## WHEELER OFFERS INFLATION ISSUE FOR RELIEF BILL

Senate Committee Inaugurates  
Move to Split Measure  
In Two Parts

F. D. R. AGAINST EFFORT

Carter Glass Vows Program  
As Emerging Without Any  
Great Impairment

**WASHINGTON, Feb. 5 (UPI)—**A revival of the inflation fight in Congress was threatened yesterday when Senator Charles K. (Long) Wheeler of Georgia proposed a move in the Senate appropriations committee to split the measure into two parts so the administration only enough money for its immediate needs in caring for destitution.

The proposal was injected in an amendment proposed by Senator Burton K. Wheeler, who wants the \$4,000,000,000 raised by income tax legislation to be used entirely to relieve the rate of 4 per cent a year.

**Winter Home Owners**  
The measure to separate the \$880,000,000 necessary for "debtors" purposes from the \$4,000,000,000 with which the administration intended to meet the emergency was defeated. Roosevelt felt that if this were done the \$4,000,000,000 measure would be caught in lengthy debate to the impairment of the relief bill.

The Senate appropriations committee, according to Chairman Carter Glass, will modify the bill to make it more effective without any great impairment to its wide powers.

**Wide Powers**  
The measure, approaching economic maladjustments, is to be stricken from the list of uses in which money may be put into the economy. It is to be limited to the relief of the poor and to the disabled.

## RICKS' COLLEGE BILL APPROVED

Idaho House Decrees \$80,000  
Maintenance; lava Springs  
Measures Passes

**BOISE, Id., Feb. 5 (UPI)—**After lengthy debate in the Senate, the bill to establish the state-supported college at Ricks Hill, approved by the House, was passed yesterday by the Senate. The bill, to be under the supervision of the department of education.

The vote on the bill was 34 to 22. The two bills, objectives were based upon "economy." The college is located at Rexburg.

While the Ricks Hill, the state-supported lava Hot Springs Foundation bill, introduced several days ago in the house, did not receive only the signature of the governor to start it off on its career of action, the bill of new bills both in the house and senate took up a great deal of the morning session and both houses received and voted on the measure to day. Today, the bill in shape as today was the last bill in which individuals can introduce. Sixty bills have been introduced in the house and senate. As many more are expected.

**VALLEY FIGHTS  
SUIT BY WIFE**

**NEW YORK, Feb. 5 (UPI)—**Rudy Vallee, who rose to fame as the "boy with the silver嗓子," came into a suit against his wife, Mrs. Alice Chapman, who has been ordered to appear in court to answer charges against her.

Another of the day's witnesses was Mrs. Anna Miller, a niece of Mrs. Anna Schoeffel, Hauptmann's widow. She said she had attended a party at the Hauptmann's home on November 20, 1935, the date Hauptmann was arrested, and that she had been present when he was taken into custody.

Calico was convicted in district court and sentenced to serve from one to ten years in prison. When a new trial was denied in state court he appealed to the supreme court and a new trial was granted.

The conviction grew out of Calico's alleged responsibility in the death of his mother, Anna, in an auto accident in August, 1934, on the state highway between Hansen and Kimberly.

Calico, represented by Attorney S. T. Chapman, attempted to show the

Graven, Washington attorney, shown left, who said he could swing large contracts if \$250,000 would be paid as a fee to a "fixer" acquaintance. Coercion in contract awards was initiated by L. R. Wilder, head of Gulf Industries, Pensacola, Fla., testified. Wilder declared his firm had failed to get business despite low bids. All three faced possible perjury quiz today under Sen. Arthur Vandenberg's move to have the U. S. district attorney examine testimony on this incident.

## DEFENSE SAYS FISCH TOOK RANSOM MONEY

### Comedy Enters Court At Hauptmann Trial

**EDMONTON, N. J., Feb. 5 (UPI)—**Edward J. Kelly, chief defendant in the Hauptmann trial, declared yesterday that today he "would prove" that the "John" who took Col. Lindbergh's ransom in 1932 was not the Bruno Hauptmann he identified.

The trial approached its farce today when Philip Morris, amateur comedian, Mervin Moore, and Mr. Douglass light across the aisle from two little children on board a train en route to the courtroom down the main hall.

Washington is still agog over the gold decision; it would be a great thing if it got to 6 to 0. The country has so much confidence in that learned rock, Foley, that it will go along with him, no matter what he says.

If everyone was just plain dumb, there wouldn't be any lawyers.

It is unlikely that there won't be any lawyers.

Kelly, his favorite impersonator of Will Rogers, told how he had "broadcast" from "Pleasant Valley" that he didn't exist, and admitted he had signed autographs as the defense star witness.

Chaiman Burton K. Wheeler before he went on the stand that he would "break" the case in two or three days.

