LEGION PRESENTS NON-PROFIT PLAN

Offers Program to Give U. S. Control Over Resources in War Time

WASHINGTON, March 14 (AP)—The American Legion, through its Commander James A. Drain, today laid before the senate military committee a program designed to take profit out of war and give the government control over private resources in wartime. "On no conception of justice," Drain said, "does the exercise of the right to restrict the liberty of monopolize the health, lessen the comfort, or take the life of a citizen justify leaving untouched any other resource."

"If you are going to use that power for war," Drain testified, "the fairest way is by direct and not by indirect means. You must have other resources—money, supplies, transportation, labor—there in every reason to make use fully and equitably available at a minimum cost."

The Legion's program, commonly known as the "universal draft," included:

1. Freezing prices at the beginning of war.
2. A subsequent adjustment of prices to go down.
3. Drafting of men between 21 and 35 under such conditions and terms as the President may establish.
4. Commandeering power.
5. Determination of material resources, industrial organizations, public or private services, of which the government requires control, and power to commandeer the same.
6. Authority to license dealers of public or private services, clearances, manufacturers, etc. These dealers are to be allowed to engage in business otherwise.
7. Determination of priorities by which orders may be filled in any public or private service, any dealer, including the transportation of the furnishing of power.
8. A penal code attaching an appropriate penalty consisting of a large fine and imprisonment for violation of any law.

LABORITE WARNS SENATE HEARING

Green Says Workers Will Be Militant If Wagner Bill Is Not Passed

WASHINGTON, March 14 (AP)—Organized labor will assume a more militant attitude unless the Wagner labor relations bill is enacted into law, "and unless it is the Wagner bill," William C. Green, president of the American Federation of Labor, warned the senate labor committee today.

Declaring collective bargaining guarantees of the national recovery act had been flouted by one-fifths of the nation's workers, Green added:

"We have counseled patience and the use of peaceful means of settlement; we have assured groups of workers that they need not go to strike to secure their legal rights."

"We have insisted and will continue to urge workers to have patience unless the Wagner bill is made law and unless it is enforced, once it becomes law."

"There is growing in the minds of the American people a bitter resentment at the position in which they find themselves and a growing conviction that only their own economic strength will avail them in their struggle against the injustice and inequalities under which they are suffering."

"We must face the consequences of a deliberate destruction of that strength."

Green said that under the recovery act workers "have found no incentive to produce, and a turn in their efforts to enter into true collective bargaining."

LIFE TERM

New collapse, Ouida Heaton, 30, said today she is showing here during a recess in the trial at Laurel, in which she was convicted of the ghastly murder of her mother, Mrs. Daisy Heaton, whose dismembered body was found near her home. Heaton, the prisoner's wheel chair are her nurse, Miss Lammundine and Miss Valandine. Her sentence was life imprisonment.

TWIN FALLS MAN WEDS BOISE GIRL

Craig Coleman, Helen Rusoco United At Attractive Home Ceremony

An attractive home wedding was solemnized this morning in the home of Mrs. Helen Rusoco, Boise, and Craig Coleman at the home of the groom's father, O. H. Coleman, city commissioner. Rev. William E. Johnson, pastor of the Methodist Episcopal church, read the ceremony.

Present at the event were close relatives and friends of the couple, including Mr. Coleman, Mr. and Mrs. William E. Coleman, Mrs. Coleman of the bride, Mr. and Mrs. Everett Rogers, Miss Lorene Rogers and Harvey Beck.

"Mrs. Coleman wears a dress of pink blue crepe trimmed with pink lace ruffie. She had a shoulder length of pink ruffie."

Mr. Coleman is accompanied with the "Log Tavern."

Mr. and Mrs. Coleman will be at home in Twin Falls the first part of the week.

Tulane Professor Will Hunt Ruins

NEW ORLEANS, (AP)—Dean Allen, of the middle American research department at Tulane university, is heading an expedition to the interior of Honduras, where the party will conduct archaeological, local and ethnological work among Maya ruins.

Old Gun Bullets Wait Prospector

BILLINGS, Mont. (AP)—There is a lead mine in Billings for some enterprising prospector.

Officials of the Yellowstone Rifle club estimate that a quarter ton of lead can be recovered from the mine.

"The targets have been used for three years and are estimated to have absorbed at every round about 20,000 rounds, totaling approximately 214 pounds of lead."

ASPIRANTS ISSUE ELECTION STAND

Sweet, London, Hedstrom Tell Platform for Municipal Voting April 2

Bert A. Sweet, candidate for mayor, and Ed London and H. H. Hedstrom, candidates for councilmen, joined today in issuing a statement to Twin Falls voters, setting forth their platforms in the campaign for election April 2.

Emphasized was a statement that "we have made no promises of any kind to any person or persons with respect to any position or any employment, and we will make none."

