66 EXECUTED AS SOVIET AVENGE DEATH OF KIROV

Soviet Bolshevik Leader Gets Elaborate Funeral Rites At Lenin's Tomb.

WOMAN AMONG VICTIMS

No Charges Offered Against Government Enemies Shot By Firing Squads

BY JOSEPH H. BAIRD
(Copyright, 1934, United Press)
MOSCOW, Dec. 6 (UPI)—Soviet Kirov, veteran and well loved Bolshevik leader, was given a hero's funeral today as the bullet-torn bodies of 66 government enemies, including a woman, attested the government's determination that his assassination was not to be followed by others.

The woman was Zinovia Bulygina. She and the others were executed by being felled. They were tried in secret, before military courts without right of appeal, under the emergency "dictatorship of the proletariat"—the Red Terror—proclaimed after the assassination of Kirov. They were executed at once.

No Specific Charge
The 66 were not charged with complicity in Kirov's murder. That seemed to be the result of a personal grudge. Leonid Micolov, a former Communist official, held against Kirov.

But they died, while at Leningrad surgeons worked to save Micolov from death by a self-inflicted bullet wound and injuries inflicted by the guards who seized him after he shot Kirov. They died to express the government's determination that Micolov's act should not be a model for others, and Micolov's recovery was sought so that he might be questioned and shot off again.

Mercifully Groomed
A few hours after the shattered bodies of the 66 dropped before the rifle volleys of their executioners—37 at Leningrad and 29 here—Kirov's body was taken from its state catafalque in the hall of mirrors and cremated.

Kirov was given a Red hero's funeral. His ashes were taken to the great Red Square. Josef Stalin, Russia's ruler, Kirov's friend, co-

Navy Presses Final Despairing Hunt For Plane

HONOLULU, T. H., Dec. 6 (UPI)—A lookout in Aloha tower in Honolulu harbor today reported a floating object three miles at sea, toward the south. The coast guard vessel Tiger was sent to investigate.

BY RICHARD C. WILSON
HONOLULU, T. H., Dec. 6 (UPI)—Staking fading hopes on one last chance, the U. S. navy searched the ocean north of Honolulu today for trace of the lost monoplane Star of Australia and its crew of three.

The 48 hours set by experts as the length of time the plane can remain afloat will expire shortly.

Weary lookouts today on a score of ships pointed to the strand of mercy renewed their vigilance, hopeful of catching some sign of the missing plane and the men who came down on the ocean Monday morning.

"It looks sort of hopeless," said Commander E. Wayne Tod, in charge of the Pearl Harbor naval air base, as the search entered its third day without a trace of Capt. Charles T. P. Ulm and his companion, Leon Skilling and George Littlejohn.

"However, we will continue the hunt as long as there is a practical chance of getting them," said Capt. Ulm.

BREAK NEARS IN JUGOSLAVIA BAN ON HUNGARIANS

Mass Expulsions as Reprisal For Assassination Bring Tense Crisis

BUDAPEST RIOTS FEARED

Grave Status Heightened by Reports of Armament Increases

BY ROBERT H. BEST
(Copyright, 1934, United Press)

VIEENNA, Dec. 6 (UPI)—Mass expulsion of Hungarians from Yugoslavia as reprisal for the assassination of King Alexander brought those countries to the verge of an open break today.

By dozens, scores and hundreds, frightened groups of men, women and children, from districts to the border in arms, were sent to the Hungarian frontier, torn from their homes because Yugoslavia holds that Hungary sheltered the terrorist gang which plotted Alexander's killing.

Calis for Report

Premier Julius Goedel of Hungary announced yesterday that Foreign Minister Dr. Ottokar H. Ritter was at Belgrade home for a report.

Mounted police were dispatched to guard the Jugoslovak legation at Budapest. Extra patrols of police roamed the city, fearing mounting popular anger would lead to riots.

Reports in Belgrade, unconfirmed, said 14,000 people in all would be expelled.

PITIFUL Stories

United States diplomats from correspondents on the Jugoslovak-Hungarian frontier brought pitiful stories of the groups of frightened members of the group of frightened, wondering peasants arriving from their homes of many years the border among them native of Jugoslavia.

The League of Nations council was meeting at Geneva to consider the Jugoslovak complaint to the League that Hungary sheltered the Alexander assassin gang.

A clash between the Jugoslovak and Hungarian legations across the coast table junctions.