"I am an adagio dancer," he said. Wilens asked the witness, "Rosa of Laughlin, Mo., to bring roars of laughter, and a lawyer, Justice Thomas W. Tamm, to bring tears.

The hearing would continue throughout the day, it was predicted this afternoon. Three men were on the stand, Dr. E. D. Johnson, who was on the stand this morning, "X-Ray" pictures of the state were objected to.

General services for Gaffner were conducted yesterday at Mallin, with Rev. LeRoy Walker in charge, and the cemetery at Sublette.

## Huey Invades Georgia for New Attacks

**NEW ORLEANS, Feb. 5 (UPI)—**Senator Huey P. Long, carried out "share the wealth" program in Georgia today, pausing at Atlanta to address the state legislature before proceeding on to Washington.

He said his state born with strife and rebellion. Baton Rouge was still under martial law, with militiamen patrolling the streets.

He said he had come to the anti-Long organization, which the kingfish sought to destroy through

judicial means, and to help

legislators in their anti-war

and organizing. State Oil company officials said

they had been informed

that Long's return to

Georgia was reduced to one cent.

**WILKIE ATTACK**

While a slightly off-key group of crooning girls sang "I'm a Yankee Doodle Dandy" last night, the senator launched another vitriolic attack upon President Roosevelt's administration.

He recited all of the old mo-

strum regarding "his" share of the wealth program, and would work against a decision next Monday on the

constitutionality of the

new tax laws.

The name of that man, according to the nemesis of the accused, is

"Bruno Richard Hauptmann."

The head of the Jersey state police who has never cracked his case in the three intervening years, and the only man who thus far has made Hauptmann cringe.

# MEDWICK JOINS DIZZY DEAN IN PAY BOOST DEMAND

## SLUGGER WANTS \$10,000 WAGES

Club Chiefs Refuse to Reward Ace Hitter as Holdout Despite Stand.

**BY LAWTON CARVER**  
NEW YORK, Feb. 5 (UPI)—The claim for a \$10,000 raise by the St. Louis Cardinals spread to-day from the pitchers' bid to the players' side, too. Mike Medwick, Medwick, lined up behind Dizzy Dean.

Official of the world champion players' association reported Medwick as a holdout, because no contract has been drawn up for him, but the hard-hitting left fielder said he was not right for less than \$10,000.

**Valuable Hitter**

Medwick was selected as a running hitter with the Cardinals last season with a final "average" of .310.

He also batted 18 home runs and had a grand total value of \$10,000 to the league in three-base hits, and says he figures himself almost as important to the club as Daan Veldman's \$20,000 bid for this season.

President Sam Brandon said he had not discussed the term with Medwick, but he did speak with Branch Rickey, vice president, and Manager Frankie Frisch all day and talked with him. They could not be reached.

**Rejected Frisch Argument**

Medwick rejected that Rickey and others had told him he was important, that because he had been in the league only two seasons he could not expect much more than the \$10,000 he was offered last year, generally reported as \$4,000.

"But I don't figure my time in the league has anything to do with what I'm worth," he said. "I'm one of the last world series' aces."

After a brief interview, Mr. Brandon said: "That series will take 10 to 12 days to come within one of tying the record, and I think we'll be able to do it before the 12th if Commissioner Kenesaw Mountain Landis had not removed him from the seventh game, in which he had a fine game, and after fruit and vegetables after he and Marvin Owen of the Tigers engaged in a sparring bite at third base."

**Attend League Meet**

The Cardinal bosses were busy today, however, in preparation for the meeting and will go into contract difficulties again, until they have returned home.

There was little to do much about it, then, except wait for the play-off to come to terms. The club has agreed to pay Medwick \$17,200 he agreed to accept in December. However, the dispute will not be taken up with Commissioner Landis, who is in charge of the outcome, according to Brandon.

"It's my business myself," he said.

## FIRST-CLASS-COUNTY

Whether or not Twin Falls county is to be restored to the legal classification of first class, is dependent entirely upon the action of the state legislature. Most influential in determining the outcome are, quite naturally, the members of the legislative delegation from this county.

But opposed to the alteration is Sen. T. Dan Connor, who maintains that there is no reason for changing the classification, adding that if this were done the net result would be to boost the salaries of the members of the board county commissioners from \$75 to \$125 monthly.

Numerous representative groups have gone on record favoring the change, to insure the payment of claims monthly, with the consequent earning of discounts. Petitions have been circulated by disinterested persons who maintain in addition, that any increase in monthly salary would be justified, and well within reason, to assure the commissioners being adequately compensated for looking after the manifold interests, financial and otherwise, of the county.

Senator Connor was instrumental in getting the second class status in the first place, two years ago, and quite naturally is desirous of defending the move. Such groups as Grangers and the Twin Falls County Taxpayers' league have endorsed the plan to change the classification, and their action should carry weight with the senator and representatives whose duty at Boise is to carry out the wishes of their constituents.

