F. D. R. SENDS AGENCY PLAN TO CONGRESS

President's Swift Move to Test Newly Acquired Reorganization Powers; Four-Fold Consolidation

(By The Associated Press) WASHINGTON, April 24.—In a swift move that will test his newly acquired reorganization powers for the first time, President Roosevelt prepared tonight to send congress a four-fold plan for revamping executive agencies, including the relief set-up.

The proposals are slated to go to Capitol Hill tomorrow. Unless both houses of Congress act within 60 days, they will become effective.

Senate Byrnes (D-SO), a presidential adviser on the subject, predicted that publication of the plan would be a "major event" in the history and fearful office holders to the capitol seeking no adverse opposition.

Four-fold consolidation of the public works administration, the U. S. housing authority, the treasury and the public health service, and the bureau of public roads. The new agency, it was said, might become the "super-agency" of the government under Secretary Tamm.

Secretary, Mr. Roosevelt intends to create a public works agency to be independent of all present government departments and include the public health service, the bureau of education, the public health service, and perhaps the national youth administration and the civil conservation corps.

Word of the president's intention came at a time when a number of congressmen have been clamoring for a new system of administering relief, and criticizing the present relief set-up as wasteful and unworkable.

In fact, the senate was all ready to pass a bill by which Senator Byrnes to bring about a consolidation of the relief agencies under a single department.

Some other departments and bureaus come under a statute making it unlawful to dilute funds of an existing biennial.

2,000 Students In Aviation Experiment

Air Men Watch for Reactions as School Announces Complete Training Course

(By The Associated Press) ALBUQUERQUE, N. M., April 24.—The school room sprouted wings today as a new style of teaching took to the air in a novel experiment in mass education.

Students in the latest type of modern transport air liners began a series of half-hour flights designed to open the channels of thought toward a career in air transport, and to bring aviation closer to the new generation.

All men watched attentively for reactions to the unique experiment, sponsored jointly by Transcontinental and Western Air Lines and Thomas H. Stock, president of the Crowell Publishing Co.

The first tangible results came directly from the Albuquerque school system itself, which has operated in the past on a system of vocational training to send students to the aviation "ground school" subjects.

WOTERS TREK TO POLS IN IDAHO CITIES

Boise Registration Heaviest In Capital City History; Twin Falls Names Mayor In Run-off Election

(By The Associated Press) BOISE, April 24.—Idaho voters will go to the polls tomorrow to elect the biennial legislative body, the state senate and house of representatives.

In some municipalities there is little interest and light voting was indicated. In others, contests were hot and registration eagerly and balloting was due to approach that of a general election.

Organized political parties were missing in most instances, with few exceptions. In the eastern Idaho city, Republicans dominated a complete slate of candidates for election.

In two cities—Boise and Twin Falls—tomorrow's balloting will be a runoff election, in which some candidates failed to receive a majority of all votes cast.

A night vote was forecast at Twin Falls where it is understood that Joe Koehler sought the mayoralty vacated by Lem A. Chapin.

Four candidates sought two council posts in the city's history was reported at Boise with youthful James Straight, opposing the incumbent, Fred A. Borchert.

Boise voters will elect a mayor and council members. In the city's history, it is noted that the city was founded in 1827 to succeed him.

Britain Backs Roosevelt's Appeal for 10-Year Peace With Conscription Threat

Confident Reich Awaits Move by Britain

(By The Associated Press) BERLIN, April 24.—German officials, confident it holds triumph in European diplomacy, waited today to learn whether British prime minister Chamberlain had sent Ambassador Sir Neville Henderson back to Berlin with conscription overtures.

Sir Neville arrived today after being absent from his embassy since last Monday. He was called to London to discuss the possibility of Germany's absorption of Bohemia and Moravia.

President Roosevelt's non-aggression appeal was not forgotten in Washington. The substitution of a simple anti-proscription of "victorious" enemies of Germany and Italy was suggested.

Conscription was mentioned in a half-hour interview with the British ambassador, Robert Henderson, who was announced to have returned to Berlin today.

Under his regime, Buchsi said the political situation would be based on "economic and social needs, not intellectual or sentimental adhesion to a particular party or group."

World War Army Leader Urges United States to Keep "Hands Off"

Johnson said that "if we make economic war, we may prevent actual war but such a result is not certain."

Critics Praise Young Violinist

Miss Melba Holmes displayed her exceptional talent in the violin as she appeared before an appreciative audience of music-lovers Sunday afternoon at the Methodist Episcopal church.

Richard R. Smith, Kimbrey, violin instructor, presented Miss Holmes in the recital.

Music critics in the audience were highly complimentary for her opening selection, "Liebesleid," by Kreisler; the third movement from the Concerto in G minor by Mendelssohn; and the Chopin "Nocturne."