Four Open Break

Many diplomats here at the crossroads of Europe feared a break between Jugoslavia and Hungary.

Possibly by coincidence the grave disputes regarding the Jugoslavian-Hungarian situation were interlocked with other tellings of moves by three countries all ultimately concerned, to increase the armed strength.

Five Open Break

A clash between the Jugoslovak and Hungarian governments was reported to have decided to present identical demands to Geneva. (Continued on Page 2, Column 6)

PAINTSBVILLE, Ky., Dec. 6 (UPI)—Mrs. M. L. Price retained two lawyers today and threatened suit against the town of Paintsville, Ky., to whom she had loaned \$25,000 to pillowcase her son, Leon Skilling and George Littlejohn for refusal to work out a plan for denunciation.

"However, we will continue the hunt as long as there is a practical chance of getting them," said Capt. Ulm.

Frisco Hotel Fire Destroys Ballroom

HAN FRANCISCO, Dec. 6 (UPI)—The gold and white colonial ball room in the fashionable St. Francis hotel was destroyed by fire today. The blaze caused damage estimated at between \$100,000 and \$200,000 and routed 500 guests from smoke-filled rooms.

Los Angeles

The prisoners abided for two hours in the sitting room of the jail, two of them bound together.

Police Judge J. A. Patrick, who ordered the punishment, expressed astonishment at the fury he created.

"It seems a trivial thing," he remarked, "for everybody to get so excited about."

Tyranny of Island 'Empress' Blamed For Death of Lover

LOS ANGELES, Dec. 6 (UPI)—Two men, whose bodies were found on barrow, Malibou island a month ago, were driven to their deaths by the tyrannical orders of Baroness Elsa Boesel von Wagner Wehrborn, the "empress of the Gypsies," a radio message from the island group indicated.

Rudolph Lurans, one time favorite of the "empress," was one of the men found. Supplanted by another, he was ordered from the island, denied water and provisions, the radio message said. Embittered, he and two companions started for another island. They perished of thirst and starvation.

Such was the story recited by Capt. G. A. Hancock, Los Angeles capitalist, after he

arrived at Charles Island off the Ecuadorian coast.

His message definitely established that two bodies discovered a month ago by an American tuna fisher were those of Lurens and a Norwegian sailor known only as Nuggerud. A colony of 100 persons, with whom was not found, it was presumed he drowned.

Hancock also confirmed previous advice that the gypsiness and Robert Phillips left Charles Island last July. Their present whereabouts was not disclosed.

Hancock's terse radio message also said that on Nov. 21, a stroke proved fatal to Dr. Friedrich Ritter, German dentist, who for two years lived in the equatorial region with Frau Dona Sophie Kroepf, German

and wife, a person of an ungodly nature.

In Physics Appointed

Suit was filed in district court today by Michel K. Hockley against Fred T. Hockley, whom she married at Elko, Nev., June 11, 1931. Hockley charged cruel and inhuman treatment. C. A. Bailey, Twin Falls attorney for the plaintiff,

"It would, however, greatly prefer me to repeat an earlier statement concerning the destruction of this system of naval equality which has proved generally beneficial and which has not jeopardized the security of any nation."

By United Press

The distinction between "equality of security" and "equality of armaments" or parity, as explained by the expert diplomatic mission here, is as follows:

"Equality of security means that each power is equally able to defend itself against attack, although one power may be just as secure with navy half so large as that of another power, because of different conditions of defense."

Britain has a world-wide empire to defend. The United States has a continental empire and two oceans and continents or protectorates in both oceans. Both nations argue that Japan, with her centralized and easily-defended dominion and no far-flung possession, is secure with a much smaller navy against any attacker that must operate at a vast distance from its bases.

Grayson Ross, former Gooding college student, sang several solo's unaccompanied by Mrs. O. P. Dunnigan. Guests of the club were Mayor Dunnigan McD. Johnston, George Jackson, O. H. Colman, James Johnston and E. R. Prater.

CRIPPLE SOUGHT IN WIFE'S DEATH

Dismembered Body of Woman Found Crumpled in Blood Stained Trunk

LOS ANGELES, Dec. 6 (UPI)—John Happell, partially crippled unemployed stationery engineer, was sought today after the dismembered body of his wife, Mrs. Marie Happell, was found crumpled into a trunk last night.

Mr. Happell, 40, had been found unconscious in an open doorway of his home, which he had occupied for three days, neighbors surmised. They said she was beaten with a heavy instrument.

