

Mystery Shrouds Fate of Torpedoed Vessel

Tax Collection Measure Passed by Senate After Bristling Verbal Clash

Minority Charges Bill 'Conceived In Greed'

(By The Associated Press)
BOISE, Feb. 22.—A bill to consolidate state tax collecting functions was approved by the Idaho senate today, after a bristling debate characterized by minority charges that the Republican-sponsored measure was "conceived by greed."

The vote was 27 to 17, 17 Democrats voting against passage and 20 Republicans supporting the bill that already had passed the house.

Senator Thomas Heath (R-Franklin), Republican leader, urged passage of it after describing it as a bill to carry out his party's campaign promise to create the office of Commissioner of State Tax Collector, collecting activities in the interests of efficiency."

Twenty years ago, Senator George D. Wright (D-Washington), a Welsh lawyer, differed however, saying:

"The office of tax commissioner

"This bill merely creates a job for a tax collector."

He added: "In case this measure is passed as one 'conceived in greed,' let me assure you that it is a good bill."

He declared the office had been filled after "the creation" in 1923 of the state tax commission, which was "the first and only tax collector Idaho ever had—and probably the best informed man on taxes in Idaho."

"When the office was created it provided a salary of \$3,000 a year."

"This is just another bill to give another office another salary."

He added: "It is unnecessary."

"It provides that the commissionership will be held by a citizen of the state," he said.

Rep. George D. Wright (D-California), a Democrat, said the bill would enable the state to go into projected transnational service.

Donard urged the tax collectorship be left in the hands of the director of the state department of finance. "If a change is to be made in the interest of efficiency and economy, let us do it."

Opposition came from the commissionership of state treasury.

Senator James Newport (D-Canyon) added: "We are not getting off lightly here. We heard at the beginning of this session of consolidations in the interest of economy; but this has turned out to be a great increase in the number of tax collectors and the addition of high salaried officials."

We heard during the last session that the department of state treasury, the statehouse and several downtown buildings will have offices.

"The Republican party is not entitled to all of the office buildings in Ada county."

Senator Heath replied that the commissionership would "abolish several offices," continuing:

"Some of our past administrations (Democrats) would not understand the term 'consolidation' as they did."

He defended the bill as a measure to

a new secretary for the board of equalization which fixes valuations of real property and values them for state purposes, based upon an election of officials not as well as to make necessary investments and economies."

Valuations Show

"Since 1922 the assessed valuation for state purposes has decreased from \$1,000,000,000 to \$700,000,000. We propose to cut some of this back and the tax rates."

"I predict this measure will pass."

But Senator K. C. Barlow (D-Calgary), chairman of the finance committee, declared consolidation measures proposed by the administration

"commence with a bang."

STATE PURCHASE OF BRIDGE URGED

House Committee Approves Bill to Lift Bridge Tolls

(By The Associated Press)
BOISE, Feb. 22.—A bill to consolidate state tax collecting functions was approved by the Idaho senate today, after a bristling debate characterized by minority charges that the Republican-sponsored measure was "conceived by greed."

The bill would create a state toll-bridge committee to administer the act. Silas L. Wright (R-Bear Lake) is chairman of the house appropriations committee.

74-Passenger Plane Soars Over Pacific

Super Clipper Takes Off Before Huge Crowd Of Exposition Visitors

(By The Associated Press)

TREASURE ISLAND, Calif., Feb. 22.—A 74-passenger "super clipper" soared out the Golden Gate today and headed for China to start something approaching mass transportation in Asian flight.

Before the size of Golden Gate expansion dollars, the big plane turned into the wind, taxied about a mile and headed straight for Hawaii at 6:01 p.m. M.S.T. The takeoff took place within a few hundred yards of the island and in plain view of about 75,000 persons.

With favorable winds at sea the big ship was expected to reach Honolulu, 2,400 miles away, in less than 15 hours.

Ships sailed eastward and a crew of 10, in addition to mail and express, but no regularly paying passengers.

