MUST FIGHT FOR JUSTICE, BORAH ADVISES G. O. P.

Warns Republicans That Solo Survival Hope Is to Seek Liberty for All

CRITICIZES NRA PROGRAM

Inform Party It Must Return To Principles of Teddy Roosevelt, Lincoln

WEISER, Idaho, Oct. 11 (UP)—Only hope for the Republican party to survive as a potent factor in American politics is to return to the principles which insure legal and economic justice to every man, Sen. William E. Borah, R., Idaho, declared here last night.

Borah, individualistic Republican, NRA critic, and foe of monopoly, voiced his idea of what he needed for a Republican return to effectiveness after criticizing the NRA, reciprocal-tariff plans of the present administration, and operation of the AAA.

FIGHT FOR LIBERTY

One fought slavery, Borah said; the other monopoly. "But it was one and the same battle, a fight for fuller liberty and a great opportunity for all."

LABORITES MOVE TO COMPROMISE

Convention Nears Accord on Internal-Fight Dividing A.F.L. Members

SAN FRANCISCO, Oct. 11 (UP)—Replacement of the present system of emergency relief for unemployed by an adequate, permanent social security program was demanded today by the American Federation of Labor in convention here.

SAN FRANCISCO, Oct. 11 (UP)—Compromise on the most important item before the American Federation of Labor—industrial vs. craft unionism and an arrangement of the executive council—disappeared today at the 54th annual convention.

The compromise plans appeared during a night session—the first of the convention—in which by an overwhelming vote the delegates sustained the executive council in ordering the building trades department to reinstate the carpenters, electricians and bricklayers unions.

The fight of John L. Lewis of the United Mine Workers and Francis J. Gorman of the Textile Workers for greater representation survived in organizing labor industries as a single union unit secured certain solution under the compromise proposed.

MAY GRANT AUTHORITY Under the constitution would reaffirm its traditional principle of craft unionism but would authorize the executive council to issue charters in the aluminum, automobile and other mass production industries for industrial type unions.

It was indicated today that President Johnson's signing of the new law, which would allow the oil, may agree to expand it from 11 to 15, Lewis says.

Court Postpones Extradition Hearing Over Opposition Of New Jersey

NEW YORK, Oct. 11 (UP)—Bruno R. Hauptmann, Lindbergh kidnap suspect, expressed surprise today when he left the Bronx county jail for court.

Postponement was on request of the defense, opposition of New Jersey officials.

Granting of the hearing Monday forestalled New Jersey's efforts to take Hauptmann to Flemington today for arraignment on the murder charge.

Not unreasonable Attorney General David Wilentz, invited to the chambers of Superior Court Justice Francis H. Haney, objected to the delay, but Justice Haney ruled that Fawcett's request for hearing after the arrest was not unreasonable.

The extradition case against Hauptmann in Bronx county already had been postponed.

Hauptmann was released to the Bronx county jail.

One hundred sixty persons attended the fellowship banquet and popular meeting which completed yesterday the second day's activities of the Presbyterian synod and synodical meeting. Mrs. E. H. Walker, of San Francisco, president of the organization, presided at the banquet. The Nez Perce Indian delegation from Lapwai and Kamiah in northern Idaho furnished entertainment during the banquet hour, part of which was a group of songs in their native speech.

Mrs. E. N. Murphy, state president of the synodical presided at the evening service. She introduced the meeting to the group of representatives of national missions board, who spoke on missionary work in the northwest, and Miss Elinore Ewing, San Francisco, reported on the work of the board, who described educational work among the Indians and Spanish-speaking peoples. The choir furnished special music and the women's board sang.

# STUDENT PAPER RAPS TROJAN "MOVIE-STRUCK" TEAM

## COLLEGE EDITOR SCORES GRIDMEN

### Scorching Blast Says U. S. O. Football Squad "Only-Guns Through Motions"

LOS ANGELES, Oct. 11 (AP)—The University of Southern California football team is maimed largely by a group of "Hollywood" actors who were in town to make a henna-haired film beauty or film magazine, the Daily Trojan, student newspaper, charged in an editorial blast following the team's departure for the University of Pittsburgh Saturday.

