HOUSING POLICY MAY HIT A. F. L.

New Deal Leans Toward High Annual Wage to Replace Daily Scale

WASHINGTON, April 22 (AP)—New Deal housing policy approved by congress may shock the power building trades of organized labor by cutting wage scales below union levels.

President Roosevelt has not announced what he intends to do about wages on housing projects.

There is much sentiment within the building trades unions that the New Deal for a reduction of building trade wage rates.

March residential building this year was 17.3 per cent over March, 1934.

Public Works Administration Harold L. Ickes has stated to speak from the 30 per cent outright gain in new private housing.

RAMPANT DODGERS, REDS TRIUMPH TO RETAIN LEAD

DIZZY WINS FOR ST. LOUIS CARDS

Babe Ruth Collets Second Homer Bud Graves Falter Against Brooklyn

By LAWTON CHAMBER
United Press Staff Correspondent
NEW YORK, April 22 (Special)—A break in the National League schedule kept the Dodgers and Reds idle and thereby provided the only apparent method of halting the slumping of the two league leaders—still tied without a sign of slipping.

Dizzy Dean's first victory of the season, Babe Ruth's second home run, the charge of the Boston Red Sox into first place in the American league and a half dozen other developments were relegated to the background today as the Reds and Dodgers kept pace.

The Reds got down on the ground and wallowed with the Cubs in a battle which saw the old leaders come through with the better pitching and punch that was carried through 12 innings.

Triple play

Their victory today in six starts, followed a triple play started at first base by the aging Duggan, Jim Bottomley in the 11th inning, Paul Derringer, who went the route and fanned 10, walked Jurgis and Brown. The slug was retired for him when Galan lined to Bottomley and all three were killed off.

The Reds put together a double by Bottomley's slug, the triple Cub error and Goodman's fifth to pound their way home, 8 to 4. The added run was the result of their triple lining.

Meanwhile, at Boston, the Dodgers had a half game behind the first inning home run, got a hit pitching from Ray Beane for seven innings, one-hit pitching from Zachary in the last two innings, and won in a walkover, 8 to 1.

Both clubs won their series, the Reds 2 games to 1, and the Dodgers 3 to 2, for four wins apiece in six starts and records scored only to the Red Sox and New York Yankees. The latter's million dollar hauler have won four out of five.

The Reds and Dodgers are getting their chief competition from the Cardinals, half game behind and waiting for the leaders to slip. Dizzy Dean came back from his one-act injury yesterday, and a five-hit, 4 to 1, victory against the Pirates gave the family a clean sweep in the series. The pitcher won his opener a few days ago. The Pirates' only run was scored by Andy Vaughn, who pitched a no-hit game.

The Giants and Phillies play the only game on today's National League, after going 10 innings to a 4 to 4 tie yesterday. The Sunday blue law caught them.

Tigers nip Indians

The Red Sox won their opening yesterday. They were booked to go today at Washington in an attempt to increase their margin over the second place Indians, who missed a chance to climb yesterday when they played the Chicago Cubs in their game of the year and lost to Detroit, 3 to 2, in the 13th, Gehrig's one-out double. The Yankees pulled in the eighth inning, and beat the Cubs, 4 to 2. The White Sox won over St. Louis in the 10th, 5 to 5, when Dykes scored on Radcliffe's long fly.

OAKS WIN PAIR AGAINST INDIANS

League Leaders Annex Ninth Straight Win; Missions Lose 13th in Row

By United Press
Two sustained streaks, one a proud procession of successive victories made possible by terrific batting power and the other a string of disappointing defeats, topped all performance to date in the Pacific Coast league season.

On top of the circuit were the Oakland army, possessors of a streak of nine straight victories. At the bottom were the Mission Reds, still puzzled by the collapse which brought them 13 straight defeats.

Rotations were unbroken today as the eight clubs took an off day and moved by train for new battles.

