Willmott Looked Self Inside Cabin on Morro Castle, Warns Testifies

AFRAID OF ACID ATTACK

Acting Master Denies Charge of Confusion on Bridge During Fire

NEW YORK, Sept. 24 (UP)—Captain Robert R. Willmott of the burned Morro Castle looked himself in the cabin about 18 hours before the fire because he feared George L. Alagna, second radio operator, would throw acid on him, Acting Captain William F. Warms testified today.

Warms, recalled before the department of commerce inquiry into the disaster that cost 134 lives, said the captain summoned him to his stateroom at 10 a. m. Friday, Sept. 7.

Carried Acid The captain told him, he said, that Alagna has "a bottle of sulphuric acid" in his stateroom.

"He is a damned smart he wouldn't keep anything around his room," Warms quoted Willmott as saying. Warms said as a (Continued on Page 2, Column 6)

BOARD OUTLINES HOME CAMPAIGN

Advisory Committee Gathers to Chart Local Drive Toward Housing Repairs

Members of the advisory committee of the chamber of commerce met at the offices of the Chamber of Commerce this afternoon to outline an intensive effort to acquaint local residents with the opportunities open by the federal housing act. The act assists in making loans available to those desiring to remodel and improve their homes and business structures.

Application for sums up to \$2,000 may be made at the chamber office, according to Capt. J. W. Porter, committee chairman. The applications will be investigated and reports given following weekly meetings on Wednesday, he said.

Literature is now available at the chamber body's office, and at the meeting today, it was expected a publicity campaign would be inaugurated making known the methods of procedure in securing loans.

Committees Named Members of the committee, announced by Porter include: Advisory: A. L. Swin, chairman, real estate and loans; E. J. Oatlander, lumber; E. M. Tipler, lumber; Mike Hunt, hardware; O. H. Krengel, hardware; H. L. Plunk, paint and glass; H. L. Dinkler, electrical supplies; Claude DeWetter, installation; O. P. Duval, planning commission; J. E. Roberts, real estate; J. D. Walker, lawyer.

Publicity: Harold Harvey, R. J. Schaeffer, newspaper.

AAA OPENS MILK LICENSE BATTLE

DEB MOINES, Ia., Sept. 24 (UP)—The AAA went to court today to ask the federal court to void the law which created it and to attempt to enjoin the Hillcrest dairy from doing business.

The AAA, represented by Dwight L. Sawyer, special assistant to Attorney General Homer S. Cummings, charged that the dairy has violated provisions of the DeB Moines farm milk laws. Hearing on the government's plea for an injunction to prevent the dairy from continuing in business was held in federal court before Judge Charles A. Newby.

Textile Men

Back on Job After Tieup

Unionizing Co. Faces Industry

By United Press The unionizing effort of textile workers in the South today was not 100 per cent complete as many mills were unprepared to open on short notice.

Charges of discrimination against strikers were made in Georgia, North Carolina, and New York state. A. S. Holliman, union organizer in Atlanta, said state troops were used to keep some workers from the jobs. Strike leaders at Middletown, N. Y., charged discrimination by a mill there.

WASHINGTON, Sept. 24 (UP)—Back to their looms today went thousands of textile workers with the greatest strike of the New Deal at an end and a new fight for unionization of every operative in the vast industry just beginning.

HEIRESS INJURED IN MOTOR CRASH

Virginia McCafferty and New Husband Hurt in Accident Killing Child

SACRAMENTO, Cal., Sept. 24 (UP)—Virginia Gates McCafferty's honeymoon tour in a second hand 1928 model automobile, temporarily stalled in a fatal crash in a hospital after an automobile accident in which a child was killed and the Philadelphia socialite received a fractured skull.

PARAGUAY OFFERS TO END CONFLICT

GENEVA, Sept. 24 (UP)—Paraguay is prepared to end the Gran Chaco conflict with Bolivia, provided an armistice is accompanied by adequate measures for security of both parties, including demobilization and disarmament, says V. V. Chumbe, Paraguayan delegate, told the political commission of the League of Nations today.

Suspect and Long-Hidden Lindbergh Kidnap Ransom Cash

Spread out on the table for examination and checking by police and federal officials is \$13,750 in bills, identified as part of the \$50,000 thrown over a cemetery wall in the Bronx by Dr. John P. Condon, in a vain attempt to ransom Carl Charles Lindbergh's kidnapped son in 1932. The police captain is shown with the square tin can in which the money had been buried in the dirt floor of the garage where Bruno Richard Hauptmann, last, the kidnaping suspect, kept his car.