In an editorial headed "Keep Hollywood out of Southern-California football," the Daily Trojan charged players who risked career with Hollywood's great and near-great while off the gridiron.

"For several years, Trojan football players have been shown in the eyes of the necessary population of Hollywood," the editorial, purportedly written by Editor Jack Frankish, stated. "But the Trojans thought they were actors, thought actually they were actors to some henna-haired beauty or to a film magazine. They were when and almost made to feel that the world was theirs when they really were just pawns in the grip of those wishing to further their own interests."

Commenting on Washington State's victory, the Trojan continued:

"I worked the victory of a team which plays football for the game's sake over a team of Hollywood actors who know how to play football, but having been persuaded that they are already all-Americans, now only go through the motions."

"U. S. C. football players for years have received extra work in motion picture studios and frequently have been guests at banquets and parties tendered by fans notable."

KANSAS CITY, Mo., Oct. 11 (AP)—The University of Southern California Trojans, en route to Pittsburgh to tackle Pitt's Panthers Saturday in one of the inter-collegiate highlights of the football season, were to detain here for several hours late today for a workout.

The Trojans stopped briefly at El Paso yesterday for a short workout.

Four players, the coaching staff headed by Howard Jones, and more than 40 rosters comprise the team.

The Southern Texas University eleven broke a Notre Dame record by beating the Irish footballers at South Bend 7 to 6, in the opening game of the season—the first opening game defeat in 34 years. One of the Texas backs is shown at left stopping Andy Pilney, Notre Dame star, after a five-yard gain through the line.

## Bowling Banter

by FRED STONE

Did you see Rocky Jones, at head for the Times, scabbed and down-high stage game for the night and high total on last of the season not so bad all on one night's play.

Smith's 100 last night, which help me to trouble also, but said Rocky had not working, he had a tough evening.

Los Cowan came in for his share of trouble also, but said "We must have our hand."

And old Jimmie Mullen "pore it out" that last game? Dealt out and nearly had a turkey.

Along came Cap McKeague, rolling his steady games, and when the totals were in he was second high for both teams, and only two pins behind Jones.

After getting away to a wobbly start, Bill Taylor at last for Brunswick, came back with a couple of good games in the last two games.

Bob Logan, with four splits in the first game, a big back at last with a mark in every frame for 100 the second game.

Archie Anderson was rolling against Les Cowan, and they had a merry battle. "Bat," said Archie, "class will tell."

## PROTECTED SELF, MEDWICK CLAIMS

### Didn't Try to Kick DuBois Infielder, Says Cardinal Star in Squabble

ST. LOUIS, Oct. 11 (AP)—Here is how Medwick's own version of what occurred at third base in the final game of the world series, as related in his return with the Cardinals:

"Marion was in second base and I had a long drive to center field. When Cowan hit, I swung and he came in for a slide. As I came into third ahead of the throw, I felt the force was side and I had to beat by several feet. Cowan (Marion) then, I don't think I meant to, but I came over and tripped on me, his right leg coming down on my left leg as I came into the bag."

## GRID TRANSFERS IRK CALIFORNIA

### But Oregon, Oregon Stators Just Civil and Explain Why Boya Move

BY JAMES H. SHERIFF  
SEATTLE, Oct. 11 (AP)—Pacific northwest football coaches and fans alike even chuckle loud when they read that California athletic institutions are disappointed over junior college athletes transferring to Oregon and Washington institutions.

It seems that Southern California and U. C. L. A., especially were displeased that Oregon "stepped" a few desirable boys from Long Beach, Santa Ana and Pasadena high schools and junior colleges.

"Paper 'hoofing'"  
"I notice the California papers are beefing about Oregon and Oregon state taking junior college desirable athletes," the writer mentioned to Jille Lehman, Oregon's best-known football coach, backfield coach and variety basketball and baseball coach.

