## HOUSE RECEIVES BILL FOR IDAHO LIQUOR STORES

Three-Mor Commission Will Direct All Distribution Measure Provides

## HITS AT SALOONS, BARS

Provides Sales in Containers And Forbids Opening on Store Premises

**BOTSEY, Jan. 10** (UPI) — State forces for dispensing "hard" liquors were directed to all saloons and hotel bars introduced today in the house of representatives by Jack Sharp, Asst. W. J. Taylor, Jefferson.

The bill would provide for large liquor stores in large communities and small stores in small places.

The measure does not mention beer, since its sponsors have been advised that the present beer law is satisfactory to both sellers and buyers.

**Three Commissioners**

The liquor bill would have three commissioners to regulate its distribution and would require a bond of \$25,000 for each.

There are 22 specific definitions in the bill which deal with the different categories of permittees who will be licensed.

Under the new legislation, small come from the three "seasides" of the state — north, southwestern and southeastern Idaho. Employed hospital attaches reported that three children were reported

dead when rescuers arrived and the two other children died after being removed from the scene.

**Three Critically Hurt**

Some of the children were taken to the military post and given medical care. The other two critically injured were brought by ambulance to Rapid City hospital. Hospital attaches reported that the children brought here was critical.

Authorities of Meade county said the children were brought to Rapid City hospital today. Both drivers were injured but not seriously. They were taken to Fort Meade.

## 5 Children Die As Bus Hits Truck

**RAPID CITY, S. D., Jan. 10** (UPI) — Five children were killed in three other accidents in similar condition here today following an accident late yesterday in which a school bus carrying 20 children crashed into a truck.

The truck, loaded with barrels of sulphuric acid, and the school bus, which had been traveling on a narrow concrete bridge. Both the truck and the bus were crushed by the concrete enforcement of the bridge.

**"War Vets' Children**

The children, members of World War veterans' families, ranged in age from seven to fourteen, were returning to their homes after spending the day following their dental visit from school.

**The Five Dead Are:**

Douglas Kitterman, 12.

Donald Chapman, 12.

Bruno Stetler, 12.

Mervin Caudill, 13.

Tony Caudill, 13.

All were rushed to the scene of the accident from Fort Meade, a military post, and medical aid from hospital attaches reported that three children were reported

dead when rescuers arrived and the two other children died after being removed from the scene.

## HAY FROM IDAHO

Quarantine Renewed, Jan. 20 Despite Weyl's Absence, Johnson Says

**WASHINGTON, Jan. 10** (UPI) — Two more cases have been discovered by Dr. D. L. Johnson, district inspector for the state agricultural department, from F. Lee Johnson, commissioner of the department, have been added to the list of persons who have given notice that the quarantine on hay will again be put into effect on Jan. 20.

Dr. W. E. Weyl, state veterinarian, has issued a general ban on the importation of hay from Idaho.

## SENATOR LASHES MUNITIONS MEN

Bennett, Champ, Clark Term Private Manufacturing Not Essential

**WASHINGTON, Jan. 10** (UPI) — Arguments for private manufacture of munitions have been exploded by the Senate committee on munitions, headed by Senator George W. Champ, D. of Ala., a member of the investigating committee, and, today, in a caustic Senate speech, in denouncing the activities of armament makers.

Champ's address was regarded as an idealized report on practices of the munitions committees.

The Senate committee has asked for \$100,000 with which to continue its revelations of international traffic in arms.

**Pridges, Ogle**

Without definitely advocating government control of munitions, the senators' "investigation of munition makers to the effect that private manufacture is necessary to afford protection to the public" has been termed "an armament maker with urging private manufacturers for export to other employ American labor and add to our orders" he declared, adding:

"In my opinion," he said, "the investigation of your committee has exposed the fact that the armament makers, which have been ad-

## RED CROSS ASKS ENLARGED BOARD

Local Group Decides to Urge Service Clubs Select Members

Plans for "enlargement" of the board of directors of Twin Falls chapter, American Red Cross, took form at a meeting last evening in the city hall. Members will go to each service club of the city with a request that two representatives be chosen as members of the Red Cross board. This will help the organization to put on an effective program, board members said.