When Mrs. Happell had not been seen for a week, nor Happell for three days, neighbors searched the house. They found the trunk, which had bloodstains on it, covered with insulation of the bankrupt law office.

DISCARD FEARS, BUSINESS TOLD

Secretary of Commerce Urges Chiefs to Drop "Orchestrations of Waiting"

NEW YORK, Dec. 6 (UPI)—Secretary of Commerce Daniel C. Roper urged business leaders to drop "orchestrations of waiting" and unfounded fears and cooperate in six-point recovery program including a revision of NRA.

General improvement in the plant three months above "we are definitely on the road to better days," Roper told the National Association of Manufacturers.

Needs Cooperation

Now, he said, the government needs full cooperation in consolidating and revising original recovery devices as it moves into the second phase of its efforts to restore confidence and accelerate recovery.

Roper advanced this program:

1. Return federal responsibility to state and localities as soon as possible to relieve the federal government of its heavy financial burden.

Sound PWA Program

2. Plan a sound public works program that will provide projects of general utility without conflicting with private investment and private industry.

3. Devise a "practical plan" of unemployment reserved to assure safety of employees without penalizing the program.

Open foreign markets to improve trade.

4. Prepare for congressional action and recommendations looking toward preservation of features of the NRA which have proved workable but elimination of those which have not."

Release Capital

5. Release and reemployment of capital by business as soon as possible for stimulating recovery.

"The first phase of our recovery efforts has been devoted almost exclusively to problems of an imperative emergency nature. The second phase must necessarily comprehend, in a very emergency situation, what would not be needed immediately for 10 months that have elapsed since the inauguration of President Roosevelt," Roper added.

Must Be Frank

Roper said the time had come "frankly and comprehensively" to analyze the gains thus far and rectify mistakes.

He said "bitter experience" has taught the public that "one group of our people cannot be expected and must not be expected to do things without destroying the sensitive balance needed early to maintain our economic and social structure."

Spelling of agriculture, he said that which has been accomplished but that the central problem is now that of equitable prices for agricultural products that will provide a standard of living for farmers comparable to that of industrial workers. Business and industry, Roper said, cannot prosper when agriculture is depressed.

Changes Abundant

Tom C. Wolter has commented for divorce from Madelyn V. Wolter, to whom he was married at Elko, Nev., Aug. 28, 1933. He says also deserved her home 1½ years, a year after his former marriage, and the couple, and that she restored to him the name of Madelyn V. Hamaker, J. W. Porter and E. L. Raynor are attorneys for the plaintiff.

Hope Extended

Jacqueline Waddell, 18, son of Mr. and Mrs. H. G. Waddell, had regained consciousness today to the extent that he can talk and answer questions, his physician reports. Unseen infection sets in considerable hope is extended for his recovery. The youth was injured in an automobile accident which took the life of his brother, Floyd, at Five Points corner Nov. 26.

Five Damages Store

An early-morning blaze damaged the Idaho Cigar store, 238 Second avenue north, operated by Frank Eggers. It is presumed to have started from a wood and coal pile in the rear. The alarm was turned in at 3 a. m. and the department was able to prevent the spread of flames from the building which is owned by P. B. Johnson.

Injured in Wreck

John G. O'Neil received facial injuries at 8:30 p. m. yesterday when the car he was driving on the highway three and fourth miles east of here ran into a trailer, left parked on the roadway by F. A. Swain, Dau, according to report at the sheriff's office today. Swain left the trailer to return to Twin Falls to get the repairs for the trailer, and claims he left in a car in charge and built a fire to warm traffic. The O'Neil car was demolished, officer reported.

Knight Hear California

Robert A. McKinley, San Francisco, special traveling agent of the west area of the Catholic Church, gave the principal address at a reorganization meeting of Knights of Columbus held evening at the Old Fellows hall. His topic was "Catholic Action in Combating Communism." Hugh A. McGuire, Dau, who had recently returned from a trip with his son, said he could not attend the meeting. The next meeting will be held at the hotel Dec. 18.

Insull Loses Plea To Escape Trial

CHICAGO, Dec. 6 (UPI)—Samuel Insull today lost a legal battle to escape going to trial in federal court on a second charge growing out of the collapse of his two-billion-dollar utility system.

Judge James H. Wilkinson overruled a demurser to an indictment charging Insull and nine others with violation of the bankruptcy laws.