"It's kind of a laugh, but it's football venturing. 'We haven't been making California junior colleges. The simple fact is that the boys are getting smart."

"Here's Why"  
"Take a young fellow that wants an education and has athletic ability. He certainly can get a good education in the northwest as he can in California. And it doesn't require a great deal of preparation for him to come west, when he's wanted a simple question."

"Do you want to play football on the field in the northwest or play it on the bench at a big California school?"

"That one is easy to answer to youth who know that at Southern California, California, U. C. L. A. and Stanford the football squads total 100 to 125 players in the varsity and all-around."

Chance to Play  
"Hence, we are getting more California high school and junior college boys who can get an education, who in addition have a chance to play football on the field of winning the bench for a year or two," Lehman said.

Los Angeles writer said Oregon State may expect a "warfare" between the two colleges. The program at Los Angeles, Oct. 20, is a spole of the "attracting" of Jim Dunne, Santa Ana Jaycee half-back, and javelin thrower capable of being 200-foot hammer thrower at Los Angeles (Red) Franklin.

Bobbie Parke, Oregon's star back and co-captain, is a former Long Beach high school boy. Vincent Walker, Oregon end, is a California junior college transfer and Walter Huch is a sophomore halfback from another junior college in the Golden state.

Others Go North  
Other junior college boys at northwest institutions include: Ray Lopez from Santa Monica, Stan Hordan, all-conference tackle from Pasadena Junior college, Steve Lutz, Vernon Adams and Ron Smith, Long Beach, linemen, all at Oregon; Ollie Arbellide, quarterback, Los Angeles, George Theodorakis, tackle, Sacramento, and Ed Gaskard, fullback, Bismarck, all at Oregon; Harold Washington State who left the Trojan; Oct. 4; Paul Murphy, tackle, Stan Diego, and Willard Key, halfback, La Crescenta, both at Gonzague; and Ed McCue, Idaho's great sliding-tackle, Idaho from South Pasadena.

## DARK MOMENT FOR DIZZY DEAN

### But Oregon, Oregon Stators Just Civil and Explain Why Boya Move

BY JAMES H. SHERIFF  
SEATTLE, Oct. 11 (AP)—Pacific northwest football coaches and fans alike even chuckle loud when they read that California athletic institutions are disappointed over junior college athletes transferring to Oregon and Washington institutions.

It seems that Southern California and U. C. L. A., especially were displeased that Oregon "stepped" a few desirable boys from Long Beach, Santa Ana and Pasadena high schools and junior colleges.

"Paper 'hoofing'"  
"I notice the California papers are beefing about Oregon and Oregon state taking junior college desirable athletes," the writer mentioned to Jille Lehman, Oregon's best-known football coach, backfield coach and variety basketball and baseball coach.

"It's kind of a laugh, but it's football venturing. 'We haven't been making California junior colleges. The simple fact is that the boys are getting smart."

"Here's Why"  
"Take a young fellow that wants an education and has athletic ability. He certainly can get a good education in the northwest as he can in California. And it doesn't require a great deal of preparation for him to come west, when he's wanted a simple question."

"Do you want to play football on the field in the northwest or play it on the bench at a big California school?"

"That one is easy to answer to youth who know that at Southern California, California, U. C. L. A. and Stanford the football squads total 100 to 125 players in the varsity and all-around."

Chance to Play  
"Hence, we are getting more California high school and junior college boys who can get an education, who in addition have a chance to play football on the field of winning the bench for a year or two," Lehman said.

Los Angeles writer said Oregon State may expect a "warfare" between the two colleges. The program at Los Angeles, Oct. 20, is a spole of the "attracting" of Jim Dunne, Santa Ana Jaycee half-back, and javelin thrower capable of being 200-foot hammer thrower at Los Angeles (Red) Franklin.

Bobbie Parke, Oregon's star back and co-captain, is a former Long Beach high school boy. Vincent Walker, Oregon end, is a California junior college transfer and Walter Huch is a sophomore halfback from another junior college in the Golden state.

