

Weather Forecast
Fair tonight and Tuesday rising temperature. Maximum yesterday 82 minimum 60. Low this morning 62.

LONDON ADVISES VETS TO ASSIST ANTI-WAR STAND

Summons Ex-Soldiers to Aid in Keeping America Out of Entanglements
By JOE ELLER MORRIS
WICHITA, Kan., Sept. 7 (UP)—Gov. Alf M. Landon called upon American veterans today to assist in the nation's front line trenches against the threat of intolerance, against the war profiteer and against the "arm" that would drag this nation into another world war.

Emphasize Tolerance
Coming at a time when attention of the nation centered on civil war in Spain and its threat to the peace of Europe, the Kansas governor's discussion of war was highlighted as an address which attempted to stir up racial prejudice.

Republican Names
The Republican names the committee for "intelligent" anti-war work and to observe the day as "National Day of Reason."

FRANCE MATCHES NAZIS' STRENGTH
German Army Expansion Plan Countered by Program of Reinforcement
PARIS, Sept. 7 (UP)—France today replied to Germany's military expansion by making plans to increase her armaments to 100,000,000 next year to replace the military machine.

Aviator Sets Out To See New York
NEW YORK, Sept. 7 (UP)—An aviator from London is expected to arrive in New York today to see the city.

FRANCE MATCHES NAZIS' STRENGTH
German Army Expansion Plan Countered by Program of Reinforcement
PARIS, Sept. 7 (UP)—France today replied to Germany's military expansion by making plans to increase her armaments to 100,000,000 next year to replace the military machine.

Air Speedster

Michael DeTroya, French speed flyer who carries a case and has an orderly in the cockpit, is expected to win the Thompson trophy race today.

JENKINS STARTS RECORD ASSAULT

Opens 48-Hour Drive in Quest of Speed Match at Utah Salt Flats
BONNEVILLE, Utah, Sept. 7 (UP)—Ab Jenkins today started a 48-hour assault on the world's 200-mile salt flats.

BONNEVILLE SALT FLATS
Utah, Sept. 7 (UP)—Ab Jenkins today started a 48-hour assault on the world's 200-mile salt flats.

Several Weeks Ago
The weather was clear and wind was favorable today for Jenkins' speed test, which he hoped to attempt virtually every day from 10 to 48 hours.

Start of the speed chase came after several weeks delay, followed by rainstorms which kept the Utah salt flats soggy.

Officials on Hand
A. A. A. officials, headed by A. C. Pillsbury of Los Angeles, were on hand to observe the speed test.

Several Weeks Ago
The weather was clear and wind was favorable today for Jenkins' speed test, which he hoped to attempt virtually every day from 10 to 48 hours.

Eve Of County Fair Finds Show Awaiting Crowds

ALL SPACE TAKEN; STOCK ENTRIES RECEIVED TODAY
PILER, Sept. 7 (Special)—Ideal weather for the 18th annual Twin Falls county fair and rodeo loomed today on the eve of the opening of the big event here tomorrow.

Refuses to Talk Politics at Labor Day Address
BORAH HOLDS TO MYSTERY STAND ON LANDON, GOP
Senator William C. Borah, still the mystery man of the 1936 political campaign, refused to discuss party politics today in making a Labor day address here and remained silent on his stand toward Gov. Alf M. Landon, G. O. P. presidential candidate, and the Republican party.

Final Preparations
Hundreds were employed on the grounds today, every nook and corner being a scene of activity in preparation for the opening tomorrow.

Two Chief Problems
It may be that October's bracing air will encourage us to disregard the two great problems, unemployment and currency, problems which hold in a death-like grip the interests of the common people of this country where we have what we call prosperity and depression.

Displays Streamed
The management reports that more attention than ever before has been given to the displays in the exhibition hall and that the exhibitors have the showings are expected to rival the best of any in history here.

Entertainment Events for the evening included features at the theaters and a Labor day dance at Radolind hotel.

LOYALISTS CURB REBEL ADVANCE AGAINST MADRID

Divide Foes Back Temporarily in Savage Fight 60 Miles From Capital
BY LESTER FRIEDBERG
MADRID, Sept. 7 (UP)—Rebels from the southwest were driven back six kilometers in a savage fighting at Travesera de la Reina, 60 miles from the capital, the war office announced today.

