## DEMOCRATIC BOSS NAMED IN TAX CASE

**Tom Pendegast Indicted by Federal Grand Jury on Charges of Evading Income Levy on \$315,000.**

(By The Associated Press) — KANSAS CITY, April 7.— Tom Pendegast, who has played a potent hand in state and at times in national politics for 28 years, was indicted today by a federal grand jury on charges of evading income taxes on more than \$315,000.

"High" in the indictment against the 65-year-old leader of the Kansas City Democratic organization was the statement that Pendegast's tax for 1935 and 1936 included \$315,000 paid him in connection with a Missouri fire insurance company.

Indicted with Pendegast and accused of receiving \$62,000 in the same period were W. E. Ladd, state supervisor of insurance, who engineered the settlement and later was discharged by Governor; and S. G. Little, Democrat, of Topeka.

"No comment," said Pendegast, a wholesale liquor dealer and executive of several companies. "I have first heard about the indictment.

Pendegast, whose organization will be Democratic organization representative to the convention of governors and United States senators, was silent as he submitted to fingerprinting in the United States attorney's office. He was released on \$10,000 bond.

"There's nothing the matter with me," he said. "I am not a criminal. I'm not being fingerprinted, and I'm not being persecuted."

The jury findings against Pendegast came after the Missouri state militia, called out by Attorney General Frank Murphy who pointed to the "spurious" and "untrue" nature of the indictment.

"The indictment failed to show that Pendegast had been guilty of any offense," said Pendegast.

Government Scores Victory in Campaign Against Politics in Relief

SANTA FE, N. M., April 7.—The government scored a dramatic victory yesterday in its campaign to dislodge a dissident list of defendants charged with a conspiracy to make political capital of the New Mexico WPA.

Franklin D. Roosevelt, president, announced a statement announcing his intention to vote for \$150,000,000, asserting that one need talk to him "about economy, not about politics." The administration, he said, was supporting the announced support of two senior veterans—Norris (Ind.-Neb.) and Edward (Ia.-Ida.).

For that reason, it was announced that the New Deal group fighting for \$150,000,000 was beaten and that the 47-to-46 ballot by which the administration was defeated on a similar issue earlier in the session.

However, the group drew considerable attention during the session, particularly the announced support of two senior veterans—Norris (Ind.-Neb.) and Edward (Ia.-Ida.).

## Farmer Purzled By Regulations

PORTLAND, Ore., April 7 (AP)—Millard Holbrook came warily before the state highway commission yesterday to ask that his old St. Helens dairy be replaced by a fill.

Holbrook explained, from a long list of now-funny "experience with state commissioners."

"They're the high—high—commissioners."

One of them said I had to take the board floor out of my barn,

I had to put a board floor on top of the concrete, else the cows would get cellulitis."

Another said the cows were cellulitis. He said it was too much blood in the bugs. I checked and no doctor. I found out the cows had cellulitis. The cows didn't eat either. It's safe my barn was all right, but the inspectors wanted a board to put over the concrete and I had to take the entire barn out of the barn," he said. I had one new bedroom and I had to stand it the cows could. If I could stand it the cows could, but he wanted it 125 feet from the barn.

"I built a milkhouse and made it dark so the flies wouldn't go in. The inspectors wanted it light, but I had to stand it the cows could.

It's getting so the cows are high-hatting my farm hands."

## NEW DEALERS DEMAND FULL RELIEF FUND

Administration Seeks Fight For \$150,000,000 in Face

Of Obvious Defeat, Borah Supports F.D.R. Request

(By The Associated Press)

WASHINGTON, April 7.—A group of separate New Dealers, although facing obvious defeat, fought today to give President Roosevelt the full appropriation he asked for relief.

One after another, Senators

from the high—high—commissioners

had the floor throughout the day, presenting their arguments on behalf of the federal relief program, until finally the Senate was charged with filibustering.

At issue was the question whether \$100,000,000 or \$150,000,000, the sum originally requested by the administration, should be voted.

Italian Fascist legions battered stout—but outclassed Albanian forces last night in an invasion designed to discourage Europe's little powers from mixing in any "encirclement" of Germany and Italy.

