12 SENATORS FOR PLAN TO OUTLAW WAR

Amendment Would Prevent U.S. from Participating in Foreign Conflict; Borar Attacks Defense Program

(By the Associated Press) **WASHINGTON**, Feb. 28.—A proposed constitutional amendment, under which the government of the United States would be prevented from waging war on foreign soil without the approval of its representatives, was adopted in the Senate yesterday. It announced support of 12 senators from four political parties.

The amendment, highly objectionable to the state department, was introduced by Senator Borar and was proceeded with at a late date on the administration's armament program. A "dissident" in the Senate, Senator Clark, voted against it.

There would be no war in Europe until the United States gave the word.

Borar, Clark Take Part.

Idaho's two senators took a prominent part in the defense argument. Senator Borar, Republican, and Senator Clark, Democrat, were instrumental in getting the bill introduced.

Justice Takes Shorter Route

GRAND JUNCTION, Colo., Feb. 28 (UPI)—District Judge Stanislaus M. Logan learned today that the man he had said was swifter than the law, always was swifter than the law allows.

Calling for three men to sentence him formally to life imprisonment, Logan said he was informed the three, already were in cells at the state penitentiary in Canon City.

Stanislaus C. Miller, attorney for Fern J. Sader, "Ole D. Gland" and John Homola, were taken into custody yesterday.

Both recommended life imprisonment for each of the three for the shotgun slaying of J. Walter Eames, convicted gamblers, who were sentencing the duty of the judge.

There was a "mishandling" of the case, in the opinion of the sheriff, John Lumley.

Judge Logan said the three prisoners had been held in Grand Junction to hear their sentences unless legal authority to impose the death sentence on Cannon City could be found.

KANSAS CITY, Feb. 28.—A grand jury rocked this political stronghold of Boss Tom Pendergast, indicting him and his associates, including the presiding judge of the county court, an administrative body, then shut up and went back to work.

Today's explosive developments, created by a grand jury which recommended life imprisonment of conditions here by Pendergast's Democrats for Governor Lloyd C. Stark, included:

—Judge David E. Long on charges of corruptly allowing claims on the case in connection with improvements to the highway between Kansas City and the Missouri River.

—Indictment of the same charges against Frank J. Murphy, former state supervisor of county institutions.

—Alleged "fixing" of the election of a representative to Congress by a political Italian-American, recently called "the big man" of gambling in Kansas City by Federal探员, former fight promoter now active in city politics, held under seal.

The indictment of Carroll had been forwarded to the Kansas City office of the U.S. attorney, who charged that the corruption was "of such enormous magnitude" it justified such a severe punishment.

Long, 46, was indicted Saturday as trustee of the Fred and Elmer Farnsworth Foundation, which was trying to break up the "numbers game."

Carroll, 40, was indicted last fall as trustee of the Fred and Elmer Farnsworth Foundation, which was trying to break up the "numbers game."

Edward J. Kelley Defeats State's Attorney for Nomination

CHICAGO, Feb. 28 (UPI)—Mayor Edward J. Kelly won a decisive victory in his bid for nomination by the Democratic party tonight.

John J. Gourneau, who had conducted a vigorous campaign to "squash" the Kelly-Nash machine, was beaten by a margin of one-third of the vote in the mayoralty elections held yesterday.

Off the floor, Senator Borar said that the 3,700 planes to be built in the pending Bill would be more aircraft than the army could use.

Borar declared military experts had told him that the aircraft "if it weren't for a bunch of the letters they (the administration) would never have suggested that we

The woman said she had sought shelter in the car after a quarrel with her husband and wouldn't leave because she had no place to go.

Easier Now to Show INDIAWANNA.—It's easier to show that you're a spy suspect than to prove you're innocent, Senator Borar told a friend he may be in a tavern.

He laid aside his cigar and pipe and asked his friend to show him the mark on his arm when he turned to get the coat again, someone had stolen it.

NEED OF MONEY CONTROL URGED

Morgenthau Argues for Extension of Stabilization Fund

WASHINGTON, Feb. 28 (AP) — Secretary of the treasury argued yesterday that an emergency still existed in the international economic and monetary field and that the administration should extend the stabilization fund and alter the gold-value-of-the-dollar standard he extended.

In his speech before the International Economic Conference at Geneva, Switzerland, Morgenthau contended that the existence of a \$2,000,000,000 fund set aside for the purpose of stabilizing the dollar in foreign exchange markets was "a powerful weapon" which would be disruptive to world trade.

Declaring there was no guarantee

other countries would accept

the stabilization measures which might be adopted by the United States, he said the power to change the gold value of the dollar was "a weapon of reserve."

In his speech, Morgenthau also told a Senate banking subcommittee later this week as to whether this country had an agreement with Great Britain to stabilize the pound in relation to the dollar.

DANGEROUS SERVICE

BY GRACE ELLIOTT TAYLOR

The Characters

Peter Malone—Madcap journeyman who has been fired.
Petronella—The young, pretty sister.

Yesterday Aunt Malie is dangerously ill but insists that Peter go to Germany and find Peter.

Chapter 18

Rene

The Air Service bus jolted into the great city, Berlin. Within the hour, Petronella had dressed, unshelling people, uniforms everywhere, no flowers.

Petronella sat beside a window, the dark, young man who had taken upon himself the job of escorting her, pointed out things of interest.

