10 (AP)—The Yankees faithful may be pardoned if they spill a tear into the game. The past week should be regarded with sorrow by head man Joe McCarthy and his hired hands. The pace-setting Detroit Tigers bogged down and the New York Yankees bogged down with them. Detroit dropped four out of eight games—an average of .500.

Four Games Behind
New York's average was a shade better—six wins out of seven—but on the losing side the Yankees moved up for step with the Detroiters. As a result, they are four games behind today, needing a sweep of their series with Detroit starting Sept. 17, to get a fractional chance of overhauling the leaders.

Yankees Pitcher Wins
Yesterday a 29-year-old rookie, George Selkirk, and the redoubtable Henry Louis Gehrig, pulled the Yankees out twice against St. Louis. Selkirk cracked a homer in the fourth inning of the opener to win, 6-5, and Gehrig's four-way drive drove a game home in the sixth, to win the second, 2-1. The game was played out at the end of that inning due to darkness.

Home Pitcher Wins
Schoolboy Rowe meanwhile was pitching Detroit to a shabby win over Boston. He took a 2-1 lead, driving in the winner in the tenth. Johnny Burnett's homer in the tenth inning of Cleveland's second game against the Athletics scored a 6-5 win and gave the Indians a double victory.

Washington and Chicago broke even, Marlin Hopkins' homer with the side full in the opening giving the White Sox a winning edge, 11-5, while the Senators scored a 2-1 victory in the nightcap. Dave Harbo doubling in the tenth to score Blum for the winning run.

St. Louis continued to gain on the Giants in the nightcap, taking a doubleheader from Philadelphia, 6-1 and 7-3. Paul Dean gave only four hits and fanned ten in the opener. The Cards got a game and a half on the Giants but still trail by five games.

Cubs Suhr's homer in the ninth gave the Pirates a 3-0 win over the Giants after Freddy Fitzsimmons and Bill Wirtz each pitched a five-hit ball for eight innings.

Ray Benge and Van Lingle Mungo, the two leading men on Casey Stengel's Brooklyn pitching staff, pitched a doubleheader for the Cardinals, Benge giving two hits in the opener and winning, 5-0, while Mungo gave three hits in a 3-0 shutout in the second game.

Chicago split with Boston, winning the opener 4-1 on Billy Jurges' homer in the fifth, while the Braves set upon Guy Bush, Pat Malone and Harley Root for five hits and a 5-0 win in the second game. Wally Berger and Art Whitney collected homers.

By United Press
Ed Stutz, a right-handed pitcher, most frequently seen on the mound after the war team starts on a hitting rampage, has been the life-saver of the San Francisco Seals in their heavy program—19 games in 13 days and two more today.

Stutz, used for relief duty most of this season, was used to start a game last week because of a shortage of pitchers. He pitched a shutout. Manager Jim Caney called on the flinger to open another game yesterday and he came through with a six-hit win which gave the Seals the lead in their series with Oakland.

The Oaks won the first game, 8-2, behind Ken Douglas, with the teams deadlocked three-three in the series. Stutz held the Oaks in check while John "Red" Smith, rookie outfielder, pitched a five-hit ball for seven innings.

The mission Stutz saved a double win over Portland yesterday, giving them a complete sweep of their seven games with the Beavers. In the opener, Stutz came in with a 3-2 lead and he came through with a six-hit win which gave the Seals the lead in their series with Oakland.

Angels Divide
Los Angeles and Sacramento split the first two games of their series, including homers by L. J. and Delmonico, to take the opener, 7-5, and the second, 6-4, in the nightcap. The Angels played better in the nightcap, winning 10-5, while the Beavers lost 1-10. The Angels played better in the nightcap, winning 10-5, while the Beavers lost 1-10.

Polo Opening Game Set for Wednesday
NEW YORK, Sept. 10 (AP)—The first polo game of the season will be played Wednesday, officials at the Madison Square Garden announced today.

Big League Stars Relax Through Aid of Hobbies

By HENRY McLEMORE

NEW YORK, Sept. 10 (AP)—Putting the sport aside here and there:

The final wild crack of the current national tennis championship belongs to world champion Fred Perry of England.

Shortly before he was to meet Martin Buxby, the Englishman played Buxby at lunch and, walking to his side said: "The condemned man, it's a heavy meal."

A few baseball bobbies: Joe Kuhel knows a thousand card tricks, Charlie Grimm makes cabinets, George Barnhart plays billiards like a professional. Bill Werhahn likes to cut other people's hair. Paul and Lloyd Warner are crack fly-catchers, and Babe Ruth once made cigars.

Barney's Old Fan
Harvey Ross, lightweight and welter champion, will watch all of Notre Dame's games this fall from the Irish bench.