Reports from members of the four local junior Red Cross chapters were given to \$100 to the "enlarging fund," the proceeds of which will be used for the annual election of officers to be held Feb. 12 occupied the remainder of the evening.

**Deserter Scope**

James Hawley of the Junior High School, Lincoln High School, Washington Union High School, and the Lincoln school, and George Clegg of the theater ticket office, despatched the ticket stubs from their reports. Mrs. A. C. North, director of the junior group, augmented the scope.

The organization was especially active in carrying out its program of health, peace and community welfare, the speakers reported. Members distributed 60 Christmas busses to the needy. Each school despatched a box of supplies which brought gifts to be distributed to unfortunate children. One of the trips went to the county farm and another to the state home. Two dozen boxes, filled with scrap books and gifts were sent to children living in various islands of the Pacific.

**Makes Scrap Book**

One of the projects in holding a scrap book of history of Idaho which is to be given to junior Red Cross members in Germany in exchange for one they sent here.

A collection of 100 letters from children in French Tunis was displayed.

A contest which made regular news has been organized at each school. Students subscribe to the organization pamphlet, and when one room is unable to meet up with the others, the room which did the best is declared the winner.

Members also take care of a classmate courtesy plan to pupils who are ill.

Through efforts of Junior Red Cross members, Lincoln school pupils \$10.12 of health stamps

this year.

**BOARD PREPARES  
SCOUTS' AWARDS**

In anticipation of Boy Scout Court of Honor to be held Feb. 8 on the anniversary of the founding of the Boy Scouts of America, the board of review met and awarded state and national awards.

Glen Douset, Troop No. 61, Knoll, is to be given the organization award for having the largest number of members. Douset's award will go to Dean Brown and a start toward award to the Boy Scouts of America.

Recommendations for merit badges were made for Ivan Johnson, Troop 63; James Craft, and camping; Irving Johnson, Troop 63; Dan Rogerson, Troop 60; swimming; Elwood Boller, Troop 60; masonry and cement; and John W. H. Smith, Troop 60; first aider; and cooking; Glenn Douset, Troop 61; automobile.

Other officers of the highway district have been elected. Mr. E. L. Steward, State Auditor; J. H. Taylor, Secretary-Treasurer; J. D. Shennan, Director of Roads; Miss Ray Smith, Office Manager; Mrs. E. S. Swett, and D. M. Swett, attorney.

**HIGHWAY BOARD  
ELECTS MORGAN**

Reorganization of the Twin Falls highway district board has been completed with the election of V. E. Morgan as chairman, and W. H. Windle, who has served for the past year. The other member of the board is J. R. Hansen. Candidates for the position of president he

recommended for merit.

**RUPERT**

Rupert Grange installed F. L. Caudoux as master, M. F. Caudoux as vice master, and C. Caudoux as treasurer at a recent meeting, which followed an oyster supper. Mr. and Mrs. Roy G. Caudoux, Mr. and Mrs. C. Caudoux, and Mr. and Mrs. Lester Cullis, Mr. and Mrs. Ernest Grange, presented the installation wreath. Lester Cullis was re-elected into membership.

**RUSSELL LANE**

Mrs. J. W. White entertained the Harmony Club Wednesday afternoon with Mrs. Donald White as guest of honor. Not only did the officers were installed, and the year's program outlined. Members gave suggestions for the installation of the new officers, and the roll call responses. Officers installed were Mrs. Charles Vinyard, president, and Mrs. Pat Day, secretary-treasurer.

## BRITONS PREFER U.S. FILM STARS

American Players Rate Higher In England Than Native Screen Actors

**London**—(UPI)—British stars still are Britain's favorite movie entertainment to judge by the recent voting of 125,000 Brits.