At 9 a. m. today the ministry of war announced that the loyalist forces at Travesera de la Reina had captured the town.

The fighting was still going on with neither side estimating its casualties. The new national republicans pushed a strong offensive and militia snared several after a heavy battle.

At 9 a. m. today the ministry of war announced that the loyalist forces at Travesera de la Reina had captured the town.

LOYALISTS BOMB REBELS AT IRUN

Government Forces Strike At Irungarri With Attack From Airplanes
(Copyright, 1936, United Press)
BENDAYE, Sept. 7 (UP)—The government forces struck back viciously today at the rebel conquerors at Irun, dropping bombs on the Franco-Charentais city.

Loyalist planes dived over the city, dropping incendiary bombs that fell to earth over the French frontier to escape instant pursuit.

Meanwhile, the rebels, victorious in the Irungarri sector, continued their concentration of troops around San Sebastian, key to the entire northwestern coastal sector.

The fury of the rebels was increased by their failure to find any trace of the 500 militiamen who had been held as hostages in the headquarters on the coast of the Bay of Biscay.

Roosevelt Warns Labor Oppression Threatens Peril

Defends Spending and Promises Farm Help
WASHINGTON, Sept. 7 (UP)—A nation celebrating labor's annual fest was confronted today by President Roosevelt's blunt reminder that to reduce the worker's decent livelihood and security fosters class dissension "which in other countries has led to dictatorship."

In a fireside chat delivered 12 hours after his return to the White House from a 5,000-mile drive of a check inspection tour, the President proposed an alternative "economic democracy in which all gain profit."

"Infernal Lies," Says Coughlin
Attacks Reports Vatican Has 'Cracked Down' on Him For Political Activities
CINCINNATI, Sept. 7 (UP)—Reports that the Vatican has "cracked down" on him for his political activity are a "pack of infernal lies," the Rev. Charles E. Coughlin said today.

"Don't let them deceive you with propaganda, originating from the press or anywhere else," the priest said. "If they had cracked down I would be very happy to know what my bishop tells me to do."

Coughlin, founder of the National Union for Social Justice, promised that "no punches will be pulled" when he resumes his radio broadcasts Sept. 12.

At 10:30 p. m. today Coughlin, in clerical black with a microphone strapped to his chest, addressed the crowd from a brilliant white platform in River View park.

Water Holdover Will Be Larger
Holdover of water in storage for Snake river reservoirs today, according to reports from the office of Lyon Brandt, water master of Idaho Falls, indicating the largest carry-over since 1928.

SAFE IS CRACKED
Legumes sometime Saturday night of Sunday morning, several hundred tons of legumes at the Idaho Falls, Idaho, cannery were found to be infested with a pest.

SCHOOL GROWTH MAKES PROBLEM

State Superintendent Reveals Situation Gained by New Population

BOISE, Idaho (AP)—The influx from the growth areas is forcing Idaho school district trustees with some of the gravest problems they have ever been asked to solve, John W. Condie, state superintendent of public instruction announced.

"Some districts will have double the enrollment this year that they had last fall. Just how all these additional children are to be educated in 1936 is a problem."

"Many levels of communities have seen in the increase of the increases in the lumber and mining industries and in these communities education, the problem will be acute," said Mr. Condie.

Pupils Increase

Last year there were 87,524 children in the grades in Idaho and 31,619 in high schools. This year there will be at least 125,000 pupils, he predicted.

The cost of schooling in the grades and high school last year totaled \$3,921,615. This year the bill will be much greater, with an added enrollment.

The state of education is faced with a housing shortage at the University of Idaho for an enrollment of 2,300 is expected. Last year 2,000 students were registered. We need more dormitories. Sweet Hall will not be completed until Feb. 1 but every room is taken and a dormitory on the almost half of the men who will occupy it are to live in temporary quarters in Lewis Hall. The university opens Sept. 21.

Enrollment at the southern branch will be at least 950 or 1,000, said Mr. Condie.

The expected Lewiston Normal to open Sept. 14 with 450 students and Aldon on the same day with 450, he said.

"There will be about 124 students at the school in the deaf and blind. It is hoped that there will be no increase at the industrial school where 160 were enrolled last year."