He's a close friend of Elmer Layden's. Red Grange, crabslaw, Gallopings Ghost, attributes his longevity on the gridiron to a diet of soft shell crabs.

Jim Browning, claimant to the world's heavyweight wrestling title, eats raw sword fish for breakfast. Slip Madison, coach of St. Mary's, is the only coach in football who has a thousand per cent record of victory over Pop Warner.

Incidentally, Madison's, Chicago, is reported to be stopping on the toes of Bill Trojan.

Southern California claims Slip slipped eleven potential Trojans from under their noses, including Jerry Donnellin, St. Mary's end, who is getting the heat for all-American this year.

and when they put on the heat in California, it's terrific! Max Haer put on a trained seal act for the San Francisco Seals.

Somebody wrote the stuff, which Buxby didn't think was as funny. So Max edited it. Walker Hagen, Bobby Jones and Tommy Armour, three good golfers, are crack trapeze artists.

Dr. M. Martin of California boxing commission announced that a new book of boxing rules will be put out.

They won't have any new rules, however, just explain the old ones. Hea Gottlieb wears purple pants on the golf course.

A lot of golfers think Eddie Hogan of Portland, Ore., is the best amateur player in the United States. Bump Yastley, St. Louis pitcher, never has his socks washed. He throws 'em away.

YANKEES DEFEAT JAPANESE STARS

American Track Aces Capture Victory Over Nipponese Team at Tokyo

TOKIO, Sept. 10 (AP)—America's touring track and field stars emerged triumphant today from their first competition with Japanese performers, with Ralph Metcalfe, great Negro sprinter from Marquette, setting a new world record in the 200 meters as the outstanding performance.

Pulling away in the second-day events after holding a one-point lead for the first half of the program, the touring Americans defeated the Japanese, 84 to 75. Metcalfe, who won the 100 meters in the opening day program, ran the 200 meters yesterday in 20.2 seconds before a large crowd at Meiji stadium. Charles Farrington of U. S. set the record, and two Japanese, Taniguchi, and Yoshikawa, followed in that order.

Cunningham also won the other two track events of the day with Phil Goss of Bowdoin winning the 110-meter hurdles and Glen Cunningham of Kansas showing the way in the 1,500 meters. Japan won the hammer throw on Abe's toss of 48.07 meters and the pole vault through Owen's leap of four meters. Don Fayer of Maine trailed Abe and Wirtz Thompson of Yale placed second in the 500-meter (Singer) Dunn of Stanford scored his second victory by taking the shotput with a toss of 15.25 meters. Previously he had placed first in the discus which was contested the first day.

The American team scored 84 points to 75 for Japan and 84 for the Japanese.

AMATEURS START U. S. TITLE PLAY

Fireworks Backing in Opening Round; Dunlap and Little in Same Bracket

BY STUART CAMERON
(United Press Sports Editor)
BROOKLINE, Mass., Sept. 10 (AP)—Laborious, methodical qualifying rounds complete, the simplified draw "snappy arrangement" and the last practice putt almost toward the pin, the national amateur golf championship, involving 184 players, began today.

Some 40 first-round matches were set for completion today. The winners and the better players who draw byes through the initial round will play second-round matches tomorrow. There will be two rounds on Wednesday, and two more the second day, which will be the quarter final, on Thursday. All these matches will be at 18 holes today will be devoted to 36-hole semi-finals, and on Saturday the 36 hole final will be staged.

Devoted to Fireworks
Today's play apparently was definitely devoid of fireworks. In no case did any player meet another star, and if any in defeated the result will be a distinct upset.

Despite the fact that the draw was supposed to have been conducted "on the blind," the stars were well scattered through the brackets. The most prominent quarter of the brackets in the lower one which includes such standouts as Lawson Little of San Francisco, the British champion, and better players, and George T. Dunlap of New York, the defending champion. They are expected to meet in the quarter final round.

The upper quarter of the draw in round weekend. Strongest in that group are Johnny Goodman of Omaha, former open champion; Max Marston of Philadelphia, an eight former champion; Tony Torrance, English internationalist; and Jack Westland of Chicago.

The second quarter contains the name of Seely Campbell of Seattle, promising youngster.

SOFT BALL

Play games in the Idaho Evening Times soft ball playoff for the city championship.

Man, Sept. 10—Harmann park:
Western Auto vs. Seattle, 1-0.
Pase, Sept. 11—Harmann park: Viley vs. lower of Western Auto-Shutkin game.
West, Sept. 12—No game.
Thurs, Sept. 13—Harmann park: championship final (winner of Monday's game vs. winner of Tuesday's game).

