U. S. Conference of Mayors Gives Endorsement for Roosevelt Plan

(Continued From Page One)
after 24 minutes the formally successful political gathering.
Obstacles to third party success are almost insurmountable, regardless of the leader, but they are important when they draw important support from either major party.

It is becoming increasingly evident that Republican hostility to Roosevelt's plan is not only a political matter, but a personal one.

Will Bell in 1936
If the third party movement with it, he will hold the 1936 convention and nominate himself in 1936. He is not a man who might be neither surprised nor disappointed. Theodore Roosevelt played a part in the third party movement with it, he will hold the 1936 convention and nominate himself in 1936.

Current New Deal troubles arise from two sources. One is the conservative element in the party, which is not only a political matter, but a personal one. The other is the radical element, which is not only a political matter, but a personal one.

Radical-Conservative
Radicals rally to Long and Senator Burton K. Wheeler, D. Mont., the Progressive party presidential nominee in 1924. Around Senator Carter, D. Nev., and Senator Thomas P. Gore, Republican, are the conservative element.

Second only to the dimming of New Deal prestige in congress is the significance of Long's nomination. Long is an avowed ally of the conservative element in the party.

REVISED LIQUOR BILLS PRESENTED

State Store Plan Retained In Measure to Enact Earlier Plans

(Continued From Page One)
The revised liquor bill, introduced by Senator Newman, accented the Barry move.

Barry's action was thought to be a result of Fred Hartzog's round moving to circumvent similar action on the part of appropriation opponents, as it carried with it the sanction to curtail the present proposal so that the total would not exceed the 1933 appropriation.

Action was quick and the house adopted the motion.

Father on Relief Offers to Assume Hauptmann Place

TRENTON, N. J., Feb. 25 (U.P.)—Governor Harold G. Hoffman today received a letter from a Brooklyn war veteran offering to take Bruno Richard Hauptmann's place in the electric chair if the condemned murderer of the Lindbergh baby will pay \$50,000.

The letter purported to come from Stanley Prystup, FERA worker of Brooklyn.

The letter explained that Prystup desired the money to provide for his 14-year-old son and 12-year-old daughter.

HAPPINESS
a Habit

Wouldn't you like to step up the amount of enjoyment you get from life? The knack of keeping fit is largely a matter of regular habits. Your happiness may be hampered by common constipation due to insufficient "bulk" in your meals.

Did you know that your grocer has a natural cereal food which corrects this condition? Kellogg's All-Bran, eaten regularly, supplies generous "bulk." Also vitamin B and iron.

The "bulk" in ALL-BRAN is gentle and safe for normal individuals. More effective than the "bulk" in leafy vegetables, as it does not break down within the body.

Two tablespoons daily are usually sufficient. Chronic cases, with each meal. If not relieved this way, see your doctor.

Isn't this natural food much better than taking patent medicines? Serve it as a cereal with milk or cream, or use in cooking. Get Kellogg's ALL-BRAN at your grocer's.

It contains much more "bulk" than
part-bran products.

COUNTY ACTS TO RESTRICT WEEDS

Commissioners Outline Five Month Campaign Opening At First of June

Extreme measures against the spread of noxious weeds in Twin Falls county will be taken this year, according to announcement made by the county commissioners. They have issued a proclamation calling for a five-month campaign from June 1 to Nov. 1. Land owners and tenants in infested property will be called upon to take steps toward the eradication of proscribed weeds by means of "flooding, applying acids or other substances which kill plant life," whenever they occur and under no circumstances to allow these weeds to go to seed. The proclamation also made reference to the state law which requires compliance with the commissioner's order.

Canadian thistle, white top, wild morning glory or blind weed, quack grass, Russian knap-weed, purple loosestrife, and other noxious perennial night shade and horse nettle are all included in the proclamation's list of weeds to be fought.

CORN-HOG CASH RECEIVED HERE

Cheques amounting to approximately \$10,000 and representing the second payment of \$1 a head on the 1934 corn-hog allotments in this county, have been received at the office of the county extension agent and are now ready for distribution. It was stated this afternoon by Thomas Paxta, chairman of the allotment committee. The sum also includes the balance of the 15-cent-per-bushel payment on corn.

Four hundred and fifty cheques are here, and those entitled to them have been notified by card, Paxta states. He expects to receive 75 to 100 more cheques soon. Two hundred growers will not receive cheques at this time because of failure to complete their compliance statements, according to Paxta, who urges the latter to furnish the required information so their cheques may be forwarded to Washington, D. C.

WALKER LIVED HIGH IN DAYS OF AFFLUENCE

LONDON, Feb. 25 (AP)—In the days of his political and financial affluence, the luxury-loving James J. Walker—former New York mayor—summed up to court in London over two days he said he was unable to pay—maintained two establishments in New York.

One was "the old red brick home in Greenwich Village, where he expected to live until he died; the other a splendid suite in Mayfair house, which he used for his "bachelor apartments."

Extensive Wardrobe.—In those residence—he kept his wardrobe of perhaps 50 suits, 10 overcoats and "innumerable hats in addition to the "complete changes" from

morning slats to evening clothes and silk toppers, that hung in a closet at city hall.

Walker was sued, after his departure for Europe, for \$480,000 a bill for re-decorating his apartments at Mayfair house. At the same time, Hattie Carnegie, Inc., sued him for \$12,000 for clothes bought by Walker's first wife. Then Helen Cohen Inc., sued him for \$400, for clothing, including two slippers, purchased by Betty Compton, the actress whom Walker later married.

Hotel Files Suit.—The Hotel St. Francis, San Francisco added to his troubles by filing suit for \$2,070, alleged to be due for rooms and service, when Walker made his spectacular trip to the coast to plead for freedom for Tom Mooney.

Sommers, Inc., another dress house, added another \$2,141 to the list of suits, claiming Mrs. Walker had purchased gowns

and shoes to that amount without paying for them.

Walker announced, in Europe, that he thought he would have to go to work to pay all these bills, because, he left the United States "a poor man."

COUGHLIN URGES MONOPOLY LEVY

Radio Priest Advocates Taxes On Big Business to Guard "Little Fellow"

DETROIT, Feb. 25 (AP)—The National Union for Social Justice is ready to support a graduated taxation on monopolistic industry in order to preserve our national security, the Rev. Fr. Charles E. Coughlin said yesterday.

"A taxation system based upon ownership of wealth and capacity to pay would tax into submission the monopolistic and would provide tax money to maintain the government in addition to protecting the small industry."

Profit Tax.—A two per cent levy was advocated for the first million dollars of annual profit. The second million would be taxed three per cent and covered to a certain point. When a limit of ten million profit had accrued there would be levied "a profit tax so large it would prohibit profitable operation beyond that point."

"Decentralization of monopolistic industry is necessary for the preservation of small industry," Father Coughlin said. "Every law passed to prevent monopoly has contained loopholes making it inefficient for its purpose."

"Even wealth itself has become monopolistic," Father Coughlin asserted. "Wealth Monopoly asserted. 'Unless checked through taxation this monopolistic tendency will result in children of the next generation living in a state of industrialized feudalism.'"

"Monopoly of industrial power, if it increases in proportion to its increase from 1900 to 1920, will, in the next 20 years, result in 70 per cent of all corporate industrial activities being carried on by 200 concerns."

"These 200 concerns will possess half the national wealth and by 1970 will, if not stopped, own all industrial activity and all national wealth."

Capitalist wealth, should also be taxed on a graduated system, Father Coughlin said. "First, however, we shall eliminate from federal or state taxation the first \$5,000 of individual wealth."