If any county in the state is justified in being given a first-class legal status, that county is this one, whose people generally would approve the action sought at this session.

A law is being sought in Germany to prevent hunters from telling tall tales of their adventures. Those Germans take everything so seriously.

## DICTATORSHIP AT COST OF LIBERTY

Whether it stirs you to laughter, tears, or acute boredom, Huey Long's recent clash with the "Square Dealers" of Baton Rouge was an excellent small-scale model of the typical European blood purge.

About all that it lacked was blood. Of that, luckily, there was only a trace. One citizen was wounded by buckshot, and another was badly mauled by citizens who suspected him of being a spy. The rest suffered injuries to nothing but their sensibilities.

But the affair was a sign and a portent, nevertheless. Senator Long seems to be the American model of the twentieth century dictator, and this shindig was the sort of thing that happens where dictatorships flourish.

Note the paroxysms. We had, first of all, indignant citizens who felt that they could not accomplish anything at the polls and who therefore armed and drilled in preparation for fighting. Next we had the senator ordering out troops to quell them; next a public hearing at which the senator tells about a widespread plot to assassinate him.

The thing had an odor of comic opera, to be sure, but it followed the blueprints of the real thing, and it leaves one with an uncomfortable feeling that next time it may go whole hog and end up with shooting. It was just a little too life-like to be really funny.

What is happening, obviously, is that in this one state American liberties as we have known them are giving way to one-man rule, which is bolstered up just as one-man rule in Italy and Germany is bolstered. The Huey Long model of Fascism is running an ominous parallel with the Mussolini and Hitler models.

Now it is argued, in defense of all this, that Senator Long was preceded by an unscrupulous and overbearing political machine, so that he is really accomplishing much for the plain people of his state even while he takes their civil liberties away from them.

But even if we grant, for the sake of argument, that all of this is true, there is one more fact to remember:

This is precisely the excuse that dictators everywhere give for their acts. Mussolini, Hitler, Lenin—they all knew that tale by heart, and chanted it in season and out of season. The lesson ought to be clear.

By surrendering its liberties to gain relief from a bad situation, a people is apt to get a great deal more than it bargains for. It is easier to set up a dictatorship than it is to knock one down.

The Baton Rouge fiasco is a disturbing sign to people who believe that liberty is the American people's most priceless possession.

This movement for single house state legislation is promising as a step toward no legislatures at all.

YET AT SPawning TIME THE SALMON TRAVELS THOUSANDS OF MILES TO REACH FRESH WATER, AND THE EEL TRAVELS THOUSANDS OF MILES TO REACH THE OCEAN.

The 180th meridian corresponds almost wholly with the International Date Line, and here every new day begins on earth. For every 180 degrees of longitude west of the line, the new day begins one hour later. But since we consistently change time zones, we find a Tuesday beginning just as a Tuesday is finishing at the 180th meridian.

## NEW DEAL UNITS ASK IERA SHIFT

Urge Administrative Posts Go Only to Those Eligible. For Relief.

All administrative and appellate positions in connection with relief work in Idaho should be given only to persons certified to be eligible by the executive committee representing the New Deal clubs of Twin Falls, according to a resolution adopted at a meeting Saturday. The committee declared the clubs represented a combined membership of more than 1,000.

Local clubs, it was agreed, are going forward to Gov. C. Ben Ross, the members of both houses in the state legislature, to P. C. Breathitt, the U.S. senator, and to the member of the U.S. House advisory board.

### Violates Spirit

The resolutions declare that the practice of "tasking men and women from positions in private industry to handle relief work in government agencies" is a violation of the spirit of the New Deal recovery program and should be discontinued, since there are many merchant and service relief rolls who are equally, if not better, qualified to fill those positions.

Four other public policies were adopted by the committee's action. It decided that a private individual or company should be allowed to profit from the sale of intoxicating liquors in Idaho, and that all sales of beer, wine and malt liquor be under state supervision. Opposition was made to sale of beer with meals in hotel and cafes, and also to the use of taxes and profits from the sale of liquor should be used for the payment of old age pensions or relief purposes.

### Want State Insurance

A state agency to provide health, accident and life insurance for the citizens of Idaho was endorsed with the added statement that "private individuals should not be permitted to profit from the sale of human beings as has been the case with insurance companies during the depression."

"We are opposed to permitting the private corporations—a monopoly of the corporations—and all of electric power, gas, water, municipal ownership and operation of power and light plants. If private corporations are permitted to continue their present practices, we are required to do so without franchise or favors and to compete with one another and with other private business enterprises."

**Government Ownership**

We favor government ownership of natural resources, and believe the government shall have control over all natural resources. We believe in past development of natural resources by private corporations for profit has been wasteful and destructive, and that every state government must assume control over such resources.
