

## House Vote Slashes 150 Millions From Asked Relief Fund

Republicans Join Conservative Democrats  
In Effective Effort to Curb  
Spending Policies

WASHINGTON, Jan. 13.—The house, rebelling against President Roosevelt's spending policies, passed tonight a \$725,000,000 emergency relief appropriation—\$150,000,000 less than asked by the chief executive.

Speaker Bankhead announced that the vote was 307 to 19. Republicans, their ranks augmented by the November election, voted with conservative Democrats in an effective coalition to slash the fund before the final vote was reached. The vote on the slash was 226 to 137.

The chamber inserted restrictions aimed at the elimination of politics from relief, and contrary to the stand of the administration, which announced to provide that pay rates for similar work should not vary more than 25 per cent. (Associated Press—See "Bankhead" below.)

### BORAH LASHES AT WAR PROPAGANDA

Idahoan Slams Subtle, Per-  
sistant Campaign to  
Involve U. S.

TUCSON, Ariz., Jan. 13 (AP)—Senate William Borah (R-I) denounced today the "subtle and persistent" campaign against America's neutrality which he said was being conducted by parties sufficiently numerous to balk the president in many points of his program.

A sum of appropriating \$725,000 instead of \$875,000 was presented under parliamentary circumstances which prevented a roll call vote, and the bill was referred to a committee.

This fact was a source of deep disappointment to many of the administration's critics. Some of them, notably Representative Cannon (D-Mo.), who led the movement for larger appropriations, said they would support the procedure if it had been used on the spot.

"Eight Out of Ten"

Interest in the day's activities centered upon the result of the fight over the "Eight Out of Ten," a proposal from the Republicans and conservatives, who repeated they had no desire to cut off relief, were ready to support the bill.

Two amendments affecting the touchy question of relief in relief areas were voted down. One, by Senator Key Pittman (D-Nev.), would have made it illegal for political purposes of any of the money appropriated, the second, by Senator Patman (D-Tex.), would forbid payments to any WPA supervisor who sought to influence the votes of WPA workers.

Both amendments were voted down in the senate, where it faces an uncertain situation. As in the house, the Republicans and conservatives supported the proposal, while the Democrats, against the spending program.

Republican leaders—who earlier had taken a 2 to 145 beating on the floor of the house—now supported the amendment.

The white-haird secretary of state was called before the Senate finance committee for questioning about his department's policy in making reciprocal trade treaties.

WASHINGTON, Jan. 13.—Secretary Hull emerged from a critical barrage of senate committee questioning on trade program today with an official commission to draft legislation for investigation of "tariff lobbyists." He said he would seek to meet them.

Senators from sugar-producing states wanted to ask him if he had received reports that the United States, without waiting for public hearings, was revoking the trade treaty with Cuba, had already promised Cuba the American duty on sugar imports in 1940 to 1945—a hundredweight.

He then voted

The defeated Republican amendment to the bill of Mrs. McMurtry, of New York, would have provided \$500,000 to keep WPA functioning for two more months. It was voted down.

Another amendment to be voted on the elimination of politics from relief, with a second appro-

priation to follow.

Both amendments were voted against the bill as it passed.

BARCELONA, Jan. 13 (AP)—The Spanish government announced tonight evacuation of the Ebro river area to a line at Roncalie on the Mediterranean to prevent advancing insurgents from isolating troops and civilians.

Hostile forces, 24 miles north of Tortosa (whose fall was announced by insurgents this morning) and more than half-way between Tortosa and the Ebro, had advanced 10 miles, which is 20 miles southward of Barcelona.

It was announced a few hours after the government had launched a counteroffensive in the Brunete area west of Madrid in an effort to recapture the town.

DISAPPOINTMENT FOR RADIO FANS

Radio fans have experienced something of a letdown since the beginning of the year, and their ideals have been impaired in a few smuggling conspiracies.

First, radio comedian George Burns of the Burns-and-Grable team was wounded up by federal authorities. He pleaded guilty to separate indictments linking him with Albert N. Chaperon, pseudo-diplomat, shadowing international figures and convicted smuggler who has entangled other notables in customs violations.

Then followed the indictment of Jack Benny, radio star and gag-man, charged him with attempting to smuggle a diamond necklace and two gold clasp and a gold bracelet, all diamond studded. The jewelry was described as gifts from Benny to Mary Livingston, his wife and partner and also a favorite with radio audiences.