10,000 Fans

Oakland's rise from second division to first place in less than a week brought 10,000 fans to the Oaks' park for Sunday afternoon's game. It was the best attendance of the season and bespoke an auspicious start in which all clubs will profit.

The Oaks continued their streak at first place in less than a week by winning a morning game by an 18-0 score in which there were 20 hits and overdriving the Rednecks in the afternoon contest to 9-5.

Evieio Mitehing

The Missions may feeble pitching today in both games with Portland in the morning. The Reds were ahead 4-0 going into the 10th. The Beavers rallied and scored nine runs to make the final count 9-4. In the afternoon a seventh inning rally sent the Beavers away to an 11-0 triumph.

Los Angeles' leaders a week ago, lost ground by splitting a double bill with Hollywood. The Athletics lost the first, 4-5, behind Earl Campbell's ineffectual pitching. The Angels came back to win the win 8-3, with Lou Garland on the mound.

Seals Take Fans

The San Francisco Seals' improvement twice, 7-5 and 4-0, today, finished second. Harry Ford's first start as a deal in the second game and pitched three-hit ball for a shut-out.

The battle seemed shifts Tuesday to the Pacific northwest for the first time this season. Seattle, now reeling in seventh, went home to play Sacramento. Portland, who today featured the comingling session of the 11th annual roundup, Eddie Woods of Emmett, Idaho, finished second. Harry Ford of Alturas, Cal., third, and Chuck Wilson of Tucson, Ariz., fourth.

CANZONERI, LEW FIGHT TUNE-UPS

NEW YORK, April 22 (Special)—Tony Canzoneri and Lew Ambers will engage in tune-up bouts this week for their 48-round championship fight.

Canzoneri, former world champion, will meet Eddie Zito Thursday night at Pittsburgh. Ambers, New York commission No. 1 challenger, is signed to meet Honeyboy Huipies at Providence, R. I., Wednesday night.

While neither Canzoneri nor Ambers holds the title, the winner will be recognized by the Portland in the morning. The fight for the Kentucky derby in the Chesapeake stakes at Havre de Grace.

Country Club Par-Graphs

By FRED STONE

Charles Carey holds the low nine-hole card at the Twin Falls country club today with a 35. He was the only player to make an over par on holes No. 8 and 9, but gathered three birdies in a row on holes 6, 7 and 8.

Chas. also has the low 18 score—75.

Par took it on the chin a couple times during the past week. Mr. Carey and Jimmy Winterholler each turned in par scores.

Several of the boys were getting instructions from the pro about 50 yards on the No. 6 hole for an eagle 2. Jimmie evidently must have missed up on a few shots that round, because his opponents said he might have had a sparkling 53 instead of 36.

Oh, yes... by the way, Pete Voss is a collector. He collected after nine holes the other day.

The Winterholler-Sweeney Faded-sinclair feud wasn't revived Sunday or last week, but it's still smoldering.

We noticed Dick Roberts was out with the foursome. He was giving the boys some pointers.

The rain yesterday drove a good-sized bunch of golfers off the course.

Wendell Nips Jerome Squad

JEROME, April 22 (Special)—Wendell town team nipped out the combination of Jerome, Elgin and Luck 8 to 6 baseball game yesterday at Wendell.

George Soliday, Jerome, walloped a home run with the bases loaded for the most spectacular hit of the day.

Two other practice games at Jerome were called off because of unseasonably weather. For a total of the Jerome baseball league season will be held next Sunday, April 26.

Batteries yesterday: Wendell, Norval Rutherford and Bert Anderson, pitchers; Bob Barrett and Norval Rutherford, catchers; Jerome, Hansen and Johnnie; Elgin, Kempton, catcher.

THIS CURIOUS WORLD

By William Ferguson

THE CHEETAH, OF AFRICA HAS BEEN CLOCKED AT A SPEED OF 103 FEET PER SECOND. (COVERS HALF A MILE IN A MINUTE)

A METEORITE THAT PLUNGED TO EARTH NEAR PARAGOULD, ARKANSAS, WAS SO BRILLIANT THAT CITIZENS OF ST. LOUIS, MISSOURI, THOUGHT IT WAS A FALLING AIRPLANE AT THE ST. LOUIS AIRPORT.

