

Peace Will Call for Stronger Armies Forces

CROWD HEARS SOCIALIST AT JERSEY CITY

Address by Norman Thomas Marks Civil Liberties Rally Following Ruling Against Mayor Hague

(By The Associated Press) JERSEY CITY, N. J., June 12—Backed by the recent supreme court decision denying Mayor Frank Hague the power to prevent public assemblies, the American Civil Liberties union rallied tonight in Journal square from which its speakers had been summarily ejected by police in the city.

Thomas spoke before a crowd running into the thousands, but police in charge declined to estimate the size of the assembly. The rally, which was held in the name of Hague's ally in behalf of anti-militarist forces.

The meeting was orderly and a few hecklers were admonished. The speakers were present in large numbers.

Three cheers for Jersey City back America, Thomas cried as he began to talk over a public address system. The crowd roared when the unions start to organize. At other meetings there will be no such thing as a public address.

But the people who, by reason of the supreme court decision, have no right to assemble in public places, he said in his prepared address.

This is a victory meeting, Thomas said. The idea which has found expression in the press, the purpose of this meeting is not to elect or to elect the supreme court decision has turned the tables in Jersey City.

LORD HALIFAX PROMISES TO RESIST FORCE

Foreign Secretary Replies to Critics With Firm Declaration as Tension Mounts in Danger Spot

(By The Associated Press) The British government answered opposition accusations on new appointments in the cabinet with a firm declaration that it was prepared to meet force with force.

Foreign Secretary Lord Halifax made Britain's stand clear as tension whirled in Danzig, Europe's current danger spot, over another incident involving Germany and Poles in the Free City.

His statement was prompted by a barrage of criticism leveled at his speech of last Thursday regarding British aid to the Free City.

Before he opened a foreign office press conference on central European affairs, Lord Halifax, left by plane for Moscow, said he was sure that British help would produce the desired results.

The situation in Danzig, meanwhile, took a serious turn when Nazis arrested a Polish customs inspector on a charge of spying and kidnapping a German agent.

Authorities in the Nazi-dominated Free City suggested the Danzig government use the incident as a pretext to attempt to reduce the number of Polish customs inspectors.

Pollit circles in Warsaw reported that the government was making every effort to hamper the work of Polish inspectors who meet with effective countermeasures.

Foreign office quarters in Berlin accused Poland of "daring to make any further attempt to reduce the number of Polish customs inspectors."

German officials rounded up several dozen persons in the town of Kladno, Bohemia-Moravia, in their investigation into the alleged activities of a Czech conspiracy with foreign ramifications.

Hitler's parliament opened a new session in Budapest amid reports that the government was proposing expropriation of Jewish-owned land to provide an initial 100,000 acres for settlement.

Canadians Cheer Rulers On Return to Dominion

All-Night Train Trip Brings Britain's King and Queen Back to Own Domain; Storm Rips Decorations

(By The Associated Press) RIVERE DU LOUP, Quebec, June 12—Canadians in the "eastern townships" of Quebec province and along the south shore of the St. Lawrence river cheered King George and Queen Elizabeth upon their return to the Dominion after the tumultuous acclimation given the royal couple in the United States on their four-day visit below the border.

Cyclonic storms with rain and hail last night hit shreds the decorations at many stops but people were on hand at stations from the International harbor to the straits of towns along the bluffs of the St. Lawrence.

Peace Aims Outlined at West Point

President Emphasizes Strength As Essential for International Amity; Points to Britain

(By The Associated Press) WEST POINT, N. Y., June 12—The nation's armed forces should be further strengthened, President Roosevelt said today, but he emphasized that we still desire peace "by honorable and pacific conduct of our international relations."

During recent months, Mr. Roosevelt said in an address to the graduating class at the United States Military academy, "international political considerations have required still greater emphasis upon the vitalization of our defense, for we have had dramatic illustrations of the fate of un-defended nations."