The trio declared that "as sincere desire to serve the city of Twin Falls, and its people," actuates their candidacies, and that "mutual respect and confidence of our own people, and that special favors should be shown to none."

Square Deal

"We propose," they state, "an administration which will be open and above-board, with a square deal to all."

Among the objectives of the candidates is one which states that "if elected we will make our selections for officers and employees of the city with a single eye to the best interests of the city, and not to pay political or individual obligations."

"We believe in and firmly think," the statement says, "we should have:

1. A clean and decent city for our home.
2. A safe city, with strict enforcement of sanitary and health laws.
3. A police force that will enforce laws fairly and impartially.
4. That the city's business interests and the interests of the city as a whole, and not for the benefit or profit of any individual or group, be given the highest consideration.

The candidates declared that "officials should cooperate diligently and continuously with all state and national agencies to the end that every possible opportunity shall be made available to those in need of relief... and that work performed on relief should be fairly and adequately paid for."

Songs-Guide Crew In Rescuing Man

COLMAR, Md. (AP)—Strains of the old Negro spiritual, "Swing Low, Sweet Chariot," came from the ground near here and led rescuers to T. Newfield, 38-year-old Negro laborer, who was buried under an avalanche of dirt while working in a ditch.

Newfield had been forced to an open pipe by the cave-in. He was unable to help to the end nearly toward the voice and soon upon his rescue, he was rushed to the hospital in critical condition.

Coal Is Salvaged Off Lake Bottom

GRANDSTONE, Mich. (AP)—Free coal for those who are ingenious enough to salvage it, from the bottom of Lake Michigan on the Gladstone waterfront has brought nearly 200 men out on the ice today in winter. Coal docks accumulated a shore site here for 40 years and at one time nearly 60,000 tons of coal were dumped in the water when the docks caught fire. Salvagers use a wire basket with a trap iron ball in its coils. One man is reported to have taken 60 tons out of the water.

Why should I pay MORE than is necessary for a good car?

Table decorations were made of green and white. The speaker of the afternoon was Mrs. Margaret Lewis. A birthday gift was received by Mrs. C. A. Bledsoe.

THALIA CLUB HOLDS SOCIAL AFFECTION

Members of the Thalia club met yesterday afternoon at the home of Mrs. Alpie DeAtley for an afternoon of pinchies. Prizes were received by Mrs. Morris Moore and Mrs. Paul Cargill. Mrs. A. E. Pickett was a guest of the group. Refreshments were served at the close of the afternoon at three small tables centered with bouquets. Plans were made for a club party to be held March 15 and the next meeting, March 27 at the home of Mrs. John Platt.

Marian Martin Pattern advertisement. Includes an illustration of a woman in a dress and text describing the pattern's features: 'EASILY MADE HOUSE FROCK', 'PATTERN 5216', 'Soft little gathers and big-colored buttons put a world of attractiveness into Marian Martin's new house dress...'.

BLIZZARD PAINTS SCENE OF BEAUTY - COSTS \$500,000

Later winter covered one of its most beautiful—but costly—masterpieces in the snow that swept the northwest, striking with great force along the west end of Lake Superior, paralyzing traffic and communication and causing damage in excess of \$500,000. Here is a typical street scene in Duluth after a full come in the March blizzard and a vessel gun sparred in the night.

MOET CLUB PLEDGES FEELING MEMPHIS

Misses Georgia O'Neil, Doris Schaefer, Mildred Brown, Lorraine Schaefer and Fern Kirkman were evening at the home of Miss Green at the MCF club luncheon Tuesday. A social hour following at the home of Mrs. Belle-Johnson. The program was presented by Miss Reynolds and Mrs. Beulah Osborn. Misses served refreshments.

WIVES HOLD REGULAR MEETING

Misses Elizabeth O'Neil, Doris Schaefer, Mildred Brown, Lorraine Schaefer and Fern Kirkman were evening at the home of Miss Green at the MCF club luncheon Tuesday. A social hour following at the home of Mrs. Belle-Johnson. The program was presented by Miss Reynolds and Mrs. Beulah Osborn. Misses served refreshments.

HEYLTON

Mr. and Mrs. Merle Douglas are the parents of a daughter born March 7. Mr. and Mrs. John Green are the parents of a son born March 13. William Webb and Jackie Toothman minister to union operations this week. Miss Lucile Wigley is very ill at her home with influenza. The Odd Fellows and Rebekahs gave a card party at the J. G. O. P. hall Monday evening. High scores for bridge going to Mrs. R. R. Held and Mr. Belmont, and low to Miss Thelma Holt and Mr. Held, while the prizes for pinchies fell to Mr. Woodell and Mr. Sinter. The proceeds went to the building fund. George P. Wyllie, who held a public sale at his farm east of town this week, has moved to Heylton to live. Mrs. Wilford Wardell, assisted by Mrs. Henson, entertained the ladies' Aid society at her home Wednesday afternoon. After the business meeting a social hour was enjoyed and daily refreshments were served.