ARREST RECALLS DEPOT SLAYINGS

Seizure of Galatas Revives Memory of Kansas City Massacre

WASHINGTON, Oct. 11 (AP)—Arrest of Richard T. Galatas, wanted for complicity in the Kansas City union station massacre, recalls the cold-blooded murder of four officers and their prisoner.

The murder occurred on the plaza in front of Kansas City's union station. The time was 7:30 a. m. of June 17, 1933, and hundreds of men and women were passing in and out of the station.

Frank Nash, one time member of the Al Spencer gang of Oklahoma, a killer and bank robber, was being brought back to Leavenworth prison from which he had escaped in 1930.

The three officers were met on the train platform by R. E. Vetterli, special agent in charge of the Kansas City office, and Raymond J. Caffrey, another Kansas City special officer.

The officers and their prisoner walked through the big station, two with snuffed-off shotguns and others with their revolvers ready.

Then they crossed the wide plaza to their parked car. Nash was put in the driver's seat until the car was loaded. Reed, Smith, and Lackey got in the back seat.

Suddenly the machine gunning began. Directly in front of the car, in a large parking space, two gunmen stepped into view.

Instantly the other began shooting. From the rear and side another gunman began his deadly work.

Caffrey fell in the first blast. Nash, trapped in the seat, cried for his pals not to kill him.

The bullets poured through the windshield and into his body and those of Reed and Lackey in the back seat.

The other gunman apparently got the two detectives. Vetterli fell with a slight flesh wound and began using his pistol. Smith alone was untouched in the murderous fusillade.

Then the killers raced away, witnesses uncertain of their number and of how many cars they used.

Behind were the five dead or dying men, Nash, Grooms, Hermannson, Caffrey and Reed. Generally officers said it was a plan to free Nash, but many believed the gang, fearful he might talk, planned to murder him along with the officers.

BURLEY MEN ASK FOR IERA HELP

Book Federal Aid to Correct Overcrowding, Condemned Gymnasium

BURLEY, Oct. 11 (Special)—State Senator K. C. Harlow and George E. Donnan, superintendent of Burley city schools, were in Boise last week-end conferring with state IERA officials as to the possibility of securing IERA labor and materials to enlarge the high school gymnasium and build two additional classrooms.

The Burley gymnasium has been condemned by athletic officials an unsafe due to the steel supports and cement walls. Several basketball players have been injured by colliding with the posts which are on the playing floor.

The auditorium, directly above the gymnasium, will also be extended the same distance allowing for two additional classrooms, one to be devoted to the music department, which heretofore has had no place to meet except in the auditorium.

In 1929, the enrollment in grades nine to 12 was 400, while in 1933 the enrollment had increased to 605.

The high school is facing a serious over-crowded condition. Superintendent Donnan has turned the following advantages to be gained by this enlargement program: Greater safety for students and players, solution of the increased enrollment problem, adequate physical education facilities, facilities for a more extensive music program.

G. O. P. Woman Candidate Lauds Roosevelt Program

PRIMAVERA, N. D. (AP)—An Republican candidate for governor of North Dakota, Mrs. William H. Langer is perhaps the most progressive of all G. O. P. aspirants seeking election in November.

She, herself, describes her politics as "about ultra-progressive."

Paradoxically, Mrs. Langer holds the administration in high esteem. With equal fervor she criticizes the Democratic forces of her adopted state.

"I feel that every farmer and worker is entitled to join with his fellows and to bargain collectively in an organization of his own choice," she said, striking a tone closely allied with a note often voiced by President Roosevelt.

"I feel that the interests of farmers and laborers are fundamentally the same. Neither can prosper long or much unless the other, too, is prosperous."

Howing to the line of personal belief, she occasionally strikes at former Republican administration in her own words.

"There is a limitation to the amount of money the United States government can borrow. It now has reached the all-time record and even Democrats cannot honestly promise to spend year after year more money than they collect. It is inevitable that there will be a pay day."

"In this connection it is interesting to note that all the Governors in North Dakota have received in loans exactly the same amount as the R. F. C. loaned to the Chicago banker, Charles F. Dawes, whom Langer has been in default some time."