SEARCHERS HUNT BODY OF BANKER

Homer Pitner, Leading Bolso Financier, Drowns While Fishing in Snake

HAAGERMAN, Sept. 24 (Special)—Searchers worked fruitlessly over the weekend to recover the body of Homer Pitner, 40, Bolso banker, who was drowned in Snake river near here Saturday afternoon.

NEW JERSEY TO ASK EXTRADITION

TRENTON, N. J., Sept. 24 (UP)—The state of New Jersey will institute proceedings to bring Bruno R. Hauptmann here to face charges in connection with the Lindbergh kidnaping, officials announced today.

BAMBINO MAKES LAST HOME STAND AS YANK REGULAR TODAY

TIGERS CAN END 1934 FLAG RACE

Victory for Detroit or Loss By Babe and His Maton Will Be Final

NEW YORK, Sept. 24 (AP)—Babe Ruth will make his last New York appearance as a major league regular today. The same day on which his beloved Yankees face the team of their last, lingering mathematical chance of beating out Detroit for the American league pennant.

A Detroit victory today over the St. Louis Browns or a Yankee defeat by the Boston Red Sox will clinch the pennant for Detroit, regardless of the outcome of the "Tiger" remaining two games and New York's remaining five.

Ruth announced definitely last night that he would make his farewell Yankee stadium appearance as a regular in today's game. Next season he may be with the club on a utility man, he said, or he may be a major league manager. Nothing is definite on either yet.

Although the Yankee took both ends of a double-header from the Red Sox yesterday, their pennant hopes dwindled to almost nothing when Detroit won one out of a split bill from the Browns. Detroit is six games ahead, and if the Yanks win all their games and the Tigers lose all theirs, they would be demolished in the final standing.

Browns Defeat Hoyas St. Louis downed the Tigers, 4-3, in the opener when Popper's single in the seventh hooked Cliff with the winning run. Buck Newman held Detroit, but the Browns, who allowed 11, Detroit took the nightcap, 2-1, when Popper lost Goetz's eight-inning fly in the run, allowing White to score the marginal tally.

The Yankee novel out Boston, 1-0, in the opener behind Lefty Gomez' three hit pitching. New York won the second game, 5-4, when Chapman singled with the home run in the 10th, Lou Gehrig hit his 47th homer.

Chicago's tail-end White Sox lost twice in Cleveland, 2-1, in the opener when Monte Pearson pitched for the Sox. In the second game, White Sox' Earl Averill's home run with two aboard featured a four-run burst in the seventh.

Washington's Athletics, 2-1, in their first game, after Sing-Lon's single drove in the winning run in the first inning. They built a 5-5 nine-inning tie in the second game, called because of darkness.

Giants Hold Lead New York's Giants improved their National league pennant position by retaining the lead and a half game lead over the second-place St. Louis Cardinals, which only four more Giants games and seven for the Cards. Each split a double-header yesterday.

This Should Scare Off Any Boat Race Protest

By HENRY McLEMORE
NEW YORK, Sept. 24 (AP)—When T. O. M. Squelch broke out the red flag of protest on the port ahead of Endeavour at the finish of Saturday's America's cup races, the anxiety of international yachtsmen here for the yachting series was tremendous.

To them, the regrettable occurrence could mean that one thing—essential war between the two great English speaking races of the world in solemn tones, they traced, step by step, the results of the protest.

First would come accusations from both sides that the other was cheating. This would be followed by mass meetings in London and New York.

Philadelphia—Look, the opener from Brooklyn, 4-2, by virtue of Eddie Boland's triple in the 13th with two aboard. The Sox won the second game, 2-1, with a five-run rally in the fifth featured.

Chicago beat Pittsburgh, 3-2, after Chuck Klein's first homer since July 7 proved the winning run in the seventh.

Philadelphia—Look, the opener from Brooklyn, 4-2, by virtue of Eddie Boland's triple in the 13th with two aboard. The Sox won the second game, 2-1, with a five-run rally in the fifth featured.