HEYLTON

Mrs. Eva Studelcher left for her home in Panama, Calif., after visiting her parents, Mr. and Mrs. Parley Critchfield. Mr. and Mrs. Charles J. Burns and Mr. and Mrs. Pete Vlasov, Ogden, arrived Tuesday to take Mrs. Bertha Simmons to an Open House for her birthday at the home of Mrs. Fred Wilson returned home Saturday from the Twin Falls hospital, where she underwent an operation. Mrs. Askew and Mrs. Syster were in charge of the games. The business was conducted by Miss Gertrude Sampson. At the close of the afternoon refreshments were served. Mrs. Agnes Brown will cater the next meeting of the club April 10.

AUXILIARY UNITS SCAN ACTIVITIES

Presidents of Seven Groups Report at Meeting Here During Convention

Forty-nine representatives from the seven units attended the Auxiliary meeting which was held in the auxiliary room of the Loew's building following the district convention last week. Mrs. Florence Craig, Twin Falls, presided at the meeting. President of the different units reported the activities for January. Reporters and reports: Mrs. J. C. Cooper, Kimberly, district radio chairman, described the successful broadcast over station KTRR Feb. 27. Mrs. Elizabeth Coon, Rupert, district membership chairman, reported an increase in members this year compared with the same time last year.

PAUL

Stanley Waymont, who has been in the CCC camp at Idaho City the past six months, returned to Paul recently and will be employed at the P. E. Coles farm. Owing to the serious illness of Mrs. Alice, Mrs. P. E. Horn spent two days in View last week. Mrs. Joe Wheeler, Rupert, spent the past week at the home of her sister-in-law, Mrs. William Hansen. At the Emerson Ward Relief society conference Sunday afternoon a program of music, readings and plays was presented. State officers present were Mrs. Mable Watson, Mrs. Ed Warner, sergeant-at-arms, and Mrs. D. E. Hegan, pianist, all of Twin Falls. At the banquet, Mrs. J. L. Houghton, who is leaving soon for Seattle, was presented with a table.

BRIDEGROOMS WERE OLDEST

WELLFLEET, Mass. (AP)—The proverb about the early bird apparently means nothing to Wellfleet brides and bridegrooms. Town clerk, Frank A. Whitcomb reports that of the 15 couples married the past year, four bridegrooms were more than 70 and the average age of the brides and bridegrooms were 35 and 42 respectively.

COOKED FOOD SALE

The Country Women's club will have a cooked food sale Saturday, at the Independent Meat Market.

The Paris Co. advertisement. Features 'Swagger Suits' for \$9.95 to \$17.50, 'COATS' for \$7.95 to \$24.50, 'BLOUSES' for \$1.95, and 'HATS' for \$1.00 to \$4.95. Includes the text 'Match your spring costume with a coat from our winter and varied selection. You are sure to find one which will add a note of chic.' and 'A full collection of the new plastic striped and plain colors. Your blouse will give you a two-in-one costume for springtime wear.'

Lucky Strike advertisement. Features the text '...remember how I brought you two together', 'I'm your best friend I am your Lucky Strike', and 'I give you the mildest, best-tasting smoke—because I am made of center leaves only.' Includes an illustration of a woman and a pack of Lucky Strike cigarettes. At the bottom, it says 'LUCKIES USE ONLY THE CENTER LEAVES... CENTER LEAVES GIVE YOU THE MILDTEST SMOKE They Taste Better'.

COACHES NAME LINEUPS AS STATE TOURNEY OPENS

Practice Drills Point to Wealth of Star Players

With starting lineups announced by all coaches this morning, eight of the state's outstanding high school basketball teams awaited the starting whistle in the Idaho-interscholastic tournament today.

Practices were on this afternoon's slate, and two more were listed for tonight. South central Idaho entrants were on both programs, since Burley was to play at 8:30 p. m. against Emmett, and Twin Falls at 9 p. m. against Wallace.

Teams Work Out
All teams worked out in practice drills at Twin Falls gym yesterday evening. The Bruins and Grizzlies operate, both already familiar with the floor. The workouts uncovered plenty of talent, many in fact, indicated that a majority of the tournament's games should prove to be close battles with only occasional top-lined scores. Practically every outfit boasted one or more players of ability to give inexperienced spectators, with at least two youngsters lowering the six feet three and four inch level.

Spectacular Shooting
Spectacular shooting and swift passing will prove the rule on a majority of the evening-outlets. The various lineups, one-handed shots were much in evidence, promise of thrill for the crowd.

Starting Line-up for Ed Inahwah
Francis Johnston, center, and Ed Inahwah, forward, were named as the first line-up for a south central team, was to be Bill Brunton, guard, and Keith Sawyer, forward, Don Andrew at center, and Carlton Lane and Willie Mayer at guards. Ken Barrett, guard, was named to start at Willis Mainieri and Ernie Croner at forwards. Linton Fremont, center, and Graham Daven and Don Walters at guards.