When Mrs. Insull had not been seen for a week, nor Happell for three days, neighbors searched the house. They found the trunk, which had bloodstains on it, covered with insulation of the bankrupt law office.

In this officially religious country there were no prayers. Men who had fought with Khrushchev from boyhood against czarism, who had endured with him imprisonment and exile, who had formed with him the committee that arranged for his seizure of the new Russian republic by the Bolsheviks, and who had worked tirelessly for years to restore Russia to its old status as a world power, stood on the platform and eulogized him in the Bolshevik equivalent of a minster.

FATHER RECEIVES ACCOUNT OF WEDDING

An interesting account of the wedding of Lloyd Emory Edwin Hackman, San Francisco, son of Turner H. Hackman, Twin Falls, to Miss Mary Cook Macatee, daughter of Mrs. Martha Macatee, Washington, D. C., appears in the *Washington Evening Star*. Friends there sent a telegram to Mr. Hackman, who was prevented by Mrs. Hackman from attending the event. The account in part:

The ceremony took place last evening at 8 o'clock in the Chevy Chase Presbyterian church, the Rev. J. Hillman Hollister officiating. Arrangements for the wedding were charming in detail, white chrysanthemums and palms forming an effective background.

Selected by Brother

The bride was escorted and given in marriage by her brother, Mr. Charles Augustus Macatee, 3d. She wore a gown of white satin made on simple lines, trimmed with lace, and her mother's wedding veil held by a coronet of braided tulips. Her bouquet carried an arrangement of white rose buds and blossoms of the valley.

Mrs. Theodore Pepple, Pelham Manor, N. Y., a sister of the bride, was the matron of honor, wearing a gown of satin in the new fuchsia purple shade. She wore a tulle and satin hat to match and carried yellow roses. The other attendants were Miss Lina Macatee, sister of the bride; Miss Patricia Davis, Mrs. Marion Macatee, Mrs. Charles M. McVay, Mrs. Louis Kelley, Norfolk, Va. They wore costumes like that of the matron of honor in a pale gold satin and carried arm bouquets of violets.

Powell Best Man

Mr. Milton Junior Powell, was the best man, and the usher were Lloyd Richard Channing Moore, Lieutenant Beaver DeWitt Jones, Fort Myer, Va.; Lieut. Francis Wells of this city, Lieut. Joseph Brann, Fort Scott, Calif., and Lieut. F. I. Pohl, Fort Myer, Va.

A reception was held in the home of the bride's mother for relatives, close friends and the wedding party. White flowers, with greenery were used in the home and the bride's mother wore a gown of tulip black velvet with black accessories and she had on a shoulder cluster of gardenias.

Lieutenant and Mrs. Hackman will sail from New York Dec. 14 for Panama, where they will be stationed in the Canal Zone.

GIFT SUGGESTIONS MAKE UP CLUB PROGRAM

A program for Christmas gifts featured the meeting of Country Women's club yesterday afternoon at the home of Mrs. L. M. Martin, Mrs. Lester Selford and Mrs. Lucy Clark. The program committee displayed a number of presents that were innovative and easy to make. Roll cloth responses were gift suggestions.

During the business meeting the group voted to send the customary holiday gift of ten dollars to the Children's home at Boise. Mrs. Gale Bevercomb, president, presided, and Mrs. E. G. Houston gave the Federation report. Mrs. Howard Hartman was introduced as a new member.

Refreshments, marked by miniature Santas in tray favors, were served during the social hour. Mrs. Luell Cain and Mrs. Lillian Andre were assistant hostesses. Guests were Miss Evelyn Cain and Mrs. Evelyn Andre. The next meeting will be held Dec. 10 at the home of Mrs. Radio Banks. The annual Christmas gift exchange will be conducted.

Make It Yourself

By CAROL CARR (Written for NEA Service)

Anyone who has heard the groan when father, brother or sweetheart open the inevitable Christmas gift box will find well along the solution to the most difficult of all gift problems.

The knitted or crocheted four-inch tie is about the most complete answer to the woman's gift prayer that you can imagine.

In the last three or four months knitted ties have come into widespread popularity again, after several years of relegation to the limbo of lost fashion.

Knit ties, naturally, can be made in virtually the colors that will best suit the recipient—and that's three-quarters of the battle in selecting suitable gifts.

And last, but not least, there is nothing a man appreciates so much as gifts with the personal touch of being hand-made by someone he loves.