COAST GRIDIRON SLATE STIFFENS

Going Gets Tougher This Week For Conference Members; Idaho Opium

By HENRY SUPER
SAN FRANCISCO, Sept. 24 (AP)—The going gets tougher in the Pacific coast conference football title race this week-end as all ten teams in the division roll into action.

Five of them—California, University of Washington, Washington State, Stanford and Idaho—perform in the first time this season. The others swing into their second round of activity following successful disposition of Saturday's opening-day games.

Stanford-Santa Clara
Headline of the schedule is the Stanford-Santa Clara match. The team will be playing their second game of the year. Stanford welcomed San Jose State Teachers' college in its opener, 48-0, while Santa Clara was defeated by a strong Nevada eleven, 40-0.

It will be the first major test for both of them. Stanford showed a fluster of power against San Jose in its opener, 48-0, while Santa Clara was defeated by a strong Nevada eleven, 40-0.

Braves Play Two
California, one of the potential giants of the circuit, plays a double-header opener against California Aggie and Nevada while Howard Jones' Projean plays their first game of the season against another early opener, College of Pacific.

Both Washington openers start the season against conference members, although their opponents represent the only two obvious "handicaps" on the circuit.

Seattle's first defeat in five starts since being rescued from bullpen duty. Two young southpaws fought out the windup, with Jim Siego of the Oaks getting the bow over Ken Schuchman by a 4-2 score.

In the final series of the season, Portland meets the Oaks at San Francisco; Seattle plays at Los Angeles; the Missions at Oakland; and Hollywood at Sacramento. The series start Tuesday.

Seattle's first defeat in five starts since being rescued from bullpen duty. Two young southpaws fought out the windup, with Jim Siego of the Oaks getting the bow over Ken Schuchman by a 4-2 score.

RAINBOW TAKES THIRD TRIUMPH

U. B. Takes Lead in America's Cup Series as Vanderbilt Wins New Victory

ALBANY, N. Y., Sept. 24 (AP)—The United States' Rainbow sailed into the lead for the first time in the America's cup series today when Harold Vanderbilt sent his gleaming white defender, Endeavour, leading over the line ahead of Tom Sopwith's blue-hulled British challenger, Endeavour.

The series most exciting thus far pitted two yachts with four sails needed to decide.

Endeavour's big spinnaker, the largest ever made, was the key to her victory. It was blown out by a gust of wind, and the defender's crew to change sails. Endeavour was caught out of position when the spinnaker came down, and was unable to take advantage of it.

Endeavour was trailing by 1700 yards as Vanderbilt's cutter crossed the line.

With the first game held as a tough battle against a big Tenet, Endeavour's big spinnaker, the largest ever made, was the key to her victory.

Endeavour was trailing by 1700 yards as Vanderbilt's cutter crossed the line.

PITCHING DUELS FEATURE COAST

Moulamou Take Spotlight in West-end Series; Voleur; Blanca Seattle

By United Press
Doubleheaders in the Pacific coast league, which opened at the end of the season, are a feature of the circuit.

Amazing Victories
Clarence Mitchell, that amazing veteran of the Moulamou, pitched one of the shutouts and a 10-0 victory, Los Angeles hurler, turned in the other.

Stars Win Pair
Hollywood held on to second place by a one-game margin by defeating Portland in a double bill, 3-1 and 3-2.

Seattle's shutout came in the first game of the twin bill between Sacramento and the Angels. He gave two hits, while the Angels collected 12 off Moulamou for a 4-0 win. Sacramento turned the tables in the nightcap, winning 2-1, in a duel between Gregory and Huston. Los Angeles won the series, five to two.

Oakland defeated the San Francisco Seals twice and took the series five to two. In the opener, Hal Hall defeated Ed Stutz, 3-1, in a tight hurling duel. It was Stutz' first defeat in five starts since being rescued from bullpen duty.

SLATKINS TAKE TITULAR CLASH

Defeat Burley Team to Win Southern Idaho Soft Ball Crown

By United Press
Southern Idaho soft ball championship round today with the Slatkins team of Twin Falls, Magie City Municipal champion, in the Evening Times league there.

The Slatkins outfit annexed the southern Idaho crown here yesterday by defeating Western's Burley city champions, in the second game of the titular series. The score was 12 to 9. The victors had previously won out Western at Twin Falls a week ago.