Halters Starting Lineup
McCammon's Red Raiders, under David W. Thomas, were to start with Loren Larson, center, and Al Newberry, leading Harris at center, and Glen Bullock and Fred Neizer at guards. Opposing them was the

Always Dangerous
"He is always dangerous when near the basket. He shoots good high-handed left-handed and right-handed. In addition he is a splendid defense player."
The Trojan star clinched a brilliant season this week by scoring 44 points in the three-game series in which the team defeated Oregon State for the coast conference title. During the regular season Guttero scored 186 points to set a new conference record.

Perfect Attendance
Perfect attendance records announced for 1934 by the state department of public instruction show that 17 out of each 100 pupils in rural communities attended school a day of school. In the larger city districts only 11 of each 100 pupils were absent not tardy during the year.

ALURING, EH?
The Tigers of Idaho Falls, according to Coach Ronald Reed, will start Hans Hansen, center, and Beale at forwards; Keith Sundberg and Howard Pace at guards, and Roy Hunter at center.
Coach R. J. Jones' Twin Falls Bruins, stated to meet Wallace in the final game of the series will start Bill Schillman and Jesse Williams at forwards; Ray Turner at center, and Lee Lincoln and Bates at guards. Mel Ingram's Wallace Miners, who pulled in from the far-off panhandle as the last crew to work out last night, expect to start Ray Rounly and Jack Slater at forwards; Keith Sundberg, center, and John Lewis and Dave Thomas at guards.

Tiger Cage Squad
Has Scoring Edge
POCATELLO, March 14 (Special)—In the 25 contests in which the University of Idaho's basketball branch, Tigers were engaged during this past season, a total of 1,823 points were scored. Of these, 1023 were netted by the Tigers. Thus the eminently gratifying season enjoyed by the Coeur d'Alene branch athletes under Coach Guy Brink depends upon the possible 173 points or—on an average, seven points per game—which they can count over their various opponents.

By Counting Games Won and Lost
However, a more immediately impressive outcome of the season appears in favor of the Tigers. Out of the total of 25 games played by the team from the University of Idaho, southern branch, collected the laurels in no less than thirteen.

Goes to A. A. U.
ASHLAND, Ore., March 14 (AP)—Southern Oregon Normal, first of Oregon team ever to compete in the National A. A. U. tourney, was en route today to Denver, Colo., some of the 1936 tourney.

New Orleans has already prepared
New Orleans has already prepared to receive the five girls.

HERE'S FIRST 1936 OLYMPIC TEAM

First American team to be picked for the 1936 Olympic games in the municipal club from selected contestants competing in the Olympic finals at Salt Lake City. Left to right, the team members are Caspar Olm, Ansona, Matt, Rivera, Fredholm, Olsen, and Elmer Froese, Salt Lake City; Roy Mikkelsen, Auburn, Cal.; Olm and Mikkelsen were members of Uncle Sam's 1932 Olympic team.

Tournament Sidights

By the Two Gentlemen in the Third Row

Idaho Falls may have good reason to remark that the Indians in the municipal club from selected contestants competing in the Olympic finals at Salt Lake City. Left to right, the team members are Caspar Olm, Ansona, Matt, Rivera, Fredholm, Olsen, and Elmer Froese, Salt Lake City; Roy Mikkelsen, Auburn, Cal.; Olm and Mikkelsen were members of Uncle Sam's 1932 Olympic team.

With three Ken Peres youths
in the starting lineup and one in reserve, the Kulus from Gray Kamiah high school finished some remarkable ball-handling in words out yesterday. They know what to do with a basketball.

VENZKE PRIMED TO BEAT KANSAN

Has Chance for First Victory With Cunningham Running Hornbostel

By LAWTON CALVEY
NEW YORK, March 14 (AP)—Gus Venzke's determined bid to get over for victory over Glenn Cunningham will be renewed Saturday at 1:00 p. m. in the calf-wrestling match in previous competition this season.

Before another Madison Square Garden through, Cunningham will attempt to beat Chuck Hornbostel at 1:00 p. m. in the calf-wrestling match in previous competition this season.

May Have Chance
The beginning of the season Venzke has been looking at Cunningham's back, but now he has himself dropped into a spot where he may have a chance to beat the greatest miler of all time.

Tilden's Troupe Seems Lost Out in Hinterland

By HENRY McJEMORE

DAYTONA BEACH, Fla., March 14 (AP)—What has become of the Tilden band and its adventurers who, months ago, turned their backs on New York and plunged into the hinterland with the vow they'd never return until all the loose change in that vast area west of the Mississippi was theirs?

'ZEPPO' BATTLES DAMAGE ACTION

Bobor Marx Brother Gathers Attorneys to Fight Suit Asking \$223,400

(Copyright, 1925, United Press.) HOLLYWOOD, Calif., March 13.—Zepo Marx, one of the four Marx brothers, gathered his attorneys about him today and prepared to fight a suit for \$223,400 which was filed against him in superior court.

