## MERRIAM CHIEFS FEAR SLUMP AS ODDS GO HIGHER

Optimistic Outlook Produces  
Bogey of Reaction Toward  
Upton Sinclair  
**'EPIC' NOMINEE SLIPPING**

McAdoo Partner Asks Bourbon  
Voters to Give Support  
To Republican

SAN FRANCISCO, Oct. 30 (AP)—  
Leaders of Gov. J. M. McAdoo's  
anti-trust campaign cautioned  
their forces against overconfidence  
today as the two principal  
opponents leveled their speaking guns  
at the conservative Republican's  
"social credit" plan for economic  
relief.

Election day was just one week  
away and the politicians were nervous.  
Odds were 5 to 1 that McAdoo  
would win. Sinclair, the  
Democratic candidate, Merriam  
leaders feared reaction.

Talks of sudden withdrawals,  
which filled the air last week,  
aimed at both Sinclair and McAdoo  
Haught, Commonwealth-Progressive  
candidate, sought to  
sign of getting together. Little  
importance was attached here to  
the possibility of O'Connor  
comptroller of the currency, in  
adding to Los Angeles. Eastern  
sources reported O'Connor  
an emissary of the Democratic  
national committee to ask Sinclair  
to drop out.

**Denies Report**  
O'Connor himself denied the  
report and Sinclair has indicated  
readily he plans to fight for his  
"right" to the right to election  
day and to put it into operation  
anyway if he is defeated.

The candidates were in southern  
California personally directing  
their campaign in the largest  
area of population in the state. All  
were pointing their public state-  
ments at the so-called depression  
vote, in which are included the men

## Here's Cash For I-O-Hueys!

"Come and get it, boys," bellowed Senator Huey Long, and here he shows demonstrating what he means by his "share the wealth" program. Passing out nearly \$10,000 in 87 lots, Huey financed trips to Nashville, Tenn., for 1,500 Louisiana State students and many others to see the L. S. McVord football game. As the clamoring through thick mud, Huey handed out the money and accepted "I. O. Hueys" written on scraps of paper.

## Community Chest's Officers Reelected

**WILL ROGERS**  
says:

BEVERLY HILLS, Calif. — Well, sir, there was an awful heart rendering little item of news in the papers yesterday; it's just as well you maybe didn't see it. The New York stock exchange lost \$287,086 last week according to their own press sheets. They state that it's the first time in the history of the "market" that they have ever published their windings or losses. Well, in the opinion of your writer, it's encouraging to the broad line to have such a prominent new member join 'em. Yours,  
*Will Rogers*

## LAST LOVE NOTE BARED AT TRIAL

**Letter Reports Passionate Romance; Post's Slayer Faces Court**

WOODLAND, Calif., Oct. 30 (AP)—  
A slain campus poet last love letter, written in his passionate and intimate style, was bared today at a trial here. The letter, which had become public property through the trial of a woman, was written by the poet, who was charged with slaying 23-year-old Lorraine Hollingshead, author of the "white hills" letters.

## RIOTS FLARE IN FERA DISORDERS

DENVER, Oct. 30 (AP)—Fierce rioting in which one man was killed, several patrolmen injured, and a dozen arrests made, broke out here today as alleged Communist organizers sought to force a strike of workers on Denver FERA projects.

**GANG ROBS BANK**  
CHICAGO, Oct. 30 (AP)—Seven machine gun bandits today held up 21 employees and 15 customers of the Adams State bank and escaped with about \$50,000 in currency.

## ROSS THUNDERS ECONOMY THEME AGAINST G. O. P.

Governor, in Vigorous Speech,  
Defines Stephen to Show  
Claim Is Untrue

**URGES CLARK'S ELECTION**  
Executive Officers to Defeat  
If Savings Assertion Can  
Be Disproved

RICHY, Oct. 30 (Special)—In a strong appeal to 800 voters who crowded the Royal Theater here last night, Gov. C. Bon Ross, campaigning for reelection, urged the election of D. Worth Clark to congress, saying "send a man to Washington who is in accord with Roosevelt's recovery program of a man who believes in the New Deal."

Clark, who came direct from a hospital at Postville where he has been suffering from bronchitis, spoke briefly, declaring that when he gets to Washington, "I will write at the top of my program 'more water and more storage reservoirs for Idaho farmers.'" Ross, who is touring Oregon county in his constituency whirlwind style, Governor Ross during the day addressed enthusiastic crowds at Roberts, Hamer, Turodon, Lewisville and Birie.

**Retreats Economy**  
At Richy, Governor Ross, exhibiting all his old fire and vigor, again called upon Frank L. Stephen to disprove the Ross assertion that for every year that he has behind the governor's desk at Boise he has saved the taxpayers of his state a million dollars a year.

# KEYZER TO TAKE RUPERT PARISH

### Bishop Assigns Monsignor to St. Nicholas, Buote To Welser

Monsignor Romil H. Keyzer, who has charge of St. Edward's Catholic parish for the past 10 years, received word this afternoon from Bishop Edward J. Healy, Boise, that he has been transferred to St. Nicholas parish at Rupert. His assistant, Rev. Lionel Buote, will go to Welser. Both will assume their new duties Nov. 1.

Rev. Father H. E. Hoffman, who has been in charge of St. Rita's Catholic church at Kellogg, has been assigned St. Edward's parish here, and is expected to assume his duties Nov. 1.

### Print 43 Years

Monsignor Keyzer has served as a priest for 43 years in Wallace, Genesee, Boise and Twin Falls. He was assigned to St. Nicholas parish in 1931, the highest honorary title within the province of the Pope to bestow. During his ministry here a \$100,000 church has been erected, a parochial school established and a hospital, and prior to the depression the parish also maintained a hospital. He received his theological training in the American College at Leuven, Belgium, and was a member of the faculty at that institution for some time.

# CONVICT TOURS AS PAROLE HELP

### Notorious Bank Bandit Tries To Mollify Protests at Freedom Plea

OKLAHOMA CITY, Okla., Oct. 30 (AP)—Malt Kimes, who was a notorious bank robber at 18, made a good will tour among officers and other individuals persons here today to mollify protests to his plea for a parole from the penitentiary.

Kimes has served eight years of a life sentence in the killing of W. J. "Boss" Kelly, police officer, during a bank robbery. Kelly was a well-known sportsman, and Kimes, who was a well-known sportsman, had hoped to sell the idea that he has reformed, so Gov. W. F. Murray may grant him clemency without criticism.

Among those Kimes visited, under guard and on a three-day leave of absence from prison, were Sheriff Stanley Rogers, president of the Oklahoma State Bar Association, and Eugene P. Quinn, secretary of the State Bankers association and R. F. Brandon, chief of city detectives.

Accompanied by a guard, an attorney, Kimes returned to his cell, where his police dog, Kimes came from McAlester by automobile and was taken to the office of his lawyer, Sid Walls.

### Parole Return

Kimes and three other convicts, Kimes pledged himself to be a good citizen. He said he believed he had the power enough to resist any temptation to return to crime. He said he had a good character and announced that if Kimes is paroled he will be demanded for trial in Garfield county on old charges of robbing banks at Coalinga. His brother, who was sentenced on thirty charges.

### Started Early

"I was 17 when I robbed my first bank," Kimes said. "It was only a few dollars and I was caught. I never did get a thrill out of it. I don't think it was a smart thing to do. I simply got with the wrong kind of associates in oil field towns and drifted into it. But now I am a different man."

He said he had had ample opportunity to escape and return to bank robbing had he desired, while on hunting, fishing and baseball trips without guards.

# ENGLAND'S BEER OUTPUT GAINING

### Gorman Production Declines As Belgium Holds to Obstinately

GENEVA (AP)—British beer is again declining into its own after a sharp decline in 1933, according to the League of Nations' study on world production and prices just published.

# News in Brief

UTILITIES GROUP RAPS U. S. PLAN

Assail Federal Move Toward Direct Competition From Government

ATLANTIC CITY, N. J., Oct. 30 (AP)—Public utilities are being forced to help pay for attempts at their own destruction, speakers charged today at the annual convention of the American Gas Association.

The government's public utility "yardstick," the Tennessee valley authority and the electric farm and home authority, were assailed. Speakers said the attacks would be met by the companies.

Alexander Forward of New York, managing director of the association, asserted that "public revenues, including taxes paid by the gas companies, are being used to foster competition and to sell domestic services in no way superior and in most cases inferior and more expensive."

"The TVA and the EPWA have, under threat of direct government competition, forced reductions in electric rates. They have by and by forced the manufacturers of electric appliances to reduce prices and bring out new models."

"The TVA and the EPWA have, under threat of direct government competition, forced reductions in electric rates. They have by and by forced the manufacturers of electric appliances to reduce prices and bring out new models."

"The administration has embarked upon water power projects for the avowed purpose of leading the cost of electric service. By authority of the national recovery act it is offering to loan money to any municipality desiring to construct a utility plant."

RELIEF EXPENSES DROP IN AUGUST

Slight Fluctuation Asserted As 'Favorable Sign' By Administrator

WASHINGTON, Oct. 30 (AP)—Little fluctuation was reported between August and September in the number of persons receiving relief benefits from the federal government.

Relief Administrator Harry L. Hopkins said this was "a favorable sign," but declined to predict the number that will be on relief rolls this winter.

In August, there were 3,092,395 heads of families on the rolls, compared with 4,016,018 in September. Government expenditures for relief during August aggregated \$147,076,453.62, and \$142,717,091.92 in September, a decline of three per cent.

The FEERA indicated it would request a majority of states to provide 40 per cent of all money spent in their territory for relief this winter. Hopkins termed this percentage "the minimum in most instances," and observed that some states may be asked to contribute 50 per cent, or even 66 per cent.

Contributions by states include the share provided by cities and counties. Only states "that are absolutely broke" may expect federal aid for upkeep of rural schools, Hopkins said.

TOKIO UNWORRIED OVER FORT PLAN

Possible U. S. Base Increase In Pacific Bringing No Fear To Japan

TOKIO, Oct. 30 (AP)—Although high military officials declined comment officially, it was said here today that hinted American fortification of the Pacific, if the naval department treaties stipulate, has not caused worry in Japanese naval circles.

The contention was held here that naval advances minimize the importance of bases, as well as the increased fortification of the Pacific.

It also was felt here that the United States' rejection of Japanese proposals for equality of rights in the Pacific, a result of a failure to understand completely the Japanese case of the question.

The opinion was said to be based on the fact that Japan's naval policy is to reduce the number of bases and to concentrate on the Pacific coast, and to increase the number of bases in the Pacific.

Test Hop by Giant Plane May Result in Air Route Network Across Pacific to Far Ports

By EIRIKLINE JOHNSON SAN FRANCISCO (NPA)

Now the Pacific ocean, like the Atlantic, is being regarded seriously as a great highway for air routes which would shorten the transport of passengers, mail, and express from a matter of weary days to one of exciting hours.

The prospect arises from the announcement by President Juan T. Trippie, of Pan-American Airways, that an experimental flight will be undertaken shortly between the United States and China, to establish the feasibility of regular air transport across the Pacific.

Pacific flights have been made before, to be sure. But all heretofore have been confined to military or private airplanes cleared of all extraneous load and with additional tanks of gasoline and oil to assure success of the flights over the wide expanse of sea.

Air Giant Ready This time, however, Pan-American is presenting a giant of a plane, the "Brazilian Clipper," or 4-42, which will make the Pacific flight practically as a regular transport.

This huge amphibian, powered by four 750-horsepower Hispano engines, is capable of carrying 2,000 pounds of mail and express, 42 passengers, and a crew of five. It is a Sikorsky built ship, with a gross weight of 10 tons.