Yesterday's clash was won by a three-run apart in the final frame. Western started out by scoring six tallies in the opening inning when the Slatkins' pitcher, Ed Stutz, and the locals annexed another in the third to take a 7-0 lead. Slatkins blazed out nine in the fifth, and Western's pitcher, Ed Stutz, was unable to hold the lead.

The Twin Falls team is angling for a series against Nampa to settle the Idaho state soft ball crown.

Yesterday's clash was won by a three-run apart in the final frame. Western started out by scoring six tallies in the opening inning when the Slatkins' pitcher, Ed Stutz, and the locals annexed another in the third to take a 7-0 lead.

BETTER HOMES—MORE HOMES IN TWIN FALLS

Not only does Twin Falls need better housing, sought to be supplied in the drive for modernization being undertaken here this week, but it needs more housing facilities.

This city is in the enviable position of having an influx of population, with desirable homes at a premium. Certainly this is an excellent barometer of local business conditions, and while making for temporary inconvenience on the part of newcomers, is one which in the end will redound to the benefit of the community, for doubtlessly the demand will be met by the erection of a number of new homes.

There are excellent investment opportunities in Twin Falls today by the erection of more rental properties—modern homes for families now here and those who may be expected to come.

One way to help overcome the problem right now is to improve homes to make them more attractive for renters and for buying prospects.

This opportunity is provided in the modernization program outlined under the federal housing act, which provides that up to \$2000 may be borrowed, under certain conditions, for repair and improvement of homes and business houses.

This program should be embraced by the residents of Twin Falls, and, in addition, there should be a concerted effort made to encourage the building of new homes also. It must never be said that population growth is interfered with because of a lack of housing. Unless the problem is solved soon, that very criticism may be leveled against this city.

And those rare collections exhibited at the hobby fair, have nothing on the valuable assortment of bum checks in the office of the credit association, or the variety of "no good" accounts accumulated through the years by the average business firm.

STATES MAY LEAD WAY

A good many years ago, when the French economist de Tocqueville came over to see what sort of country the American people were making for themselves, he reported that the best thing about it was the fact that the states could serve as laboratories for experiments in government, which the nation as a whole was not yet ready to try.

Growing centralization of authority, coupled with an increasing standardization of manners and customs, has kept the states from doing very much of this laboratory work of late years. Now, however, it looks as if we were about ready to give it a try.

Ducking one's head to avoid stray bricks, one can begin by mentioning the possibility of Upton Sinclair's election in California. Whatever fears his complicated scheme for handling unemployment may arouse, it is at least pretty obvious that it is far better to have a now and possibly impractical stunt like that tested within the confines of one state than throughout the nation as a whole.

Then there is Oklahoma, where E. W. Marland—once an oil king, now a progressive experimenter—expects to become governor in January and to try out a vast \$100,000,000 subsistence homestead project, with an auxiliary program for the use of many small manufacturing plants to relieve urban unemployment.

Programs like these, of Mr. Sinclair and Mr. Marland, may rank with the most wildly impractical ideas that the human race ever conceived. That, at this moment, is not the point.

The point is that our unemployment situation is rapidly becoming one of those progressively developing puzzles like the unbalanced budget which plagued Louis XVI of France. Louis, you may recall, fiddled around with this puzzle until it got out of hand, and he wound up under Dr. Guillotin's knife.

Since this problem is becoming so great, a number of people are clamoring for a new method of approach to its solution. Such clamor inevitably leads to experimentation. And we are extremely fortunate that our political set-up permits us to experiment by states—to experiment that is, on a small scale, without involving the nation as a whole.

The ability of the individual states to try out new methods of government may yet prove our salvation in this crisis.

The name of this state is now on the lips of Jazy America. Hey di ho! is the slogan. I-dee-ho Jazy Ya.

BEACH CLUB GIRL

It was not supposed to have telephone calls at the store, she told him, "I call you instead."

That was all right, Denis said. She would call him about noon every day.

Today he was a delighted companion, easy to talk to, interested in anything. The girl was so lovely, he had her complete attention. He had her, he thought, and he was not going to let her go. He was not going to let her go, he thought, and he was not going to let her go.

"Oh, I am sure you'll be a success," he said, looking at her. "You have a beautiful face, and you are so intelligent. You will be a great success."

"Thank you," she said, smiling. "I will try my best."

"You are a very nice girl," he said, looking at her. "I like you very much. You are a very nice girl."