Naturally, a tie is simple to knit. Those complications of necktie designs and fitting the elbow—so often one can neatly be made in a few hours.

The design illustrated here shows the very popular diagonal stripes that looks good with any sort of business or sports suit, when made in appropriate colors.

For only 10 cents, the instructions for making the tie will be mailed to your home.

To obtain the instructions, tear out the coupon and mail, together with 10 cents in coin, to CAROL CARR, 108 Park Avenue, New York City, in CARE OF IDAHO

EVENING TIMES. Be sure to enclose the design \$47 and mention this newspaper. Give YOUR COMPLIMENTARY address.

These directions will be sent to you without delay by return mail.

GOMEZ RANKS AT TOP AS AMERICAN LEAGUE PITCHER

COMPILED BEST RECORD IN 1934

New York Hurder's All-Around Performance Revealed by Official Averages

By LAWTON CARVER
NEW YORK, Dec. 4 (UPI)— Vernon Gomez breezed through the 1934 American League pitching department with an all-around career-making ranking, taking the heat the circuit has known.

Official averages released today credit him with the top ranking performance:

• Won most games, 28; low earned run average, 2.33; most complete games, 26; most low hit games, nine under five hits; most strikeouts, 158; most innings pitched, 302. He tied with Fred Harder of Cleveland for leadership in shut-outs, six.

Vandy Staff Best

That swift ball, one of the swiftest ever, held the string-beanish Cantillon's descent down to five and put the Yankees' pitching staff at what it was.

New York pitchers allowed the fewest hits and runs, struck out most batters and had the lowest earned run average, 3.75. Detroit was next, 4.00, and Cleveland third, 4.28.

Bridges Second
Tommy Bridges of Detroit ranked second in strikeouts. He fanned 161. Lynwood "Bishop" Howe, a teammate, and Charlie Hufung of the Yankees tied for third, with 149 each.

The school boy was, second only to Gomez through the season other than Gomez who dropped below three in the earned run averages. The Indian curve-baller resolved next to Gomez, with 2.61.

Opens Dec. 1

Iowa will open with a warm-up game against Hamline, Dec. 1; will meet Carleton here, Dec. 10; Pittsburgh, Dec. 15; Nebraska at Lincoln, Dec. 20; Stanford here, Dec. 29, and Iowa State at Ames, Jan. 1, before embarking on a schedule of 16 big ten games. Iowa State here, Jan. 5; Chicago here, Jan. 7; Northwestern at Evanston, Jan. 12; Minnesota at Minneapolis, Jan. 14; Indiana here, Jan. 19; Minnesota here, Feb. 2; Ohio State at Columbus, Feb. 9; Indiana at Indianapolis, Feb. 11; Michigan here, Feb. 16; Chicago at Chicago, Feb. 23; Michigan at Ann Arbor, Feb. 28; and the regular home March 4. Minnesota Iowa will meet Drake at Des Moines, Jan. 28, in a non-conference affair.

Hart will graduate, the Iowa basketball squad will be built around three stellar players of last year.

Iowa thrilled the conference last season by giving Purdie its only defeat by a margin of its own. That last Purdie game, the Hawkeyes City and drivers another name by one point at Minnesota for the Iowa team only two losses of the season.

LARGE TURNOUT GREETED BY BASKETBALL TEAM

As Caldwell School Turns To Canasta Drills

CALDWELL, Dec. 6 (Special)—The C. of 1. Coyotes received the call for regular varsity basketball practice from Coach Lyle Green. A large turnout greeted Coach Lyle Green because when started taking his team to the court and on other trips to meet good teams.

Some of the lettermen from last year are Swan, Blahnik, McKeynolds, Thompson, Farn, Boyd, and Hayman. Some new men who will be prominent on the canasta touring floor are Jerry Freeman, who has played with the best canasta team in the country during the last four years; Lee Casper, Norman Eason, and Jack Almon. With a good group of experienced men to build a team around Blader will be able to show opposing teams some good opposition this year.

The first game of the season will be played against the "Navy Ghosts" of St. Louis, Iowa. The "ghosts" will be the best in the prospective. Great representatives, what they do or do not know about basketball. The game will be played Tuesday evening, Dec. 18.