HUSKIES EXPECT GREAT '34 TEAM

Seattle Aspects Phenom: Will Unless Fast and Tricky Backfield Stars

BY JAMES S. SHEEHY
SEATTLE, Wash., Sept. 10 (AP)—It appears that Coach Jimmie Phelan will have a great football team at Washington this year.

That the crystallized, frosty, experienced opinion of thousands of football fans in Seattle as they take an array of fast, veteran and sophomore backs.

They would lead that year, sophomore, will be a sensation at halfback; that Bob Callahan and Jimmie Can will be heard from in full-packing effort. Not to forget Elmer Layden, Ed Norstrom and Elmer Layden.

But Coach Phelan can quickly cover that surprise with a fog of uncertainty line material. He will admit that Washington's line may not match to formidable conference opponents, particularly at center and ends.

Tony Burke is the only letterman center. He is game and good. Experienced and reliable in line are Mike Mitchell, Monda, John Papajant and Bill Shindler.

There isn't a Bill Smith or Dave Smith among the Husky holders, only, which is a great weakness. Ted Markov, Trig Hansen and Dan Yimmin. From the sophomore crop Valt Rohselsch may be the fair-haired boy, with Frank Kennedy at fullback and Stan Smith at halfback.

Washington's flanking tactics will likely be Captain Woody Dill and John Wiatrak, sophomore, and Ted Markov, Jack McKenna, Fred Babin, Chuck Lund and Bud Thoroughman making their letters.

Guards show reliable. Chuck Machin and Frank Winwood with Ward Plummer, Paul Radice, Abe Spier, Fred Gadke and Max Starevich for replacements.

"Point" for Oregon
Washington will point for Oregon this year. It is a very serious decision. Both teams have an open Saturday before their Oct. 13 meeting in Portland.

The schedule
Sept. 22—Idaho at Seattle.
Oct. 13—Oregon at Portland.
Oct. 27—California at Seattle.
Nov. 8—Ore. State at Seattle.
Nov. 10—Stanford at Palo Alto.
Nov. 17—Puget Sound at Seattle.
Nov. 24—Washington State at Seattle.
Dec. 4—Southern California at San Angeles.

GIANTS ANNEX 9 TO 5 CLASH

Detroit Colored Giants defeated the Twin Falls Athletics in a Lincoln field here Saturday afternoon in the second of the two Jubilee clashes between the squads. The touring outfit won, 9 to 5.

Twin Falls matched the Giants' scoring until the sixth, when Big Bill Smith, towering hurler, broke up a 3 to 2 deadlock by smacking out a homer with two men on the paths. The hit was a terrific clout that cleared the park and landed on the other side of Addition.

The All-Stars outlasted the Giants, but couldn't concentrate the bludge.

ALBION TO HAVE EIGHT VETERANS

Opening Football Game Listed Ten Days After Start of School Session

ALBION, Sept. 10 (Special)
Sixty will be issued here Friday and Saturday to candidates for Coach N. J. Jacobson's 1934 Albion Normal grid machine.

Eight veterans will join the ranks of the Teachers' outfit, with a ninth letter winner. Edgar Homely of Albion, 1933 star, probably named to the side later, as a result of a knee injury received a year ago.

First Game Early
The squad will have only 10 days of practice before the first game of the season, the night game against College of Idaho at Falls, well Sept. 28, according to Jacobson. School opens Sept. 17.

The returning veterans: Jack Bennett, half; Marshall, guard; Brown, half; Paul, Elmer, tackle; Burley, Harold line, guard; Castleford; 16-5 Tawana, tackle; Castleford; Ivan, Hupert, center; Rupert; Levan, Dunbar, center; Hubert.

The Albion schedule, as made today by Coach Jacobson:
Sept. 28—College of Idaho at Caldwell (night).
Oct. 6—Eastern Oregon Normal at 4-A Grande.
Oct. 13—Washington State college of Salt Lake, at Albion.
Oct. 20—University of Idaho, southern branch, at Pocatello.
Oct. 27—Montana State Teachers at Albion.
Nov. 3—Ricks college at Rexburg.
Nov. 17—Idaho Junior college at Albion.

Coach Jacobson attended Northern western university coaching school, Chicago, during the past vacation period. The Coach's mentor also viewed the World's Fair while in Chicago, and attended the University of Idaho summer school session earlier in the summer.

OWENS ON WAY TO TOP

MEMPHIS, Tenn., 4-5
Early today, Indiana university track coach, dropped off here the other day, and made a statement that carries some weight. Haven't says Ralph Metcalfe, the Marquette Negro, is the greatest sprinter of all time, but that this State's Negro find, Jesse Owens, will develop into an even faster runner.