Denis followed her, came to her home, and stayed there for a while. He was a very nice man, and she was a very nice girl. They were very much in love, and they were going to get married.

Denis followed her, came to her home, and stayed there for a while. He was a very nice man, and she was a very nice girl. They were very much in love, and they were going to get married.

PAUL MALLON'S NEWS BEHIND THE NEWS

An Exclusive Evening Times Daily Report on the Fast-Moving Events in the Nation's Capital by an Expert Interpreter and Commentator.

DISAFFECTION

WASHINGTON—One of the private peevish of this administration in Hitler. The man higher up in the state department, and even the state department, are thoroughly disgraced by the former's conduct, and they are, of course, economically, although they cannot say so for diplomatic reasons.

PEEK-MULL

It seems that Mr. Peck (the former Peck) has about ten million dollars' worth of stock pending with European countries, including Germany. If these are the facts, there are four just about ready to be announced. One of the four is supposed to be with Germany. As Germany has no credit standing, the deal is supposed to involve only the direct barter of goods.

CHANGE

Old men inside the railroad business are trying to do what all old men do in any business. They want to run it on a basis of what they learned twenty years ago. Young men with their feet on the ground are pushing for recognition and will get it, just as sure as this current generation of old fogies got it twenty years ago.

HISTORY Of Twin Falls City & County

As Glorified from Files of The Times

15 Years Ago

Holder of four medals for bravery and distinguished service, Charles Slaughter, just discharged from the British army after four years active service here, reached Twin Falls to make his home. Saturday he was met here by his wife, Mrs. Nelson Hayward, as he was coming from the railroad station to his home. He had just returned from the front lines, where he had spent the last two years of his military career. He had been decorated with four medals for bravery and distinguished service.

27 Years Ago

Last Friday will always be a red letter day for the followers of Jefferson and his descended political faith. William J. Bryan, the living exponent of the Democratic faith, for two hours held not only his feet but his mind to the people of Twin Falls. He spoke of the "Old World and Its Ways" and of the "New World and Its Ways."

County Agents Plan Compliance Program

JEKOME, Sept. 24 (Special)—County agents of Cassia, Gooding, Blaine, Lincoln and Jerome counties, met at a meeting held Thursday in Jerome for the purpose of formulating plans for the corn-hog compliance work, which is to begin soon. The program attending the all-day meeting, included: J. H. Reynolds, Moscow, county agent leader; D. L. Paul, Boise, assistant county agent; and H. L. Sturford, Idaho Falls, county agent.

Forestry Groups Aid Rangers Reduce Blazes Hazards in U. S. Parks

WASHINGTON (AP)—A roundup of the work sheets of jobs done by the Civilian Conservation Corps during its first year reveals a big increase in major fire accomplishments for the second half of the year over the first half, according to the forestry news digest.

THE AUTUMNAL EQUINOX

(Ponca City Tribune)

With the arrival of the Autumnal Equinox, the sun's rays are about to cross the equator and day and night are of equal length all around and all over this spinning little globe that we inhabit. We are fifty jubilee in celebrating "equalized" day and night. Since man has been on the way of the weather and probably before he began recording the whimsies of the fields, there have been rough passages for old Sol over the line which separates the two worlds. In this latitude and altitude there have sometimes even been snows, but more often just rough winds and chilly rains. This year, however, we are having only gracious sunshine and mild breezes. Even the little pinches of frost have been only playful. Beautiful have been the days . . . and calm the nights.

Unlucky Snake

THE DALLES, Ore. (AP)—Thirteen rattlesnakes unlucky for a 4 1/2 foot rattlesnake. It was killed by Wagnay Rogers in the residential section.

Get a lift with a Camel. MISS GEORGIA ENGELHARD has scaled 90 major peaks, 38 in one season. Slender, but a marvel of endurance and energy, she says: "When people tell me of being tired out, or lacking 'pep,' I don't know of better advice to give than you'll find in the suggestion 'Get a lift with a Camel.'"

WHEN YOU'RE TOO TIRED TO GO ON...

Get a lift with a Camel!