Benny, for several years a favorite on the air, has won public admiration through hard work and perseverance. Those who remember him when he was "hanging a hard row" as a minor attraction on an Orpheum circuit, will recall that he seemed to have "something" which should entitle him to a greater success than he was enjoying at that time. The fiddle and banjo and tongue-in-cheek mchanisms of his one-man act were unique, indeed, to be sure, but his audience felt sympathetic nevertheless.

That's why those who knew the Benny of years gone by have admired him for his eventual climb to outstanding success. That's why they hope he will be able to clear himself of the charges in this latest episode, an innocence which he staunchly professes.

It would be difficult for his fans to understand why he, George Burns, the wife of a state supreme court justice, or anyone else in a category should resort to a questionable practice as smuggling, particularly on such a relatively small scale as to make the savings for any one in their circumstances both ridiculous and disgusting.

THANKFUL TO UNCLE SAM

The "Conscience Fund" of the national Treasury received a belated Christmas present of \$1,000, the largest contribution since 1915. The accompanying note was signed "Very truly yours, A Well Mean Person."

Another gift, consisting of three \$100 bills, with a Christmas card, gave no clue to the sender. The card read:

"How thoughtful you are, my dear friend."

"I am plain enough to see who could have a better friend."

"You have been to me."

"(Signed) From an ex-Home Relief."

Here is only Christmas spirit, but that other lovely virtue, cheerful gratitude.

BRITONS TIGHTEN RANKS

Poor Edward, recently the world's greatest sovereign, homesick for his native land and family, has to return alone when he goes home. And now, instead of taking his family with him, he has to leave his American sweetheart with him, because they have always liked him and feel that his wife hasn't had exactly a square deal.

Well, Edward may be able to patch up his situation during his visit, and arrange to bring Wallis back with him the next time, and even to arrange that the haughty court ladies shall curtsey to her and address her as "Your Royal Highness." Edward's perseverance may wear them down and persuade his own family that it won't rain the British Empire.

But Britain has got into this by its own doing, and it would have been a year or two ago for the British people to understand the nobility and royalty have much more serious things to think about now than court etiquette.

England may soon be glad to have all her sons and daughters, of whatever degree, returning to her cause on any terms whatever.

AIR OFFENSE

Reports say to have been sent out to our government by Linzbergh regarding German air strength while not officially admitted.

Seems to agree with information received from the United States. While the U.S. does not believe that present Nazi power is great as represented, it is probably more effective today than any other country, and growing rapidly.

The Nazis are putting everything they have into military preparedness, apparently regarding their air force, with its modern bombing planes as their chief arm of offense.

All this is alarming in two ways. It means that Germany is now able to strike harder by air than any other country. It also suggests that Germany in this supposed world rapidly exhausting her resources and wealth, she can bolster her depleted treasury somehow, may feel obliged to strike soon while

she is at the height of her air power.

Many observers are expecting war in the future, which some beginning might be considered to drive for annexation of the Ukraine eventually, another conflict might spread to many countries.

America is in a far safer position than any of the Old World countries, and there is no need of starting a war scare here. At the same time, American opinion will probably expect and support a considerable expansion of our war power, especially in the air.

## WHAT-NO MILK-BAR?

Have you a milk bar in your home? No, not a piece of chocolate, but a look out! As for the purpose of preparing, mixing and serving milk in various forms.

No "milk bar" club, hotel, cafe or drink fountain is complete without its "milk bar," as the early 1920s milk bars were. Milk—not champagne, wine, beer, whiskey or other alcoholic beverages—is the "drink of the year."

It seems that the milk bar originated in Australia, which is well known to us on account of its excellent innovations and inventions. From there it spread to England, continental Europe and America. In Australia, the milk bar is the place to go to for a good meal, a cold beer, a cocktail lounge, but not its "milk bar."

And milk bar means just that, a place where milk is served in cups and glasses. Milk is the new word with alarm and distress, but this feeling is more than counterbalanced by the satisfaction experienced by the taste of the milk.

It is good for health, it is good for the body.

DAVIS OFFICERS, TRAVELERS, INSURANCE COMPANIES, MOTOR VEHICLE MANUFACTURERS, and all others who prefer to go to the "milk bar" live and die peacefully. How long will it take to get the "milk bar" to do the same?

It seems that the "milk bar" will produce some confirmed milk-drinking addicts who will cling to this position even after it is no longer fashionable—when the world.

THE NEW DEAL IS GOING PLACES; IF THE PRESIDENT tells us that the New Deal is going places, and it is right!

It has brought some peace. It has brought us a government which is not concerned with millions. It has taken the "poorhouses" of the country and extended them throughout the land. It has an unemployed relief record, including dependents and aged, and employment probably spans more than one-half of our population.