Desire for Peace The president said, too, that our desire for peace "must never be mistaken for weakness. The young men who formed in our studies were trained to develop for peace the qualities they learned in war studies."

Mr. Roosevelt described the just conclusion of the London talks, "as a courteous recognition of the cordiality and good will which prevailed between two great nations."

His significance lay in the fact that friendship could exist between two countries since both were without fear—without fear of any act of aggression on the part of either. To achieve that result, strength is needed, strength which comes, not from arms alone, but from mutual understanding and cooperation which in turn are the product of trust and confidence between nations.

Reared Class After presenting diplomas to the 456 members of the class, the president and his wife attended a reception at the academy. The president's wife, Mrs. Roosevelt, was accompanied by Mrs. E. A. Tamm, Mrs. Clegg, Mrs. E. A. Tamm, Mrs. Clegg, Mrs. E. A. Tamm, Mrs. Clegg.

Let me commend to you, he said, "this year's graduates a confidence in the future of our country and in the military field as the necessary preparation for the peace which we desire."

AIR EXPANSION BILL APPROVED

Committee Starts New Appropriation Through Congress WASHINGTON, June 12 (AP)—Over Republican protests, the house appropriations committee started through congress today the last major part of the administration's defense program—a \$282,095,547 war department bill, mostly for air corps expansion.

The measure would appropriate \$120,000,000 for new aircraft to meet the army's winged forces to about 3,500 planes, \$41,000,000 for facilities to accommodate the new aircraft and personnel, \$14,500,000 for "educational" was supply ordered and \$77,000,000 for maintenance.

The House bill represented the first step in a new program to expand the army's winged forces to about 3,500 planes, \$41,000,000 for facilities to accommodate the new aircraft and personnel, \$14,500,000 for "educational" was supply ordered and \$77,000,000 for maintenance.

### ASYLUM FINANCE PROBLEM VIEWED

#### Board of Examiners Delegates Solution to Attorney

BOISE, June 12 (AP)—Attorney General E. W. Taylor asked today to find a way for the state board of examiners to settle \$28,000 in claims with \$23,000 remaining in funds created in 1937 for improvements at the Blackfoot state hospital.

The task was delegated to him by his associates on the board, Governor C. A. Bottolfsen and Secretary of State George Curtis, after a hearing that lasted more than half a day.

The claims exceed by \$4,921 the available funds, Truman Joiner, an accountant in the comptroller's office, told the board.

Among those called to attend the session were Dr. H. G. Brown, medical superintendent of the Blackfoot hospital, who suggested some equipment that was purchased out of the \$270,000 original fund last year might be returned and purchased out of appropriations for present biennium.

Taylor told the board a detailed legal investigation would be required and explained that the law required that expenditures be reported to the amount provided by the 1937 legislature.

Former State Senator Charles Larson (D-Ada), who later was state building inspector, told the board that construction improvements should have come first and supplies later.

He was author of the \$270,000 bond issue measure under which the work was done.

The board rejected a claim of Senator Robert S. Erb (D-Nes Perce), Lewiston merchant, for \$18,211 for supplies furnished the Lewis and Clark members on the grounds that Erb is a member of the legislature and cannot make the sale without competitive bids.

### IDAHO'S TROOPS CONCEAL CAMP

#### Colorado's Flying Guardsmen Assigned to Discovery Task

BOISE, June 12 (AP)—Setting up of a war-tight army camp that would be difficult to spot from the air was the tactical problem marked out today for national guardsmen at Camp Bonanza here.

And the job of locating and photographing that camp was assigned to the officers in command of the 10 airplanes of the Colorado national guard's 24th aviation division aviation squadron that is participating in this year's annual two-weeks maneuvers.

Use of airplanes is something new for most men in the Idaho summer encampment," said Major J. W. Starlin of Caldwell, camp executive officer.

Each of the three units, the field artillery, cavalry and engineers, will go out on an overnight bivouac next week and the setting up of a camp that can't be seen from the air will be their principal problem.

"The air squadron, on the other hand, will attempt to find it."