There is the one school which we do not want to have a larger enrollment," Mr. Condie declared. "This state department of education does not want this school, though for a grade school it is the only institution of its kind in America to maintain high school for its inmates."

GIFTS OF MONEY AID CHAUTAUQUA

CHAUTAUQUA, N. Y. (AP)—The Chautauqua institution, entering its 63rd year, appears well on the way to financial recovery after three years of indebtedness under receivership.

Led by Gov. Alf M. Landon of Kansas who telegraphed a contribution of \$50, supporters of the institution have donated more than \$25,000. In addition, leaders have the promise of a total of the \$95,000 yet to be raised, on condition the other two-thirds of that amount is contributed.

Editor Giff.

Highlights of the gift in addition to Gov. Landon's gift included an unexpected donation by Mrs. Mena Egan Hughes of a \$10,000 memorial to her former husband, the late Frank A. Hughes is a daughter of Lewis Miller, co-founder of Chautauqua.

Mr. and Mrs. Ralph H. Norton, Chicago, have offered to pay \$10 for every \$100 raised up to \$25,000, which would more than make up the deficit. They announced the additional subscription is given if the condition that the entire \$25,000...

WE point with PRIDE

We don't offer you vague promises, ladies and gentlemen. We point with pride to our record. For 14 years we've been serving the confidence of America (actually throughout the confidence of thirty-minded millions).

We make possible for countless families to enjoy a substantial return on their investment in the most reliable and profitable business plan in the world.

Our 10-year warranty is the best in the industry. We're not just talking the talk. We're living it. Our record speaks for itself. We're the only company in the world that's been in business for 14 years.

Quins, In Overalls, Enjoy Labor Day

Copyright, 1936, NPA Service, Inc.

Copyright, 1936, NPA Service, Inc.

There are labor difficulties at Callander, it appears. While Marie and Yvonne sharpen their appetites with setting-up exercises, Cecile and Emilio, at left, and Annie right, apparently await their own lunch. A few moments later, and all the tiny laborers—Annette, Marie, Yvonne, Emilio, and Cecile—appear concerned about the delayed vendors. Maybe that bottom scene portends a sit-down strike in protest, except that Cecile, Emilio, Annette, Marie, and Yvonne seem to be having fun.

Primary Association Numbers Are Listed

Complete program for the Primary association homecoming of the first ward of the L. D. S. church, held Friday evening in church, opening song, "Welcome to All," primary children, Chinese dance, Mary Lou Roberts, Indian War dance, four boys of the primary, Dutch waltz, dog and song, Mrs. Pugh, Barbara Johnson, pupils of Marie Dunn Hotel.

Violin solo, Lovella Cahle, accompanied by Mrs. A. B. Francis; song and dance, Tommy McElroy, Jean and Maida Jean Hutchinson, pupils of Mrs. Helm; readings, Patricia Smith and Mary Alice Du-

Tiny Rose

DALLAS, Tex. (AP)—The smallest red rose in the world—to tiny that a thumb will fit over its bloom and a coffee pot over the full grown plant—was exhibited for the first time in the southwest at the American Association of Nurserymen's convention at Dallas.

SCHOOL OPENING SET AT GOODING

Public System to Start Work Tomorrow; Teachers Assigned

GOODING, Sept. 7 (Special)—M. W. Tate of the Gooding city public school announces that the teachers have been selected for the current-school year and that school will begin tomorrow.

Among the new courses added to the high school curriculum are: arithmetic, unified mathematics and a special course of effective study for freshmen. This subject will deal with the better methods of study, better reading and vocabulary work, use of reference materials and periodicals, cutting work for memory work and special methods of study as used in particular subjects.

Staff Announced

The high school staff and their courses of instruction are as follows: Alfred Berg, social sciences and athletics; John Boomer, history and English; Emmet Clemens, mathematics; Floyd Elson, dramatics, English, and journalism; Robert Fulton, typewriting and bookkeeping; Mrs. McCoy, Latin and history; Ralph Osborne, chemistry and agriculture; Millard Yunda, general science and home economics; Herman Somers, social science, speech and English, and M. W. Tate, unified mathematics, physics; Walter Berzeman, band and orchestra.

On the junior high school staff: Ida Frahm, Lida Taylor, Clifford Sevings and Dewitt Kicker.