Recently, with Col. Charles A. Lindbergh in charge, the "Brazilian Clipper" broke ten world records for transport, in altitude and distance.

Five Ships on Way Tentative plans are to fly the ship from either Los Angeles or San Francisco to Honolulu, a distance of 2,400 miles, then 1,300 miles to Wake Island, 1,300 to Canton, 1,400 to Manila, and finally 750 to Hong Kong.

The total distance of 4,450 miles, from either Los Angeles or San Francisco, President Trippie says, might be made in three days and three nights.

Compare that time with a full three weeks for a liner's passage to China.

Once the practicability of trans-Pacific flying is established, the prospects for expansion of regular air routes to the Orient would be tremendous.

The present five-day trip to Hawaii could be cut to 10 hours, considering a cruising speed of 150 miles an hour over the distance of 2,400 miles.

Great Reduction The fast Oriental express liners plying between Tokyo and Vancouver make the run in 10 days, which would be reduced to a mere 32 hours by air over a much longer distance of about 4,200 miles by way of Unalaska, in the Aleutian Islands.

It takes three weeks to go by ship from America to the Philippines, but by air it would take about two and a half days, with stops at four mid-way points.

Australia, too, would be brought much closer to America by this route. Passage by modern liners to Sidney takes 20 days. By air, it would be less than three days.

BURLEY RESIDENT TAKEN BY DEATH BURLEY, Oct. 30 (Special)—Mrs. Lottie Ingramm, 68 wife of James Ingramm, Burley, died at the family home at 5 p. m. today from complications following an extended illness.

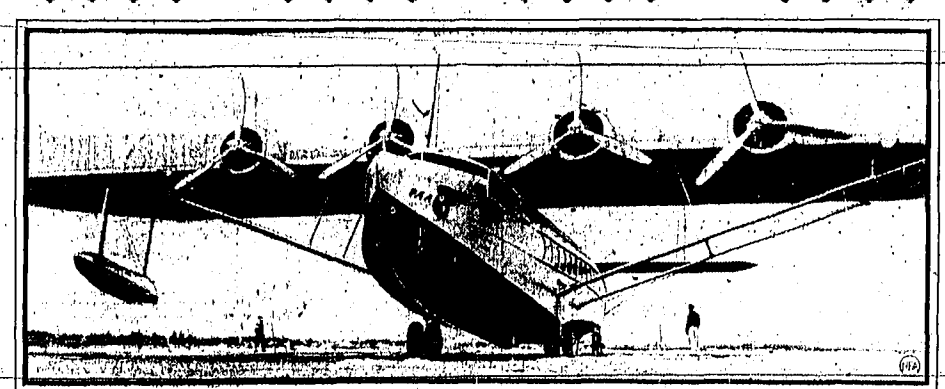

Mrs. Ingramm was born April 25, 1866 in Iowa. She is survived by a son, Louis Ingramm, and a daughter, Mrs. Myrtle Sharp, both of Burley; a sister, Mrs. Gene Board, Hudson, Ind.; a grandson, Gerald Fin in the U. S. marine service, and a step-son, Frank Ingramm, Des Moines, Ia.

Funeral arrangements are awaiting word from out-of-town relatives. The body now rests at the Payne mortuary.

The blowpipe is the weapon of the Malay jungles. Poison darts are blown through a long bamboo tube. Even the jolly tiger is sometimes brought down with this simple, silent weapon.

ITS QUALITY Never Changes

Because Platz Old Heidelberg Beer is always brewed scientifically and carefully aged by natural processes.

The huge planes that will fly possible air routes over the Pacific in the future may even surpass today's finest transport, shown above in the "Brazilian Clipper." This mighty amphibian, which will make an experimental flight to China, has four 750-horsepower motors and can carry 42 passengers, five crew members, and 2000 pounds of mail and express.

G. D. P. SCORES MRS. ROOSEVELT

Republicans Rap Political Activities of Nation's First Lady

WHITE PLAINS, Oct. 30 (AP)—Political activities of Mrs. Franklin D. Roosevelt were criticized last night by two Republican speakers—a candidate for the U. S. senate and a candidate for representative at large—before a rally of 6,000 voters.

Harold Cluett, running for the senate, asserted that "the result of the publication of Postmaster General Farley's masterpiece on the Sinclair candidacy in California" was a veiled announcement from the White House that the president is distinctly out of all local political contests.

"Bad Taste" "Perhaps the president is, but the president's wife is not. I consider it not only extremely unfair but thorough bad taste that Mrs. Roosevelt is now stamping the state in behalf of your country's woman, a Democratic candidate for congressman at large. The people today forgive such acts of President Roosevelt, but some day they are going to refuse to forgive him."

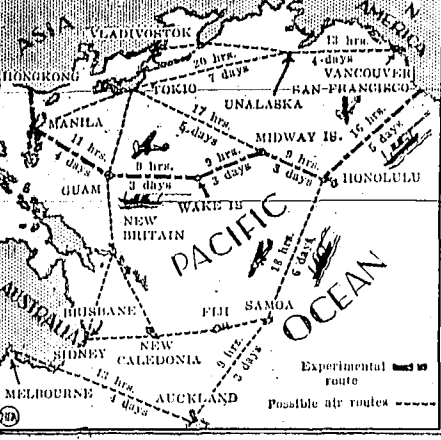

Miss Natalie Couch, Republican candidate for the seat for which Mrs. Roosevelt is campaigning, urged under Mrs. Roosevelt's auspices, contented herself with the expression:

"A very prominent Democratic lady from Washington has made so many speeches against me that I sometimes wonder who is my real opponent in this campaign."

HOLLISTER Meeting HOLLISTER, Oct. 30 (Special)—The Salmon tract unit of Twin Falls County Democratic Women's Club is sponsoring a meeting to be held at Grange hall in Hollister, Friday evening, Nov. 3. A political supper at 7 o'clock will be followed by talks by various state and county candidates, Russ W. Williams, chairman of Twin Falls County Democratic central committee will preside. The public is cordially invited. Those attending for supper are asked to bring a covered dish and sandwiches.

POPE SPEAKS BUTTE, Oct. 30 (Special)—Invitation has been issued to the public to attend a meeting here tonight at which time Sen. James P. Pope will be the principal speaker. The meeting will be held in the Butte high school auditorium and will open at 8 p. m.

After years of confinement, Kipling, an orphan of the Bronx, too, became a rogue and could not be approached by human beings. But he was very fond of a family of robins within his reach and would stretch up to touch the nest with his trunk.

Map shows the proposed flight route to be taken by the "Brazilian Clipper" and other probable routes for trans-Pacific traffic. Note particularly the great saving in time which air travel would afford over present transportation.

MEXICO TO QUIZ DEATH OF CHILD

U. S. Consul's Nephew Dies By 'Accidental' Hanging In Country Club

MEXICO CITY, Oct. 30 (AP)—Alexander Hamilton Robertson, 11, of Greensburg, Pa., was found dead last night hanging in a club at the Mexico City country club.

The boy was a nephew of American Consul Alexander K. Sloan. He came here ten days ago with his mother, Mrs. Robert Farmer Jamison, Sloan's sister.

Consular authorities said that the death was accidental. Mexican authorities, because of the circumstances, said they believed an investigation necessary.

Sloan and Mrs. Jamison will leave for Greensburg tonight with the boy's body.

GROVE FUNERAL HELD AT BUHL

BUHL, Oct. 30 (Special)—Funeral services for M. Grove, who died Monday at the home of his daughter, Mrs. Ellen Van Houten, were held this afternoon at Mrs. Van Houten's home. Rev. O. J. (Kovall), minister by M. M. Van Patton conducted the service. Mrs. Van Overbaugh directed music.

Full flowers were Melvin Swill, L. W. Lovelace, E. W. Byrne, D. C. West, H. W. Harman and Dr. K. K. Short. The Evans and Johnson funeral homes directed interment in Buhl cemetery.

Eighteen countries have a total of 47,000,000 workers with unemployment insurance.

NASAL CATARRH

Just a few drops of... nostril... CLEAR HEAD QUICKLY

For Half a Century

More than 50 years ago CONN made good hand instruments. At that time there was no telephone, electric light, automobile, aeroplane, or radio. All this has come about in one short half century.

And to this time has been added Pan American, a line of very fine instruments which sell for about one-half the price of Conn, and with a great many Conn features.

Then a few years ago with the aid of modern machinery and the skill of mass production Cavelier hand instruments were placed on the market. Now you can buy a trumpet for \$24.50, a clarinet for \$39.00, a trombone for \$30.00, all silver plated with gold bell and also case, a true division instrument made in the U.S.A. and far superior to foreign made merchandise.

WE ARE THE DISTRIBUTOR FOR 7 COUNTIES FOR THE PAN AMERICAN... Chicago

ENGLAND ARGUES SEDITION PLANS

Commons Ponders Statute to 'Shield' Armed Forces From Propaganda

LONDON, Oct. 30 (AP)—The anti-sedition and seditious libel bills were the center of interest at the house of commons reconvened today after a recess of more than two months.

The anti-sedition bill was defended by its sponsor, Sir Thomas Lundy, attorney general, as intended to shield British soldiers, sailors and airmen from Communist and other propaganda.

Its opponents charged that the bill veers toward Fascism and threatens the imprisonment of Britons for their opinions. The law would enable authorities to throw into prison "any person maliciously or advisedly endeavoring to induce any member of his majesty's forces from his duty or allegiance."

The latter bill would organize the totalitarian (similar to the parliament betting machine) for use in dog tracks, and limit dog racing to 104 days a year. Its acceptance would provide for laws for the regulation of lettered and sweepstakes.

Seen Today

Republican whothorse, a former county chairman of that party, admitting that he had purloined down \$3,500 on the election of Frank L. Stephen...

Antonia, nursing a tire with a slow leak, it is seen that she holds air for about four days, and does not go down fast enough to compel her to go to a garage, nor slow enough to prevent him from having to go to a service station for air frequently. He has patronized about all the air stations there are in town, and is about to start on the second round...

The stamping out of a remarkable record, having progressed to within a week of election day without there having appeared a bit of dirt that the Republican in the foreground...

Harry Bonoli's law office, undergoing remodeling, during his absence, from having to go to the district court office, indicating that some people's idea of a non-partisan judiciary in the election of two Republican judges in this district.

JERSEY CERTAIN SUSPECT GUILTY

Attorney General Expects to Prove Hauptmann Carried Out One-Man Job

FLEMINGTON, N. J., Oct. 30 (AP)—New Jersey authorities have reached the conclusion that Charles A. Lindbergh, jr., was kidnaped and murdered by one man, and Attorney General David T. Wilentz is confident he will be able to prove that man was Bruno Richard Hauptmann.

Wilentz derided attempts of the defense to link Hauptmann's friend, the late Eddie Finch, to the crime. In New York, James M. Fawcett, defense counsel, announced he had obtained a statement from Mildred White's brother, Edward, that the two had been constantly together near Hopewell during the time prior to and after the kidnaping and that neither had seen any strangers near the Lindbergh home.

Wolfe Will Speak E. M. Wolfe, Twin Falls, candidate for district judge, will address an open meeting of the New Deal club in the court house Wednesday evening. The topic will be the proposed amendments to the Idaho constitution, which will be voted on next Tuesday.

# More BUILDING Necessary for Entire Nation!

## MODERNIZE YOUR HOME NOW! — SEE THE MANY DISPLAYS AT THE "HOUSE OF MAGIC"

### DISPLAYS AIDING MODERNIZE PLAN

#### Exhibits Throughout Country Help Push Campaign to Carry Out Repairs

Under the auspices of Better Housing Campaign Committees and the Federal Housing Administration at Washington, practical home modernization exhibitions are being arranged in approximately 30 cities throughout the United States. These are intended to demonstrate to the new and comparatively low cost of transforming a ramshackle habitation into a modern, attractive home, or converting a run-down business property from a liability to an asset.