Her first flight to Macau, Macao, resulted in a deadlocked race between the two.

As the ship disappeared over the western horizon her slate plates, the

MASONS MEET AT DINNER SESSION

Past-Masters Confer-Degree at Meeting Attended by More Than 200

More than 200 members of the Masonic order attended Twin Falls Masonic Lodge's 18th annual dinner meeting at the Atlantic Hotel last evening. In attendance were delegations from all of the Fifth district's lodges.

Confering the Master Mason degree at last evening's meeting were the following past masters:

John C. Johnson, W. M., Mrs. Alice Blackett, E. H. Johnson, W. M., Mr. John A. Nelson, J. H. Glendon, Bruce McMillan, Harry Dinkelman, Mr. and Mrs. George Warberg, Dr. F. A. Parrott.

Second section—G. B. Lindsey, H. K. Taylor, Franklin G. Allen, Dr. F. A. Parrott, Guy Bradley, George Warberg, H. J. Glendon, John A. Nelson, Harry Dinkelman, George Warberg, Max Bremerton, Steven Gerten.

Lodge members expressed appreciation to the Past Master Mason for the past 12 years who had donated the pig for the lodge's annual roast pig dinner.

The pig was prepared by R. E. Winans and assistants, and women who assisted in serving included Mrs. A. D. Bobb and Mrs. Claude M. Gordon.

ACA PLAN SHEET WORK EXPLAINED

Community Committee Instructed by Idaho AAA Experts

One of farm plan sheets was explained to committeemen of local agricultural organizations by the County Agricultural Conservation Association at a meeting at the post office yesterday.

Sheldene Cox, Dr. E. A. Fieldman, and D. R. Turner, both ACA state commissioners, discussed use of the farm plan sheets.

Within 10 days, community committeemen will take the farm plan sheets to farmers in their respective areas and explain to them how much can be done to save fuel consumption under the conservation program.

Each farmer will be individually informed, crop treatments studied and individualized or possible seed benefits given.

It was also decided that the season's wheat crop will be harvested and the wheat farming history of each farmer who joined the conservation program for the first time this year, will be written up and placed in the library of the State Agricultural Experiment Station.

Seed will be continued today in the county agricultural extension and Turner breeding, Ray Lincoln, secretary of the county association, said.

FRANCE FIRM IN FACE OF THREATS

(Continued from Page One) Referring to "France as a nation," a president who has doubtless have been asked if it is true that France has not been for the assistance given him by the French," Bullock said. "I am told that was pre-arranged."

"If there should be a war in Europe, we might be drawn into it," he said. "As far as the United States and France must work together in working for peace, Blasier declared: "We know that in this work of peace, we are all there is today, a solidarity between us," he con-

sented.

"We do not need to be bound by treaty obligations, but we must work together for what we believe to be the good of humanity. We do not need to make contracts with each other."

Blasier added: "We are all here to cause the cause of liberty and justice."

Speaking further, Blasier stated: "President Roosevelt is one of the guides of the world's will to peace. Who has given to our France so many proofs of his affectionate interest?"

Ex-News Carrier

Ranking Soldier

Ale Minnick, former Twin Falls newspaper boy and a graduate of Twin Falls High School in 1938, has been promoted to assistant supply sergeant of the 10th Cavalry, Honolulu, Hawaii, friends learned yesterday.

John W. Johnson, Jr., 19, of Mountain View, W. M., Minnick, 602 Blue Lakes boulevard, will be home for a four month furlough October 1.

In the regular army, he spent 15 months at Fort Douglas, Utah, and the remainder of the time in Hawaii. For the past two years he has been a police officer of 100 men authorized at Fort Shafter and detailed to police Honolulu.

Two Men Draw Burglary Terms

BURGLAR, 20; ROBBER, 14.—William T. Dennis, 20, pleaded guilty in a federal court yesterday to a charge of breaking and entering with intent to commit larceny into the Colorado fish and game commission office, R. G. Parson, commission director, said today.