The grade school personnel include the following: Florence Fruton and Letta Heltie, first grade; Ethel Simonson and Lucille Neve, second grade; Myrl Davol and Birds Albertson, third grade; Florence Hughes and Marj Crane, fourth grade; Emily Frost and Emory Seagr, grade five; Ada McClain and Leona Frederick, grade six.

DINNER GIVEN AT BUIH

BUIH, Sept. 7 (Special)—Mrs. Paul Moore entertained last night a 7 o'clock dinner at her home here. Covers were laid for 22 guests and during the evening cards were at play.

Dr. Hoysinger, 802 Specialist, Or. or G. C. Anderson, Ph. 553-2—Adv.

WENDELL

School election Tuesday resulted in Jerry Renfrow and Clarence Young being elected.

Mrs. and Mrs. Polly Crutfield have sold their home here to C. E. Pleacor. For the past year Mr. and Mrs. Crutfield have been living in Geneva Ferry.

Mr. and Mrs. Dick Elliott are the parents of a son born Tuesday at the local hospital.

A barn dance, sponsored by the local business men will be given tomorrow at the new elevator building. Appearances are expected to be worn.

Schools are to open here tomorrow with all teachers accurate to begin the fall term.

Letter Henshull who was injured Tuesday while riding his bicycle is recovering.

Mrs. Edna Witcox, Hollywood, Calif., visited friends here last week.

Regular meeting of Wendell Grango was held Tuesday with 20 members present. The program presented by Mrs. Williams, lectures, included a talk by F. W. Hastings on the next grazing meeting to be held in Pocatello. Refreshments were served by a committee of eight with Mrs. Harwell as chairman.

Charles and Quincy Gates, Los Angeles, visited their parents here last week.

Mr. and Mrs. Glen Weiberg and son have returned from Seattle. Wendell National bank is having a furnace and air conditioning plant installed.

Farmers have been harvesting onions here the past week.

DOMESTIC RUBBER

SALINAS, Calif. (AP)—The American Producers' Guayule local rubber annually from the plant, the only rubber factory in the continental United States, will begin to put out 1,000,000 pounds of production in August. It exports rubber annually from the Guayule plant which is now growing in California.

ANNE: "I guess Hudson-Clark's really know how to fit shoes properly."

JANE: "That's why their shoes are always so neat and comfortable."

Yes! Shoe Fitting Is Our Business!

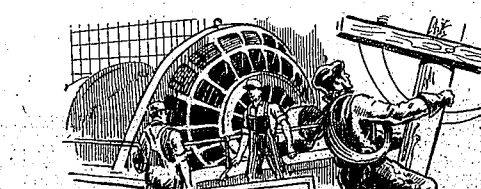

There's no guesswork about fitting shoes nowadays. Either they fit perfectly or they do not! Our knowledge of shoe fitting and our modern equipment are your protection against ill fitting footwear and its harmful results.

A TRIBUTE Labor Day 1936

Each September we pause for a day set aside to honor Labor, to pay tribute to those whose untiring efforts help turn the wheels of industry, commerce and agriculture.

Each of us has his appointed job in life; whether it be humble or important in the eyes of the rest of the world, one of life's greatest satisfactions comes from doing it well.

While it is Labor's responsibility to do its job well, it is no less the responsibility of the employer to provide working conditions that are fair, honest and pleasant. We of the Idaho Power Company take pride in the fact that our employees have shown by their service records that they like to work for our company. Nearly half our employees have worked for us. Nearly half our employees are more than ten years of age; nearly one-fourth have been employed fifteen years or more, and more than ten per cent have been with us twenty years or more.

IDAHO POWER

Electricity. Does SO MUCH COST SO LITTLE!

NORGE SETS THE PACE

with the
Surplus-Powered Rollator!

"How Big Is the Motor?" Ask that question about the refrigerator you buy. If the motor is big, that means that the compressor is powerful enough to protect your food with surplus power and freeze ice quickly when you need it most.

Even the smallest Norge has a big, powerful motor—not a motor that spins the food to spare the meter, but a motor that saves money on both. It has to run, but a small part of the time to make more cold than you'll ever need. By running only when it uses less current—costs less to operate. You're always sure of dependable cold—plenty of ice.