Local campaign organizations are receiving overwhelming response from manufacturers, dealers, tradespeople and others, who, forecasting the widespread economic effect of the home repair program, are cooperating fully in the drive.

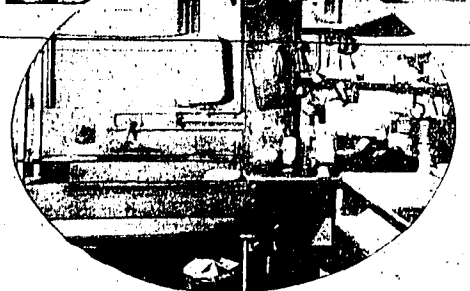

Latest Equipment

Tying in with the active campaign in each city, the modernizing exhibitions will feature the latest equipment for the home and business property, displaying time-saving and step-saving devices that have been developed during the past several years.

The manufacturers of building materials, household equipment, furnishings, etc., and the dealers who represent them in each of the cities are taking a keen interest in the exhibitions by sponsoring attractive displays of their products. Those engaged in utilities, businesses and diverse other lines of trade are also finding it profitable to participate.

One form of exhibition that many cities are developing is the "before and after" demonstration house. In most instances a typical city home is moved from its existing location to some conspicuous point where it will be in full public view and easily accessible to visitors.

### PAINT AND FIXTURES DO WONDERS

With small expense, dark corners in the home may be brightened and modernized, converting old-fashioned homes into modern ones.

### HOME CAMPAIGN CUTS ACCIDENTS

#### Modernizing Drive Declared Factor in Diminishing Many Mishaps

Successes of the Federal Housing Administration's Better Housing movement has been a material reduction in the heavy annual toll in lives lost and injuries inflicted by common hazards in houses and business places.

Of the more than 100,000 fatalities and the 500,000 serious injuries recorded annually, from one-quarter to one-third result from accidents in or about the home, statistics of the Bureau of Standards, Department of Commerce, indicate.

The list of causes includes, fires starting from defective flues, heating apparatus, bad roofing and accumulated rubbish. Loose, poorly connected boilers, and broken gas pipes, "blatant" or outworn, broken, faulty ranges or gas plants, explosion of combustibles and improperly fused electrical circuits.

Hazards in Garages

Garages in various stages of the repair present a number of hazardous conditions, and related steps. Together with warped porch flooring claim a heavy toll, particularly in the winter time.

Many of the more common hazards are, and are now being eliminated, at moderate cost to the property owner under the modernization program. Others that are basically a part of the structure are being done away with under remodeling projects.

Since the homeowner is "safety director" of the home, the field is one for cultivation by the members of women's clubs, parent-teacher associations and kindred organizations. A tie-in of such forces with the Better Housing movement is seen as certain to produce telling results in abating this menace to women and children.

### Housing Hints

#### Tips on How and What to Improve

WASH OFF MOSS

Before painting, wash moss-covered eaves or brick with water to which has been added 2 per cent volume of carbolic acid and follow up with the application of plain water with a stiff brush. The growth should come off easily under this treatment.

USE DISCARDED MOTOR

It is possible to use the electric motor of an obsolete vacuum cleaner for several things—Disassemble the cleaner and rig up a pulley and belt system from the motor to an engine alone, small fan, a small water pump, etc. An electrician should be consulted in such a procedure but it is very likely that you will have many valuable discarded articles about the home that if readapted to a new use will ease your daily labors.

CLOSE FAUCETS

If faucets are not closed tightly, a tiny stream of water will cut the seat of the faucet. If the faucet drips when tightly closed, a new washer is needed or perhaps the valve seat has been damaged.

### WATCH SURFACE, OWNERS ADVISED

#### It's Wise Slogan for Varied Parts of Home, Residents Are Informed

"Have the surface and you have all," is not an exaggeration when it is said with reference to fences, minor structures, chicken houses, sheds, stables and basements of houses.

Neglecting exposed surfaces in "poor ways may be saved" at a "few cents" may be saved at the time, but repairs made necessary by this saving will soon cost good, hard-earned dollars.

The National Lumber Association, Washington, D. C., has a number of formulas for whitewashes and lime paints. The maximum cost of materials of any of these formulas is about six cents per pound. Whitewash or cold water paint will weigh on the average about 12 pounds to the gallon. A gallon will cover 225 square feet of wood, 180 square feet of brick masonry and 270 feet of plaster.

Print Paper

CAMBRIA, Wis. (AP)—The Cambria News, a weekly, is being operated successfully by Mrs. U. W. Hughes and her daughter, Dorothy, who do not "own" the paper, but are printing the type for the entire local section of the paper, except that requiring the strength of a man.

LEVELLING LINOLEUM

Linoleum that is bulged or loosened around the corners and edges can be made fast to the floor with plastic roofing cement.

### We Can Handle Your Pump or Water Softener, Heating and Plumbing, Sewer and Septic Tank Work.

Expert workmanship and the best of materials fully guaranteed. Have your plumbing done by a plumber—it costs no more.

### PUT NEW ROOFS ON TOP OF OLD

When replacing an existing single roof, shingling may be effected by stripping shingles off the old material. In addition to the elimination of the cost of tearing off the old shingles, other advantages exist. The roof will be stiffer, the shingles will be increased. Dirt, both inside and out, will be avoided.

Any roofing material not of excessive weight, such as wood or composition shingles, may be used. The roof is prepared for the job by nailing down loose shingles, splitting and nailing curled shingles, replacing missing shingles. Cut away on all edges of the roof and replace by wooden strips. This will give a good finish and a solid nailing surface.

Nail the shingles in the usual manner, using about five penny nails, large headed, copper or zinc coated. These will be long enough to pass through the old roof.

### NEW DOOR BELL AVERTS BOTHER

The number of sore knuckles that might have been prevented by adequate door bells has never been estimated. But there are now many families enjoying the convenience of the new door bell.

Whoever alternating current is present, a bell-ringing transformer is always better than the battery method, since the upkeep is cheap and no periodical attention is required. In a transformer, the primary winding is connected to the lighting circuit, and the secondary winding to the bell circuit.

Battery-operated bells are popular where electricity is lacking, and with farm and other plants which provide only direct current.

Both types give satisfaction when properly installed. A door bell can be included easily and cheaply in a modernization program whether or not the wiring system of the house is adjusted for repairs or improvement.

### Oilskin Umbrellas Latest Paris Rage

PARIS (AP)—Rain, rain, don't go away! will certainly be the cry here this winter as a result of the latest Parisian wrinkle—oil-skin umbrellas.

Made to match raincoats or to go with any wrap, the latest fad can be had in the greatest variety of pleasing colors, including robin's egg blue. These parapets are so gay with their greens and reds that it will certainly be too bad if they are very much other than the very best. Just the color needed on these days.

### COOKING DRAWERS

Cooking drawers slightly, and drawers cured by rubbing with a mixture of kerosene or turpentine and fine sandpaper.

### Question Box

Q. I operate a cafe in a building which I have leased for five years. Would it be possible for me to borrow sufficient money to improve it? The landlord is not disposed to do so.

A. Yes, if your lease does not expire until six months after the date when due payment on your loan is due and the lending agency approves your loan application as eligible under the National Housing Act.

Q. I intend to make several repairs to my farm property provided I am able to negotiate the necessary loan. I want to know, if it would be profitable for me to support the work as there is no contractor in this neighborhood.

A. Yes, if the lending agency is satisfied there should be no objection under the Housing Administration regulations.

Q. What is the minimum salary necessary to qualify for a loan.

A. Loans are made on character, standing in the community and ability to repay. The annual income of the borrower must be at least 5 times the amount of his annual payments.

Q. I am planning to make a

### Aided Builders

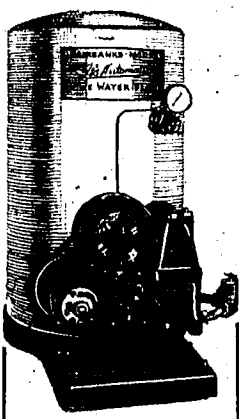

HONOLULU (AP)—Progressive builders in Hawaii recently used an airplane to carry a truckload of building materials to the top of a mountain. They moved weeks of work.

MODERNIZE TOURIST CAMPS

Roadside tourist camps can be made more profitable through improvements that add to the comfort of tourists—such as hot and cold running water in each cabin, modern toilets, showers and tub baths. Additional cabins are always advisable in a well-kept tourist camp to provide for the large volume of business enjoyed by the better class of campers.

FIX UP RESORT COTTAGES

The Federal Housing Administration is urging resort owners to modernize their cottages by adding bathrooms and other conveniences, pointing to the valuable returns in increased rentals made possible by such improvements.

### Install a Pump This Year

Assure yourself of an adequate supply of clear, fresh water for domestic purposes. Let us help you select a Fairbanks-Morse pressure outfit that will give you year after year of trouble-free service. Your neighbor probably has a Fairbanks-Morse outfit—ask him how he likes it—he will, without a doubt, give you an enthusiastic endorsement of the simplicity, sturdiness, and positive action of Fairbanks-Morse water system. Members of the Legion auxiliary completed yesterday afternoon the last of a series of dessert bridge luncheons in the auxiliary room of the Legion Memorial hall. The hostesses were Mrs. M. E. Wagoner, Mrs. W. C. Sloan, Mrs. D. W. Henderson, Mrs. W. P. Haney, Mrs. Paul Tabor, Mrs. A. C. Vicker, Mrs. O. T. Keeler, Mrs. H. W. Merritt, Mrs. E. J. Johnson, Mrs. M. C. Strickbeck, Assisting hostesses were Mrs. Guy Miller, Mrs. Henry Crow, Mrs. P. H. Wilson, Mrs. J. E. Warner and Mrs. A. P. Oland.

**HALLOWEEN ENTERTAINMENT AT HALLOWEEN PARTIES**  
The home of Mrs. W. C. Sloan was the scene of two Halloween parties. The first was held on Sunday and Monday evenings. Both evenings each guest played a piano solo as part of the program. Decorations and refreshments were in the hall. The guests were the younger children which included: Barbara Sims, Helen Baker, Maxine McClinton, Kimberly, Louis Lane, Clara Ferguson, the Hall, David Figue, Murray North, Marilyn North, John Ramussen, Junior Moseley and John Ferguson.

The older children were entertained Monday evening. The guests were Robert Van Engelen, Lucile Thomas, Mary Ellen Winkler, Agnes Porter, Doris Ann Sharrow, Dorothy Van Engelen, Harlan Denning, Jean Harvey, Arlene and Dorothy Smith, Maxine McDoug, Theora Belle Burns, Dee Hoppler, Beth Henderson, Vera Dahl and Harriett Hemphill.

**BRIDGE LUNCHEON IS ATTRACTIVE EVENT**  
Mrs. Harry M. Stalkin and Mrs. Fern Tosek entertained this afternoon at an attractive bridge luncheon at the home of Mrs. Stalkin on Sixth avenue east honoring Mrs. M. Barrett, who is leaving this week to spend the winter in Salt Lake City. An attractive color scheme of pink and blue and yellow chrysanthemums were centerpiece. Bowls of pink, white, and yellow chrysanthemums were centerpiece, and nut cups were in pink. Besides the honors, guests were Mrs. H. C. Edmund, Mrs. Frank Cook, Mrs. D. W. Leonard, Mrs. Al Smith and Mrs. Young.