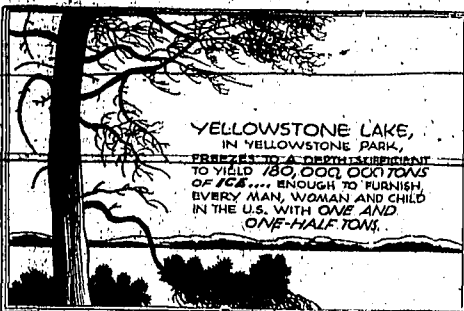

YOU'LL ENJOY this thrilling response in your flow of energy!

In light of the recent scientific confirmation of the "energizing effect" in Camels, note what Miss Engelhard, champion woman mountain climber, says: "Mountain climbing is great sport, but don't try it unless you have plenty of energy. Many times up there above the timber line, within a short climb of the goal, I have thought 'I can't go another step.' Then I call a halt and smoke a Camel. A Camel lifts me up in just a few minutes and gives me the energy to push on to the mountain top!" People in every walk of life have found that Camels increase their energy. Perhaps you have observed this among your own circle of friends. You'll like Camel's matchless blend of costlier tobaccos. Mild—but never flat or "sweetish"—never tiring on the taste. You'll feel like smoking more, so go ahead! For with Camels, you will find that steady smoking does not jangle the nerves.

Camel's Costlier Tobaccos never get on...

THIS CURIOUS WORLD

POWER TRANSFER ASKED BY BOARD

American Falls Advisory Unit Adopts Resolution Urging Mindoka Shift

POCATELLO, Sept. 24 (Special)—Members of the advisory unit for the American Falls reservoir district at a meeting attended by 75 civil and irrigation district representatives Saturday adopted a resolution submitted by E. E. Stottmeyer, federal reclamation attorney, calling for the transfer of power from the Mindoka project to replace that supplied from the American Falls plant.

Two provisions were made by the board, in passing the resolution. They are:

(A) That the parties having storage rights in American Falls reservoir district, the Mindoka district to the extent of \$10,000 per year, on its guarantee in the proposed power contract between the United States and the Mindoka district, be relieved of the obligation of any charge provided for in these provisions should be charged to the Idaho Power company, this insurance being only for the purpose of protecting the Mindoka district from extent of \$10,000 against loss in case the net collections from the sale of power in the Mindoka district fall short of providing the \$10,000 guaranteed by the Mindoka district.

(B) That in case the plan should fail then the secretary is hereby authorized to charge the \$10,000 per year to the parties having rights in the American Falls reservoir, as a necessary part of the expense of securing the water to fill the reservoir and charge and collect the same except that no part thereof will be charged to the Idaho Power company.

SERVICES HONOR HENRY HENSLEY

JEROME, Sept. 24 (Special)—Friends and relatives of Henry Hensley, 54, prominent Jerome farmer who died suddenly at the family farm home southwest of town, held a memorial service in final rites held at 2 p. m. Saturday at the First Baptist church, with Rev. O. L. Johnson officiating. Burial was in the Jerome cemetery, under the direction of the Wiley Funeral Home.

He is survived by his wife, of Jerome; a daughter, Mrs. Olga Wall, Jerome; seven brothers, Joseph of Jerome, Maine of Twin Falls, Aulley of Springfield, Missouri, William of Kansas City, Missouri, Elmer of Nampa, Watson of Norwood, Missouri and Fred of Detroit, Michigan; and one sister, Bessie Hensley, of Norwood, Missouri.

Friends Pay Honor At Jaynes Rites

Friends and relatives paid final tribute to Mrs. Sarah Helen Jaynes, Eden, in funeral services conducted yesterday afternoon at the White mortuary chapel. Rev. R. P. Douglas, pastor of the First Baptist church, officiated, and Mrs. Sam Jones, Hazelton, Twin Falls, acted as officiant.

Mrs. Jaynes was born in Michigan, and was the wife of J. H. Henry, C. P. Smith, Van Meyers, Joe Metcalf and Joe Verry were all her brothers. The funeral service will be held in Twin Falls cemetery.

ONE HOME WHOLE WORLD WILL BE WATCHING

Dedication ceremonies for the Durfee Hospital for the Deaf, only one of its kind in the world, attracted a throng to the little town of Carbond, and hundreds took advantage of the only chance they will be given to inspect the building, equipped with every modern device to safeguard the hearing of the deaf infants. Here is shown a portion of the crowd entering the hospital following the dedication program, at which Dr. D. J. G. the quaternary physician, and Canadian officials spoke. Many visitors from distant cities mingled with the townspeople as the institution was opened.

