PUSH DRIVE FOR LIGHT RATE CUT

Campaign to Secure Citizens Lower Bills Goes Ahead On Two Fronts

Public-Owned Projects Held As 'Big Stick' to Bring Private Slash

By RICHARD L. HARRNESS
WASHINGTON, March 25 (AP)—A general reduction in light and power rates was announced as a major goal of the new public works program.

The movement to cut monthly utility bills by government financing of municipal plants was forward on two fronts—in the office of P. W. Administrator Harold L. Ickes and various state legislatures.

As Dust Storms Sweep Across Middle West

Headlined beneath the huge storm of dust covering the field, this tractor presented a rugged problem to the Wilburton, Kan., farmer shown prepared to dig it free after the latest dust storm had passed on east. Soil fillers over a half dozen states faced the monumental task of clearing the wreckage of enormous mounds of dirt, as seven federal agencies came to their aid with a "dig anchoring" program.

Headline Seeker, Says U. of C. Alumna Acidly To First Lady of Land

BERKELEY, Calif., March 25 (AP)—Miss Martha James, University of California alumna of the class of 1911, carried her private war against the Roosevelt administration to the first lady of the land today by calling Mrs. Roosevelt a "type of deep headline seeker."

Miss James had plenty to say about the president's wife and said she did it in the same outspoken manner in which she had once called Madame Frances Perkins, secretary of labor, a "mere politician" in criticizing her selection as speaker at the university Charter day exercises.

And Miss James laid out little time in replying as acerbically as she fired the unkindly choice of the cabinet secretary in preference to Dr. Mary Woolley by one Mrs. Mary Leonard Joseph. Mrs. Leonard Joseph, chairman of the house appropriations committee, also took time to address the Charter day exercises.

"I have nothing but contempt for her (Mrs. Roosevelt), and I am sure that she is as presumptuous as usual in her assumption to say what I intend to do," she said.

Nothing she said, however, has anything to do with the "dig anchoring" program. Her position, of course, insures that when she says anything about the government she is ignored, she said.

F. O. R. OUTLINES PROGRAM BEFORE LEAVING CAPITAL

President Maps 7-Point List of Legislation Headed by Social Security

GOING ON TO WASHINGTON TO CONSIDER LEGISLATION

By FREDERICK A. STORN
ABANDON ROOSEVELT SPECIAL, EN ROUTE JACKSONVILLE, Fla., March 25 (AP)—President Roosevelt outlined his legislative program today for a two-week sojourn in Bahama waters.

Before leaving Washington he outlined to congressional leaders a legislative program on which he believes congress at least to consider before it adjourns. Legislation was not discussed in detail.

Legislation discussed in detail included:

Social Security
Social security as it relates to both workers and unemployed-insurance.

Federal elimination of utility holding company abuses.

Increased capital for the Home Owners Loan corporation.

Banking legislation to strengthen authority of the federal reserve over currency and credit.

Lightening up of pure food and drug laws.

Last Hour Parley
The president's wishes were made known in last hour conversations with Secretary of State Cordell Hull, House Speaker Joseph P. Robinson, House Minority Leader Charles P. McNary, D., Tex., chairman of the house appropriations committee.

It is not felt any particular measure in the class of requiring immediate action, he stated.

He said he has a number of bills which he would like to see passed.

Robinson said after a half hour's conversation.

Housewives War Against High Prices

LOS ANGELES, March 25 (AP)—Alarmed at mounting meat prices, Los Angeles housewives organized today in a "buy local" campaign against neighboring butchers.

Meeting of the United Conference against the High Cost of Living, 500 women last night met to establish a "buy local" campaign.

They also prepared to draft a protest to agricultural Secretary Henry Wallace against rising food costs.

Millions of women are expected to attempt to visit every housewife in the city in the drive to hammer prices back to "normal levels."

Butchers "Hoagies" Plans to picket meat markets were discussed after the conference action committee submitted a report in which butchers were accused of conspiring on a promise to support the campaign.

Both speakers declared butchers, after promising to cooperate, later did not and denounced the women as "Communists."

Officers said a mass meeting would be held at the city hall to fill with the "Hoagies" league of Chicago, a group which has been organized to picket and institute the movement on a nationwide basis.