It has raised rates and wages during a depression, for which history has given very clear answer. It has provided for all the necessities of life.

It has dug up the financial stream, the life-blood of business. It has monopolized the money market, making all investments into government bonds.

It has restricted the private banks from loaning private business. They are over-loaded with government bonds.

It is the "true significance behind" any governmental interference with business. Let us hope that it is not in any way similar to the technique used by Hitler in his concentration camps, and with unemployment insurance and old-age pension.

The young girl sat up quickly

and returned to the bed-side.

Noel turned over and she lay

her eyes opened widely to meet the

morning sun pouring in through the

two east windows.

What a wonderful Christmas

for me! Noel replied. "And for the

others too. You deserve a perfect

day for yourself."

Then under her shower as soon

as her hostess had gone, thinking

a cushion warmly in his voice.

"Merry Christmas, Noel,"

Allen said. "I have no gift for

you, but I hope you like my

Noel accepted the card and

smiled. "I hope you like it."

He turned to Mrs. Marchand.

"Merry Christmas, Mrs. March-

"Merry Christmas, Noel,"

she replied. "It's nice to see

you again."

Allen's eyes were filled with

tears. "I'm so glad to see you again."

"I know you'll like it,"

Marchand said. "I hope you'll like

# FANS BOO BURMAN'S DECISION OVER FARR

**Jack Dempsey's  
Protege Victor  
In Tough Fight**

**British Fighter Gets  
Horton Smith in  
Front of Field**

By SID FEDER  
NEW YORK, Jan. 13 (AP)—Despite a gallant showing in the late rounds by the game Tommy Farr, George E. Smith, 26, awarded the four-round decision over the Welsh heavy weight in the windup bout at Madison Square Garden to night, to the accompaniment of a round of boos by the crowd.

In a tough, fine-punching battle all the way, Burman's protégé, Dempsey's favorite, proved he was the better boxer throughout the first six rounds, but was "thumped" in the more experienced Welshman's final three rounds.

The crowd forced the decision for nearly five minutes after the fight ended, and the referee, Harry C. Miller, had to leave the ring.

**Manager Protests**

Joe Gould, Farr's manager, announced in his dressing room that his state athletic commission to reverse the verdict. The Associated Press said early Saturday that with one more round to go, Farr had won the fight.

The decision went down as one of

South Africa's best. Burman, who was under going into the ring, was later told that Commissioner J. H. Ward of Olympia, Wash., one of the founders of the international boxing commission, had ruled that he should be given a 7-to-10 victory.

For Farr, it was just a Friday the 13th plus added to the "hoodoo" under which he has been travelling.

Burman was his fifth opponent in this country—and the fifth to beat him.

In the fifth round, Burman began a mauling body attack in the second and continued it with such force through the next five rounds that he had to be stopped by the referee to give him the decision through the votes of Judges Patsy—just a few points from his record.

**Farr Holds**

Burman's chief strength came from his right hand, which was packed, loring right and hitting Farr's heart. In the second, this blow landed repeatedly, causing Farr to stagger and drop to the floor, which lost him the round, the 23-year-old red-head would have won with an easier margin in the third.

Farr looked slightly better in the fourth, twice forcing Burman to the ropes, but on each occasion the Britisher would bring his right up as a winning fighter in New York, came right back at him with a two-fisted attack. Farr was hurt by a series of lefts.

Hard-pressed with rights to the body in the fifth, and in the sixth he repeated the procedure, but Tommie was able to stand up to him and was punching with both hands at the bell.

From the point, though, Tommie, as good as he received, Burman was faced by a furious two-handed attack by Farr, which sent him to the floor. Both entries are expected tonight.

## FARMERS TO LIST CROP INTENTIONS

Questionnaire Puts Growers in Position to Help Fix Quota

Twin Falls county farmers will have an opportunity this year to participate in setting their own agricultural quota, under the new federal allotment program, according to H. W. Lincoln, secretary of the Twin Falls County Agricultural Adjustment Committee.

Yesterday bulletins were mailed to 3,174 farmers in the county asking them to "list what they plan to plant." Each farmer is asked to list the number of acres he intends to plant in potatoes, wheat, commercial vegetables, canola, oilseeds, fruit, nuts and other field crops.

The intention to plant crops must be submitted by January 22. This will give the committee ample time to fix acreage allotments before farmers begin planting.

Lincoln said that 220,000 acres of cropland in the county have been signed for federal benefit programs, and that the remaining 280,000 acres will be allotted under the new arrangement to cover state cropping.