Be sure your refrigerator is surplus-powered. And be sure it has all those convenience features:

- Improved Press Action Laundlets & Improved Automatic Flood Light
- Siding Utility Bottle and Dairy Rack
- Combination Vegetable Fresh
- Closely Spaced Shelf Bars to prevent small containers from tipping
- Adjustable Shelf to provide extra space when needed
- Many other features, improvements and refinements.

Calendar

Neighbors of Woodcraft will meet today at 8 p. m. at the home of E. M. Maher, 30 Elm street.

Twin Falls Chapter No. 29, Order of the Eastern Star, will convene Tuesday evening at the Masonic temple. The annual picnic will be served out at 6:30 p. m. and will be followed by a short business session.

Mary's Sunday school of the Baptist Sunday school will meet tomorrow at 10 a. m. at the regular meeting. Each member is asked to bring her own "school-bag" lunch and table service. A large attendance is desired to make the day profitable.

HANSSEN MEETING HELD BY ORGANIZATION

Members of the Past Presidents club met over the week-end at the home of Mrs. Carrie Galt in Hansen. A guest of the group was Mrs. Harrison, Mrs. J. A. Sweet, president, conducted the business session and Mrs. Phoebe Snodgrass had charge of the program.

WATERWORKS

Following the meeting refreshments were served by the hostess, Mrs. Margaret Evans. The club will meet next at the home of Mrs. T. E. Heston in Eden.

Danced With Kaiser

WATERWORKS, Wyo. (AP)—Mrs. Augustus G. Galt, 77-year-old Waterwork widow, recalls the days when she danced with Kaiser Wilhelm II and the late President Paul von Hindenburg of Germany. She was a girl of 23 living near Berlin, the Franco-Prussian war raged.

Business Record

STOCKHOLDERS (AP)—The oldest chartered industrial concern in the world is the copper mine at Falun, in Dalecarlia. The mine has been under the same continuous ownership since 1289, and so much ore excavation would build the Cheops Pyramid.

SPRINGFIELD, Miss.

black-eyed string bean 39 inches long was found by Mrs. Mary H. Houghton and Mrs. Margaret Ricco in a nearby garden.

East at the County Fair Dining Hall

Breakfast 35c. Two big dinners daily—45c.

FLAPPER FANNY SAYS

You love in vain when the man who's breezed into your life storms out of it.

Piler Man Marries

FILED, Sept. 7 (Special)—The marriage ceremony uniting Miss Helen Haight, daughter of Mrs. M. J. Haight, Salt Lake City, and Joseph Y. Haight, Oakley, and Clarence T. McNelly, son of Mr. and Mrs. C. F. McNelly, was performed Aug. 31 at their wedding home, 111 N. Ryan, Oakland, officiating.

WILL DELIVER TALKS

His friends and the public are invited to the talks given by Andrew Logan, veteran and retired Salvation Army officer of Portland, who will deliver a series of sermons at street meetings. He is to deliver a series of sermons.

GIANT BEAN

SPRINGFIELD, Miss. (AP)—A black-eyed string bean 39 inches long was found by Mrs. Mary H. Houghton and Mrs. Margaret Ricco in a nearby garden.

Labor Party, With Eyes On 1940, Tests Strength

BY RODNEY DUTCHER
Evening Times-Washington Correspondent

NEW YORK, Sept. 7.—This year's Labor day finds a large group of organized workers embarked on the most important task ever has yet made to organize and wield its political power.

The American Labor party will have a column on the ballot in New York state. From seven angles it is one of the most interesting factors in the national campaign.

The ALP leaders seek to get out a big vote for Roosevelt and Governor Lehman in New York's industrial centers. The two men are the party's official candidates on the ballot. (ALP is part of Roosevelt's New-Deal coalition, for Roosevelt without forming a political party.)

The big idea of ALP, however, is to test whether it is practical to form a national labor party in the United States. The leaders privately say that's why they created it.

Most Roosevelt voters will mark the trouble to sign up under the ALP, says the ablest and strongest labor leaders in America. They feel justified in spreading the party into the other states. They believe they can quickly find strong nuclei in the industrial West, Wisconsin, Minnesota, and the Pacific coast. The test in New York state will cost more than \$100,000.

Take Tammany's job Tammany, according to many runners in New York, will "lean down" on Roosevelt and Lehman in the November election. If it does, and Roosevelt still carries his home state by a small majority, the efforts of the ALP may well appear to have decided the result.