The suit was filed by Arthur S. Lyons, theatrical agent, who charged that Zepo, the well-known character actor, had filed a theatrical agency called Zepo Marx, Inc., with a view to inducing a potential screen star to disengage Lyons as agent.

Lyons demanded \$23,400 for commissions—\$6,000—plus, through losing, his client, \$100,000 for damages to his business reputation, and another \$100,000 for "punishment."

The motion picture industry is not bluffing when it says it will move to Florida. It California increases its tax bill, Louis H. Mayer told the Chamber of Commerce.

He said new studios could be built for \$10,000,000 and suggested that California look to the north here by passing legislation to keep eastern unemployed out of the state.

"Confiscatory taxes which threaten to drive the industry to Florida are the direct result of the state's unemployed flocking to the state to make in the friendly-sounding," he said.

He told the Chamber of Commerce the motionless visitor should be stopped at the border and sent back home.

George Barber, screen actor, was looking around today for a new and safe place to take his dog for a walk.

He complained to police that a woman handit stopped him and robbed him of \$35 while he was giving the hounds an airing.

Troubles of every kind seemed to be weighing on the comely shoulders of Alice White, blonde motion picture actress, today.

Allegedly burdened with marital woes, Miss White today faced a damage suit for \$30,100 in superior court.

Bob Warner, interior decorator, filed a motion picture industry, charging the actress drove an automobile through a traffic signal last April and collided with his machine. He said he suffered nervous shock and internal injuries.

Congress Today

By United Press. Continues debate on work-relief bill. Finance committee continues NIRA investigation; hears S. Clay Williams.

Millions of committee hears American Legion officials. And committee considers HOLC bill.

HOUSE. Takes up agriculture appropriation bill. Banking and currency committee continues banking bill hearings.

REPEAL WIDENS AGRICULTURAL UNITS' SCOPE. WASHINGTON, March 14.—(U.P.)—The House today passed a bill to increase the police and research functions of the department of agriculture, thereby increasing the number before the house appropriations committee.

Water G. Campbell, chief of the food and drug administration, asked for more money for the enforcement of hard liquor, beer and wine; much of it, he said, is being used for the manufacture of bootlegged liquor. It is impossible for his small force of inspectors to keep an eye on the huge industry.

Frederick D. Richey, chief of the bureau of plant industry, revealed that the government will conduct wine-making investigations with a view toward improving the marketable product. He indicated grape-growing and wine-making would be taken up on substantial home-stead projects.

IRKS CENSORS

What will be the net result of this innovation in mermaid lace, already has available on the brow of beach resorts at Atlantic City where pretty young Hawaiian girls are the view of the coming summer's startling styles.

Never venturing into a straight-cut fashion, beach police see their jobs reduced to a matter of hawkeye on the finestest pretext.

STATUTE COLLEGE, Pa. (U.P.)—America must save her soil if permanent prosperity is to be assured. H. H. Bennett, director of the soil erosion service, U. S. department of interior, told students here that ancient civilizations failed when the surface soil was lost.

"Most American soil has been tilled a very short time in comparison with Europe," Bennett said. "Yet in the area east of the Appalachians where there was no erosion when the white man took the land from the Indians, there are now 100,000 gullies 50 feet deep and a mile long; no decalcate in places that it has been abandoned."

"America has wasted its soil resources—more rapidly than any other country in the world." Wind as well as water was blamed for much of the soil erosion. Bennett recalled the dust storm which covered the Atlantic seaboard, an sweeping 300,000,000 tons of soil off the burned fields of western plains.

He said soil erosion is now fought in 32 states, but that "unless we unite and keep fighting this evil we will leave our posterity an inhospitable world with which they can do nothing."

STYLES IN HATS REVEAL VARIETY

Leading Paris Houses Present Different 1935 Trends, Writer Finds

By MARY KNIGHT. PARIS.—There is only one word that adequately describes the present hat situation, and that is "variety." It is almost impossible to say that there is a general trend in this way or that without qualifying it to the extent that, according to Agnes de Blanche of Simone or Rosa Valois, the trend is "and-so."

As far as the hats themselves are concerned they are small and light or trim and elegant, pointing all directions of the compass and both low-crowned and high-crowned. On detailed inspection, however, one finds Agnes advocating hats cut away at the apex, cut away in front and lots of cross-cutting, bringing rings to flowers such as carnations and other winter varieties and a few hyacinth, gardenias and forget-me-nots.

Bianche of Simone leans to the Directorate shape but lengthened forward with a sort of wavy-ness that is new; capello brims also have waves in them. As to brims here we find Balon, Beqral and bengali, balbantal and panache as well as the more phibic stuffs especially Colophon combined with ribbon. For trimming there are wild flowers, ears of corn and ribbon.