The process of planning of 140,000 acres of potatoes in the county and 24,000 acres of wheat.

## W.O.W. INSTALL OFFICIAL STAFF

Spencer N. Robinson Heads Reorganized Twin Falls Camp

Spencer N. Robinson was installed as council commander of the Twin Falls Council—the club which is now the local organization reorganized for 1939 at a meeting in the JAPCO Club, Hill Thursday night.

Other officers installed were: Chairman of Ceremonies, who brought a large sized delegation from his city to attend the meeting; Dr. Kempton O'Neil, council chief-of-staff;

Chairman—who took office at the joint election and installation meeting were: Henry Hall, reelected past-president; James W. Porter, reelected treasurer; Fletcher, adviser; Lieutenant Louis E. Brandon, elected banker; Dale Chaff, protocol singer; Frank M. Smith, elected manager; Tom Sauer, manager; Al Hauke, and N. O. Kempton—are serving terms.

Three future meetings were planned at the session. The first, Dr. W. O. O'Neil, member of the faculty of the University of Idaho, will speak on "The Present Status of Agriculture," January 20; a regular monthly meeting will be held at the JAPCO Club, January 27.

A special meeting will be called to honor State Manager, Fletcher, January 28—enough tickets to honor State Manager Fletcher, January 28—enough tickets to honor State Manager Fletcher, January 28—enough

Order Winds Up Bank's Affairs

A court order to wind up affairs of the Citizens State bank of Twin Falls, which failed Dec. 2, 1932, was signed by Judge James W. Porter at the conclusion of the trial in the U.S. district court in Twin Falls.

The order authorized expenditure of funds necessary to protect the bank's assets, to pay its debts and to settle its claims as danger signals to motorists on the highway that it is being liquidated. It has been recently stolen.

The shares are federal property and are stamped "U. S." Parker said. "It is impossible to purchase them, as they are not found in the possession of the federal property,"

WPA officials were contacted about the shares.

It is believed that the shares

were taken from the bank by

agents of the FBI.

Shares were taken from the road

house of the bank by agents

of the WPA program for improving

U. S. Highway 30.

Savings and Loan

Shares Dividend

The First Savings and Loan association of Twin Falls reports recent receipt of a dividend of \$10,000 from the Federal Home Loan Bank of Portland of which it is a member. H. R. Grant, manager of the bank, said that the payment of the dividend to its stockholders for the six-month period ending December 31, 1938, was \$10,000.

A dividend applicable to the first six months of 1938, aggregating \$42,667.70 was paid in July, making total dividends for all stockholders for the year \$57,650.00.

Apportioned 85 percent of the current dividend will go to the stockholder in the Federal Home Loan Bank of Portland, the bank explained. The remaining 15 percent will go to stockholders in the First Bank, 12 members in Idaho, Wyoming, Oregon, Utah, Washington, and Alaska, which members hold the remainder of the stock.

Mr. A. Codnerfield, discussed purposes of the meeting here Monday night of Southern Idaho, Inc., urged general attendance. Chamber of Commerce received attention during the session of the Rogerson hotel banquet room, and the resignation of Gov. Price, whose name was accepted. A successor will be named later.

## DAVIS ANNOUNCES SCHOOL FIGURES

1938-39 Enrollment Near Total for Previous Year

Only slight variations in Twin Falls public school enrollment during the past two school years are apparent, according to Superintendent Homer McEvils, superintendent. Total enrollment of 1938-39 for five schools is 7,161 below last year, while enrollment in 1937-38 was 7,201, he said. Average daily attendance records show little difference with 7,242 recorded during the first part of the school year and 7,161 recorded in the 1937-38 school year.

The small decline in attendance is attributed to "Mr. Davis," to more students who stay at home during the last two years, benefits following the implementation of the new state minimum wage. Enrollment figures for the 1938-39 and 1937-38 school years were reported as follows:

Total Enrollment	1938-39	1937-38
Hill school	795	1,101
Junior high	650	923
McNiel	724	455
Washington	770	205
Total	3,230	3,770

Average Attendance

1938-39	1937-38	
Hill school	1,353	1,063
Junior High	837	847
McNiel	606	602
Washington	410	403
Total	3,230	3,770

Tampering With Order Charged

Harold W. Baker, former Twin Falls resident, was released from the Idaho State Penitentiary at Folsom, Calif., one week ago. He was held in the county jail in lieu of \$10,000 bail until yesterday morning.

Holter's release came after a federal grand jury in Salt Lake City, which had been waived preliminary

arranged before he was arrested. He was held in the county jail in lieu of \$10,000 bail until yesterday morning.
