**Donald Wilkins Succumbs to Injuries at Rupert Hospital**

RUPERT, Feb. 17.—Donald Wilkins, 20, Paul CCC youth, died at 6:30 p.m. today, at the Rupert general hospital six hours after he had been crushed beneath the wheel of a truck.

Wilkins was standing behind his truck, which was being used in raising the banks of the B-C canal, three miles west of Heyburn. The young lad did not see the truck come down the hill and roll over, down, falling under the wheels of the vehicle.

Follow employees of the young man, who was in the CCC corps at Paul. After preliminary treatment, the young man was rushed to the Rupert general hospital, where death occurred.

The accident occurred at 11 a.m. Friday. Wilkins was en route to the bridge at Heyburn, Idaho.

The body rests at the Payne mortuary at Heyburn.

**National Association Convenes in Colorado Next Year**

FRANCONIA, Feb. 17.—G. W. McFarland, president of the restricted president of the American National Livestock Association—the first session of the organization's annual meeting was held today, and Colorado was chosen the convention state for next year.

The 400 delegates representing 18 states and the District of Columbia, with adoption of resolutions, one of them in opposition to the Farmers' chain store tax bill, the convention adjourned.

The convention also voted to record as opposed to all "unjust and discriminatory legislation tending to diminish the distribution of agricultural products."

Delegates ordered a committee to each member of the ways and means committee, which now is considering the measure, and declared that neither the Senate nor the House had a majority to pass the bill.

The convention also voted to

recommend to Congress a bill to amend the farm bill to permit the distribution of beef products through present normal channels is desirable."

George H. Davis of Kansas City, Mo., was elected chairman of the restricted president of the American National Livestock Association, and chairman to assist the national convention to "raise the entrepreneurialism of government business."

"He told the delegates in his address that 21 states now fix milk prices to dealers, farmer and consumer, and that the program will stick to beef in the program of regimentation."

**ARMY OFFICERS TRAINING URGED**

(Continued from Page One) waterway must at all times be prepared for immediate resumption of hostilities—without antifascism or hope, early resistance from the homeland.

"We must, therefore, consider the overrunning of our 10-day mobilization period as a catastrophe, likewise, the army's arm; as it is true, the war, must be a day arm of the fighting forces."

We must rely on the elements for the first quick blow in the nation's defense."

He has been repeatedly denoted in history, and this has been repeatedly demonstrated in Ethiopia, in China. In Spain during recent years—the most terrible catastrophe that faced our military, and that which will bring eventual victory, or defeat."

"The most important protective force—if adequately armed, equipped, and trained to assume its responsibility, we believe will permit the subsequent mobilization—defeational armes, as the protection of the United States may require."

Organization and training of the citizen-soldier reinforcements are the responsibility of the 100,000,000 men of the nation.

Sixty-three years of World War experience, Woodring said, had taught us that the experience through the protracted regular army was 53 per cent and for the national guard 40 per cent.

Terminally, the loss of P.C.O. trained officers, "staggering," the secretary said that of 8000 graders, 1000 were lost, and 1000 actively participated in military mat-

teries.

Chalmers May, ID-KO of the 100 million dollar war bond campaign, told the secretary, "We have to do more than just buy bonds."

## HITLER DECREES 50-MILE LIMIT

Nazis' Fuehrer Sets Auto Speed Maximum at German Show

BERLIN, Feb. 17 (AP)—Reichsführer Adolf Hitler set 50 miles an hour as the maximum speed for good Nazis on German highways and called reckless driving "a crime against the nation." In his 100th automobile show, he also announced:

"I import raw materials we need from abroad and I have no right to say they are restricted at our disposal because of successes in the four-year plan for self-sufficiency."

Committee of Colonel Adalbert Von Schell as chief of the motor car industry with power to tell manufacturers what to do.

He assigned Von Schell to review passenger types in 1939 from 55 to 23 and trucks from 110 to 14 to 10.

Speaking for 20 minutes in the exhibition-hall before Nazi officials, manufacturers, auto workers, U.S. dealers, highway bands, car-stealing and murderers," would be condemned overreaching.

Germany's 100th automobile in the last six years had taken the lives of as many Germans as were killed by Louis Napoleon—but in the 100th anniversary year—1939.

Regarding what he considered the speed limit, Hitler said:

"It is not an art—drive fast; it is a duty—protect the lives of others, but it is an art to drive with safety, it is carelessness of fixing an eight-hour speed limit, however, Hitler relied on his expressed opinion of a 50-mile-an-hour speed to do the trick."