JOINT RECOVERY MOVES HIT SNAG

Banking and Business Help in Drive Develop Friction On Vital Issues

By LYLE C. WILSON

WASHINGTON, Dec. 6 (UPI)—Practical operation of the plan for banking and business recovery cooperation with the New Deal has developed friction over fundamental policies.

Private capital has proposed re-crafting programs the New Deal will not accept without amendment. On some issues there must be compromise in listing disagreement between business and the administration.

Co-operation Continues

Discovery of these obstacles has not stopped the co-operative movement. Reports of generally improving business sentiment are attributed in part to the desire to get private capital and the administration to pull together. It appears, however, that government will have most of the immediate advantages in any test of strength involving spending and other policies to which bankers and business object.

The bankers' true was proposed last October at the American Bankers' convention. The United States Chamber of Commerce swing in the immediately after the election. The National Association of Manufacturers offered in New York this week a "platform" agreement.

Bank Fight Possible

It remains to be seen whether banks will accept without a fight the degree of credit control President Roosevelt can implement through the federal reserve board.

Next to government control of credit, the principal dispute between government and bankers is over relief methods and costs. The bankers sought a fiscal policy.

In explaining the new conservative attitude of business generally, the American Bankers association recently said:

"It has been brought about by increasing conservatism on the part of government and by increasing realization on the part of business that something must be done."

Swing to "Left"

Some of Mr. Roosevelt's most influential advisers are pulling him away from his original interpretation of the New Deal as conservatively, if not for relief of the unemployed this winter. That is the most extensive of emergency undertakings.

The Richberg-Jones-Hopkins group, for instance, would substitute work relief for the gift or dole system. Work relief—creation of jobs—is expensive. It probably would delay budget balancing beyond July 1, 1935.

While PWA Administrator Harold Ickes was discussing work relief with Mr. Roosevelt in Washington, W. Aldrich, head of the Chase National bank, was in California stalling the bankers' argument against such federal spending. He said:

Can Balance Budget

"I submit that if we in this country concentrate on direct home relief (dole) and eliminate work relief as far as possible the budgets of the municipal, county, state and federal governments can be brought into balance."

Ickes concluded: "In Warm Springs was that the original \$300,000,000 PWA appropriation was too small to prime the recovery pump and absorb the jobless."

"We've got to have a new public works program until we do the trick," he said, explaining that as soon as private initiative can assume the burden, government will quit spending to create employment.

Objects on Power

Adlai E. Stevenson, to the power program, especially TVA. On power, credit, currency and relief, bankers and the administration are far apart. Aldrich warned that increased federal borrowing and spending would frighten capital and depress business.

The National Association of Manufacturers' recovery platform offers more numerous conflicts. Manufacturers, bankers and the administration stand together in opposition to the bonus, to a 30 percent tax cut, and on some loan issues.

The bankers were willing, in general, to accept existing financial dollar stabilization, but the manufacturers are impatient for the gold standard and a permanent monetary value. They want a new system on manufactured products, the proceeds to be shared by federal and state governments. Mr. Roosevelt once said he was "horified by a proposal that he endorse a sales tax."

Holy Pickers Start

KINSTON, N. C. (UPI)—Holy gatherers, who ship thousands of dollars worth of the bright, red berries and prickly leaves out of North Carolina each December, have begun taking stock of their annual income, and many now have been found superior to that of last year. Holy pickers complain of a lack of berries this season. Last winter, small truckloads brought from \$150 to \$175 each at Philadelphia and New York. Mistletoe is also reported less attractive this year.

A similar school still exists in Pennsylvania, where one due a year ago, but since somewhere between 100 and 150 students

SEA SERPENT'S JUST AN OLD BASKING SHARK

Just when British Columbus was all agitated over finding of a "sea serpent," a joy idler came along in the person of Biologist W. A. Clemens of Nanking, B. C., and explained the idea. He proved that the 30-foot carcass shown here at Prince Rupert, B. C., was merely a "osteichthys macrurus," otherwise known as a basking shark. The creature was described as having a sickle-shaped mandible, a head like a horse, and hide covered partly by hair and partly by spine-like quills. It had been dead for two months, as the small boys in the picture indicate by holding their noses.

ARKANSAS LOOKS TO CRIME DRIVE

Ranger Force Viewed as One of Measures to Cut Down Murder Rate

LITTLE ROCK, Ark. (UPI)—Centralization of law enforcement authority is urged by Carl E. Bailey, attorney general-elect, to take Arkansas from the top of the list where a citizen's chances of being murdered are greater than in any other state.