Like Mrs. Franklin D. Roosevelt, Mrs. Langer finds a warm spot in her heart for unfortunate girls.

High in her platform is a plank advocating an old-age pension "one that should keep our aged folk in comfort as they would not have to worry in their declining years about how to obtain necessities and luxuries."

Mrs. E. J. McNeer and daughter, Miss Bea McNeer, Los Angeles, and Mrs. Frances Bremer, Wendell, have returned from a trip on which they attended the world's fair and visited relatives in Oklahoma.

I. E. Smith, Victor, is visiting at the home of Mr. and Mrs. E. W. Little.

Mrs. and Mrs. Ira Thayer from Missouri, where they have been visiting during the past two weeks.

DIVIDE THEATERS, CRUSADER URGES

Family Style, Strictly Adult Segregation Suggested as Best Method

OKLAHOMA CITY, Oct. 11 (AP)—A division of motion picture theaters into "family style" and strictly adult classification was outlined here as the probable outcome of the nationwide movie clean-up campaign.

The Rev. Daniel A. Lord, St. Louis, Catholic clergyman who originated the campaign, suggested the division. He was here to address the first Oklahoma action congress of movie owners.

No "Hollywood" The Rev. Lord had decided ideas about what the movies should and should not show, but said he was opposed to any attempt to turn the screen into a Hollywood form of entertainment.

"That is the last thing we want," he said. "That would be disastrous in the extreme. What the motion picture producers need to learn is that red-blooded drama with stirring plots does not necessarily lead on the question of sex."

Division of theaters into family and strictly adult classification would solve the screen's sex problem, and all others offered by adolescent attendance, the clergyman said.

Mrs. William H. Langer, feminine member of the North Dakota Republican party, is the most progressive of the entire field of that state's gubernatorial candidates—and she doesn't hesitate to praise President Roosevelt's achievements despite party differences.

MAY END WAR PROFITS War veterans' organizations, says a dispatch from Washington, are preparing to take a terrific crack at war profits during the coming year. Revolutions made before the senate munitions committee in recent weeks have hit the veterans where they live.

It will be a great many years, probably, before the human race discovers the secret of foregoing war. The imperfections of human society and of human nature keep us from realizing the beautiful dream of universal peace.

FORGETFUL AMERICANS Out of Washington comes the news that matured government securities to the value of at least \$20,000,000 are being held by various forgetful citizens, who seem to have overlooked completely the fact that Uncle Sam owes them money.

IN LINE OF DUTY The news that 137 doctors, nurses, and laboratory workers in Los Angeles were stricken with infantile paralysis, during their fight against an outbreak of the disease, is a grim reminder of the fact that these people very often undergo risks which the layman does not dream of, in their effort to save the lives of others.

SEARCH CLUB GIRL

Miss Florida came to the dining room window, she called excitedly. Miss Florida expected thrills these days every time the phone rang. "After Mrs. Baubara's wonderful luck," she was fond of saying impatiently, "I say you never know what may happen next."

It was Edward calling. His voice sounded rather odd, Boots thought. Was she surely coming in for lunch, he wanted to know? "But I told him I'd be there," the girl murmured to herself, getting up on up the stairs.

PELORUS JACK THE WORLD'S MOST FAMOUS SEA CREATURE FOR MANY YEARS, THIS GRAMPUS ESCORTED STEAMERS THROUGH FRENCH PASS, OFF NEW ZEALAND. THE GOVERNMENT OF NEW ZEALAND PASSED A LAW PROTECTING HIM.

AN OBSERVER, IN A STRATOSPHERIC BALLOON AT A HEIGHT OF 15 MILES ABOVE CHICAGO, COULD SEE NINE STATES, WITH THE UNAIDED EYE.

Pelorus Jack made it a point to meet every vessel that came into French Pass. It would swim ahead of the bow, as if he were piloting the ship past the dangerous, rocky shoals. Passengers braved all kinds of weather and came on deck when they knew Pelorus Jack was scheduled to appear.