Miss Mary Hoover, one of the younger members of the club, played the piano accompaniment for Miss Holmes, and during the evening she played "Pavane in G major" by Debussy.

A delightful setting of spring flowers formed a perfect background for the formal work by Miss Holmes and the rest of the group.

Miss Holmes is the daughter of Mr. and Mrs. L. L. Jones.

Make it FUN to Get Clean with AUTOMATIC HOT WATER

When the youngsters get "nice and dirty" these Spring days, they'll clean up much more willingly if there's plenty of hot water on tap. An automatic electric water heater provides enough hot water for all the grimy hands and necks and ears—and makes it fun to get clean. And don't forget—there'll be an ample supply of hot water for dishes and shaving and laundry, too. Idaho Power's very low electric water heating rates make the cost very reasonable—down payments and monthly terms to suit any family budget. AT ANY electric water heating dealer, or the Idaho Power Company.

California History Professor Is Big League Baseball Scout

By Sam Jackson

BREKELY, Calif.—By day Charles E. Chapman is a professor of California history and by night a big league baseball scout.

CHARLES E. CHAPMAN, 42, started Twin Falls letter.

It all started with a fan letter he wrote to Branch Rickey of the St. Louis Cardinals.

Chapman had played college and minor league baseball. He had been through his arm-out-in-1906 while coaching his own team in 1906 while coaching his own team in 1906 while coaching his own team in 1906.

A Bronx school teacher, enthusiastic in 1921 he wrote Rickey, asking him to join the American League as a scout.

Eddie Leishman, playing manager of the Twin Falls Cowboys and coach of the Boise Braves, is not being to attend.

Which club he would scout for was not stated.

The University of California, where Chapman carries a full teaching load, is not a big league club.

Chapman's exhaustive methods seem to have worked. The money he has sent Rickey is small fraction of the money he has sent Rickey.

Asked what the governor and the chief executive had to say about the offer, Chapman said he had not heard anything.

Chapman originated the "tryout camp" where scouts look over the players.

TROOPS BIVOUAC ON FAIRGROUNDS

Flier-Host to 38th Infantry on Trip to Camp Lewis

Thirty-eight infantry from Fort Douglas, Utah, 21-year-old unit of the U. S. regular army that will practice maneuvers by the "border world" around that won for it the name, "Rock of the Marine," camped last night at the Twin Falls county fairgrounds at Piler.

"This is a wonderful place to camp," said Lieutenant Colonel C. T. McKelvie, commanding officer of the 38th infantry and in charge of the bivouac, as he surveyed the third division maneuvers at Fort Lewis, Washington.

The lieutenant colonel was pleased with the green areas, adequate space and housing facilities placed at the disposal of a new organization by the county fair board.

But his mind was on falling. "Where's the nearest place to 1937?" he asked. "By the way, some boys brought a rifle and revolver along. Are the warden's pretty strict on having them any longer? If so, I'd better warn them. I don't want any of the men getting into trouble."

Traveling in the contingent are 841 men and 30 officers of the 38th infantry. The 38th infantry is one of the 10th, 11th and 12th divisions of the 10th army and is traveling with the company.

"They'll push on at 5 today for the next stop at Baker, Oregon, arriving at their destination April 27."

On May 21 the same outfit will return with camp at Piler, moving to Pocatello the next day.

From then on, hard work is in store for the soldiers. The 38th infantry will march 100 miles to Honeoye, Utah.

Most evening at 7 p. m. the 38th infantry band played to the honor's concert at the Piler fairgrounds. Warrant Officer Le. A. Vest, leader of the band, indicated the success of the concert the day before.

The band was in charge of the Piler fairgrounds to play a band May 21 to the return of the 38th infantry.

A five o'clock dinner yesterday made a lot of pleasant work, including leaving time to join the army.

The soldiers at one of the eight field kitchens ate "chance" meals of fresh tomato salad, peas, brown gravy, mashed potatoes, apple pie and coffee with cream and sugar.

Each of the kitchens served about 150 men.

Dry rations for four days were carried by the military caravan, but fresh vegetables, meat, eggs, butter and similar perishable articles were purchased locally.

Regiment's Story Here's a thumbnail sketch of the 38th infantry.

The unit was organized at Syracuse, New York, in July, 1917, and the 38th moved to Camp Green, Pa., in training, going overseas in May, 1918.

During the spring drive of the summer of 1918, the 38th infantry was sent to the front in France, where it was in action at the Meuse-Argonne battle from June 4 to 5, 1918.

But the crack American unit held fast and for valiant work on July 15, 1918, won the title "Rock of the Marine."

The unit moved into Germany with the army of occupation, returning to the United States in the First troops went to Camp Pike, Arkansas, and then to Fort Lewis. A decade ago two battalions were ordered to the permanent location at Fort Douglas, while one battalion was moved to Fort Logan, Colorado.