Although the local organization is warring against all food price increases, heaviest blows were delivered against meat prices.

Nazi Oppression In Memel Offers German Opening

HITLER STRENGTHENED AT SIMON CONFERENCE

Berlin Stand Against Treaty Bolstered By Drastic Sentences

By FREDERICK C. OCHSNER
(Copyright, 1935, United Press)

BERLIN, March 25 (AP)— Adolf Hitler's diplomatic hand was strengthened in his arms today by news that four Germans of Memel territory had been sentenced to death and 82 to prison terms.

But yesterday Hitler had advanced the Memel situation as one of Germany's reasons for hating the World war treaty.

Hitler's comment from an official spokesman indicated what the impulsive Hitler must have told his cabinet.

Hitler's argument had been that the World war treaty had taken away Germany after the World war and given to Lithuania, was intolerable. It is largely German, today, sentences—granted even in Lithuania as severe—were an argument that Germans were oppressed.

The news came just before the end of a three hour conference among Hitler, Simon and their aides.

Tactical Advantage
Political observers predicted that the Memel development would give Hitler a tactical advantage in the later session today—at which, it was hoped, the negotiators might reach a general agreement leading to a general European conference of pacification.

With emphasis that it was proof of the seriousness of the situation from the German viewpoint and to repeat Germany's insistence that the British should act to protect Germany in Memel.

Hitler's temperance and made no specific demands such as the British had made. He believed that the verdicts strengthened Germany not only as a deterrent to any further action but as a warning to other nations.

It was said on reliable authority that Hitler was temperate and made no specific demands such as the British had made.

Broad Outlines of Roosevelt Relief Program Assumed Tentative Shape

WASHINGTON, March 25 (AP)—The broad outlines of how President Roosevelt will spend his \$4,850,000,000 work-aid program have taken shape today.

First indications were given of the government's blueprint which the president will set up to advance the program to meet the largest lump sum of money ever appropriated.

It is expected that the bill in final shape for Mr. Roosevelt's signature, the president is expected to complete full details of his plan.

The names of four government officers were presented today as those upon whom Mr. Roosevelt is expected to place the major burdens of the program.

They were: Administrator Harry L. Hopkins, Undersecretary of Agriculture; Raymond C. Powell, Administrator of the Federal Reserve; and Secretary of Interior Harold I. Ickes.

Amendments in Doubt
Meanwhile congressional leaders today considered it doubtful that the amendment of Sen. Walter George, D., Ga., to the work-aid bill to permit the president to remove processing taxes on any farm products would be retained.

Mr. Roosevelt would not well remember that the people did not elect him to do that, Mr. George said.

ZIP-WAY MARKET
OPEN TOMORROW

New and Modern Food Store
Has Ample Line; Offers
Parking Space

Zip-Way Market, a new, modern and up-to-date food store, located at the corner of Second Street and Third Avenue north, will formally open tomorrow, Wednesday morning. It was announced today by J. C. McKinley, Jr., manager.

The market, which will feature a complete line of fresh meats, vegetables, fruits, school supplies, etc., is located in a new building, work on which has been under way for the last month.

Included in the latest equipment are modern refrigeration equipment, ample room for the display of a large stock of merchandise, and the exterior is attractively arranged.

Location of the market is such that shoppers will have sufficient time to park their cars at the advantages of these drive-in facilities.

Announcing the opening of his new store, Mr. McKinley said that Lamont Shurtz, formerly with the Sunbelt, meat company, will be in charge of the meat department, and Mrs. E. E. Brown, formerly with the Grocery Stores, in charge of the grocery department. Mrs. J. C. McKinley, Jr., will also be included in the store's personnel.

As a special favor to the kiddies, Mr. McKinley said they would be given candy at the store tomorrow afternoon.

Numbered among the conveniences of the new institution is a women's rest room.

FERA WILL SEND GROUP TO NORTH

Midwest Families Scheduled For Homestead Project in Alaska

WASHINGTON, March 25 (AP)—Two hundred northern Michigan, Wisconsin and Minnesota settler families are to be transferred this spring to a Matanuska valley Alaska homestead project, FERA announced.