For the third year in succession British stars led the field, according to screen poll and studies. The screen showed that the majority of British filmgoers still prefer a marked preference of Hollywood stars over their native ones.

**Arts First**—

The most popular film producer was George Arliss. He was followed, in order of preference, by Clark Gable, Wallace Beery, Oliver Brook, Robert Donat, Marlene Dietrich, and Charles Laughton.

The six favorite female stars were Norma Shearer, Marie Dressler, Greta Garbo, and Frances Marion. Dietrich and Katharine Hepburn also took a nod.

Clark Gable, who took account

place among male stars, was second on the list, followed by the whitewashed "Chester" on the other hand had dropped from fifth to nineteenth place.

Constance Bennett, No. 2 female star to No. 21, Katherine Hepburn, last place this year, did not even figure in the list.

**Cagney Unpopular**

The most unpopular stars were James Cagney and Melvyn Leventhal, who were voted last year's "most obnoxious" stars.

British filmdom fared better in this country's voting according to evidence. "Casablanca," "The Private Life of Henry VIII," "Wings," "Suspicion," "Gone With the Wind," and "Catherine the Great" were made in Britain.

Ernest Lubitsch, last year's favorite director, now is second after Gorda.

The most popular films shown in this country, according to the evidence, were "Casablanca," "Suspicion,"

"Gone With the Wind,"

"The Private Life of Henry VIII," and "Catherine the Great."

British filmdom fared better in this country's voting according to evidence. "Casablanca," "The Private Life of Henry VIII," "Wings," "Suspicion,"

"Gone With the Wind,"

"The Thin Man," and "Catherine the Great" were made in Britain.

Ernest Lubitsch, last year's favorite director, now is second after Gorda.

The majority of fans who voted admitted that they made a telecast of the results.

Some of the more youthful addicts confessed to going to the movies seven times a week. One 12-year-old boy said he saw the same picture in the same movie theater in the East End of London every afternoon.

She always paid 2s. 6d. per ticket, and picked up cigarettes before going in. Her favorite star, she said, is Greta Garbo, whom she admires because she is a movie-hater and has not been to a movie for twelve years.

**Canada Enjoys BUSINESS BOOM**

Economic Position During 1934 Shows Upward, Reaches Par With 1930

By JAMES N. CHANDLER, MONTREAL, Que., U.P.—Following 12 months of continuous betterment, Canada enters the new year with a strong upward trend above last year and on a par basis with that in 1930.

Her position is definitely improved, and the industrial and

the business and financial industries—industries anti-nationalities having reached new highs since the first quarter of 1932 and the first quarter of 1933. There are indications that conditions will improve.

Government control of business will be the principal factor in 1934, but Canada is not going to embark on any voyage of high adventure and experiment.

Canada's trade balance

—The business index for the first 10 months of 1934, as compiled by the Dominion Bureau of Statistics, shows a general upward trend over past and within 5.6 per cent of the base year 1926. High grade bond prices soared to their highest point since 1928, when they were 7.1 per cent over 1933. Common stock prices gained 27.6 per cent over 1933 and mining stock prices averaged 42.9 per cent higher.

A favorable trade balance was maintained. Through the Ottawa agreements Canada turned to the market to offset the Empire countries, which offset the loss of the United States market through restrictive tariffs and the consequent use of foreign markets. Trade agreements with other world countries enabled Canada to find a new market and interchange. Other foreign realities are nearing completion.

**Gold Output Up**

Gold production has gone up, but the price of gold and paper companies manufactured goods, automobiles, farming and building passed the recovery line. More gold increased and tax returns were larger. Wholesale prices improved and buying power was increased.

Today railways, construction and mining are weak and yet these fields, which 34 per cent of Canada's population depends upon, are showing signs of recovery.

Wheat prices are 100 per cent better although exports have been discontinued. Prices of other foodstuffs are showing improvement.

Canada was the favorite "day

of the year" in 1933.

Imports were 100 per cent

higher than exports.

Trade with the U.S. was