**TOWNSEND ASSERTS \$200 PAYMENTS 'ONLY START'**

## TOWNSEND ASSERTS \$200 PAYMENTS 'ONLY START'

WASHINGTON, Feb. 17 (AP)—The man who raised the hopes of country folk that the new farm relief laws told the house ways and means committee today that \$200 was only a start.

Sen. George E. Townsend, sponsor of the pension plan which carries his name, testified that the effects of the \$200 payments would be so substantial in a few years "we'll go to \$200."

The plan, he asserted, is a means of diverting the "streams of profits" in the pocketbooks of farmers, means of stimulating the national business.

Shackles Fall

Once the plan is in operation, the shackles of depression will be removed from productive enterprises and the standard of living can go up.

Committee questioned him sharply on the effect of the plan on his economic theories, its organization and financing and about political activity. Then at the end of the session, the two senators exchanged pleasantries about the courtesies they had shown one another.

The committee is considering amendment as proposed substitutes for the social security act.

Townsend said that each state has a right to live its plan as it sees fit but denied any violation of the corrupt practices act. He contend-

ed he had not delved into bills

submitted by the Senate to submit a statement of receipts of the Townsend movement, but later said the amount amounted to \$1,000,000 in three years.

President Franklin D. Roosevelt

has asked him to refer to his

plan as a model.

## Addy Family Honored With Surprise Farewell Party

Friends and neighbors surprised Mr. and Mrs. Carl Addy and daughter, Norine, when they gathered at their home Thursday evening for a delightful farewell party.

Mr. Addy has been appointed supervisor of the Nampa state school for the colony. They have lived in the Twin Falls area the past two years and are well-known. They will leave Saturday morning for Nampa.

Guests came bearing well-filled baskets and remained to spend the evening socializing with refreshments served at a late hour.

St. Patrick motif was established in the cloth and napkins. Centering the table was a white rose. Guests included Mr. and Mrs. Carl Addy and daughter, Norine; Mr. and Mrs. Irene Griffith and daughter, Norine; Mr. and Mrs. Leo Johnson; Mr. and Mrs. Fred Landon; Mr. and Mrs. Roy Painter; Mr. and Mrs. O. C. Paulson; Mr. and Mrs. Eales Green; Harry Page.

**FIFTH BIRTHDAY CELEBRATED**

Celebrating her fifth birthday, Betty Ruth Cunningham entertained friends at a birthday party given at her home by her parents, Mr. and Mrs. W. J. Cunningham.

Games and strand were the attraction, while the girls enjoyed lighting the refreshment hour with the white frosted birthday cake decorated in red candle hearts. Blue and white candies, small replicas of the birthday cake were served to each child.

Valentine motif was used in the decorations, and each girl received a small valentine.

A patriotic theme, significant of George Washington's birthday, was used. An arrangement of red, white and blue carnations, with a small sprig of white ribbon, decorated the center of each table.

Guests included Dorothy Cockrell, Marilyn Brooks, Grace Wagner, Helen Johnson, Mrs. Alice Robertson, Norma Jean Dingel, Virginia McNease, Shirley Greenblatt.

Charlie Miller, Marian Briggs, Ruthie Hause, and Mary Virginia Green, son.

**NEW YORK.** Feb. 17.—The stock market lost its rallying urge today in a broad consolidating process.

While there were few weak spots in evidence, closing prices were irregularly lower, most declines in small fractions. A number of factors contributed to this modest decline.

Stock prices were advanced in the hour when leaders got up as much as a point. Light selling soon intervened—and most of the leaders were again down by the time the bell had registered new highs for the past year or longer.

The Associated Press average of 40 stocks was down 1.12, or 2.8 per cent.

Transfers amounted to \$62,010 shares compared with \$52,000 the day before.

Brokers commented leaders inclined to step carefully pending more assurances the predicted spring bull market would really materialize.

A moderate handline, "Wait for the final signal," indicated the market as yet indicates pointed to another increase in mill operations next week. After a contest of extensive armament, the further hopes of

With the exception of J. C. Penney,

merchandising stocks suffered declines as the market declined this week was summarized to have topped the same period last year.

Aluminum, in the final hours of trading, was up 1.12, or 3.4 per cent.

Chrysler, General Motors, Sears, Roebuck, Montgomery Ward, Anaconda,

Standard Oil, Santa Fe and American Telephone were up.

Alcatel, the finisher Boeing and International Harvester, Cirrus Metal, National Biscuit, N.Y. Central, Cities Service, Locomotive, Pont, Owens-Illinois and Eastman Kodak were unchanged and others were unquoted and untraded.

They were a finisher Boeing and the French franc improved a shade in terms of the dollar. Substantial nearly a point in the curve.