Rosa Valois prefers the very low crown with the trimming placed either high; brims forward and turned up at the back or side; lots of ornaments, ribbons and feathers; very few flowers.

TODAY'S FASHION TIP—Wild flowers, feathers and ribbons—favorites remaining for 1935 are from Agnes, Bianche of Simone and Rosa Valois.

'FRISCO SURE OF BUSINESS BOOM

Chamber of Commerce Points To Substantial Signs Of Uptrend

SAN FRANCISCO, (U.P.)—The sunny-sky is up in San Francisco, the Chamber of Commerce reports. The chamber found this business record:

Construction up 85 per cent over this time last year; real estate sales up 37 per cent; industrial and commercial sales up 33 per cent; industrial expansion up 41 per cent; electrical sales enterprise sales up seven per cent; retail trade up seven per cent; manufacturing payroll up 5.4 per cent; postal receipts up five per cent; manufacturing employment up 5.4 per cent; and cargo tonnage up one per cent.

CLEVELAND ACTS TO HALT BOMBS

Extra Police Posted in War Against Disorder Growing From Union Fights

CLEVELAND, (U.P.)—Armed by an increasing number of bombings growing out of labor disputes here, police Chief George J. Matowitz has ordered an extra force of detectives assigned to night duty in an effort to capture the perpetrators.

The chief's action was taken after bombings at offices of two coal companies. The explosions brought 125 number of bombings in Cleveland to 12 since Jan. 1. It was disclosed that several detectives had been directed to trace the source of dynamite used in all recent bombings.

IDAHO DEPARTMENT STORE A STEP AHEAD In The New Economy Basement

New Gold Strike Made in Alberta
EDMONTON, Ala. (U.P.)—High grade gold is being unearthed over a wide area of the new Beaverhead gold strike on the north shore of Lake Athabasca, and extensive plans for development are being laid by various company prospectors and mining experts arriving here report.

It is expected the new field will experience a greater degree of activity than the Great Bear Lake field next summer.

Prospectors reported that samples ranging from six to 10 ounces of gold per ton are being found in the new gold field.

Jobless Man Offers His Body for \$427
LANCASTER, Pa. (U.P.)—Unable to find employment, a man has inserted an advertisement in a newspaper and offered himself "for sale" for \$427—and refused to go on the sale, the ad said. "I will do anything honest. Any hospital may have my body after my death for the above figure."

PICKETERS FREE PLANT WORKERS

Longshoremen Permit Factory Employees to Leave After Impasse

CROCKFORD, Cal., March 14 (AP)—More than half of the 450 workers employed in the new California-Hawaii sugar refinery, largest of its kind in the world, were released today and permitted to leave unimpeded from the plant through picket lines of 250 striking longshoremen.

Approximately 450 plant workers, including many women, left the refinery as a result of an agreement reached by John O'Connor, attorney for the workers, and T. C. Wells, plant manager.

Peaceful Withdrawal
Workers agreed to permit picketers to withdraw from the refinery grounds, provided no attempt was made to continue plant operations. The strike was a demonstration of the plant force, excepting those remaining to do imperative maintenance work.

Some 200 workers were arrested after being imprisoned since the withdrawal began yesterday.

Shortly thereafter the refinery announced the refinery would be shut down. Duration of the shutdown was not known. Employees at outlying points were informed of the move and advised they would not be needed today.

Scenes Quiet
Preparations for closing the plant, which normally requires from 48 to 72 hours were begun by the workers remaining inside.

The scene was quiet. Sheriff John Miller anticipated little difficulty if any during the shutdown.

He informed his office that a total of nine men, three strikers and the others, had been arrested this far. He said picket lines were thinning and that only 40 remained outside the refinery, most of them unarmed and carried no clubs or other weapons, the sheriff reported.

His force, he said, included 30 state highway policemen, eight deputy sheriffs and 30 regular deputies.

O'Connor, meantime, protected use of tear gas and said he had sent to San Francisco for reserves.

MAY 1ST SET FOR CHEST PAYMENT

May 1 is the date which has been fixed by the Twin Falls Community Club for the payment of pledges made in the campaign last winter. It was determined at a meeting of the officers this week.

The request is made that all subscribers to the date set in order to save expense of collection which would be amounted to only \$137.75 in the gathering of 62,232 per cent of the more than \$1,000 fund.

The application for this response was filed and it was voted to ask participating organizations to render financial statements by April 1, and seeing their need for additional money before further appropriations are approved.

Coffin Business Booming in Ohio

GALZON, O. (AP)—Business is good at the Galion Metallic Vault company here this week. They are receiving an application with the NRA requesting a 45 days' exemption from the funeral supply laws to permit three shift operations.

The code, as it now stands, prohibits working more than two shifts of workers.

There's Something ABOUT KNITWEAR

H. B. No. 7—Authorizing the consolidation of finance to cooperate with the federal employment service. Passed, 40 to 4.
H. B. No. 11—The governor's increased inheritance tax. Passed, 51 to 4.