**GRASS PARTY FEATURES HALLOWEEN**  
Miss Vivian Anderson was hostess to a group of girls at her home at a Halloween party last evening. Misses Marjorie Johnson, Jeanette Dickerson, and Jeanette Murrain were prizes at the game. Refreshments featuring Halloween were served. Guests were Misses Aileen Trucken, Aileen White, Betty Pamphrey, Dorothy Reed, Mildred Williams, June Thompson, Marjorie Johnson, Wanda Kimes, Martha Morehouse, Margaret Voorhees, Lucille Lawrence and Agnes Davis.

**OMNIBUS COLLEGE STUDENTS GIVE DINNER**  
Miss Ethel Kautz and Miss Nina Gunderson were hostesses last evening at a dinner for eight in Mrs. Gunderson's home in the Rex Arms Apartments. Guests were entertained at bridge. During the evening the hostesses gave interesting accounts of the Omnibus college taken last summer. Halloween decorations marked the two tables.

## Marian Martin Pattern

**GAY APRONS**  
Complete, Dotted, Striped, Marian Martin Sew Chart Included  
**PATTERN DITTY**  
Even if you are clever enough to have a full supply of pretty aprons, it's nearly to begin thinking about making some Christmas gifts for your less clever friends. And where could you find two jauntier designs than these? They follow in one pattern and help give ample scope for festive lace trimming on the bodice. In the upper model the lace edging may also be used to border the graceful skirt. Square necklines are both new and becoming. Don't you adore the pretty pleated skirt of the lower model and the convenient way you can just slip your head through the neck band with no buttons and no fussing? Make them of dotted dimity, gingham or percale.  
Pattern DITTY may be ordered only in sizes small, medium and large. Small size, each apron requires 1 1/2 yards, 88-inch fabric.  
Send FIFTY CENTS in coins or stamps (coins preferred) for EACH MARIAN MARTIN pattern in sizes small, medium and large. ADDRESS: THE RITZ, NUMBER AND STREET OF EACH PALACE.  
TWIN FALLS, AND WINTER ISLAND, IDAHO.  
Send STAMP for more news and patterns.  
With stamping and heavy black ink, you can make a beautiful, durable, and long-lasting dress. All the essentials

## BURLEY

Mr. and Mrs. A. R. Dawson and Dr. and Mrs. R. E. Smalley entertained at a bridge dinner Friday evening at the Dawson home. A Halloween motif was carried out in this appointments. Ten tables of bridge followed with high prizes going to Mr. Charles Haight and Rosema Rich, and out prizes to Mrs. Joan Dunbar and J. H. Harris. The Dawson home was decorated with hundreds of yellow chrysanthemums.

Ladies' Literary club met Friday at the home of Mrs. H. F. Wilson, president. Fifteen members were present, and Mrs. A. M. Solomon reviewed the book, "The Willing Daughters," by Lewis Golding. Refreshments were served.

Third unit L. D. S. Sunday school entertained at a Halloween on Friday night at the church. Guests came in costume, and dancing was enjoyed, followed by refreshments. Henry Bailey and Henry Haight were in charge.

High school girls met Thursday night to help the school educational and welfare activities of the Red Cross in Idaho and throughout the United States, starts Armistice day, Nov. 11.

An innovation this year will be the presentation by the state roll call committee of an elaborate program to the chapter making the best showing in the roll call efforts. Shinn said. Competition among the chapters throughout Idaho is expected to be unusually keen, due to the many activities of the organization during the past year. The state's membership quota is nearly 2,000 members. Present membership is only 14,207, or approximately 35 percent of the state's population.

**MISS McMAHON IS BRIDE OF JOHN A. MEYERS**  
Miss Mary Isabelle McMahon, daughter of Mrs. Duncan Johnston, and John A. Meyers, also of Boise, were united in marriage at a simple ceremony yesterday afternoon in Ascension Episcopal church. Rev. Victor E. Newman officiated with the wedding ring ceremony. The bride was given away by Mayor Duncan McD. Johnston, her step-brother. Present were Mrs. Duncan McD. Johnston and the bride's mother. The bride wore a smart street ensemble of black and white. Following the 5 o'clock ceremony, Mr. and Mrs. Meyers were honored at a dinner at the New Rogerson hotel. Only immediate members of the family were invited. The bride and bridegroom left this morning on a wedding trip in California. On their return they will make their home in Boise, where they are connected with the forestry department.

**TEACHERS ENTERTAIN FOR YOUTH CHILDREN**  
Mrs. Earl Johnson, Mrs. Carl Irwin, Mrs. George O. Halley and Mrs. Weaver, teachers of the primary department of the Presbyterian Sunday school, entertained 22 children of the district yesterday afternoon at the home of Mrs. W. F. Zilkey, superintendent. The children were entertained at a game of out-door games appropriate to Halloween. Decorations in orange and black in the house and popcorn balls and lollypops distributed with refreshments carried on the theme.

**ALUMNI ASSOCIATION OUTLINES DANCE PLANS**  
Members of Sigma Delta Psi alumni association attended a 7:30 o'clock dinner in the dining room of the New Rogerson hotel last evening. Howard Whiteman, president of the business section, which the association will sponsor in the near future, sixteen attended.

**Mrs. John Thomas Gives G. O. P. Tea**  
GOODING, Oct. 30 (Special) — A Republican woman's tea was given Sunday at 3 p. m. at the home of Senator and Mrs. John Thomas. Mrs. Charles Dwight, Twin Falls, gave a brief talk. The women donated small coins which will be used to purchase a "Step by Step" banner to be placed on the Republican headquarters building.

## RED CROSS WILL CONVENE FRIDAY

Four County Branches Will Send Representatives to Session Here

Representatives of the Red Cross chapters in Cassia, Jerome, Blaine and Twin Falls counties will meet Friday preparatory to the 18th annual Red Cross roll call in Idaho.

The session will be held at 8 p. m. at the Chamber of Commerce office. It is announced by Juneau H. Shinn, district roll call chairman. Present will be Clyde Baird, Idaho field representative, Boise, and Miss Callie L. Crowning, nursing field representative, of San Francisco.

The roll call, conducted annually to procure personnel and members carrying on the widespread educational and welfare activities of the Red Cross in Idaho and throughout the United States, starts Armistice day, Nov. 11.

An innovation this year will be the presentation by the state roll call committee of an elaborate program to the chapter making the best showing in the roll call efforts. Shinn said. Competition among the chapters throughout Idaho is expected to be unusually keen, due to the many activities of the organization during the past year. The state's membership quota is nearly 2,000 members. Present membership is only 14,207, or approximately 35 percent of the state's population.

## SHRINE BANQUET 6 P. M. SATURDAY

Time for the banquet to be given here Saturday in connection with the Shrine ceremonial in 6 p. m. It was stated today by Joe Kohler, who said the affair will be held at the Grand Hotel.

A warning was issued today to all novices to get in touch immediately with Dr. Y. A. Parrott, "chief herder," who, according to novitiate leaders, will see to it that they are in good physical condition for their trip across the sands.

## JUNIOR HIGH NOTES

A Halloween program will feature the assembly program in which will be held on Thursday this week because of the students attending the "House of Magic" on Wednesday. The program for the assembly in being directed by Mrs. Florence Benson's home room. Winners in the citizenship, scholarship, attendance, and punctuality will be announced. Prizes for winners in these events and in the athletic events will be awarded.

## Final Tribute Paid To J. A. Alexander

Funeral services were held Sunday at 3 p. m. at the Presbyterian church for J. A. Alexander, local farmer, who was fatally killed last Wednesday when he fell into the power shaft of a potato digger.

Rev. C. G. Arns officiated at the services. A quartet composed of Mrs. George Gochman, Mrs. Warren Robert, Mrs. Charles Eddy and Ruby Hubbel sang one number and Mrs. George Gochman sang a solo. Mr. Arns preached the funeral sermon.

Funeral bearers were L. L. Maggart, S. L. Brantley, H. R. Richardson, J. Stevens, Joe Walker and Phil Thomas. Flower bearers were Myrtle Bond, Janet Dalton, Alta Richardson, Alpha Walker, Thelma Johnson, Maxine Volberg, Hazel Gilbert and Thora May Thompson.

Interment was in Burien cemetery under direction of D. E. Johnson. The Central and South American plant humming-bird is 8 1/2 inches long.

## GOODING WILL STAGE 'Good Homes Drive'

Gooding, Idaho, representing the Better Housing Division for Idaho, was in Gooding last week conferring with the Chamber of Commerce committee.

The committee voted to employ Mrs. Laura Douglas to make a home-to-home canvass to find the number of home owners and other property owners who wish to take advantage of the opportunity of a grant from the government to borrow funds with which to make the needed improvements to buildings. Mrs. Douglas will be located in a room in the court house building from 2 to 4 p. m. each week day except Saturday. Her work began Wednesday. Several applications have already been received.

Gooding has a magical lake. Lake Oatubathos periodically disappears and then reappears. The 500-acre lake drains dry through a 20-foot hole at one end, flowing off through subterranean passages only to refill at a later date.

Three milk bottles are made for every inhabitant in this country.

### The Art of Lighting Contributes To Gracious Living

WHY you get MOST SATISFACTION from a LIGHTOLIER LAMP.

Back in the dimlight, in characteristic pose, is Kaletta Mulvihill Green, shown here on shipboard in Shanghai, as she announced that she was on her way to the U. S. for a "good time" and a divorce from her Pittsburgh truck driver mate. She was accompanied by her mother, whom she rejoined in Memphis after her sensational trip across the continent.

The flexible beam feature in Lightolier lamps provides for a variety of charming lighting effects. At the first turn of the control switch, 100 watts of illumination are furnished for relaxation and quiet conversation. At the second turn, 20 watts of illumination are furnished for reading or sewing.

At the third turn, 3.0 watts of illumination fill the room with cheerful stimulation, for gay social occasions.

Although this lamp is designed to enhance the beauty of your home, it is scientifically engineered to safeguard delicate human eyesight. It is sightmeter tested, guaranteed to totally eliminate glare.

SEE THIS LIGHTOLIER DEMONSTRATED AT "THE HOUSE OF MAGIC" IN RADIOLAND OCTOBER 30TH, 31ST AND NOVEMBER 1ST

## Hoosier Furniture Co.

Elks Building Twin Falls

## Modernization LOANS

It is our earnest desire to assist in the Government's Modernization Credit Plan relating to the alteration, repair and improvement of real property.

Applications for loans coming under this classification, must necessarily be considered, and will be accepted provided they individually meet the credit requirements of this bank.

It must be understood that the funds loaned by the banks on Modernization Loans are the same as on all other loans, their DEPOSITORS' FUNDS, and that there has been no special deposit by the Government with the banks for that purpose.

### ALL LOANS

Many people are under the impression that the banks are unnecessarily refraining from loaning money. This is a wrong impression, as banks are desirous of building up their communities and assisting worthy individuals, and welcome applications for loans to responsible people, however, all loans made by this Bank, of whatever kind or nature, must be found in the BANK'S OPINION to be in the interests of DEPOSITORS and STOCKHOLDERS are safeguarded.

### Twin Falls Bank & Trust Co.

**Funeral services** for Mrs. Sarah Eden will be held at 2:30 p. m. Wednesday at the home and Johnson mortuary chapel. Claude Brown of the latter day Santa church will be in charge. The mortuary will direct interment in Twin Falls cemetery.

**VAST NEW PLANT OPENS IN SOVIET**

Gigantic Industrial Factory Gets Officially Underway At Kramatorsk

**KRAMATORSK, U. S. S. R.**—One of the most important plants of the vast industrial structure being built by the Soviet Union, the Stalin-Kramatorsk Machine Building Plant, has just been officially opened here.

This plant occupies a fundamental position in Soviet industry, for here are being built the machines for hundreds of other factories producing everything from lace to locomotives. The vastness may be judged from the fact that it has 13 departments, occupies 400 acres and employs 10,000 workers and 1,777 technicians.