Harney Oldham, famed racing driver, does not smoke, but never has a photograph taken unless he has a cigar in his mouth.

Ab Jenkins Breaks 77 Speed Records with Firestone Tires, Battery and Spark Plugs

Ab Jenkins, veteran speed king, broke 77 records in his new 1934 Ford V8, with Firestone tires, battery and spark plugs.

The 1934 Ford V8, with Firestone tires, battery and spark plugs, broke 77 records in the 24-hour endurance test at Lake Bonneville, Utah.

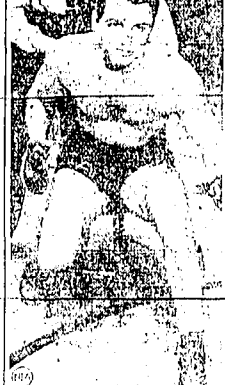

Jenkins is shown above, bursting through a crowd as he sped at 121.5 miles per hour, including one lap for a distance of more than 2,000 miles, through the scorching heat of the day and the blinding glare of the sun.

BURLEY CRUSHES BOISE FOR TITLE

BURLEY, Sept. 10 (Special)—Burley's slugging baseball team captured the mythical state championship here yesterday by overwhelming Boise under a 2-1 score.

Four Boise hurlers failed to stem the tide of rampant Burley batters, and the locals pounded in 11 runs in the fourth inning. They scored 20 in total in the first three innings.

McGuire, Burley's ace hurler, held Boise in check throughout. Burley will play the Utah state championship here next Sunday. The championship Utah outfit will have been decided yesterday at Salt Lake City.

Allison Takes Net Win Over Stoefer
FORREST HILLS, N. Y., Sept. 10 (AP)—Walter Allison of Texas, who won a 1-0 victory over England in the 1933 Davis Cup tennis match, today took the net in the first round of the 1934 Davis Cup tennis match.

Having taken two fighters to the top of their divisions—Jack Dempsey and Mickey Walker—Lester, said to have lost most of the wealth he had accumulated in the business, now is back with another fighter, because has taken into Fireman's hands—Italian light heavyweight and husband of the social light, Mrs. Madeline Fance Astor Dick, Fireman's, in law, then the two are shown in Hollywood, where Fance is in training.

Proposed Amendments to Idaho's Constitution

Shall Section 7 of Article 1 of the Constitution of Idaho be amended to provide that juror fees in civil cases involving not more than \$500 and in misdemeanor cases, shall be not more than six cents per day?

There seems to be little romance left in the last roundup, now that all the cows are due to wind up as poor relief canned goods.

Mr. Hopkins would like to expand this basic idea to care for all the unemployed this winter. He is doing all he can to encourage such activity. But he knows very well

Salt Lake's Real Estate Sales Up
SALT LAKE CITY, Utah, Sept. 14 (AP)—Real estate sales in Salt Lake City from Sept. 1, 1933 to Sept. 30, 1943, exceeded the previous year's total by \$166,500, the Salt Lake Real Estate board reported.
Sales numbered 402. Value of transactions was \$1,320,000.

A black and white illustration by H. G. Block. In the foreground, a man wearing a top hat and a dark coat is bending over, assisting a small child who is sitting on the ground. The man's expression is one of concern or compassion. In the background, a group of people, including men and women, are standing and watching. To the right, there is a large, dark, industrial building with a tall chimney, suggesting a factory or a mine. The overall style is that of a woodcut or a detailed pen-and-ink drawing. The signature 'H. G. Block' is visible in the bottom right corner.

Society

National Secretary To Visit Conference

Mrs. Arthur C. Watkins, Washington, D. C., educational secretary of the National Conference of Parent-Teacher Associations, will visit the Fourth district of Idaho on Monday, Oct. 15, announcing Mrs. John B. Hayes, president of the Idaho Conference. Mrs. Watkins, who conducts all correspondence courses in Parent-Teacher methods, is spending half of her time as a field worker this year and during her tour in Idaho will visit Coeur d'Alene, Pocatello, Idaho Falls, Boise and Montpelier as well as the Fourth district.

Her visit will fall at the time of the district autumn convention, the meeting place for which is to be announced in a few days, says Mrs. Hayes.

Mrs. Watkins is well-known in Twin Falls from her visit here a year ago last May, when she conducted a school here for Parent-Teacher workers and was guest of honor at a reception at Mrs. Hayes' home. Six Twin Falls women this year also obtained certificates from her correspondence courses.

While conducting this work, Mrs. Watkins has conducted Parent-Teacher study courses each year for the past eight years at Columbia University, New York City, and for four years at George Washington University, Washington, D. C. This summer she conducted similar credit courses in nine eastern and mid-western colleges.

Further plans for her visit and for the conference will be announced in the near future, says Mrs. Hayes.