Dennis, a local warehouseman, was sentenced to the State Penitentiary for 10 years to serve a 10-to-15-year term in the state penitentiary.

Brevities

Returns from Oakley—Miss Aloha McMurray, after visiting her parents, Mr. and Mrs. Ray McMurray of Oakley, has returned.

House Guest—Miss Marjorie Abenroth of Ogden former Twin Falls resident, a house guest this week of Miss Margaret Friend.

Home From Rochester—Mr. and Mrs. William Thoms, Jr., and his mother, Mrs. William Thoms, returned from Rochester, Minn., where he spent some weeks under treatment at the Mayo Clinic.

Visitors from Arkansas—Visiting Mrs. H. Jennings, who is seriously ill at her home in Hailey, were Mrs. and Miss Fancher of Little Rock, Ark., and Miss Fred Villines of Green Forest, Ark.

Visitors in Hailey—Mrs. M. H. Thompson, visited in Hailey by Mr. and Mrs. Kenneth Allen, her son-in-law and daughter, who were home from Boise over the weekend. Mr. Allen is a state representative.

Applies for Permit—Roy Painter applied for permit to hunt the interior of his property in the north and Shoshone street yesterday morning, according to records. Estimated value of the improvements \$100.

Injured in Fall—George Byers, 40, of Pomeroy, was severely injured, fell from a ladder while working yesterday afternoon and fractured his right leg at the knee. He was taken to the county general hospital.

Admitted to Hospital—Annie Williams, 70, of St. Edward's Catholic church, in the second section of the day, opening the Lenten season. The same day she was admitted to the hospital at 2:30 p. m.

Return to School—Miss Delta Johnson, 18, of the Delta school, and Maria Johnson of Rupert, spent the weekend-end at the home of Mr. and Mrs. John Brooks of Hansen. They are students at the Albion State Normal school.

Automobile Accident—A Toler reported in that about the time he was driving crashed with a Coopersburg company truck yesterday, at a point on the highway between the town of Shoshone and Shoshone, 10 miles east. Both machines were slightly damaged.

Turnover—Meeting Huber Club will address the Twin Falls Kiwanis club No. 1 at a meeting Friday at 8 p. m. at the Community Center. Guests will be Charles Clodfelter and his Arkansas quartet who will furnish music. A bus will leave the city hall for Pifer at 7 p. m.

Leaving for China—Mr. and Mrs. C. Price, who were spectators at the football game between the First Pentecostal church, are leaving today for a mission to Hong Kong. At the close of the service they will leave for the Far East, spending 18 months in the Orient.

Yankees—Major Huber Club will address the Twin Falls Kiwanis club No. 1 at a meeting Friday at 8 p. m. at the Community Center. Guests will be Charles Clodfelter and his Arkansas quartet who will furnish music. A bus will leave the city hall for Pifer at 7 p. m.

SENATE ACTS ON PROPOSED LAWS

**Forestry, Wildlife Stations
Bill Among 15 Bills
Approved**

BOISE, Feb. 22 (AP)—The Idaho Senate acted on 15 bills today. Action on some others:

"By Senate "mining committee"—to regulate sales of mining stock in Idaho; mining supervision of stock by state; and to require miners to file the state income declaration. Passed, 38 to 2.

By Rep. Vaughn (R-Payette)—permitting electors to create fire departments and to have waterworks systems in incorporated towns. Passed, 27 to 12.

By Senate state affairs committee—amending the present school law so as to permit Shoshone County to make an additional ad valorem levy for schools. Passed, 38 to 2. An emergency arising from a pending application of the school equalization law. Passed, 38 to 2.

By Senator Rich (R-Bear Lake)—appropriating \$2,000 for a building in which to house plant collectors.

By Senate state affairs committee—the office of state controller. Passed, 26 to 14, as amended to provide for the election of state controller, 1939, instead of by the governor.