In addition to the relief roll families, who are to form a permanent settlement, the emergency relief administration will send 500 men from transient camps to work this summer in developing the project.

Bail April 20

The first contingent of the transfer will sail from Seattle on April 20, another on May 1 and a third group on May 15. They are to be sent to the Matanuska valley and will be transported to Seattle in two groups, one on May 1 and the other May 15.

The settlers will be taken with them all their household belongings, tractors and other essential farming equipment along with live stock. They will live in tents while homes are being constructed and land cleared.

Each Gets 40 Acres

Each settler will be provided with a tract of 40 acres of proved land with house, fully equipped and necessary farming accessories. The cost will be approximately \$3,000 for each farm. The settler will be given 30 years to discharge the debt, with interest at 3 per cent.

The site of the settlement is 122 miles north of the port of Seward on the Alaska railroad. The valley contains approximately 125,000 acres. There are 147 families in the valley now.

CARVINGS UNFOLD MYSTERY STORY

KERNVILLE, Calif., (AP)—A weird mystery dating back perhaps 100 years, its clues grotesque carvings of Indian braves and a mutilated gun of the type used by California's early pioneers, was uncovered in the Sierra mountains near here by a state game warden, Rowell Welch.

The carvings depict in bas-relief two Indians—their faces mask-like of hate, in the throes of a ritual war dance. Under a thick layer of dirt and leaves beneath one tree, Welch discovered the barrel of a 50 caliber Henry rifle. Its "right" breech long ago rusted beyond use.

Fate Unknown

The identity and fate of the sculptor, whose work showed both training and talent, can only be guessed, Welch's theory of his and is a grim one: a pioneer, perhaps, and perhaps wounded, by the Indians, chooses a mountain for lack of powder, and with his rifle carved out the images of his foe, their faces symbolic of the fate he knew was near.

Welch found no bones to tell the story of a battle. Some require to take their bodies to rest, but more likely, he believes, the carvings were made in the years after the battle, and the forest what was once the market place.

U-S REVENUES EXCEED OUTLAY DURING MARCH

WASHINGTON, March 25 (AP)—The government during March probably will show a surplus in its income for the first 31-day period in two years, treasury figures show.

In the first 23 days of this month revenue, increased by large income tax collections, amounted to \$537,632,905, the highest of any depression period. Expenditures were \$468,480,142, leaving a surplus of \$71,152,763.

This was the first time the treasury has been able to show a surplus since March, 1933, when income tax collections, amounting to \$537,632,905, the highest of any depression period. Expenditures were \$468,480,142, leaving a surplus of \$71,152,763.

In the first eight months and 22 days of the current fiscal year to March 22, 1935, expenditures were \$4,078,115,510, compared with income of \$2,799,628,238, leaving a deficit for the period of \$1,278,487,272.

HAY SHIPMENTS REDUCE SURPLUS

BOISE, March 25 (AP)—In spite of quarantine troubles a large amount of Idaho hay has been shipped out and it now appears that there will not be such a large surplus as was feared some months ago, said Commissioner of Agriculture F. Lee Johnson.

The shipping of baled hay will stop about April 1, but by that time considerable hay will have moved out of the state. Some place within the state are now out of hay and must ship it in.

A new plan under consideration by the U. S. navy department would require every candidate for the naval academy at Annapolis to qualify physically for training in aviation and be taught to fly during his midshipman training.

RUSSIANS PROUD OF NEW SUBWAY

Moscow Citizens Pleased With System as First Train Awaits Trial Out

By JOSEPH H. BAIRD

MOSCOW (AP)—The rumble of unaccustomed trains striking the rails of the new Moscow subway system—largely the work of young Communists and girls—was heard today in the city.

And the men and women, boys and girls in the Soviet capital, were all smiling and proud to imagine in other capitals. They came with admiration at its modern, modernistic, indirectly-lighted stations. They thrill to the rush of its fast trains. And more than all, they welcome relief from the unbearably crowded Moscow—trains on which one needs battle for standing-room.

First In Own Work

Moreover they take special pride in the visible proof that Soviet engineers and workmen with little experience could build a complete engineering project like a subway.