CLUBS MEET TO OUTLINE FALL ACTIVITIES

Plans for fall activities, which include pledging of new members and discussion of plans for the entire year's program, were outlined yesterday at meetings of Tri-C, MCT, Sigma Delta Psi and Zeta Zeta clubs. The meetings marked the opening of this year's club season.

Members of MCT met at the home of Miss Audrey Hinkle, 1104 North Wall, president, and Mrs. W. Orr Chapman and Mrs. Bruce Johnson, sponsors, attended. Miss Edith Clark, president, entertained Tri-C members at her home on Shoshone street north. Mrs. R. L. Roberts and Mrs. J. M. Wallace, club sponsors, were present.

Sigma Delta Psi members gathered at the home of their sponsor, R. F. Mallon, Vera Middleton, president, presided over the business meeting. Wayne Hawley was host to members of Zeta Zeta. Alvin Caney, sponsor, and Emil Hanson, president, led discussion on the year's program. The Red Knight organization held a similar meeting a week ago.

RUPERT

Marriage license issued in Rupert last week; Ruby Whitman, Rupert and Everett Peterson, Roy; Barnett Morse and Lu Vern Browder, both of Cedar Hill; Jessa Heston and Dorothy Scharring both of Burley; on Friday, J. E. Harton, Seattle, Wash., and Lenore Levin, Rupert; and on Saturday T. J. Sweeney, Rupert and Mrs. Ann Heston, West Plains, Mo.

Resolution favoring the abolishment of child labor was passed, also one favoring the lowering of freight rates on wheat from the Boise valley east to Chicago. Plans were made for a booster meeting to be held the night of Sept. 21, with outside speakers present and the public invited. Luke Williams and Buford Culme were named as a committee to secure the speakers. A good program of music followed, after which refreshments were served. Every year more than 2,000 persons are drowned with bathing on holidays in England.

Roses: Red, Mrs. J. W. Newman; cream, Mrs. J. A. Campbell; pink, Mrs. L. H. Haverland; assorted, Mrs. W. L. McFarland.

Anemones: First, Mrs. W. T. Leslie; second, Mrs. Ernest Stotter.

Petunias: Plain, Miss Juanita

JEROME

Two interesting and educational addresses featured the meeting held Saturday in the Jerome county courthouse by the Women's Democratic club of Jerome county. D. E. Smith, Jerome county agent, addressed the gathering on the subject of the AAA in Jerome county. Kenneth Tipton, of Twin Falls, associated with IREDA, spoke at length on matters pertaining to that work.

No political candidates spoke, giving the full time of the meeting over to the educational address. The meeting was the first of a series which the club is planning.

Four Jerome Chevrolet dealers and salesmen attended a meeting of dealers from southern Idaho, held Thursday evening in Twin Falls.

FAGGED OUT?

Get a LIFT with a Camel!

Here Comes Mae West

HELEN HICKS tells her way of regaining youthful energy!

"The strain of championship golf puts a tremendous tax upon your energy," says Miss Helen Hicks, "but I can always restore my energy quickly with a Camel. It's a lift that I enjoy often, as I can smoke Camels constantly without a sign of fatigue."

Every role in life has its strain. Every day has its many moments of uncertainty... self-distrust...

Camel's Costlier Tobaccos never get on your Nerves!

ALL TOBACCO MEN KNOW:

How have the movies affected Mae West? How has Mae affected the movies?

What does she think of Hollywood actors? Does a man have to be tall and good looking before women fall for him?

These and other intriguing questions for you by Mae West in her new style in "Mae and My Fall" - a new righted United Press article in the Evening Times.

The first article will be for it! It's another example of material you'll find in...

JURYMEN CALLED BY BOISE COURT

Southern Idaho Names Listed
On Venue Summoned for
Federal Cases.

Grand jurors from south central Idaho who have been called to appear for federal court to meet today, include:

Ammon, Richfield; Fred G. Board, Hallett; George Burroughs, Burley; R. H. Chipman, Mountain Home; L. Churchill, Weiser; Edgar C. Clark, Hagerman; Frank Cunningham, Frank 12; Anna M. E. Duncan, Jr., Boise; Charles H. Faraday, Mountain Home; Ray J. Fox, Malheur; Ernest L. Gomez, Shoshone; A. H. Heng, New Plymouth; R. A. Hoyt, Cambridge; H. M. Hurlbut, Glendon Ferry; Aco Hymas, Rupert; L. L. Mellon, Kimberly; Samuel L. Newton, Boise; Tom Pettich, Shoshone; Charles Rayburn, Twin Falls; M. Scott, Kimberly; George H. Seaman, Rupert; John Shaw, Council; Walter Spurek, Shoshone; F. J. Stanton, Payette; C. W. Townley, Weiser; and Walter H. York, Boise.