Wildlife Study:

By Senate forestry—setting up machinery for establishment of an experimental station and field station for research in forest and wildlife under direction of the University of Idaho to be financed partly by federal funds. Passed, 38 to 2. Relates to federal funds for the purchase of sporting goods. Passed, 42 to 1.

By session law—permitting a person to drive a vehicle or automobile operated by an intoxicated driver. Passed, 39 to 1.

By session law—allowing filing of of official reports and findings of fact as evidence. Passed, 40 to 0.

By house uniform law—making use as exhibit of certain business records. Passed, 43 to 0.

By Rep. (The R-Aida)—providing that the state auditor may demand change fees for examining records of certain membership credit associations. Passed, 41 to 0.

Bank Defects Law:

By house state affairs—providing use of defective bank notes on Idaho highways and providing for inspection and testing of vehicles by the state auditor of all drivers of the state. Passed, 32 to 11.

By house highways—specifying lighting equipment to be used on state roads. Passed, 38 to 10.

By house state affairs—providing tax collecting in the office of tax commissioners and mining him section. Passed, 27 to 17.

By house state affairs—transferring the state to the state auditor of state because of passage of a later appropriation for relief. Passed, 42 to 0.

By house state affairs—making it unlawful for persons not 21 years of age and not residents of Idaho for six months to vote. In primary elections, however, an re-enactment of the vote by which it was defeated previously.

HOUSING TURNS TO APARTMENTS

Planners Set for Large Scale City Building Program

NEW YORK, Feb. 22 (AP)—Housing planners are set for a big spring "house-hunting" campaign to provide apartments for the city dweller who wants to rent rather than own his home.

Large-scale-scale projects are emerging from the blue-print.

Some have entered construction or have entered construction in what may mark a new era of residential housing.

Housing experts estimated today upwards of \$200,000,000 in multi-family residential projects would be under way this year, mainly in metropolitan areas like New York and Washington.

Planned housing in New York, it is believed, will be built in a wider scope than ever before as a result of the federal housing administration program, combined with U. S. Savings and Loan associations, low-income classes and pioneering attempts without government aid.

Most spectacular of the planned developments is the proposed "city in city" mid-Manhattan "area" as a great undertaking by the Mutual Life Insurance Co., the Bronx, New York, and its partners for the sum of \$100,000,000 in apartments to accommodate families of moderate income.

This huge project contemplates eventual housing of approximately 10,000 families in a planned city in itself. Foundations already are being laid for the initial units.

Each Thursday afternoon during Lent special children's services will be held in the Guild hall at 4 p. m.

L. D. S. Rites for Burley Resident

BURLEY, Feb. 22—Funeral services were held yesterday at the First Ward Church of Christ, Scientist, here, Tuesday at the chapel of the Durley funeral home with Bishop Earl Olyerson of the First Ward L. D. S. church officiating.

John Hatch, Mrs. William Durley, Clyde Denton and Mrs. George Catmull, sons of "Cheshire Cat" Davis, and their wives, accompanied by their wives, were accompanied by Dr. Lloyd Hill, following services.

The outstanding piece of rodeo equipment used in the rodeos during the calendar years 1937 and 1938 was that of ground squirrel clean-up work which was a continual report of the state leader of the Idaho Rodeo Association.

Near Lake counties, the state leader of the Idaho Rodeo Association reported.

A 20 acre pasture was found to be prevalent and rather widely distributed.

During the spring and summer of 1938 more than 20 men worked for a period of 50 days distributing ground squirrel bait on known trapping grounds.

It was estimated that the ground squirrel was affected on more than 3,000,000 acres of squirrel-infested grazing and farmland lands.

It is believed that the squirrel infestation of the state president, D. V. Carlson, and his wife, Mrs. Carlson, and their son, Carl, were instrumental in the campaign to obtain state control of the entire area.

Adjacent areas where more than 20,000 acres were treated to reduce squirrel infestation and prevent undue spread of plague on these areas.