ME and MY PAST by MAE WEST

As Told to LEICESTER WAGNER United Press Staff Correspondent

Will I last? That's the question which has had Hollywood talking from the time I first flashed on the screen, until today.

I can answer that one for Hollywood. My answer is "Yes."

I'm no ingenue. I'm a woman. I have a screen personality which is distinctive, which conflicts with no one and which audiences throughout the world seem to want more of. Forty-six million have come up to see me no far and they evidently liked it.

Hollywood was surprised from the start, did a I pointed out, start yelling "accident." But "No Accident" did three times. The business of the record-setting "She Done Him Wrong" and "The Hellzapoppin'" speaks for itself.

"Two Stripes"

I have always—since the diamond-saying goes—two stripes on my sleeve. I have to top each one. Yet if I fall far below any of them, the knickers could start whispering "We told you so." When, in fact, a picture I might turn out that should fall below those amazing records, still would be far more popular than the average star's film.

But anyone at the top can expect that. It doesn't bother me. I get my main satisfaction from life in handling others an hour of entertainment, of pulling 'em out of what's bothering 'em; in handling 'em a laugh.

Personally, I believe my third picture, "The Belle of the Nineties," is better than my others. Each one has to be better, so far as I'm concerned.

Never Satisfied

For I'm never satisfied. A few critics have made some point of my pictures being "Mae West pictures." Certainly they are Mae West pictures. People find a personality they like and they want to see that person.

The story in a picture is important in any picture, of course. But even with a real story, the star is what the public pays to see. Critics talk about stars being "types" or having "sets."

Charlie Chaplin, Harold Lloyd and a few others can answer "yes" to that. And they have stayed while hundreds have faded to oblivion. There is a distinct personality.

MINIDOKA TAXES AT LOWER LEVEL

General Total for Year Is \$1.82 as Compared With \$1.00 Last Year

REPORT, Sept. 24 (Special)—The taxes of Mindoka county have been placed at a lower level than last year following with the state and county tax the total for the year will be \$1.82 against \$1.00 last year. The general school tax has been raised from 80 cents last year to 85 cents this year. Current expense was lowered from 48 cents to 40 cents; bond, from 11 to 4 cents; county indigent from 10 to 5 cents; and the state tax from 47 to 44 cents for each \$100 of assessed valuation.

The common schools of the county in most instances show a reduction. Heyburn was kept at the same level as last year, being 80 cents; Mindoka, 40 cents, against \$1.20 last year; Ilwaco 40 cents this year, last year \$1.20; Lincoln 80 cents and \$1.20; Sherman 20 cents last year; Washington 40 cents last year; Topoville 50 cents and \$1.20; Hamble \$1.25 and \$1.50; Big Bend \$1.20 and \$1.60; Walcott 20 cents and \$1.00.

AIR EXPEDITION HUNTS FOSSILS

RAPID CITY, S. D. (AP)—Monsters which roamed North America 65 million years ago are being hunted in the Black Hills and the Bad Lands of South Dakota by two of man's most modern inventions—the airplane and long-range photographic instruments.

Expeditions from the American Museum and the Aerial Survey of Harvard University have established base camps near Rapid City, not distant from the natural bow utilized by the recent National Geographic-Army air photo flight.

Professors armed with cameras are exploring the region from the air and have obtained several photographs of prehistoric creatures. Aerial views contain the immediate surroundings of the monsters, and their print out, and will serve as guides when the bones are reconstructed in museums.

They are not the same as last year. The levy maintained for some time, Heyburn Highway school kept the same levy, 50 cents; Pioneer was \$1.70 last year and will be \$1.40 this year; Paul increased its levy from \$1.80 to \$2; Acquia raised its levy from 30 cents to 50 cents. Report city tax shows an increase from \$1.05 last year to \$1.40 this year; Paul increased its levy from \$1.80 to \$2; Acquia raised its levy from 30 cents to 50 cents.

Highway and other taxing units remain practically the same as last year.

Only 15,000,000,000 camera of all types have been produced in the world since the discovery of America.