COURT HEARS WATER FIGHT

Suit of Edwin Damman against the Twin Falls Canal company seeking a transfer of water rights continued today before Judge A. D. Barclay in district court. Plaintiff represented by S. T. Hamilton, attorney, recited his case this forenoon.

Attorneys for the defendants are J. R. Bolwell and Harry Povey. First witnesses called by the latter were M. Koch, rancher, and Ernest Gough, ditcher.

Barclay ruling that the land for which the water is sought was not in the original Twin Falls appropriation. It is located near the canyon rim northeast of this city. The transfer was granted Aug. 14 by R. W. Fox, state commissioner of reclamation, and the case is the result of an appeal of the same company from the commissioner's order.

NRA HEAD TERMS GOALS ATTAINED

S. Olney Williams Vigorously
Defends Recovery Agency
On Job Success

WASHINGTON, March 14 (AP)—S. Olney Williams, retiring chairman of the NRA, vigorously defended the recovery agency today as having attained its primary objective—retention of employment and wages.

He testified before the senate finance committee investigating the NRA.

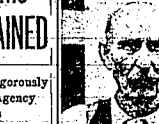

Williams cautioned the committee about its approach to the NRA, saying it appeared complicated from afar and that the fundamental which inspired the NRA, he said, was to be observed. He outlined the purpose and importance of the act. "They were not to be left out of the act," he said, "and the NRA was to be a permanent institution for the restoration of purchasing power."

There was some idea of reform which was a continuation of child labor and promotion of free collective bargaining, he added. Primarily, he said, the desire was that wages would be established at not below a fixed minimum, thereby guaranteeing the workers that wages would not be driven below a living level.

This resulted in some bad effect on the industry, he said, but was able to maintain a profit only by the margin they may take out of wages he said. These are not many, he said, and the distinction is not necessarily one between large and small industries.

"He said that to maintain wages some industries demanded the right to do away with unfair practices and that the NRA was the price fixing, the NRA's most troublesome question."

GROcery-REBEL

A "rebel" against the "King of Kentucky" and the sales tax, B. H. Davis, says, Hephworth, Ky., went to jail rather than pay the tax. He said he was arrested for taking their hard-earned pennies. When he has served his 10 days, Davis, 65, says he will continue to fight the tax. He said he would rather be a "publican," collecting the 10 per cent levy.

Held in Torture

HONOLULU, O. (AP)—Accused of burning the feet of her five-year-old son with a hot poker, Mrs. Emma Thompson, 46, was held in the Honolulu city jail today.

G. O. P. SIDETRACKS PROPAGANDA QUIZ

Republicans Block Immediate
Move for Probing Flood of
Utilities Protests

WASHINGTON, March 14 (AP)—Republicans in the senate today killed an effort for immediate passage of the NRA propaganda investigation resolution in the house.

Rep. Sam Rayburn, D. Texas, chairman of the house interstate commerce committee, is considering the Wheeler-Rayburn bill, which would "inquire" into the conduct of the resolution.

Wanda-Gale-Protests
The resolution empowers the federal trade commission to investigate the flood of mail being received by members of congress in opposition to the utility bill to determine whether or not it is "informed propaganda" which has been passed by the senate.

The resolution was passed by the house commerce committee for consideration.

Rayburn's fight for immediate consideration of the resolution came after hearing testimony before the interstate commerce committee by President Wendell Willkie of the Commonwealth and Southern corporation.

Rep. H. H. Smith, minority floor leader, said that although he would not object to immediate consideration, he believed that the proposal should go before the interstate commerce committee to receive thorough consideration before it was brought up in the house.

PERFECT HANDS

LANCASTER, Pa., March 13 (AP)—Four women were gradually recovering from polio today after reporting that each of them had been bitten by a perfect bride hand in a single shuffle.

The cards were shuffled by Vera Kuriz and dealt by Mrs. A. C. Pania. Other players were Mrs. Lester Cooper and Mrs. Charles Rankin.

Mrs. Pania had all diamonds. Mrs. Rankin had all hearts. Mrs. Cooper all clubs, and Mrs. Kuriz all spades.

Taps for Maple; Liquor Runs Out

PERRY, O. (AP)—Pussy, if you will, Elmer Sweetwater's perplexity when a truck of whisky near a spot in a rural area to drop sap on his farm near Geneva.

Scarcely trusting his senses, he walked around the tree. On the other side, he found his drill and bored through a deep cavity of the trunk.

Then he remembered a hired man he had discharged several years ago, who habitually took a jug of liquor to lighten his hours.

Save Money on Tires and get Much More MILEAGE

as low as
\$6.65*
4.40 x 21

* Prices subject to change without notice unless otherwise stated at time of levy.

• Of course, Goodrich could "skimp" on making this tire. They could cure Cavaliers from the outside only.