In Lake, Carbon and Bannock counties, squirrel infestation on some private lands had not been reduced to a practical state of control.

Mr. Carlson, who has been chairman of the state president, D. V. Carlson, and his wife, Mrs. Carlson, and their son, Carl, were instrumental in the campaign to obtain state control of the entire area.

GROUP OPPOSES WPA PICKETING

County Farm Workers Tell
Stand-White Alliance
Fights Job-Slash

As the Workers Alliance had planned yesterday to fight a threatened cutback in WPA rolls, a group of WPA workers went on record opposing picketing as a means of obtaining more WPA jobs and increased pay.

Picketing and striking will be the weapon of the Workers Alliance in striving to stave off cuts in WPA rolls. But the group came up short of a decision to go to a delinquent appropriation.

Majority of WPA workers on the stand-White Alliance, who had previously declared they would not participate in strike action.

24 Sign Statement

Thirty-four of the 40 workers on the county stand-White improvement project yesterday had signed the following statement:

"We, the签名者, certified workers on WPA project No. 1700, hereby signify that we are opposed to any strike or picketing of WPA workers, and that we do not believe the association of our own free will and without demands from any source."

According to the alliance, the majority of WPA workers will not be cut from work rolls because the WPA appropriation was cut from \$875,000,000 to \$725,000,000.

Majority of WPA workers are employed in Rupert, Burley and other communities.

The group at a meeting Tuesday night agreed to support the cooperation of businessmen in organizing a membership drive.

Laser's Statement

Excerpts of a communication from David Laser, president of the Workers Alliance of America, read in which he advised, "I think it will be necessary to lay off 1,000,000 WPA workers on April 1 or lay off 1,750,000 during April and May." He also said, "I am passing the \$150,000,000 appropriation which has been asked by President Roosevelt for an additional deficiency appropriation, then, is not only a struggle to keep our jobs during the spring but is a struggle to keep our jobs during the summer to the breadline entirely after July 1," the bulletin said.

The bulletin said, "The bulletins for records of explanation of our deficiency request for \$275,000,000, President Roosevelt's request for \$150,000,000, based on a claim that we have given up 200,000 workers to 270,000 workers by June 3. We believe that such an installment is unnecessary and that we should be allowed to keep at least 2,000,000 at least. We believe further that an increase in monthly wages is long overdue and if urgent money is available, we believe we should receive \$250,000,000 if necessary."

"If we by our activities in this campaign can bring about a national public interest and appropriate pressure on congress to win the \$275,000,000, it will be a tremendous victory for us—against odds."

Final Rites for Mrs. Holloway

Funeral services for Mrs. Lutitia Maudie Holloway, 80, long-time Twin Falls resident, who died Saturday morning at the Baptist church yesterday afternoon. Rev. Roy Barnett officiated.

Mrs. Holloway was a faithful member of the First Baptist Church, having been a member of the church since its organization in 1885.

She was a member of the Ladies Aid Society, the Women's Mite Fund, the Rock of Ages, the Senior Citizens, the Rock of Ages.

The services were conducted by Rev. Roy Barnett.

Interment was under the direction of the Drake and Reynolds Funeral home.

BIG MOVIE TAIL

LONDON (AP)—Box office receipts at British cinemas are estimated at \$100 million a year.

Errol Flynn, star of "The Rock of Ages," was born in London.

Honorary pallbearers included

Archibald, Sir John, and Sir

Keel, Jerome.

Interment was under the direction of the Drake and Reynolds Funeral home.

and relatives.

John and Elizabeth and Miss Edna Graham sang "Med. Me There" and "When I They—Hear Those Golden Bells." Mrs. Barnett sang "I'm a Little Bit Blue."

Six grandsons were pallbearers. They were Roy Holloway, Carroll Holloway, Fay Holloway, Price Holloway, Glenn Wright and Leon Wright.

Burial was in the Twin Falls cemetery.