Ivins Lauded by Stake Leader

Tribute to the life and character of Anthony W. Ivins, first counselor of the L. D. S. church, was paid here today by Pres. J. W. Richins, president of Twin Falls stake. He said:

"Mrs. Richins and myself were associated with Mr. Ivins in Juarez state of Zion in Old Mexico 30 years ago, and we found him kind, honorable and straight-forward. He was a man of sound judgment and was well-liked. He spoke Spanish fluently, which has been proved in his dealings with the Mexican people. His death takes from the church one of its outstanding leaders."

THE END (Copyright, 1934, United Press)

Seen Today

Staid business man, trying to find a parking place in Twin Falls, and growing weary after a desperate attempt to park the old bus closer to the bank than to his home on eighth avenue, something of the kind with bending optimism he motored downtown and wheeled around the block entering Main at third east, thinking to camp at a favorable spot just about in the town of the Great Falls.

When he reached the corner, "no parking" sign, and driven on confidently to the Regency hotel corner, hoping to turn in on one of those "10 Minute parking only" places. A bus in line in there leading him with a heavy white sheeting down for that place, he almost struck a pedestrian, and waving apologies, a tourist car coming from the rear, looks to make way. By that time the headlight driver hasn't his mind on finding a parking place or bus, determined not to walk more than one block in order to get to the bank in front of the Bank-Rice building, when, to his dismay, he looked on alighting into one of the theater reservations, but as the one in front of the Regency was filled he goes on, spotting a bus in front of the Bank-Rice building, when, to his dismay, four women on the sidewalk decide to go directly across the street, step in and occupy the whole of the space and wait impatiently for him to drive by, which he does, the fool that he is. Slamming the old bus in to low he decides to swing clear around by way of the postoffice and the canal company building and take a chance on parking on Shoshone alongside the bank, only to find on his elation just as the car that he is in a police parking place. As he wanted to remain down town he halted a bit, from the exertion of turning and twisting the steering wheel, backed the car, went home, where parking space was plentiful, and, without telling his wife, left the car at the curb and walked back to town, only to get to his bank just after the doors were closed for the day at 5 p. m. He intends putting in this evening planning a new line of attack for tomorrow.

WORK TO START ON COULEE DAM

Contractors Will Start the Wheels Turning

SPokane, Wash., Sept. 24 (Special)—The Mason group of contractors who hold the contract for the first \$20,500,000 unit of the Grand Coulee project and who have incorporated themselves as the Mason-Walsh-Atkinson-Kier company of Delaware, on September 24 began the construction of the Grand Coulee dam from the United States bureau of reclamation.

This will start the wheels turning. The contractors will meet in Spokane today and award bids for construction camp material. To speed operations as much as possible, they will construct a water piling bridge as soon as possible to serve until the steel, construction railroad, truck and pedestrian bridge is built by the same company. These two bridges are independent of the government bridge now under construction.

Brull went in for wine production when European tariffs cut down her coffee exports, producing 30,000,000 gallons in 1933.

Rites for Child

Funeral services for Ellen Margaret, 13-month-old daughter of Mr. and Mrs. J. E. Wilson were held yesterday afternoon in the Drake mortuary chapel. Rev. Mr. Shockey, Richfield, officiated. A quartet sang several numbers, and two small girls sang solo.

Ellen's little girls acted as pall bearers and six more as flower girls. Interment was in Twin Falls cemetery.

Still Furnishing a COMPLETE LINE of AUTO PARTS The typical loan made in the federal banking campaign was described today as follows:

It went to a clerk who borrowed \$275 from the neighborhood bank. The money will be used to put a new farmer into his home. It will be repaid over a period of two years.

That was shown in an analysis of a typical group of 718 modernization loans made so far. Clerical employees received the most loans. Public employees, mechanics, business men, salesman, and corporation officials followed. Barbers were last. Most loans were made for heating units, painting, plumbing, repairs and roofing.

Service As Good As The Car Itself

PRECEPTS:

To be an elder brother to those in sorrow; to make each service honor the dead and seem beautiful and comforting to the living.

TIME to Clean THEM

GET OUT YOUR WINTER CLOTHES

A lot of your last winter's clothes can be used again, but to look your best in them and to feel Style-Right, have them cleaned and pressed the National Laundry & Dry Cleaners' way at reasonable cost.

SIMPLY CALL OUR ROUTEMAN

Bundle up your suits, trousers, top-coats, gloves, hats, etc., now and give them to our routeman. And remember your rugs and drapes. We can also clean them so they will look like new.