AT ONE TIME, THE UNITED STATES AND SOUTH AMERICA EXPORTED 400,000 HUMMING BIRD SNAKES ANNUALLY TO ENGLAND, FOR USE IN HAT TRIMMING.

A meteorite that fell near the mouth of the Nile weighed 250 pounds. It now is a part of the Field Museum collection in Chicago. At Harper Hill, Arkansas, the night watchman thought the explosive sound of the meteorite was a dynamite safe, and he spent the remainder of the night searching for it.

BANKER MURDERS SON, DAUGHTER

Wounds Another Son, Fights Police After Surrender At Station

CHICAGO, April 22 (AP)—William Gardner, bank cashier, shot to death a sleeping son and a daughter today, wounded another son and attacked three policemen after walking to a station to surrender. He was subdued and looked up, raving threats from a cell against officers who approached.

The main children were Rita, 14, and Donald, 14. Physicians said the second son, Kenneth, 17, may die. Gardner's wife, who was left undisturbed in a bedroom below her children, was placed under a physician's care.

The shooting occurred in the family's large, beautifully gardened home in La Grange park, a suburb. Mrs. Gardner, a woman of high social standing, said there was no warning of her husband's aberration.

She was awakened by the shots, heard her husband clatter out of the house and raced upstairs to find her children in blood-soaked beds.

Both she and her husband, police said, were afflicted with tuberculosis. Gardner hooded over the fact, offering a theoretical cause of his act.

BALLOONISTS GO ON TEST FLIGHT

Experimental Hop Provides Data for Stratosphere Scientists

BELLEVILLE, Ill., April 22 (AP)—Army stratosphere balloonists who will attempt to reach new heights this summer from Rapid City, S. D., studied results of an experimental flight into yesterday.

Capt. Orvil A. Anderson, who will pilot the stratosphere balloon from a rockbound shelter in the Black Hills, and Capt. Randolph T. Williams took up a small racing-type balloon to test scientific instruments to be used in the larger experiment.

They left Scott field here at 3:12 p. m. and landed at 6:48 p. m. on a hillside four miles east of Rapid City, S. D., south. Favored by a light ground wind, they landed without incident.

"It was a perfect flight under ideal conditions," Capt. Anderson said.

They attained an altitude of 26,000 feet, Capt. Williams conducted scientific observations. Instruments tested were one to determine the electrical conductivity of rarefied atmosphere and a battery of electrical thermometers which are used in circulation, providing employment for thousands of people in the stratosphere.

MOTOR LICENSE RECEIPTS SLUMP

Extension of Time Believed Cause of Lagging Demand For 1935 Plates

Boise, April 22 (AP)—Receipts from the sale of automobile licenses dropped off one-third for the first three months of the year, announced Thomas T. Graham, in charge of motor vehicle registration for the state department of law enforcement. The total received was \$164,288.24 as compared with \$388,350.77 for a year ago.

The reason for the sag was probably the expiration of the legislature to reduce license fees and not because of fewer cars being in operation. The motorist for 30 days may also have had a bearing.

For the three months of this year, 23,734 passenger cars were licensed at a cost of \$40,310 as compared with 40,166 passenger cars for the same period a year ago.

MAN JAILED ON CHECK CHARGES

JEROME, April 22 (Special)—Howard Johnson, Jerome, serving a 60-day jail term in the Jerome county jail after sentence was pronounced Friday by Probate Judge Heber N. Follman on Johnson's second worthless check charge in the past two months. He was also fined \$50. An annual account of \$72 which Johnson owes Jerome county for his last offense when he gave a 30-day note for that sum to pay his fine said then failed to furnish the money, will probably be added to his charge and if "held out" in jail may make his jail-stay exceed 90 days, officers say.