**Not Mistake Avoided**

When the Soviet regions were experimenting the first signs of success of building up industry, the mistake was made of opening plants officially long before they were ready to function. Kramatorsk is the only plant that has avoided this pitfall. The plant began production last year, but officials waited until it was functioning well before opening before bringing on hands, banners and speeches.

The present plant is a nucleus of what will be an even larger industrial plant. It is being built in a few years. When all the factories are completed, the area will contain every year: six blast furnaces, 30 open hearth furnaces, three blooming mills, 10 other types of rolling mills, and many other types of heavy machinery.

**Huge Steel Foundry**

The steel foundry is one of the largest departments of the factory. It occupies 25 acres of floor space and has a capacity of 45,000 tons of castings. It will be equipped with a capacity of 25,000 tons of the new machine building plant, previously the largest in the Soviet Union, and 24,000 tons for the famous Krupp plant in Essen, Germany.

The plant includes two end iron foundries. One is for casting parts up to 100 tons; the other for smaller castings up to one-half ton. These two foundries occupy 30,000 square meters of floor space.

**RACING PIGEONS ABSORB SAVANT**

HOSPON 019 One of the most fascinating and least known outdoor sports, pigeon racing has been converted to Prof. Henry Richards of the Department of Electrical Engineering at Northeastern University.

It is just beginning to enjoy the pleasure of racing his own birds after patiently breeding and crossbreeding for many months, in his efforts to obtain a suitable strain for competition.

"A man must breed his own birds," he explains, "because this type of pigeon flies only to the home where it was bred and not to any place where it might have been kept at a later date."

When the pigeon in a week old, a tiny metal band is slipped around one leg and in time the band becomes firmly seated in the flesh. This band is essential as a means of identifying birds during races, and birds cannot be traced without it.

After a month or so of flying about its coop, the young pigeon is taken to a spot about a mile from home and liberated. A week later the performance is repeated with the change doubted. This flight gradually are lengthened to 40 and 50 miles.

Distances of races vary, sometimes reaching 300 miles. Speed of racing pigeons ranges from 30 to 40 miles an hour.

**College Frosh Pay For 'Lifted' Wood**

MT. VERNON, Oct. 29 (U. P.)—Ninth graders of Kenyon college at Gambier, a few miles from here, who were arrested and jailed for two days settled the last of a debt when they paid \$5 to A. G. Snow, a farmer, for a gate removed from his farm.

Previously, they had paid \$28 to farmers for damage done in collecting wood for the college's annual homecoming bonfire.

**Town Crimeless**

EASTMAN, Mass. (U. P.)—Eastman, Cape Cod's crimeless town, boasts of being a crimeless community. There hasn't been an arrest here during the past year. The one-man police department, Constable Harvey P. Moore, had one call during the 12 months. That was to inspect a couple of automobile mudguards that had been crapped.

**GERMANS PONDER "ERSATZ" EFFORT**

Standard's Chief Topic is New Move to Seek Usage of Substitutes

BY FRED OETSCHNER

It is a little different now and into the greatest topic of discussion for the German today is "Ersatz," those substitute products so reminiscent of war days which the German government is developing to compensate for the shortage of imported raw materials.

By mammoth parade, wholesale breads and newspapers the German is being officially persuaded that the genius of German chemists and scientists will provide them with "Ersatz" products as satisfactory as the imported goods of other days.

So far the pinch of shortage is not being felt, and the well-dressed German is not alarmed. They are deeply interested in the subject of "Ersatz" however, for they are being urged to use "Ersatz" articles as bicycle and automobile tires, cloth and leather in manufacture. On an average, the price of goods already has increased by approximately 30 per cent, and rumors of a replacement of raw by artificial leather have caused a buying rush.

Many well-dressed men are wishing that they could get a warm wool overcoat abroad before the winter sets in, but even though the government is not doing the necessary foreign exchange to buy abroad. Men are flocking to their tailors to ask if there is still any hope of making their suits. Many are making their own suits, but in the majority of cases the tailors are dutifully impressing upon their clients the merits of "Ersatz" materials in which the wool is replaced by a scientific substitute made from wood.

**GERMANS PONDER "ERSATZ" EFFORT**

Standard's Chief Topic is New Move to Seek Usage of Substitutes

BY FRED OETSCHNER

It is a little different now and into the greatest topic of discussion for the German today is "Ersatz," those substitute products so reminiscent of war days which the German government is developing to compensate for the shortage of imported raw materials.

By mammoth parade, wholesale breads and newspapers the German is being officially persuaded that the genius of German chemists and scientists will provide them with "Ersatz" products as satisfactory as the imported goods of other days.

So far the pinch of shortage is not being felt, and the well-dressed German is not alarmed. They are deeply interested in the subject of "Ersatz" however, for they are being urged to use "Ersatz" articles as bicycle and automobile tires, cloth and leather in manufacture. On an average, the price of goods already has increased by approximately 30 per cent, and rumors of a replacement of raw by artificial leather have caused a buying rush.

Many well-dressed men are wishing that they could get a warm wool overcoat abroad before the winter sets in, but even though the government is not doing the necessary foreign exchange to buy abroad. Men are flocking to their tailors to ask if there is still any hope of making their suits. Many are making their own suits, but in the majority of cases the tailors are dutifully impressing upon their clients the merits of "Ersatz" materials in which the wool is replaced by a scientific substitute made from wood.

**DENVER LIVESTOCK**

DENVER, Colo., Oct. 30 (U. P.)—Cattle: \$0.50; markets steady to weakly; beef steers \$3 to \$7; cows and calves \$2 to \$6; calves \$3 to \$5; feeders and stockers \$2 to \$5; hogs \$4.25; hogs \$4.75 to \$6.25; pigs \$1 to \$2.50; sheep \$1.50 to \$2.50; lambs \$1.50 to \$2.50; goats \$1.50 to \$2.50.

**DENVER MEATS**

DENVER, Colo., Oct. 30 (U. P.)—Beef: \$1.50; pork \$1.50; lamb \$1.50; mutton \$1.50; veal \$1.50; chicken \$1.50; turkey \$1.50; duck \$1.50; geese \$1.50; ducks \$1.50; fish \$1.50; eggs \$1.50; butter \$1.50; cheese \$1.50; milk \$1.50; cream \$1.50; ice cream \$1.50; fruit \$1.50; vegetables \$1.50; nuts \$1.50; seeds \$1.50; grains \$1.50; flours \$1.50; oils \$1.50; miscellaneous \$1.50.

**Wool**

HOSTON, Oct. 30 (U. P.)—A winter interest in being shown in the finer grades of wool and similar fleeces, according to today's report of the U. S. agricultural department. On an average, the price of goods already has increased by approximately 30 per cent, and rumors of a replacement of raw by artificial leather have caused a buying rush.

Many well-dressed men are wishing that they could get a warm wool overcoat abroad before the winter sets in, but even though the government is not doing the necessary foreign exchange to buy abroad. Men are flocking to their tailors to ask if there is still any hope of making their suits. Many are making their own suits, but in the majority of cases the tailors are dutifully impressing upon their clients the merits of "Ersatz" materials in which the wool is replaced by a scientific substitute made from wood.

**Best Potato Diggers**

FORT FAIRFIELD, Mo. (U. P.)—The white race can't begin to compete with the machine when it comes to digging potatoes. A new machine, the "Best Potato Digger," is being sold by the Springfield Seed Company, Ltd. It is a small, hand-operated machine that digs potatoes as fast as a man can dig. It is made of heavy iron and is built to last. It is the best potato digger on the market today.

ROSS THUNDERS ECONOMY THEME

Governor, In Vigorous Speech, Defines Stepplan to Show Claim Is Untrue

(Continued from Page One) Republican leaders had been accused. We even paid all of their off bills for them through Democratic economy and still they don't seem satisfied.

G. O. P. 'Spending' Party "If we merely have what might happen in the future on what has occurred in the past, it is logical to say that the Republicans would have some more bills for the Democrats to pay if they were given state control again especially for the machine, which has nothing on record to show that it ever considered the needs and wishes of the people of Idaho.

"I think that is the difference in the two parties. The Democrats have the money for the people and the Republicans spend the money for them."

At Dubois Franklin Girard, secretary of state, spoke to 350 persons urging in stirring appeal, support of the entire county, state and congressional tickets.

A monster rally to be staged at Idaho Falls Wednesday night, with Ross, Clark and Girard heading the program of speeches.

ANSWERS G. O. P. DIBIGGS, Oct. 30 (Special) For the first time in history Democratic administration economy has made a surplus in the general fund, Governor Ross said at an afternoon meeting here today. He assailed Republicans for giving the people of Idaho the most extravagant administration in recollection just before he became governor.

Ross branded attempts by Republicans to show his administration expenditure as "deliberate attempt to mislead the people when they (Republicans) know their deception is untrue. If the present Democratic administration in control, why don't they produce facts for figures?"

Governor Ross said his mortgage moratorium had kept thousands of farms and ranches and homes in Idaho safe from clutches of pillaging interests from outside the state, safe from foreclosure. My lawyers told me it was constitutional to declare moratorium. I always have been more interested in welfare of Idaho people than the interests of big business."

The singing Mormon was a statute in Egypt which gave out special notes when the sun rose in the morning and as it set in the evening. After the statute was tipped over, it no longer sang.

AWARDED NOBEL MEDICINE PRIZE

Three American physicians will share the Nobel prize for medicine for 1931 as result of their discoveries in peroleous anemia research. Dividing the prize of \$40,000 will be Dr. George H. Whipple, left, dean of the medical school at Rochester, N. Y., University; Dr. William Murphy, center, and Dr. George Minot, right, both of Harvard.

Accused Slayer Can't Forgive Wife For Tragic Love Affair

BY WALTER M. BARRETT

WOODLAND, Calif., Oct. 30 (AP) Judson C. Doko cannot "find it in his heart" to forgive his wife, Helen Lester, for her ancient relationship with Lammor Hollingshead.

Doko told me that, as he awaited the opening of his trial on charges of slaying young Hollingshead, 23, University of California poet.

He expressed no bitterness, and was mild in his answer when asked if he and his wife had been reconciled. He refused to elaborate on his remark: "I can hardly find it in my heart to forgive or forget."

No Comment He would not comment on a report that his wife had visited him in jail, or that she had been subpoenaed as a witness. The fact that she was subpoenaed will exclude her from the courtroom during the trial, which began today.

"I knew about my wife's affair with Hollingshead," he said, "and I had asked them to stop seeing each other. I had hoped Helen had forgotten him until I found additional letters which showed their intimate relationship had not ceased."

Wanted Letters "Then I went to see Hollingshead, to make another attempt to end the affair. I wanted the letters she had written him, and I wanted him to stop seeing each other. I had hoped Helen had forgotten him until I found additional letters which showed their intimate relationship had not ceased."

Not Cold Blooded "But, I don't shoot him down in cold blood. He was facing me when I fired. I hadn't intended to kill him. I merely wanted to scare him into staying away from Helen."

If acquitted of the murder charge, Doko said he would return to San Francisco, where he was employed as health and dairy inspector, and try to live "this down."

"I cannot see that I committed any great crime for which I should be hanged," he said.

Accused Slayer Can't Forgive Wife For Tragic Love Affair

BY WALTER M. BARRETT

WOODLAND, Calif., Oct. 30 (AP) Judson C. Doko cannot "find it in his heart" to forgive his wife, Helen Lester, for her ancient relationship with Lammor Hollingshead.

Doko told me that, as he awaited the opening of his trial on charges of slaying young Hollingshead, 23, University of California poet.

He expressed no bitterness, and was mild in his answer when asked if he and his wife had been reconciled. He refused to elaborate on his remark: "I can hardly find it in my heart to forgive or forget."