The invasion of the little Balkan kingdom across the Adriatic began early this morning, with Italian tanks and planes battering the Albanian fortifications.

Mussolini had not answered to last night. Instead, the potent Fascist war machine thundered on through Albania's mountains toward its capital, Tirana, which all but consolidated under Mussolini's command.

## ALBANIAN COUP PRESSES ISSUE

Roosevelt Expected to Demand Hand-in-U.S. Course

By KIRK L. SIMPSON  
WASHINGTON, April 7.—The administration applies new pressure on President Roosevelt and congress to expedite a redetermination of the neutrality role this issue is to play in world affairs.

What may come of Mussolini's bold move is unpredictable, but the neutralists' controversy here: But it emphasizes the administration's view that the neutrality role this issue is to play in world affairs.

**Statistical Crayons.**

Crysaline, the national sentinel for that decision, has been in progress for a month and a half—ever since President Roosevelt's "quarantine" speech.

On March 18, the Senate Select Committee on Foreign Affairs

handed down its committee report.

It has taken time and a series of recurrent world shocks in Europe to bring the neutrality issue to a Senate committee hearing state.

But, already, Mr. Roosevelt has received ample notice that his hopes of re-establishing a "neutralist" policy of "neutrality plus" to help curb aggressor nations will meet dire hind obstacles.

These intimations—these veterans of the opposition there that wrecked President Wilson's hope of peace in Europe—have led the League of Nations' attempt to re-achieve world peace through the neutrality hearings.

**Election Issue.**

Public sentiment was strongly behind the league idea when the senate began committee hearings on neutrality, but it has never been—despite these hearings made means of an isolationist "educational" campaign.

It has been felt that the affected American participation in the league, though it took the presidential election of 1936 to decide the students.

## DEMOCRAT BOSS ACCUSED BY JURY

The insurance case is solved," commented Milligan today, referring to a search for missing funds.

Milligan said he had found approximately \$20,000 in five insurance rate increase funds which were collected by the insurance companies to the rate him. O'Malley said the insurance companies came to an agreement in 1935 by which policyholders got one per cent of their rates.

The company's statement of last year, however, showed a loss of \$10,000.

Mr. Christopher, attorney for

Milligan, said he was prepared to defend him.

Today, indictment charged Pendleton received \$5,000 in 1935 "in connection with the sale and placement of the Missouri life insurance rate litigation." A second count charged receipt of \$20,000.

The indictment stated Pendleton paid only \$64 on a reported 1935 net income of \$14,000, although he owed \$1,000 to the insurance companies.

"For 1936 the indictment shows Pendleton paid taxes of \$2,481 and reported a net income of \$12,240, an income of \$3,780 and with having over a tax of \$12,500."

HUMMING BIRD—Gilda of the Camp Fire Girls group in the Twin Falls area joined Harmon park Thursday morning after meeting at the home of Muriel.

The destruction was carried out systematically by an army of about 100 men and women who were marshaled under the command of the campfire girls.

The Italian invasion of Albania was followed by the Italian government and its allies and gave possibility of a general war.

There is some speculation whether the president, under the urging of the Senate, would go to war.

They act to primitive tribal war and repeatedly pushed back the Italian forces.

Italy's pound of Durazzo and San Giovanni Di Medio with a barrage of 100,000 shells.

From Durazzo, the Italian army advanced to the town of Shkodra where they were stopped.

Tirana informed and Tirana is 23 miles from Durazzo.

The Italian army advanced ten miles after Albanian reports said being thus far.

It is believed that the Italian government is to blame for the violent attack on the Pacific fleet.

The broadest general that Italian forces were to be blamed for the attack on the Albanian coast.

"The devotion of Jesus to His mother, Mary, is emphasized by Rev. Elmer Miller, who spoke on "Mary's Love."

Rev. Van N. Wright explained Christ's puzzling fourth words—"My God—why hast thou forsaken me?"

## OLD HOME WEEK MURDER

by Phoebe Atwood Taylor

The Characters  
Asey May, Cape Cod sleuth;  
Zeb, Chase, young Baker Bean;  
and the rest of the cast.  
Western, writer of Billings;  
date.