• In fact, Goodrich knows how important it is to make a tire tough inside as well as on the tread. That's why Cavaliers are "double-cured" — made uniformly tough all the way through. Just think of the extra mileage you'll get from this big, bulky tire. Think of the hard service you can give it. It will certainly save you money. So why buy "single-cured" tires when you can get double-cured Cavaliers for the same money? Don't miss this chance. Come in today.

UNION PACIFIC
Ask your Union Pacific Agent for full information.

The Steel Highways are ALWAYS OPEN!

No need to worry about slippery streets or threats of unseasonable storms. Regardless of the weather, the train gets you there, comfortably, safely, and on schedule.

Avoid highway hazards, delays, detours, stops for meals. Travel by train for as little as 26¢ a mile (even less for round trips) in clean, roomy, modern coaches, with porter service—cheaper than driving your own car.

And, this summer, Union Pacific through-trains will be completely air-conditioned, from coaches and sleeping cars to dining and observation cars—the utmost in cool, clean, comfortable travel.

ALL ASTRONOMERS AGREE THAT THE SPAN OF THE UNIVERSE IS AT LEAST 300,000 TRILLION MILES.

The low estimate of 300,000 trillion miles as the diameter of the universe is accepted by a few modern astronomers. Most of them agree that it is at least a million trillion. And only recently has a star cluster been measured that is a billion trillion miles away.

WALLACE URGES BOOSTED INCOME

Secretary Says Farmers Ought To Get Higher Percentage Of U. S. Money

WASHINGTON, March 14 (AP)—Secretary of Agriculture Henry A. Wallace believes the farmers' share of the national income, now about 12 1/2 per cent, should be 15 to 16 per cent, transcripts of testimony before the house appropriations committee revealed today.

First, he said, the "historic relationship" of a 15-14 per cent share should be restored and there after agriculture's contribution should be that which will bring about a continuing state of balance and not distort the judgment of the people as to essential necessities.

When the farmers' share was 15 per cent, they complied with each other for ownership of the land and imagined a market for the yield of some 70,000,000 acres, a market which ultimately was proved not to exist.

"The 'artificial property' cannot come 'until there has been a very material increase in the output of physical goods, industrial goods'."

"If in some way it were possible to turn out 50 per cent more industrial goods at a price definitely lower than the present price," the secretary testified, "the result would be to make it possible for agriculture to buy more with the agricultural dollar and there would be more factory workers to be fed in this country."

Share Cropper Problem
Wallace said the problem created in the last decade by the return to farming areas of large numbers of share croppers was not helped at all by the A. A. A. cotton-reduction plan. But the general program "in and of itself," should not be "damned for this situation," he added.

"The fundamental cause is the failure to bring in a sufficient volume of imports, Wallace continued."

"If you did not have an A. A. A. you would have a greater quantity, but you would have a lower price, say to seven cents a pound, which would not leave those tired lands or tenants any better off than they are today."

There has been "a very material improvement" in the general agricultural situation over 1932-33, but still have a long way to go and, in certain areas, the situation is fully as bad or perhaps even worse. "We should not have any feeling of complacency whatsoever," Wallace said.

IRISH PROGRAM GIVEN AT CLUB

Mrs. J. R. MacDonnell entertained members of the Blue Lakes Boulevard club yesterday afternoon at her home on Elm street. She was assisted by Mrs. Elizabeth Wright, president, pro tem, presented a St. Patrick's day program of Irish jokes and contests. Mrs. J. M. Wright won the prize after being first place with Mrs. James Vanembarck and Mrs. C. M. Perry. An account of the life of St. Patrick was given by Mrs. L. L. Lacey of the Idaho Power company, gave an instructive talk illustrated with slides and proper lighting. At the close of the afternoon delicious refreshments were served by the hostesses to 17 members.

Candidates Named By Women's Club

At a special meeting of the Twentieth Century club held yesterday afternoon at the home of Mrs. A. E. Landon preceding the meeting of the Drama and Literature department election tickets were posted.

The following members were nominated president, Mrs. H. H. Barnes and Mrs. R. L. Himmelfarb; first vice president, Mrs. E. M. Seecley and Mrs. Ruth Hatt; second vice president, Mrs. E. J. Malone; recording secretary, Mrs. J. D. Wilson and Mrs. H. H. Himmelfarb; corresponding secretary, Mrs. W. G. Sloan and Mrs. G. W. Durgeon; treasurer, Mrs. Carl G. Johnson and Mrs. E. O. Haines; auditor, Mrs. William Busker and Mrs. John Busker.

For the directors at large the following nominations were made: D. R. Churchill, Mrs. Charles H. Scott, Mrs. A. J. Penney, Jr., Mrs. P. W. McRoberts, Mrs. William Trentoway, Mrs. H. W. Carpenter, Mrs. J. W. Newton, Mrs. N. C. Giffert, Mrs. G. M. Hall, and Mrs. B. L. Price.