No Comment He would not comment on a report that his wife had visited him in jail, or that she had been subpoenaed as a witness. The fact that she was subpoenaed will exclude her from the courtroom during the trial, which began today.

"I knew about my wife's affair with Hollingshead," he said, "and I had asked them to stop seeing each other. I had hoped Helen had forgotten him until I found additional letters which showed their intimate relationship had not ceased."

"I cannot see that I committed any great crime for which I should be hanged," he said.

U. S. LABOR UNIT DECREE PARLEY

Summons Leaders in Attempt To Secure Peace in Chain Grocery Dispute

(Continued from Page One) steel, boilers, electric and machinery, auto mechanics, metal trades, linemen and cutters.

Ralph A. Lind, chairman of the Cleveland regional labor board, who has sought unsuccessfully to mediate the trouble, and Arthur L. Paulsen, labor department conciliator, were also expected.

Six-Point Plan Lind has a six-point peace plan which he hopes may be the basis of composing the differences. Details of the plan have been guarded.

The labor board, without a chairman due to the resignation of Lloyd Garrison, moved into the fight after charges had been made by President William Green of the American Federation of Labor that the rights of labor under the recovery act were being transgressed by the A. & P.

STORES PICKETED MILWAUKEE, Oct. 30 (AP) Sixteen pickets paraded before six stores of the Great Atlantic & Pacific Tea company today in support of chains of meat cutters that they were discharged because of union activity.

A similar strike against the Kroger Grocery and Baking company, scheduled to start yesterday with the A. & P. walkout, was called off after a settlement was reached.

Several pickets appeared at stores of a third chain, the H. C. Shuman company, after the meat cutters and butchers union ordered enforcement of a strike against its six markets.

PLAN ROYALTY CLEVELAND, Oct. 30 (AP) State officers of the Socialist party of America announced today that the organization would take an active part in the strike at the Atlantic & Pacific Tea company here, and was preparing to boycott stores in 100 principal cities in which the company operates.

Robert Dallen, state Socialist secretary, said that Darter, national secretary of the party, had written heads of the party in the 100 cities urging them to send committees of housewives to send stores and to make picketing preparations.

Picketing has already begun in New York City, he said.

Household and personal debts in the United States have increased approximately 300 per cent since 1913.

GROCERY LABOR BATTLE BRINGS DESPAIR TO OUSTED EMPLOYEES

CLEVELAND, Oct. 30 (AP) Ralph Schuid, father of two, and a 10-year-old boy, today said of his little home today and adrift with a column of figures.

Until last Saturday, Schuid's niche in life was secure. He had a job with the Great Atlantic & Pacific Tea Co. He was shoeshine at the warehouse. His salary was not large, but on \$33 a week a man can support his family comfortably.

Used to Be Cheery The six-room house was cheery. A down-payment had been made on some new furniture. Teen beds had been bought for the youngsters. There was a ton of coal in the basement.

Ralph, Jr., 6, was to be taken downtown to buy an overcoat in view to school. A friend had given Betty Jean a new dress. A new coat for Mrs. Schuid was to be bought next pay day.

Then came disaster. Glenn had settled over the Hill home today. The A. & P. company, entangled in labor troubles, had closed down its stores and warehouses. Schuid's job would be gone as soon as all food was moved out of the warehouse to other cities.

The plight of some 2,000 employees of the big-chain grocery was outlined by \$100 a week for the warehouse checker.

"I have no idea where to look for another job," Schuid said.

"My money won't last long. After that, well, I guess we'll just have to go on charity. I can't see much better for us."

Schuid was bitter at the conclusion of circumstances which had forced him out of a job, but he held an animosity toward the company conditions as in the past. "I don't belong to a union," he said. "I don't want to belong to one. I've never even been approached to join. I was perfectly happy and satisfied in my job. The company treated us well. We had a Christmas club. When we were sick, they took care of us. We were getting better work than the NITL minimum wage."

Satisfied with Job "I don't ask anything more than to continue working under the same conditions as in the past. Unions are supposed to help the working man. Well, they haven't helped me, and they haven't helped hundreds of other A. & P. employees who are out of a job now."

Schuid had been employed by the A. & P. for 10 years. His salary was 75 cents an hour. He worked about 44 hours a week for an average weekly income of \$33.

Today at an estimated figure of \$25 for rent, \$4 for gas and light, \$10 for insurance, \$10 for groceries, \$2 for milk for the children. The figures ran on and on.

Brother Starts to Saw House in Half GREEN SPRINGS, O. (AP) When two brothers failed to agree upon division of a house they own here, one decided to "take his share." Taking a saw, he started to cut the building in two, gave it up as a bad job and then removed half the roof and siding.

Apprentices learned his story when they inspected the house to value it for sale in connection with partition proceedings filed by H. A. Ponthip. The house, valued at \$3,200 previously, was valued after inspection at \$1,800.

Pedestrian Hurt by Hit-and-Skip Dog CLEVELAND (AP) Police looked for a "hit-skip" police dog after a traffic accident in which a pedestrian was sent to Grace Hospital.

The dog's victim was Stephen Stana, 32, who received a possible fracture of the back.

The dog was standing in the street when an automobile driven by Hurley Brower, 31, approached. Frightened by the oncoming auto, the dog leaped to the curb, striking Stana and hurling him to the pavement. Brower stopped and took Stana to the hospital. The dog fled.

OPINION FAVORS EX-DRY WORKERS

Waiver by Attorney General Exempts 803 From Civil Service Exam

WASHINGTON, Oct. 30 (AP) Attorney General Homer Cummings, in an opinion made public today, held that 808 employees of the treasury alcohol tax unit must be dismissed Dec. 1 and stand competitive civil service examinations.

The opinion was made by Cummings in a second interpretation of the McCollar "rider" to the deficiency appropriation act passed last spring.

The act provided that no salary be paid after Dec. 1 to former justice department prohibition unit employees who were separated from the service between June 10 and Dec. 31, 1933.

In a first interpretation two months ago Cummings had held this would require 1,870 treasury alcohol unit employees to take civil service examinations on Dec. 1.

Example 808 Today's interpretation, however, was couched by Cummings as exempting 803 of the employees from this requirement.

The distinction was drawn between those who technically were transferred from the justice to the treasury department in 1933 without the loss of time or compensation, and those former justice department workers who were not immediately reemployed by the treasury when the transfer became effective.

The treasury department said those who must now take competitive examinations to keep their jobs included 604 former prohibition bureau investigators and about 200 clerks and other miscellaneous employees.

Cummings' ruling will be subject to review by Comptroller General James R. McCarl.

Stronger Bases in Pacific Seen Collapse of Naval Treaties Will Bring Fortifying Of U. S. Sites

WASHINGTON, Oct. 30 (AP) Fortification of Pacific naval bases is recognized here as a likely development, should naval disarmament treaties collapse.

Official comment on reports that this proposal had been pointed out to the Japanese by the U. S. delegation at the London naval convention was lacking, but the plan has been well known.

Navy officials have considered fortification of at least four strategic bases in the Pacific, and are believed ready to proceed with the plan, should the treaties go into the limbo.

Locations where the fortifications probably would be erected are: Dutch Harbor, Alaska; Pearl Harbor, Honolulu; Corroghior, in the Philippines; and the naval station at American Samoa.

WOMEN SEEKING SEATS IN HOUSE

24 Feminine Legislators Are Attempting to Win Places in Nov. 6 Vote

WASHINGTON (AP) Twenty-four women are striving for election to the next house of representatives.

Six of the seven women who met in the 73rd congress as representatives have been re-nominated. Mrs. Marian Clarke, R., N. Y., elected to succeed her husband, killed in an automobile accident voluntarily retired.

The women house members re-nominated are: Mrs. Mary T. Norton, D., N. J.; Mrs. Virginia Jenkens, D., Ind.; Mrs. Florence Kahn, R., Cal.; Mrs. Edith Nourse Rogers, R., Mass.; Mrs. Kathryn McCarthy, D., Kan.; Mrs. Isabelle Greenway, D., Ariz.

Most of the 10 other women candidates are running on Socialist or Prohibition party tickets.

PARK'S TOURIST INFLUX BOOSTED All Records Broken by 1934 Travel to Rocky Mountain U. S. Preserve

ENTERED PARK, Colo. (AP) All former records for travel to Rocky Mountain National park were broken this year when more than 360,000 persons visited the park.

The tourist trade was 25.1 per cent better than the 1933 business and a substantial increase was shown over the boom years of 1928 and 1929.

During the year, ending Sept. 30, 1934, 305,002 persons in 100,442 automobiles visited the park, Edmund B. Rogers, park superintendent, reported. The previous year 291,634 visitors in 85,622 automobiles came to the park.

New Record A new weekly record was established this year when 30,428 persons in 8,734 automobiles were counted. The record was made during the week from Aug. 11 to 17. The former record, made in 1933, was 23,501 visitors in 6,623 cars.

There was an average of 3.35 persons per automobile this year as compared with 3.44 persons per car in 1933. The Bear Lake entrance was the most popular, gateway to the park.

TIMES WANT ADS GET RESULTS

Advertisement for President Roosevelt's campaign. It features two portraits: Gov. C. Ben Ross on the left and D. Worth Clark on the right. The central text reads: 'PRESIDENT ROOSEVELT WANTS CLARK AND ROSS ELECTED NOV. 6th'. Below the portraits are two columns of text. The left column is headed 'Gov. C. Ben Ross' and contains the text: 'OUR GREAT NATIONAL LEADER IS ANXIOUS TO HAVE SYMPATHETIC HELP IN CARRYING OUT THE NATIONAL RECOVERY PROGRAM. GOVERNOR ROSS WILL HELP ROOSEVELT. HE KNOWS THE PROBLEMS OF THE PEOPLE OF IDAHO. ROSS IS FOR THE PEOPLE. HIS PRINCIPLE OF GOVERNMENT DOES NOT MEAN FAVORS FOR THE CHOSEN FEW. C. BEN ROSS SAVED IDAHO TAXPAYERS TWO MILLION DOLLARS DURING THE PAST TWO YEARS. ELECT THE ENTIRE DEMOCRATIC TICKET SO IDAHO CAN HELP ROOSEVELT.' The right column is headed 'D. Worth Clark' and contains the text: 'WORTH CLARK IS A NATIVE OF IDAHO... HE KNOWS IDAHO AND IDAHO PROBLEMS... HIS VOTE IN CONGRESS WILL ALWAYS BE CAST FOR IDAHO'S BEST INTERESTS... HE WILL SUPPORT THE PRESIDENT IN HIS EFFORTS TO BRING THE COUNTRY BACK TO A PROSPEROUS CONDITION. WORTH CLARK UNDERSTANDS THE WATER PROBLEMS OF IDAHO AND IS PLEDGED TO WORK FOR THE BUILDING OF SUPPLEMENTAL RESERVOIRS TO IMPROVE THE WATER RIGHTS OF IDAHO FARMERS. A VOTE FOR D. WORTH CLARK ON TUESDAY, NOVEMBER 6TH, IS A VOTE FOR THE BEST INTERESTS OF IDAHO.' At the bottom, a large banner reads: 'President Roosevelt Wants Clark and Ross!'.

MARY ASKS CASH REFUND IN COURT

Mrs. Pickford Books Return Of \$25,000 Investment Made in 1925

(Copyright, 1934, United Press) HOLLYWOOD, Oct. 30. (AP)—Mary Pickford hoped today to gain \$25,000 by a five-minute personal appearance in the court of Superior Judge Clement L. Shinn.

She appeared, smartly dressed in green and black, with a three-quarter length black coat and wearing a small flat black hat, to relate details of an investment in 1925 which she asks be returned to her.

The suit was brought by the Mary Pickford Co. against various investment brokers, alleging the defendants failed to carry out a promise to invest in the trusts along with Miss Pickford and her mother.