For the project's consultants, of course, were foreign men, who had built underground railways in New York, London and Paris.

But the local work was in charge of Soviet engineers and it was done almost entirely by young laborers, thousands of them Communist boys and girls. Also a system of "voluntary" expeditions—brought thousands of factory and office workers to shovel dirt on the subway on their days off.

The "voluntary" is slightly questionable, for a certain amount of social and political pressure was exerted to convince these people they should sacrifice their leisure to civic work.

Branch Line Also

But, anyway, the work was done. And now underground steel rails connect the "Bolshoi" station, the north side of Moscow with the Park of Culture and Rest 13 kilometers to the south side. A branch line radiates out from the main line to the west.

Construction soon will start on another line running from the center of Moscow to the new factory settlement and airport to the west of the city.

Trains on the new line have been running for a week carrying special delegations of engineers and officials. Within a few days the subway will be opened to the general public.

CROP FEED LOAN AVAILABLE SOON

Emergency Cash Ready Within Week to Farmers Having No Other Source

Emergency crop and feed loans out of the \$50,000,000 fund just appropriated by congress will be available within a week to farmers who have no other means of financing their season's operations.

Institutions which have the farm credit administration of Spokane specify loans out of this fund will be made to farmers who are unable to obtain supplies of feed elsewhere, or the credit to purchase such items.

Although the maximum loan to an individual farmer has been raised to \$500, no loan will be made for more than the amount actually needed. An application for a loan of less than \$50 may be made directly to county crop loan committees. Funds will be disbursed from the district office in Spokane.

Must Get Statement

If the applicant requires more than \$500, he must first get a statement from his local production credit association, and then application for a loan of approximately the same amount has been received.

Security will consist of a first lien on the crop financed or the live stock to be fed. Tenant may obtain a waiver from the landowner subordinating his interest in the crop to the loan proceeds, but the landowner is not obligated for repayment of such loan. The interest rate is 3 1/2 per cent.

HAY SHIPMENTS REDUCE SURPLUS

BOISE, March 25 (AP)—In spite of quarantine troubles a large amount of Idaho hay has been shipped out and it now appears that there will not be such a large surplus as was feared some months ago, said Commissioner of Agriculture F. Lee Johnson.

The shipping of baled hay will stop about April 1, but by that time considerable hay will have moved out of the state. Some place within the state are now out of hay and must ship it in.

W. R. Burton Steele, of the New York bridge studio, who will open a course in Twin Falls April 1 under the auspices of the new bridge study, explained today the new scoring system of the International Laws of Contract Bridge.

Undertricks are penalized 100 points for the first trick and 200 points for each subsequent trick.

The new code makes calculation easier. In the region of atmospheric sea, it is noted by Steele, the reduction in penalties is extremely marked. For instance, under the present code, to take a trick at a grand slam vulnerable redoubled, would cost 28,800 points (a penny a point).

Club List—Reserve—Pitchers—Chart But Patients Have All Recovered.

By STUART CAMERON
United Press Staff Editor
SARASOTA, Fla., March 25.—(AP)—The Sox, who may accomplish what the "lawyer" failed to do and give Boston another baseball champion the Red Sox roster reads more like a set of minutes than a listing of pitchers, catchers and fielders. But the news is good, for not only were the operations successful, but the patients have recovered.

Grove Better
A good starting pitcher on the four of Boston's graduate club has been the one who has been called "The Yankee" by the Sox. Grove, moved by a good chunk of Tom Yawkey's millions from the Boston Red Sox to the Sox, was the pitcher of the year in 1934, 1935 and 1936. Manager Joe Cronin counts on Grove to lead the Sox in 1937. "I don't know if he does, we have a real chance for the pennant."

Pipgras Back
Another big right hander in George Pipgras. An elbow which was injured in the Sox season at Worcester, Mass., he had retired during the 1934 campaign. Surgeons have worked on the elbow. It is all right and so is his right-handed pitching.

Strong on Mound
Boston is a pitcher's strong mound. The left-hand pitcher is topped off by Grove. The right hander is topped off by Pipgras. The Sox will line up with Dahlgren at first, Bishop at second, Johnson in left, Cronin at center and Raymond Collins at right are the outfielders.