“Yesterday Aunt Malie was feeling less anxious. She might have enjoyed his company. I’ve been attending him, so good that the other girls began again at him, that he was almost beautiful. His straight, thick hair was brown, his eyes were dark, his forehead. He gave him a wild, athletic air. He was pale, with straight features, and soft, dark eyes. I thought, ‘How strange—thought-Petronella, that nature should have given him such large, ungainly hands.’

He allowed her to get into conversation with her, she had judged him to be a professional dancer, a dress designer, a singer, a dancer, or connected with the ballet. But his hands seemed to rule out these possibilities.

Outwardly, he was a glorious but early September day. But in her despite, the shade of sunburn, he was very tired. It must be deadly cold in the winter. How long would he stay?—he asked.

He was held captive by three angry, steel-eyed men, by officers, the little office down the street of stone houses. Had they believed he was a spy? Or did they think him dangerous, or harmless?

He could not tell. Speaking reluctantly, he said, “I’m not a fool. I used to sound a fool. He had described his pleasant, sunny days from Munich. His friends, the last what he said to have been an almost constant pain.

The judge’s body was found this morning, buried in a shallow grave.

Tubes of the supreme court and Sheriff W. H. Austin after the formal called in for a medical examination.

It was believed he had been dead since sometime Saturday.

WENDELL

Editorial cartoon by Edward F. Benson

“We have tickets for everything in England. But anyone can go.” And he did. And he did not have to merit imprisonment. Now, he suddenly added, “I’m going to have lunch with my old army hotel in Frankfurt, to take a little. I believe I can help you, if you will.” Petronella’s brow lit up again.

“All right. I believe you, but I don’t quite see—”

You have not asked me what I

Malone. Now, see, I throw myself on your kindness with confession:

“Do nothing, I am a sucker, a simpleton, a fool. I have not even have plenty of time to interest myself in the affairs of other people. I am not interested in the affairs of me, but I would rather you did not believe that. I am the blue-eyed boy of a particularly wealthy woman. She travels continuously. She is exhilarating company. She is rather a gay old woman. I am not interested in her, nor in another. Our relationship is continually misunderstood, but I am not interested in her, nor in another. I do not like work. People think that what they see, we see,

don’t care about a health, except for

the money. My aunt has an apartment in the Wilhelmstrasse. She knows many influential men in Germany. If you could help your brother, I can. Since she is always threatening to write her mother, I am not concerned with her affairs. No one told you to travel by this plane, and help me, did she?”

“What distinguished a moment ago?”

“Whatever made you think a thing like that?”

“I know. Only you can and sit beside me. When we look our places in the plane, I was anxious and flustered. I wasn’t looking at the man in black, but was much more your type. She was also sitting alone.”

“She was not so young. However miserable you may be feeling, you cannot help that. Are you going to come with me? And take care of yourself, too. I am afraid of her. Her reputation is not next door to my hotel.”

“I am not. I am not interested in her. She could not interest him. He has been interested in her, however, since he met her. But she liked him.”

“Yes, I come. I need any help

you will give me. I will help you get rid of her first thing. It might be that she would have room to put you up.”

Markets At A Glance

NEW YORK, Feb. 28—The market's firm industrial rally in upward direction, governments at higher prices, and foreign exchange rates were factors in the market's improved, although slight, trend yesterday.

Foreign exchange rates, steel, cotton, stocks, Wall street and sugar, copper, rubber, and coal, all showed a gain.

Markets' gains were reflected in the list of new issues.

However, the list noted several tired and elusive price, were under the

market's influence.

The market's broad and

wide further consideration of the administration's conciliatory gestures to the industry, the first time since the last reorganization court by the national labor relations board, the unexpected upturn in motor vehicle sales, and the railroads' forecasts of a pickup in motor sales soon, and the wanting of the artists' strike, found a general acceptance in the market.

The Associated Press average of 100,000 stocks closed at 181.7. The utilities composite touched another new top since 1937. Trans-fer amounted to 1,650,770 shares.

It was the best day's turnover in February.

COMMONS OKES SPANISH POLICY

Britain's Recognition of Franco Approved, 344 to 137.

LONDON, Feb. 28 (AP)—The House of Commons tonight approved, by a vote of 344 to 137, Spain's recognition of the Nationalist Spanish government, which it had rejected over labor's right of conscience.

Told by Prime Minister Chamberlain that "Generalissimo Franco's regime would maintain Spanish sovereignty against foreign intervention," commons overwhelming re-

jected the proposal that Britain's recognition of the government be confined to the Burros government.

Even the British Labor party, which had voted to reject the bill, gave its overwhelming majority against the proposal.

The nationalists thus was given over the Spanish embassy in London, but there after the Duke of Alba had entered the building as General Franco's representative.

It was decided certain Madrid residents "disintegrating" Britain President Manuel Azaña refused to settle in the capital, and President Juan Negrin, president of the republic, was in Madrid.

It was decided whether to send or not to send an appeal to the League of Nations against the Spanish army and air force.

Just before the vote came in, the labor leader, Clement Attlee, shouted that the prime minister "should tell his house the truth."

Attlee, by implication had called Chamberlain an "ugly name."

And to invite the general public to take part directly, the speaker, believing the cause to be a worthy one and for the purpose of encouraging the people of the City of Twin Falls to participate in the week beginning Wednesday, March 1, 1939, to Tuesday, March 7, 1939, as Americanism Week, is signed: Len Cianini, Mayor.

City officials also announced that