"She does not love me—It's my voice," Thus Emilio Staine, Hollywood singing master, defended out of court the \$100,000 branch of promise suit brought against him by Catherine Lowe, actress. Trial of the action was discontinued yesterday because of illness of Miss Lowe's attorney.

Joan Blondell, wife of George Barnes, cameraman, prepared today for a visit from the work, expected almost momentarily. Reservations were made at Cedars of Lebanon hospital.

Award of \$7,500 to Lope Veloz in a contract dispute with Rowland Productions, Inc., stood approved in superior court today. The original decision of a committee of the Academy of Motion Picture Arts and Sciences was contested by the employing firm, because Miss Veloz was "one day late for work."

RED CROSS UNITS OUTLINE RALLIES

Leaders Will Visit Lincoln, Blaine, Gooding, Camas Groups This Week

HAILLEY, Oct. 30 (Special)—Laying siege against the onslaught of misfortune and helplessness, District Chairman Myrtle H. Friedman of Hailley, accompanied by Clyde Baird, Idaho Red Cross representative, will visit Red Cross chapters in Blaine, Gooding, Camas and Lincoln counties Thursday and Friday of this week.

The visits will be in the nature of rallies preparatory to Idaho's 15th annual Red Cross week which starts Armistice day, Nov. 11, said Miss Friedman. Idaho's membership quota has been set at slightly less than 22,000 this year and an elaborate banner will be presented to the chapter showing (1) largest per cent of population enrolled, (2) best increase over last year's Roll Call, (3) attendance at Regional Conferences, and (4) per cent of rural membership present.

Idaho's present membership is slightly over 14,000 and every year the Red Cross renders direct assistance to many times over the number of the state's residents through its various programs in the schools, among veterans and their families, in home hygiene, nursing, first aid and fire moving disaster and emergency relief work, said Miss Friedman.

ORCHESTRA MEN IN AUTO MISHAP

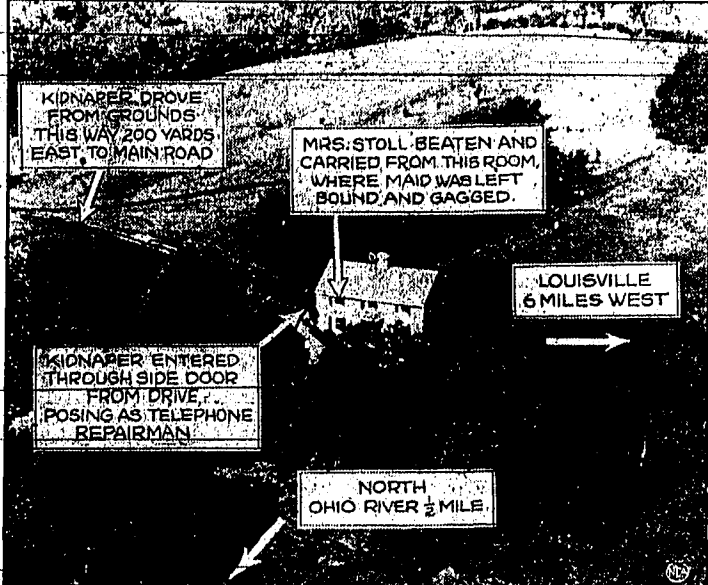

Glen Bates' Group Escapes Serious Injury as Car Overtakes

JEROME, Oct. 30 (Special)—Turning out of the road to avoid three horses near the West Perrine school house 14 miles east of Jerome last midnight, the car in which rode Glen Bates' Night Hawk orchestra, crashed down a bank, turned over and, for end, rolled sideways and finally came to rest against a fence.

All the occupants of the car escaped serious injury and managed to protect their instruments from harm. The group was returning to Twin Falls after playing at the opening dance of the Jerome Junior Decline club held last evening at the Civic club rooms. They were traveling about 60 miles an hour, they say, when they came upon the horses standing in the road.

Raymond Shaw, Jim Davis and Raymond Carr, well returning from a political meeting, brought the orchestra members back to the scene where they were waiting for the car.

SCENE OF KIDNAP THAT ENRAGED LOUISVILLE

Isolation of the estate from which Mrs. Alice Helen Stall, wife of a wealthy Louisville oil official, was abducted made the kidnaper's task easy, with telephone wires out and no other homes nearby. This picture, taken from a plane, shows the wooded nature of the region, with the Ohio river, affording countless hideouts along its shores, only a half mile away.

COLORFUL HOUSE SOLONS DEPART

Primary Defeats Eliminated Many Unusual Figures of 73rd Congress

WASHINGTON, Oct. 30.—Many of the men, who added color to the 73rd session of the house of representatives will be missing when congress convenes.

Among those who went down in pre-November contests, or retired: Francis H. Schoenaker, Minnesota Farmer-Laborite, twice arrested in Washington, once for punching a taxi driver, once for punching an apartment neighbor. D. D. Glover, D. Ark., punchy, voluble orator, known in the press gallery as "Short Lino" because of his narrow build, looked like a railroad conductor.

James Simpson, jr., R., Ill., wealthy young sportsman who brought a stable of thoroughbred horses to Washington with him. John Young Brown, D., Ky., "red" leader of the "young democrats" bloc, whose sharp clear voice always was the loudest in debate.

Carroll L. Bessy, Jr., Me., favorite opposition "batter" with a tongue lashing propensity. C. C. Dickinson, D., Mo., only Civil War veteran in congress. George Terrill, D., Tex., who voted "no" on most administration bills and "demanded congressional rubber stamping."

People in some parts of Scotland believe that the finding of a four-leaf clover denotes bad luck instead of good luck.

HANSEN UNWED MOTHERS RECEIVE SHELTER

Philadelphia Hospital Given Cure to Girls, Kindly Aid to Infants

PHILADELPHIA (AP)—There is a haven here for unmarried mothers and their babies.

Since 1884 the year of its establishment—St. Vincent's hospital, a Catholic institution, has sheltered and cared for many hundreds of unfortunate cases.

Expectant mothers are not placed on a clinic bank. They may go to the hospital for examination and stay there three months after the baby is born. The babies go to "school" and are "graduated" when they reach the age of four years. Then usually they are turned over to an orphanage.

But by the time they leave the "school" the babies have been given the needed care and attention which is found in the average home. Play periods with an abundance of sunshine are given the infants. By the time they are four, they have learned to eat their meals alone, brush their teeth, bath themselves and attend nursery classes.

The maternity qualifications of the hospital have attracted many private patients and a paying clinic also is well patronized.

The eighteenth amendment is the only one ever to have been discarded in this country; it was nullified by adoption of the twenty-first amendment.

ILLINOIS CHARTS QUIZ ON RELIEF

Governor Appoints Committee To Study Most Feasible State Methods

SPRINGFIELD, Ill. (AP)—Alarmed at the increasing expenditures required for unemployment relief in Illinois, Gov. Henry Horner has named a committee of 16 representative citizens to study the most feasible way of providing relief.

The committee is headed by Otto C. Dauping, Chicago, and will hold a series of conferences at which various proposals for handling relief and unemployment will be submitted to the general assembly, embodying recommendations of the subject.

Other members of the committee are Dr. Albert J. Gabelburg, president of Knox college; R. C. Soderstrom, Streator, president of the Illinois State Federation of Labor; Duncan C. Smith, East St. Louis, prominent welfare worker; C. V. Gregory, Chicago, publisher of "Prairie Farmer," a publication devoted to agricultural interests; Amelia Sears, Chicago; Ray Wintz, Rockford, president of the Illinois Manufacturers' association; Louis Anne (Hirschman) Alexander, Logan, Ill.; Springfield; Sol Kline, Chicago; Frank Bane, Chicago; Herbert F. Perkins, Chicago; J. E. Cronin, Chicago; and Prof. M. H. Hunter of the University of Illinois.

Study Present Relief. In announcing the appointment of the committee, Horner said he had asked the various agencies to make a study of present relief and unemployment conditions to establish the best method by which we can meet the problem.

Since Feb. 6, 1932, there has been expended in Illinois, of federal and state money, the enormous sum of more than \$170,000,000 for emergency relief to the unemployed in our state, and how long the necessity for this relief will continue it is difficult to say.

The balance of the fund derived from the state's \$30,000,000 emergency relief appropriation will be exhausted in December of this year.

The world's need for copper is doubled approximately every nine years.

Gooding

Convention Also Considers Campaign for Favorable "Raw" Statutes

Dr. and Mrs. Wesley Henry and Mr. and Mrs. Jim Williams entertained the members of Thursday club and their husbands at dinner Wednesday evening. Halloween place cards and decorations were placed on five small tables. Yellow and white chrysanthemums were used about the rooms. Contract bridge was played during the evening, with high score honors going to Mrs. Earl Holte and Weller Miller.

Mrs. Walter Turner and her son-in-law and daughter of Twin Falls came from a visit in California to attend the funeral of Mrs. Turner's brother, Ellis M. Wolfenden.

Howard Quigley, principal of the town school for the Deaf at Council Bluffs, visited at the "State school" last week. He was in a former Gooding residence. He was called to Jerome by the death of his mother.

Mr. and Mrs. Roy Holloway and son, Wayne, have returned from a trip to Ohio and Missouri and the World's fair at Chicago.

Mrs. Lela B. Malcom left Sunday for Rupert where she will be employed at Idaho's state hospital.

Three carloads of sheep totaling 758 head were shipped from Gooding Thursday by the owners, reports the office of the county agent. The shipment was billed to St. Joseph, Mo.

Charles B. Kiser, Fairfield, and Miss Gertrude Ellen Schoeber, Bagerman, were married at the courthouse Wednesday by Judge W. F. Cochran.

Miss Ruth Harnett entertained 10 couples at a Halloween party, Friday night. The evening was spent at dancing and refreshments were served at the close of the evening.

Of special interest to many Gooding persons comes the announcement of the engagement of Fred Cronwell to Miss Gertrude Evans, Gooding. Fred is a son of Dr. H. Cronwell, Gooding, and a student at the University of Idaho.

Mrs. C. C. Haynie returned Friday from Colby, Kans., and on Sunday evening Mr. and Mrs. Haynie and Gordon left for their new home in Twin Falls. Dona moved over to the Gooding college dormitory.

Remember, your Aberdeen Coal is great. Call 132 for prices.—Adv.

NUDISTS PONDER GOOSE PIMPLES

Convention Also Considers Campaign for Favorable "Raw" Statutes

MEDINA, O. (AP)—Removal of goose pimples and the enactment of legislation favorable to humankind in the raw state, were chief concerns of nudists at the International Natural Conference held near here.

R. B. Abbott, a proponent of a Cleveland newspaper, was elected president of the conference. More than 40 delegates, from nearly a dozen states, attended.

Duging much of the two-day conference, both robes had to be doctored to shut out the Ohio October chill. The 1935 convention will be held in September. It is a place to be announced later.

Dr. R. H. Craft, Phone 231, New location, Gen. Bldg.—Adv.

Maroa

Mrs. W. J. Fenwick entertained the Maroa bridge club Friday afternoon. Decorations were in the Halloween motif. A four course luncheon was served to the following guests: Mrs. J. N. Payley, Mrs. E. E. Hauge, Mrs. Rupert Tegan, Mrs. Lee Banta, Mrs. Charles Fox, Mrs. O. E. Klean, Mrs. A. E. Pond, Mrs. J. M. Jamerson, Mrs. Guy Park, Mrs. Neil McCray, Mrs. O. J. Childs and Mrs. L. H. Brown. Mrs. Klean won high score of bridge.

Mr. and Mrs. Rupert Tegan and family left Sunday to visit St. George, Utah, and California.

Mrs. P. S. Nicholson returned from a business trip to Boise, recently.