Trial Jurors

Trial jurors, summoned for appearance Wednesday, are:

Charles A. Asker, Twin Falls; James J. Attebury, Payette; Charles E. Beal, Oia; J. Clayton Beck, Burley; Hubert Brooks, Fairfield; Wilbur J. Buhler, Bellevue; Harry Chapin, Twin Falls; Robert Coffey, Boise; Hugh Crabtree, Emmett; John Fagerstadt, Weiser; Russell Fleisher, Mountain Home; Ellis Franklin, Payette; Henry C. Hill, Shoshone; J. H. Jones, Hagerman; Franklin Jones, Rupert; Emmett Kelly, Shoshone; Mariam Knight, Gooding; C. L. McFarland, Caldwell; E. J. Malone, Twin Falls; Art Martin, Shoshone; Charles Millner, Caldwell; John Oster, Payette; Frank Parks, Burley; John Patterson, Eagle; E. R. Peck, Rupert; Hugh Pettengill, Boise; Dan Hogan, Twin Falls; E. S. Siler, New Plymouth; L. R. Shrock, Paul; E. D. Shupe, Gooding; Lawrence Sloan, Boise; Stanley Smith, Fairfield; James B. Slicker, Cambridge.

SHOSHONE

A variety store is to open here in the Gooding building east of the post office on Sept. 20. W. B. Slicer, Wyoming, is the proprietor. The building, being remodeled and new fixtures installed.

Miss Pauline Culbertson, Dietrich, is assisting in the PEERIA office at the court house this week.

Mr. and Mrs. Robert L. Dean have moved here recently from Twin Falls. Mr. Dean is connected with the state highway department.

E. L. Clinger received notification last week of his appointment as acting postmaster of Shoshone. He will assume his duties Saturday. E. E. Weeks has served in that capacity for the past 13 years.

Charles Hopper, Frank Cannon and Charles Kawabata, who entered CCC camp last spring, have arrived home and are enrolled in the high school.

Murtaugh

Advisors for the different classes of the high school were appointed Thursday for a special meeting. They are: seniors, Harold Stapleton; juniors, L. T. Patterson; sophomores, Miss Alice Milligan; freshmen, Miss Rexie Kessinger.

The enrollment of the schools, which opened Sept. 4, is being reviewed in the high school and 100 in the grade school.

D. A. Longenbaugh, agricultural teacher, and the Murtaugh judging team, composed of Darlene Perkins, Duane Perkins and Roger Tolman, motored to Blackfoot last week for the fair.

Miss Eleanor Roberts left Saturday for Logan, Utah, where she will attend the Utah State Agricultural college during the winter.

Mrs. Emma Bromson and daughter, Doreene, left for their home in Lewiston, Utah, Saturday, after spending two weeks with her sister.

SMITH TO CINCINNATI
CINCINNATI, O., Sept. 10 (AP)—Smith will pay his first visit to Cincinnati when he returns in October to attend the National Conference of Catholic Charities. He will address the first general session of the four-day conference at Music hall Oct. 7.

"TWO-PAPA SON"

A Solomon-like decision against Mrs. Betty Baldwin, radio singer, above, gave custody of her son, Burford, 4, to her second husband, after a strange triangle fight in which two men claimed paternity of the child. The court decided that James Baldwin, second husband, was the father, though the child was born before the mother was divorced from H. E. Burton.

Mills Close Up 'Peaceable Like' At Spartanburg

SPARTANBURG, S. C., Sept. 10 (AP)—The chimneys of virtually all textile mills in this once lively industrial center were cold today. Most of them have been since the first days of the strike.

No troops patrol the deserted plant. Violence is unknown. All workers are idle. Picket duty is more of a lark than a chore.

Take John H. Howard's appraisal of the situation, for instance. Howard is a leader at Spartanburg. The mill closed after a visit by the "flying squadron" of strike organizers.

"The situation just came along and everyone walked out, peaceable like," he said. "We were nice to them and they were nice to us."

"I don't think—well, this is the president," Howard said, as he pointed to a picture of Franklin D. Roosevelt. "I don't think we're going to suffer."

Howard's grandchildren were romping happily on the little porch of his neat frame bungalow, nestled in a red clay hollow close by the mill.

Snapping on a pipe clenched between his teeth, Howard said:

"Don't Want Troops
"We don't need or want the troops. All mill ought to keep tight ship till we get this settled. That's the way to do it peaceably."

Clearly are the big Pacific mill's Lyman, S. C. A. union members a company guard in its only protection. A dozen strikers lounge near the fence, chewing toothpicks.