**Western:** It looks as if the  
murder will blow Old Home Week  
sky high.

**Zeb:** Chapter Eight:  
Gold Into a Huddle.

**Western:** Where are the reas? Jane had  
passed the stage of filipant de-  
pression, and was now resigned and  
nearly normal except for the redness  
of what?

**Western:** Oh, police and all. Coroners, and  
reporters and things like that!

**Western:** Doc's medical examiner for this  
part of the world says he can't  
see the woman in the car. I'm  
scared to death of the police here. Can't  
the state outfit, though?

**Asey:** Well, you might call the useful. Say,

when is Eliot due?

**Western:** Should have been married  
now. He's probably still in jail for  
you. You don't suppose—but then  
nothing could happen to her. She's

old—prettymuch.

**Zeb:** On the ferry wheel!

**Western:** Said oddly, speaking for

the first time in twenty minutes.

**Western:** Top shelf, too! No better  
way to start the day off than to have  
a flat-out murder case draw you in  
one anyway. Neither

would Mrs. Cummings. She's just  
below us, I bet. And she's got a  
right to be angry.

**Asey:** And then, managing to  
wriggle down somewhere. Oh, I knew

something would happen! I knew it  
was bound to happen. I knew it  
was bound to happen.

**Western:** What would happen? Jane inter-  
rupted.

**Western:** If we didn't let anyone else  
know?

**Asey:** Well, we, Asey? How could we  
keep it quiet? We can't!

**Western:** You're the town! Jane said.

**Western:** You're the town! Jane said.

**Western:** The state cops and the coroner or  
whatever they call them, they all

know. And Zeb. And I. Even they have

to know something.

**Western:** "We can't," Western said.

"There's the funeral and the undertaker, and  
the coroner. Who's gonna tell them?"

**Western:** All sorts of things.

**Western:** How you explain about Mrs. Dan-  
dall's not being around? How could we

keep it secret until after the  
week is over? It's all so horrible

and living people know will be even  
more horrified.

**Western:** "Well, now," Jane said. "I'd  
say the beach wagon coming up from  
Prettyman home. I thought I heard  
it going past a few minutes ago."

**Western:** Watch the door expertly,  
and the coroner. Who's gonna tell them?"

# STOCK TRADERS WATCH EUROPE

**Wall Street Opinion Widely  
Mixed; Market Closed  
for Good Friday**

By FREDERICK GARDNER  
NEW YORK, April 7 (AP)—Stock exchange traders faced the Easter eve session with uncertainty today as European developments continued disturbing.

Normally at this time, psychological effect of a market [are more] than countered by the usual optimistic predictions of seasonal action.

Today, however, there was little to engender enthusiasm except the very several times the market's fall reflected the session. The market was closed for Good Friday—but will re-open Saturday, although European markets remain closed in observance of Easter.

The Associated Press index of 60 stocks closed yesterday at 84.02, down from 84.22 on March 29.

Wall Street opinion was widely mixed. Many pointing on that sentiment, others were more sanguine, few concerned as indicated by market behavior than Wall Street.

On the day's new sensational development, the Italian dictator of Albania despite British warnings many believed in Italy it would not greatly affect the European crisis.

It was with this in mind that did not consider the episode dangerous enough to warrant drastic action.

On the other hand, however, when had predicted that Mussolini was bluffing—and would not—like an over-step, viewed the development as it might indicate the Italian dictator had cast his lot definitely with Hitler for military action.

One of the most pessimistic

was the report current in financial quarters that leading investment houses were getting into 2 or more quarter-corporate earnings would prove disappointing.

EFFECT SCANNED**

Government Report Points  
to Shift of Risk to  
Growers

WASHINGTON, April 7 (AP)—Risks of sugar control which have largely been shifted from processors to producers in recent years, the agriculture department reported today, are being transferred to the tea-lemists as hearings on terms and conditions of processor-grower contracts, the department said.

Under the new system, price variations have to a large extent been shifted from processors, who formerly bore such risk through payment to the grower, to payment to the producer through the development of payment schedules which the degree of growth determines.