Mr. and Mrs. W. L. Karris, Los Angeles, were business visitors here last week.

Miss Laura Dugby has just closed a rather week of toil and with her family will move there soon.

Miss Louise Fenwick has returned from a trip to Boise.

SENATOR JAMES P. POPE Will Speak at the BUHL HIGH SCHOOL AUDITORIUM TONIGHT—October 30 At 8 o'clock

NOTICE The two hour parking ordinance and the double parking ordinance will be strictly enforced beginning— THURSDAY, NOVEMBER 1, 1934 and will also be enforced during week days SAM ELROD, Chief of Police.

EXTRAVAGANCE Of Democratic County Commissioners Printing Ballots: Primary Election—1934 10,000 ballots, 2-columns wide, without bids. Job handed to Twin Falls Evening Times. Cost \$628.00 General Election—1934 16,000 ballots, 5-columns wide, with bids. Awarded to Buhl Herald. Cost \$281.00 Comparative Cost per Thousand Ballots 1,000 Primary Election ballots, 2 columns wide, cost \$62.80, without bids. 1,000 General Election ballots, 5 columns wide, cost \$17.50, with bids. NOTE: Above facts obtained from the records in the office of the County Recorder in Twin Falls County. Check up these facts yourself. Why Squander Public Funds to pay Political Debts? # HOLLYWOOD 3RD AS NEWS CENTER

Demand for Information On Movie Colony Attracts Correspondents

**BY ALEXANDER KAHN**  
 HOLLYWOOD 4 P. M.—Because film fans want to know more about their favorites than they can learn from seeing them on the screen, Hollywood news ranks as the third most important news center in the United States and one of the ten main news sources in the world, an editorial tabulation just completed reveals.

Only New York and Washington top Hollywood in the volume of news sent all over the country daily. More than 250 accredited representatives of news agencies, newspapers, feature services and magazines devote their time publicizing the activities of motion picture figures.

**No Privacy.**  
 No privacy exists for film celebrities. If Charlie Chaplin goes out with a girl, "the gossipers" everywhere record the news and make Chaplin realize he is in a world where he no longer has a private life. He, sadly, understands the public will not accept him only on the screen. They want details of his romantic life, his home life, details of his amusements. And 250 sharp-eyed men and women are watching Chaplin and his fellow actors and actresses for the details so eagerly sought by a news-wrangling public.

Marlene Dietrich puts on pants sharp correspondents tell the world. Within a short period women all over the world begin wearing pants.

**Prize in Limelight**  
 Prince George of Britain serving a navy apprenticeship in Pacific waters, steals from his ship to meet a cinema actress he admires. The news correspondents know about it. Wires begin humming carrying the story all corners of the world. Prince George is called home hurriedly by royal command. Hollywood makes the headlines again.

Fakers and foreigners, princes and diplomats, boxers and vagabonds all come to Hollywood where they pass under the eyes of the 250 newsgatherers who give the story to the world.

And every day and night, year in and year out, the advance guard of the world, those ever-present reporters, keep the world informed on what's what in Hollywood.

## FILER

Mr. and Mrs. O. J. Childs and son, Winston, returned Friday from a trip to Chicago and A Century of Progress.

Girl choruses held their regular meeting Thursday, with Miss Helen McCoy, president, in charge. Miss Bonnie Williamson, chairman of the program committee, announced the following numbers: devotion, Bonnie Williamson; reading, Cheryl Yaw; song, Maurine Lute; talk, "Haystack Camp," Mickey Cane; nursery rhyme, Vivian Parker; piano selections, Mae Nicholson and Reta Reator.

Results of the elections held by the glee club of Filer rural high school are: Miss Mae Nichols, president; Miss Mickey Cane, vice president; and Miss Maurine Lute, secretary.

Mrs. Mary Shearer, Callon, Ill., who has been a guest of her sons, Ray H. and Ray Shearer, left Thursday for her home.

Mr. and Mrs. W. M. Cantlon and daughter, Atha, with Mrs. E. H. Snyder and Mrs. J. D. Brennan, attended the Boise Junior college and Albion State normal school football game at Albion Saturday. "Vic" Cantlon is a member of the Junior college football team.

Mrs. W. P. Shinn was pleasantly surprised last week when a number of neighbors gathered for a "covered-dish" luncheon. Guests were Mrs. A. E. Scholten, Mrs. F. French, Mrs. H. G. Munyon, Mrs. S. P. Ehler and Mrs. C. W. Hainline.

## Robberies Result in Sheriff's Warning

**JEROME, Oct. 30 (Special)**—A warning for property owners of Southern Idaho to keep their houses locked at night, was made by Sheriff James Davis, Jerome county sheriff, following the robbery of two residences in North Jerome early Thursday morning.

The job in both places was recently pulled by a professional party. About \$4,000 in cash, jewelry and a pair of trousers containing several key rings, were stolen when the thieves entered the Floyd Becklund residence. Though the key rings and Mr. Becklund's purse have been found, the treasure, the money, and the pants have not, Sheriff Davis reports.

A pair of trousers containing around \$4 was stolen from the D. K. Henry home the same morning. The pants were found later.

## Farmer's Daughter Comedy Fills House

**BURLEY, Oct. 30 (Special)**—Second ward L. D. S. Sunday school presented a musical comedy, "Phyllis the Farmer's Daughter," to a capacity house Thursday evening at the L. D. S. tabernacle.

Solo parts were taken by Phyllis Boynton, Duaine Bingham, James E. Cook, Iak Hoggar and Sam Bulkeley. The mixed double-act, which sang the chorus numbers, was composed of Miss Phyllis Bulkeley, Mrs. Vern, Carter, Miss Phyllis Matthews, Mrs. Clara Hunter, Mrs. George Gray, Tracy Coit, John Millard, and Charles Hymas.

Stage direction was in charge of Mrs. John U. Rencher.

## AS THROGS CLAMORED TO SEE FLOYD'S BODY

Townpeople by hundreds milled about the "Stretts" undertaking establishment at East Liverpool, O., as soon as word spread that the body of "Stretts" Floyd had been brought there. They clamored for a chance to view the body of the man whose death brought sudden sensation to the small river community.

## WAGERING ODDS FAVOR MERRIAM

**NEW YORK, Oct. 30 (U.P.)**—Wall street in offering odds of 2 to 1 against the election of Upton Sinclair, Democratic candidate for the governorship of California.

Former Governor Vic Damney of Ohio, was conceded a 3 to 1 chance for victory, as was Sen. Arthur Robinson of Indiana.

Odds of 9 to 5 to win were offered Joseph Guffey in the gubernatorial race in Pennsylvania, where he heads the Democratic ticket.

## Gooding Gets First Corn-Hog Payments

**GOODING, Oct. 30 (Special)**—The first group of checks sent out by the government on the first payment of corn-hog contracts for 1934 was received at County Agent McCombs' office. They totaled \$8,726.50, and were immediately distributed. Friday 10 more checks were received, totalling \$7,821.80.

## Mountain View

The primary room of the Shantrock school was dimmed Wednesday to enable the teacher, Miss Clara Lindsay, to go on the inspection tour of primary schools.

The tour was conducted by Mrs. M. F. Kleinkopf, county superintendent of schools.

A large crowd of people attended the farm sale of the J. A. Hughes property Thursday. Mr. and Mrs. Hughes are leaving soon to make their home in Southern California.

Mr. and Mrs. John Mason, Orange City, in an en route home visit at the H. W. Hordeman home and at Mr. and Mrs. Levi Stumma's home. They were home guests of Mr. and Mrs. J. M. Mason and family at Kimberly the past several days.

Edward and Cassie Dahlbom and Lloyd Downing arrived last week from Noomin, N. D., to visit the August and Agge De Vries families and assist in the harvesting.

Plato digging in this neighborhood is nearing completion. The yield is lighter than usual but due to the large acreage the cullars are all about filled.

N. E. Wainwright just completed a large potato cullar on his farm in this district.

## "SWEETHEART," ARABIAN PONY, WINS ACCLAIM

**RUMBLE, Oct. 30 (Special)**—"Sweetheart," a pure white Arabian pony weighing a little over a 1000 pounds trained by Miss Gwenivere Henry, her owner, has been attracting considerable attention lately. The horse does 26 different tricks including the saying of her prayers, walking a foot plank, climbing a ladder and posing in different positions, one of which is the imitation of the "horse at the end of the trail."

Miss Henry purchased the mare, which won't even saddle broken, last spring. She has exhibited "Sweetheart" at some of the fall fairs and now has an offer to enter her at the Orange show in San Bernardino, Calif., in February.

After visiting several horse shows in California recently Miss Henry says that her horse will do more tricks than any horse which will be at the exhibition. A brilliant future is expected for "Sweetheart" and Miss Henry.

My office will be closed until Nov. 15th during present construction work. Temporary office, 211 2nd Ave. North, diagonally opposite city hall, with Mrs. Mary Gillette, telephone No. 1238. H. W. Wilson, M. D.

## TEACHERS FETED BY BURLEY CLUB

**BURLEY, Oct. 30 (Special)**—An informal reception for the teachers of Burley, sponsored by the local women's club, was held Friday night in the high school gymnasium with music from Miss Louise and piano, presented by Mrs. J. E. Myers, president of the Women's club, was general chairman of the affair.

The program opened with two numbers by the high school musical group under direction of Clifford Mullikin. Address of welcome was given by Mayor K. C. Barlow and response by Supt. George E. Deming. Other numbers on the program were: Two readings, "The Mystery of the Old House," by Mrs. Chloé Galt; violin solos, Mrs. Catherine Rose, accompanied by Mrs. Maurine Del Faro; talk on "School Improvement," Lavin Law-

son, chairman of Burley school board, and two vocal solos by Francis Holyoak, accompanied by Miss Virginia Ewington.

The remainder of the evening featured a well-arranged grand march and group games and stunts. Refreshments were served during the evening. The serving table was cleverly decorated with flowers in keeping with a "Hallowe'en motif."

Mrs. Millard Leigh, Mrs. Ora Gibson and Mrs. John Hocking, presided at the refreshment table in turn. Arrangements were in charge of the following committee: Mrs. A. J. Taylor, program; Mrs. Lillie Matthews, entertainment; Mrs. Millard Leigh, refreshments; and Mrs. Henry Dezhnev, invitations and decorations.

**Deposits Grow.**  
**HONOLULU, Hawaii, Oct. 30**—Inclusive of Hawaii's swift economic growth since it became part of the United States in the fact that total bank deposits in the islands in 1931 were only \$4,000,000, compared with \$74,500,000 in 1933.

## Meanest Motorist

**MILFORD, Conn., Oct. 30**—Among the meanest motorists in the country, after striking Michael Chappell, 72, refused him aid and pushed him into the gutter and drove away. Chappell was seriously injured.

## Pony-Colt

**HAGERSTOWN, Md., Oct. 30**—A Hagerstown pony has her owner scratching his head. She recently gave birth to a colt with donkey-like ears, a dark stripe across its back and a tail like its mother. The pony is owned by J. Henry Sharar.

# "THE GREAT I AM"

This is the story that the entire Rocky Mountain region has been waiting for. It deals with the Great Divide and timber line.

By **LEWIS GRAHAM**

This is the story of a swindler who made a fortune so vast that his millions won him a position among the most respected citizens. Without honor, without illusions, without conscience, he sacrificed women and men to his lust for wealth and power. His marriage was a business deal; he drove his mistress to suicide and exploited her death as a sensation in his newspapers. Yet he won fame as a philanthropist and as a champion of morality! But life took a sinister revenge. How his life was brought to a reckoning brings the story to a terrific climax. This amazing novel, packed with startling action, is written with searing power. It will stir you to the depths. Read it!