"We went out of here Tuesday, too," they said. "No trouble. We ain't looking for any. Got plenty supplies to last us out."

An ancient man, standing at the shoulder and chewing the tips of his white mustache, sauntered up. He puffed around card-making support in his candidacy for county auditor.

It is election time and candidates are ultra-cautious in what they say about the strike. They strive to avoid mention of it altogether.

Russell Lane

Russell Lane Harmony club will meet with Mrs. Claude Woodward Wednesday afternoon.

HIGHWAY GROUP CUTS TAX LEVY

Board Reduces Rate From \$1
To 95 Cents Per \$100
Valuation

Reduction of the 1934 tax levy from \$1 to 95 cents on each \$100 valuation has been made by the board of commissioners of the Twin Falls highway district, according to an order which was to be filed today at the office of the county auditor.

In the levy no assessment was made for road and bridge construction or maintenance, carrying out a custom in vogue for three years past.

The levy is expected to yield \$124,000, of which \$120,000 will go to meet annual principal payment on bonds. In addition there is to be an interest payment of \$30,164. To make up this difference there will be an anticipated income of \$20,000 from 1934 motor vehicle license fees.

In addition to making the Twin Falls highway district levy, the board also set \$1.12 on each \$100 as the charge to be made against property on Rock Creek and Murad highway districts, to collect the share of those subdivisions in paying the bond obligation contracted when they were a part of Twin Falls highway district.

SERVICES HONOR BARBARA DUTSON

Family friends and relatives gathered in mourn for Barbara Dutson, 24-year-old daughter of Mr. and Mrs. Benjamin J. Dutson, in funeral services held yesterday afternoon at the home of the family home at 178 W. Second, F. A. Habel presided at the service.

Hert Glodhill gave the opening prayer. Mrs. H. H. Stokes, assisted by Misses Thelma Huppel, Carol Phillips and Fern Krennan, furnished music. C. C. Howard was the main speaker, and Mr. Habel gave the eulogy. Wesley Hagley offered the benediction.

The small coffin, which was covered with a profusion of flowers, was carried by Douglas Brown, Byron Habel, Francis Groat and Thomas Price. The white mortuary directed interment in Twin Falls cemetery.

Grange Votes Rent Money for Fairs

Fair Grangers, meeting last week at Twin Falls county fair grounds, passed a motion that money be put in a fund for future fairs. Officers appointed a committee to write the motion as a resolution to be presented to the Pomona Grange and to the county commissioners. G. B. Chaswell, chairman of the fair committee, gave a report of the fair.

One new application was presented and Herman Hildreder presented his resignation as secretary.

Diesel Engine Going into New Union Pacific Train

After performing perfectly for 700 hours, the test block, the first V-type Diesel engine, ever to be used for high-speed American railroad passenger service is being installed on the chassis of the power car of the second streamliner train completed for transcontinental service on the Union Pacific between Chicago and the Pacific coast.

The exhaust outlets for the engine's 12 cylinders which produce 600 horsepower may be seen at the upper right of the picture. At the lower left is a part of the electric generator which, directly connected to the engine, converts the engine output into current for the four traction motors on the first and second trucks of the train. The longer and more directly connected generator are 20 feet in length and have a combined weight of 20,700 pounds, the engine alone tipping the scales at 18,000 pounds. The entire power car and its equipment weighs 50 tons.

The six-car train with its three Pullman sleeping cars, especially designed for service on Union Pacific streamliner trains, will be the second of the Union Pacific fleet of streamliners. Trains No. 3 and No. 4, each of nine cars, including four Pullman sleeping cars and each powered with a 1,200-horsepower 16-cylinder Diesel engine, also of V-type, are expected to be completed during the winter.

Jerome Highway to Lower District Tax

At the regular meeting of the Jerome highway district, held Thursday evening at the Jerome office of the highway department, a reduction of 18 cents per \$100 valuation in the highway levy for the coming year was enacted. The new levy, as announced by the board, is: road, 20 cents; bond interest, 25 cents; bond fund, 17 cents; bridges, 8 cents; total, 70 cents.

Since the levy last year was 88 cents, the 1934 levy makes a saving of 18 cents per \$100 valuation in the district. Substantial reduction in the assessment against property was made this year, it is reported.

The world's only practicing general pine is located in California.

Why they're Saying—

"Put Our Telephone
Back In"

"We didn't want to bother
our neighbors any longer."

"I lost too much time
running errands."

"I have a steady
job again."

"In emergencies
it's priceless."

"We missed social
contacts with friends."