For the ALP to go to see it that thousands of union members ring the doorbells, which Tammany rings when it seeks a big vote. It presents itself as the antidote for Tammany defection.

Finally, a large part of whatever credit the ALP gets will have to go to a woman—Mrs. Eleanor M. Herrick, the new party's state campaign director. Mrs. Herrick is a person who always goes first when she starts a new party.

The party platform calls for the "combination of craft unions and industrial forces, headed by Gov. Alf Landon," for election of Roosevelt, and "independent" candidates sponsored and approved by the American Labor party of New York state, and committed to its political and legislative program and objectives.

The Story of Organized Labor

Story By Willis Thornton
Sketches by Ed Gunder

Labor organization is practically as old as the country. One of the first efforts to organize, the shoemakers, formed local units as early as 1792. But the first national labor organization was the Typographical Union, formed in 1869.

Following several efforts at federating nationally the growing unions, the Nolo and Holy Knights of Labor was started as a secret organization in 1869, with 47 lodges, rooms, and regalia. It was industrial in form.

Terence V. Powderly, an able executive, carried the Knights to great influence, and engineered several broad strikes. But public opinion forced the Knights to abandon secrecy, which had caused them to be widely distrusted.

During a strike of the McCormick Reaper works in Chicago, in 1886, a bomb was thrown into a platform of police, killing seven, injuring a score. Public indignation ran high.

JOHNSTON CALLS FOR OARP WORK

Mayor, in Retiring from Race For Congress, Favors D. Worth Clark

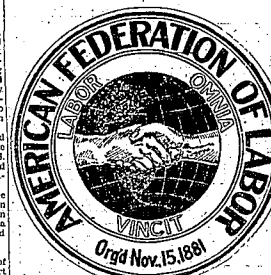

Mayor DuPont McJ. Johnston, a Democratic aspirant for second district congress in the recent primary election, who has disappointed his intention of running as an independent, with Townsend endorsement, declared here today that the pension recovery organization must devote the next two years to thorough organization in order to win at the polls.

Johnston declared that he and Byron Eichenbach, endorsed by the recovery organization for U. S. senator, while campaigning, had found lack of sufficient organization in the state.

He said that, bulletins from the national Townsend organization now asked for the reorganization of Idaho into six districts with a supervisor in each district, and over all a state manager.

"Favors Clark" In announcing his intention of retiring from any further effort at seeking election to congress at the forthcoming election, Johnston declared that "being a Democrat I withdraw in favor of Congressman D. Worth Clark, who favors a good many of the principles the Townsend club stand for. I only hope that Mr. Clark favors more of these."

"Should I remain in the race it is my belief that the election of Mr. C. D. Townsend, a Republican, would be favored. I believe that the Townsend plan has a better chance of success under the Democratic party than the Republican party."

Within five years after its founding in 1881, the American Federation of Labor began to establish itself as the mark of organized labor. Its nucleus was a dozen highly skilled, well-organized craft unions, alert to defend their interests against the industrial union and political plans of the Knights of Labor.

Samuel Gompers headed the new organization which for 40 years was to be the keystone of organized labor. Gompers' own cigar-makers' craft union had been kicked out by the Knights in a dispute exactly the reverse of that between A. F. of L. and C. I. O.

The first union-wide trade agreement was in 1891 between the Iron Molders' Union and the Stone Founders' Association. It provided conciliation of all disputes, without resort to strikes or lockouts, a notable advance.

In 1892, protesting a wage cut, the Amalgamated Association of Iron, Steel, and Tin Workers struck against the Carnegie mills at Homestead, Pa. When Pinkerton guards were brought in by force, there was a bitter and bloody battle. The strike was lost, crippling the union and causing a period of labor violence through the '90s.

THEATERS IN COLORFUL RANGER EPIC

American's first semi-regular organization of state officers, Texas Rangers, is made the theme of a sweeping, panoramic history of the early days of the state. The picture, "The Texas Rangers," scheduled to open Wednesday at the Orpheum theater, is the colorful and dramatic story of the early days of the state, featuring Fred McMurtry and the story of the Texas Rangers. The picture is a colorful and dramatic story of the early days of the state, featuring Fred McMurtry and the story of the Texas Rangers.