He would centralize that enforcement, the attorney general says. This is the same as federal office work under supervision of the United States district attorney.

"The state law enforcement problem is exactly analogous to that of the federal government," he said, "and if we are to give it the same intelligent treatment as that adopted by the national government, there would be a very marked improvement in crime conditions in this state."

A recent tabulation of the United States Bureau of Investigation, Department of Justice, placed Arkansas at the top of the murder-rate list with 117 killings per 100,000 residents during the first six months this year. The national average was 4.8.

Governor J. M. Futrell has advocated a state police organization. The Texas Ranger force, which he proposed to certain to come before the legislature when it convenes in January.

The ideas of the governor and the attorney general-elect closely coincide.

RAILROAD'S SALE WILL AID PEACE

Completion of Closing Details Will Ease Troubled Status of Soviet, Japan

By JOSEPH H. BAIRD

MOSCOW (UPI)—Sale of the Shoo-Enauer railroad by Soviet Russia to the new state of "Manchukuo," the terms of which have been virtually agreed upon, will remove one of the outstanding sources of friction in Russo-Japan relations.

At a culmination of two years of diplomatic conversations, during which the Japanese foreign office acted as an intermediary between Changchun and Moscow, the Russians have agreed to accept 140,000,000 yen for the road, or roughly 45,000,000 gold rubles. This sum is a little more than one-seventh of the road's original cost, 375,000,000.

Many Details

Although the main agreement on price has been reached, there are many details yet to be settled. For instance, the Chinese Eastern owns a number of factories and mines which are not a part of the railroad proper. "Manchukuo" also wants to buy these. Terms of payment must also be agreed upon. Therefore it may be several months before the final agreement is signed, in Tokyo.

The Chinese Eastern, cutting diagonally across Manchuria from Manchuli to Pogromchikuya, a distance of 1,481 kilometers, has played an interesting role in Russo-Chinese relations, having been constructed jointly by the Russian and Chinese at the beginning of this century as "Scout Line" from European Russia to the port of Vladivostok. By using this route trains make three days time over the longer original line which follows the course of Amur River north of Manchuria and runs entirely in Russian territory.

ACEQUIA

"Though it will take more than a few generations to produce them, future men and women will have better general health, finer teeth and be free from so-called degenerative diseases," said Dr. Hippocrates.

"This advancement will be the direct result of improved methods of obstetrics and pediatrics," he added.

Dr. Hippocrates prediction was substantiated by Dr. A. M. Menkenhaff, a baby specialist, who said that while it will take years for the improvement in the human race to show in the general population, there is no doubt that the future will bring larger and better adults.

The length of time necessary for the improvement is difficult to predict, he said. It is not known what percentage of babies are getting not only proper food but adequate exercise and correct vitamins in satisfactory proportions, Dr. Menkenhaff pointed out.

"This advancement will be the direct result of improved methods of obstetrics and pediatrics," he added.

Mr. and Mrs. Spencer Parker are the parents of a daughter born Saturday. Mrs. Parker is the mother of baby in the home of Mrs. Parker's mother, Mrs. H. G. Bunn.

Alison State normal school students returned to their school Monday after the Thanksgiving holiday. They include Mr. and Mrs. Ray Sumner, Berne Brewster, Justin Shultz, Mr. and Mrs. Everett Seaman, Alice McAllister, Margaret Constock, James Stevens and Mrs. Verna Comstock.

Mr. and Mrs. Verna Comstock and sister, Miss Margaret Comstock, were guests Sunday at a dinner in Rupert honoring Mr. and Mrs. Earl Poole, who were married at Soda Springs Dec. 1. The dinner was given at the home of Margaret Vincent.

Mr. and Mrs. A. H. Smith returned Saturday from a trip to Mountain Home, where they attended Mr. and Mrs. George Montgomery to view over the Thanksgiving holiday.

Mr. and Mrs. John Kelley and Herbert Thom returned Sunday from Rockland, where they went for the Thanksgiving vacation.

Swim to Music

NORTHAMPTON, Mass. (UPI)—The waltz tempo has a new significance at Smith college. The department of physical education has inaugurated a new method of teaching swimming. It is unique in that it uses the waltz tempo to teach stroke, according to Miss Gertrude Goss, swimming instructor.

The waltz tempo is suitable for the side stroke, breast stroke and butterfly, but the fox-trot is better for the crawl.