Deputy Sheriff Emmett Smith arrested Johnson Friday morning after he had passed a check for \$6 on the Roberts Hardware company of Jerome the evening before.

Romantic RETURNS TO THE Railroads

Air Conditioning MAKES WESTERN TRAINS "FRESH AS THE BREATH OF SPRING" While YOU TRAVEL. When YOU ARRIVE

Western Railroads are making history again. Pioneering in a new way. Dramatically leading the Parade of Progress by Air-Conditioning all principal trains. Contributing greatly to our economic recovery by placing millions of dollars in circulation, providing employment for thousands of people in the travel service at lowest cost in the world.

BETTER SERVICE—LOWER COST

Today a train trip through the West on one of these air-conditioned trains is a land cruise de luxe. The cars are as comfortable as the finest club or hotel—whether you ride in coach, cafe, dining, lounge, or sleeping or observation car. They're built with all-steel bodies... cushioned on deep shock-absorbing springs... with electric lights at your control... hot and cold running water... iced drinking water... and air-conditioning that makes electric fans old-fashioned.

2 1/2 MILE AND LESS BY TRAIN

There's no comparison between the principal western trains of today and trains of 25 years ago. In fact, no form of transportation has been so much improved in the last 25 years. If you haven't traveled on a train recently do so this summer—and discover for yourself the meaning of travel luxury.

And yet the cost has been greatly reduced. For Western Railroads have cut their basic fares so that round trip tickets can be purchased at rates as low as 2¢ per mile for sleeping car travel and correspondingly low rates in coaches and chair cars.

COMFORTABLE, DEPENDABLE, SAFE

You have room to be comfortable when traveling on a train—room to walk around in—seating and lighter road by—rollies which when you want them—the finest restaurant service in immaculate dining cars at prices that save you money... You save time. You travel readily regardless of the weather. You rest as you ride... Insurance statistics prove that train travel is safest. You are safer on a train even than in your own auto.

SEE NEAREST RAILROAD TICKET AGENT

No matter where you want to go—or when—the Western Railroads are ready to serve you for both business and pleasure travel. For details on special places of interest, routes, rates or itineraries, your local railroad agent is sensitive. Phone, write or call on him. He will gladly advise you.

TRAVEL BY TRAIN

to American Rockies, Southwest, Mexico, California, Seaside Exposition, National Parks, Nevada, North Woods and Lakes, Dubu Ranches, National Parks, Pacific Northwest, Alaska, Resorts of Every Character.

Amazing Low Fares.

Impossible as it seems, the luxury of air-conditioned travel is now available at lowered fares, with no sleeping car surcharge on Western Railroads. Read these examples: Round Trip, First Class, good in standard sleeping cars, to points named and return.

Right now we are holding a Spring Parade of Frigidaire's beautiful new models—each with the marvelous new Super Freezer.

The Super Freezer makes possible a complete refrigeration service. It provides the right kinds of cold for every purpose—all in the same cabinet. There's fast freezing for making ice cubes and desserts; frozen storage for meats and ice cream; extra-cold storage for keeping a reserve supply of ice cubes; moist storage for vegetables and fruits; and normal storage under 50° for foods requiring dry, frosty cold.

Ice trays glide from the Super Freezer at a finger touch; automatic reset defrosting turns on the current when defrosting is completed; interior electric light; low current consumption and the famous Frigidaire Cold Control. These are only a few of the outstanding advantages of the Frigidaire '35.

Remember that regardless of the price you pay you want a refrigerator that will do these two things: 1. keep foods

Every model of the Frigidaire '35—even the smallest—has the Super Freezer

safely at temperatures below 50°. 2. freeze plenty of ice and desserts quickly—even in the hottest weather. The Frigidaire '35 does these two things better because it has the Super Freezer, which gives a complete refrigeration service.

Come in today. Let us show you how easily and inexpensively you can have a Frigidaire '35 for your very own.