Death Comes Here to Youthful Resident at Hospital Saturday

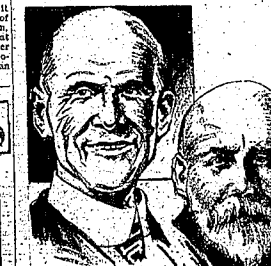

Funeral services will be held for the late Mrs. Sophie Mack, 54, who died at the hospital Saturday.

As the Knights of Labor quietly died, new leaders arose to contest with the rising A. F. of L. Eugene Debs, the gentle warrior of the labor front, pitched at left and right the American Labor party in America of Marxist class warfare principles, came into influence. They were often in conflict with the craft unions.

Dr. Leon's Socialist Labor party and Debs' aggressive leadership of his American Railway Union in the 1903 Pullman strike gave them following. But in 1905 the A. F. of L. declared against taking part in party politics.

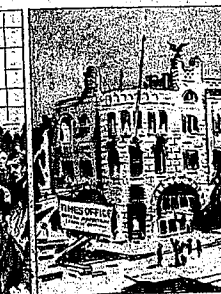

The A. F. of L. fought for the eight-hour day, for industrial legislation of all kinds, for the union label, and the boycott against those who refused to adapt it. It defended the independence and jurisdiction of the craft unions of which it was chiefly composed.

By 1904, "pure and simple" unionism had largely won out, and the A. F. of L. boasted of 1,500,000 members, the greatest labor organization ever assembled in the country. But in 1906, the I. W. O. was started in Chicago to carry on syndicalist ideas.

A textile strike in Lawrence, Mass., in 1912 was quick and brilliantly won by the I. W. O., which then met for a time to set up dual unionism, that is, unionism consisting with each other for the same members in a business. The problem of dual unionism and of overlapping jurisdiction has not yet been solved, being the source of many disputes.

Organization of employees against unionism reached its highest point between 1910 and 1920, and was given great impetus by the organizing of the Los Angeles Times building by the International Brotherhood of Teamsters, which sold its new and solidified many employees against labor.

But the trend toward organization and a better basis for labor was not to be reversed. In 1914, William B. Wilson took his place in the cabinet of Woodrow Wilson as the first secretary of labor and direct government interest in labor problems has grown ever since.

The railway brotherhoods had grown powerful unions, and any general federation of labor, and to 1914, succeeded, passage of the Adamson, eight-hour law. With brotherhood officials in the galleries, the general labor organization ever assembled in the country. It was outstanding in a long series of battles fought for labor.

4 VITAL REASONS FOR CHOOSING G & M STOKERMATIC

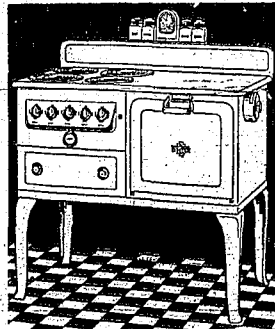

- 1 CO-ORDINATION of heating factors, coal, furnace and stoker, gives greatest heating efficiency.
- 2 SILENT UNIT DRIVE Only 3 moving parts. One greasing—a year. Constant flow of power without noise.
- 3 BEAUTY Perfect harmony of colors and stream lines, makes the Stokermatic a thing of beauty as well as a utility.
- 4 GREATER EXPERIENCE OVER A PERIOD OF 10 years has given us a thorough knowledge of stoker requirements.

Ten Minutes a Day

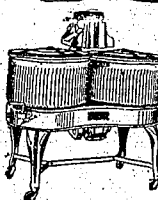

is all the time it takes to tend the furnace when you heat with STOKERMATIC. You never have to worry about uniform temperatures. Just dial the thermostat and the STOKERMATIC does the rest. The fire can't go out. It can't get too hot. It saves miles of stair-climbing and your fuel saving will more than pay for your STOKERMATIC. Get all the details today.

G & M STOKERMATIC

Now! The Last Word in Cookery Universal Ranges FAST — SAFE — COOL — MODERN

DEXTER has twins

We are pleased to announce that we have just been designated as dealers for the famous Dexter Washers. We invite you to see them on display in our booth at the fair. Get your FREE SAMPLE of LaFrance Bluing or Rinso Soap.