These are a few
of the reasons
why people are
ordering their
telephones back

ARRINGTON WINS F. F. A. LAURELS

Twin Falls Youth Selected
As President, Delegate,
Degree Choice

Three coveted positions fell to Leonard Arrington, Twin Falls Farmer of America, at the meeting of the state association of Future Farmers of America held at Blackfoot over the week-end in conjunction with the eastern district fair.

He was elected association president, delegate to the national convention of Future Farmers in Kansas City in October, and was the only Idaho boy to win candidacy for the American Farmer degree.

Other officers elected were Tom Smith, Rexburg, vice president; Warren Cate, Boise, secretary; Leon Addy, Burley, treasurer; Elmer Frost, Jerome, alumni vice-president. Charles Barnes, Idaho Falls, will attend the national congress with Arrington.

Howard Annis, Twin Falls; Jay Olson, Rupert; Leon Addy, Burley; and Richard Chambers, Burley, received the Idaho state farmer degree.

Wood McCauley, Piler, received his place in the livestock and dairy cattle judging divisions, and Ray Duxter, Piler, second in the dairy cattle judging. Leading teams in the livestock division were: Sugar City, Emmett, Preston, Piler, Idaho Falls, Ammon, Twin Falls, Rexburg, Rupert and Malad.

In the dairy cattle division the following teams were named: Rexburg, Piler, Malad, Sugar City, Idaho Falls, Burley, Emmett, Preston, Grace and Twin Falls.

BLAZE DESTROYS HOUSE AND BARN

Fire destroyed the home and barn on the Louis Schuler farm, one of the best improved on the Salmon tract, early this morning. Its origin was unknown.

A mail pilot, seeing the flames, circled more than a mile and a half from his route to fly above the homes of neighbors until he had aroused them at 4:15 a. m., but all efforts to stop the blaze failed, and the buildings burned completely to the ground. Only the garage remained standing, and a small amount of furniture was rescued.

The farm is located a mile north and half a mile east of Rexburg.

Value of the house is roughly estimated at \$5,000, and neighbors state the loss was at least partly covered by insurance. The home was completely modern.

Seen Today

Smoke, cutting out of not a few chimneys, as the first signs of autumn make their appearance in these parts. Main avenue all cleared of tents, stands and confetti as business resumes its normal course after the highly successful jubilee of last week. Interesting agricultural display in the windows of the F. C. Graves & Son real estate office on Main avenue north. High-powered, out-of-state cars coming from the west on Addison street. Fast it could not stop for the five-point corner at Washington school, and being compelled to run the intersection and double back after its momentum had been reduced sufficiently. The old stage coach, which occupied a place of honor in last week's parade, appearing, apparently, as it stands near a lively barn in the west part of the city. Office worker, doctoring a cold, one of the many contracted as the result of the drop in temperature last week. Under a table at a local restaurant, a small bottle, about the size ordinarily used for perfume, marked as having contained one-tenth of a pint of "pure whiskey".

Lindsey Wins Air Course Selection

Word has been received here that Lewis Lindsey, son of Mr. and Mrs. C. B. Lindsey, who has been in Seattle the past few weeks taking a special course in marine air service training, has won the appointment for advanced training at the naval air station at Pensacola, Fla. He will go there soon.

Lindsey was a member of the Twin Falls high school 1930 graduating class, and received his degree of bachelor of business administration and a commission as second lieutenant in the reserve at the University of Washington, Seattle, last June.

ALBINO DEER REPORTED

MENOMINEE, Mich. (AP)—Police Chief Frank Parke recently reported seeing an albino buck deer while driving in the country. The buck, pure white with the exception of a small patch of brown on his back, weighed about 175 pounds, Parke estimated. White deer occur rarely, game authorities declare.

Carlson furs are famous from coast to coast. Mr. Carlson himself is perhaps the best known furrier of the Northwest. He's advantage of this opportunity to see this representative presentation of the fur modes that will dominate the stylescape (this coming season. We list a few of the special prices!)

SINCLAIR FEELS CERTAIN OF AID

Nominee Convinced Roosevelt
Administration Will Give
Solid Support

CHICAGO, Sept. 10 (AP)—Upton Sinclair, Democratic nominee for governor of California, hurried back home today convinced of the solid support of the Roosevelt administration in his campaign.

"Just send word to the people of California that I came, I saw and I'm bringing home the bacon," he said when asked about his visit to Washington and his conference with President Roosevelt at Hyde Park.

May Become National
He said Secretary of Interior Ickes told him that if the EPIC (end poverty in California) plan worked in the western state it would become national.

"I talked with six department heads and everybody declared, 'One department head called in 20 subordinates to hear the EPIC plan explained.'"

He offered to bet "five dollars to a single doughnut" that, if he is elected, he could get five times as much federal money for California as Gov. Merriam can.