## COUNCIL CALLS NEW ELECTION

Canvass Establishes Need for Run-Off Vote for Mayor

Twin Falls city council, in session at canvassing boardroom, voted Tuesday night to call a new election of April 4 and issued an election proclamation for April 23, when voters will select a new mayor. The two candidates were A. C. Hough, Democrat, and J. H. Blundell.

Official total of votes for candidates as approved by the canvass committee was not available yesterday, but the results will be published in the News the morning after the election.

They were: Mr. mayor — J. H. Blundell, 1,100; Mr. Kocher, 1,114.

O. C. Hall, 659. For Councilmen: Carl E. Ritchey, 1,601, and Lional A. Dean, 1,630, both of whom were defeated in the election. The two winners are A. C. Hough, Democrat, and A. J. Jensen, 805; J. O. Rossmann, 784; George Ayres, 602; and Tom Hough, 560.

Official total of votes cast in the city election was 3,116, according to totals certified by the canvass committee.

Turning to regular business at the session, which was a continuation of the Monday, April 3 meeting, which had been recessed until 10 p.m., each candidate selected his bill, approved two-building permits.

The council ruled that J. W. Clegg, who had applied for a permit to build a single-story popcorn wagon in the 200 block of Main Avenue east in a "vacant lot" and approved the application, could not permit for the Radio City ballroom.

Four reports for the month of March were approved. Dr. E. R. Parsons reported 1,745 animals killed during the month with 244 parts condemned. Municipal Judge J. O. Pumphrey collected \$200; Charles E. Rowles, weighmaster, listed collection of \$200; Miss Jessie Frazer, library director, reported circulation of 13,000 books and a circulation of 13,000 books.

William (Billy) Parsons, seven-year-old son of Mr. and Mrs. Fred Parsons of Buhl, is expected to survive injuries received when he was hit by a car at 12:30 p.m. yesterday at the intersection of Broadway and Maple streets in Buhl.

The boy, who is in the Twin Falls county hospital, was taken to the doctor's office by physician said the skull fracture exhibited as fire fractured. The lad has a fractured collar bone, a fractured left arm and required a hospitalization.

When his car was entirely torn off, the doctor said.

The boy is in the Twin Falls county hospital, where he is receiving medical treatment.

Chief of Police Bill Linzy of Buhl said that the driver of the pick-up truck that struck the Parsons boy was a resident of Buhl.

A. Johnson, 26, of Eden, was not held.

He is said to have been driving from another moving car and ended in the path of his truck.

State traffic officers assisted Linzy in the investigation.

The boy's father is deputy county auditor.

**Leniency Granted In Embazlement**

A former laundry truck driver, Verna Clegg, was sentenced by Judge James W. Porter in district court in Twin Falls yesterday — to state penitentiary, but the court immediately suspended execution of the sentence and admitted Clegg to parole.

Under conditions of the parole, Clegg must not violate any law that would avoid compunctions, and shall avoid companions, and shall not be near any place where gamblers, liars or gamblers and must "seek" obtain and retain gainful employment and repay the amount of \$10,000 to the state within the rate of not less than \$10 a month.

Attorney for Clegg, Henry M. Hough, of Jerome, pleaded for leniency and the court, sentenced by a number of Jerome citizens.

Clegg was arrested and brought back from Wyoming, Kansas, to face trial on the charge of embezzlement.

He pleaded guilty.

tions aside that contract that the secretary of the interior entered with the Burley district and with the Idaho Power company and with the Idaho Power company for the irrigation project for that bill.

Matter of Discretion  
This court, likewise, cannot suggest to or force upon the secretary the building of the several unit dams which the plaintiff desires. All there is now is that the court is a matter of discretion which might decide to do something for it. And he cannot do it unless he is ordered to do so by command.

The court holds that the defendant, which the plaintiff wishes the defendant to be a ministerial act, and that it is an involving question of discretion of the secretary, and that therefore the court cannot grant the prayer of plaintiff in this bill.

The court, however, does say that the Idaho Power company under which water, that otherwise would have been necessary to generate power at the dam, is not entitled to the water in the American Falls reservoir and used for irrigation.

Comparing Bunker Hill Power Company with the Idaho Power company, the court says the latter is more efficient.

The Burley district was represented at the hearing in Washington by Dr. C. E. Hough, attorney for the Idaho Power company.