OUR BOARDING HOUSE

By Ahern

EGAD, LADS—LISTEN TO THIS—LAST NIGHT I HAD A DREAM OF SIGNIFICANCE—I WAS ON A BOAT—IT WAS A BATTLESHIP—WE WERE HAVING TARGET PRACTICE—I WAS LOADING THE GUNS WITH POWDER BAGS—ONE OF THE BAGS BROKE OPEN AND IT WAS FILLED WITH OATS! DON'T YOU SEE?

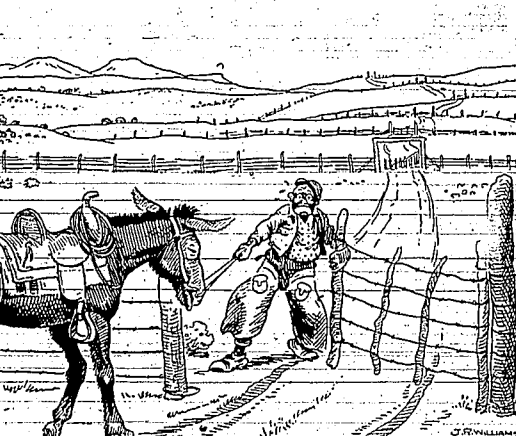

BATTLESHIP AN OATS! YES, ITS A HORSE—A NIGHTMARE—SOME PUN, EH, KEE??

YOU THINK IT MEANS YOUR HORSE WILL WIN HIS MATCH RACE—BUT TO ME IT SOUNDS AS IF YOU FORGOT TH' BICARBONATE OF SODA LAST NIGHT, AFTER LOOTING TH' ICE BOX!

BUT INSTEAD OF THROWING UP THEIR HANDS, THE THIEVES LEAP FOR THE EXITS.

HALT, OR I'LL SHOOT!

ROBBERED OF VALUED BAGGAGE, EASY DETERMINES TO REGAIN IT.

GRABS LEADERS PISTOL—ORDERS HANDS UP.

WELL, KICK ME DOWN A RABBIT-HOLE!

WELL, KICK ME DOWN A RABBIT-HOLE! THIS DAMGED GUN WASN'T EVEN LOADED.

CLICK! CLICK!

BOOTS AND HEEL BUDDIES

I NEVER DREAMED TO EVER HAVE SUCH A LOVELY RING! SEE IT WAS SWELLISH OF MR. LEE TO GIVE ME THIS—I CAN'T OVER IT! AN' I THINK—IN ALL THAT TERRIBLE FIRE, IT WAS ONE OF TH' FEW THINGS THAT WAS SAVED.

WHEEEEEE!

MY WORD!

MY WORD! WHAT ON EARTH IS BOOTS DOING UPSTAIRS—PRACTICING AN INDIAN WAR DANCE?

GRACIOUS, SHE IS MAKING LOTS OF NOISE!

OH, I DROPPED IT—OHHHHHH

FRENCHMEN TURN TO WINE PUZZLE
 New Cross-Word Blyle Tests Vocabulary of France's Enthusiasts

PARIS (AP)—New French crossword puzzles test the vocabulary of wine-vocabulary; but offer liquid fun for the best viticulture specialists.

The idea has been originated by a local newspaper with a series of taxicographers—blyle—compiling every available expression and word incorporated in the language of the vineyard. When the crossword puzzle is completed, a separate wine dictionary will make its appearance with a special edition to grapevine crossword puzzle answers.

Lincoln Kettle
 PUEBLO, Col. (UP)—A copper kettle used by Abraham Lincoln was displayed in a store window here recently. It belonged to Mrs. J. R. Belcher, whose parents lived in Lincolnville, Ill., where Lincoln with his father and step-mother once lived. The kettle, which they moved, left the kettle behind, as it was considered a family heirloom.

Death Ends Errand
 AIDON, O. (UP)—G. D. Eicher thought he had spent part of his last birthday calling on his little three-year-old granddaughter, ill at a hospital. He picked through the rain on his errand of their when a huge truck struck and killed him.

COFFERDAMS HARNESS COLUMBIA
 To meet the best competition of American planes, France is effecting a program of modernization of her military air force.