Routine maneuvers which began today were marked by Aero-like performances by some of the cavalry horses. Major Martin said.

Some of the horses got a little unruly, as is usual the first day or so, and several of the men were hurt up on the ground," he said.

"Only minor injuries resulted, however."

He said men of troop B from Pocatello drew most of the unruly horses.

Major L. V. Williamson of Boise, assistant camp quartermaster, said the camp payroll would reach approximately \$1,200 per day, a total of more than \$24,000. Expenditures for food will average \$2.2 cents per day per soldier, he said.

### Pioneer Day for Idaho Proclaimed

BOISE, June 12 (AP)—Governor C. A. Bottolfsen, in one of three proclamations issued today, called for observance of June 15, a legal state holiday, as Pioneer day.

The chief executive will be the principal speaker at Franklin, pioneer Idaho village in Franklin county.

In another proclamation he set aside June 14 as Pike day, in the third he designated June 11 to 17 as hotel week.

In 1911, Perry Rodgers completed the first transcontinental airplane hop, flying from Sheepshead bay, N. Y. to San Diego, Calif. Rodgers was killed in a plane crash six months later.

### The King Takes a Drink—of Tea

SITTING at the spacious portico of the British embassy in Washington, J. F. Morgan, international financier, and King George VI of England engaged in conversation while the latter sipped his tea. With him the king took cream and he lunk up of sugar. He made several tours of the garden during which he shook hands with visitors, presidential possibilities and congressmen.

### Final Rites for Once Film Star

BEVERLY HILLS, Calif., June 12 (AP)—Approximately 50 insurance attended Catholic funeral services today for Owen Moore, once a star of the silent screen and former husband of Mary Pickford.

Fallbearers included Actors Walter Catlett and Pat O'Brien, among those in the church were Montague Love, Hugh O'Connell, Adolphe Menjou and Jack Mullaney.

Moore was found in his home last Friday, dead two days from a heart attack.

### Grange Summer Camp Suggested

BOISE, June 12 (AP)—Ray McKeig, legislative committee chairman of the Idaho State Grange, proposed today an annual Grange summer camp where "we can have outside speakers and home talent, music and sports."

He suggested it be a five-day long affair, held "somewhere up near Ketchikan in the Wood river valley."

For a perfect evening your clothes must be perfect. Sanilone restores that new look. Parolan, Inc. Phone 839, Astor.

### IDAHO'S WHEAT QUOTA BOOSTED

#### Agriculture Department Announces Acreage Apportionment

WASHINGTON, June 12 (AP)—The agriculture department announced today the apportionment to states of the 1940 national wheat acreage allotment of 62,000,000 acres established under the 1938 farm act.

Seven mid-western and southwestern wheat-producing states received an aggregate allotment of 41,000,000 acres, or about two-thirds of the national total.

These states and their allotment in order of size were Kansas, 12,700,000 acres; North Dakota, 8,954,350; Oklahoma, 4,515,610; Texas, 4,217,000; Montana, 3,765,007; Nebraska, 2,603,400; and South Dakota, 2,245,520.

Idaho's allotment, which was 255,549 acres in 1939, was increased to 899,702 acres. Utah's allotment was increased from 309,724 to 234,328.

The department said the 7,000,000-acre total increase in the 1940 national allotment over the 55,000,000 acres allotted for 1939 was reflected in larger state apportionments.

Since the 1939 state allotments were based on average seeded acreage for the ten-year period, 1929-38, and 1939 allotment on the 1937-38 average, the department said the increases were not exactly in the same proportion in all states.

Adjustments were made, however, to insure that state allotment would be sufficient to provide each county an allotment of at least its 1929 seedings. Acreage diverted under previous farm programs also was given consideration.

#### Nampa Convention Seans Various Phases of Crime Problem

NAMPA, Idaho, June 12 (AP)—Two agents of the federal bureau of investigation described before the Idaho Peace Officers' association annual convention here today func-

tions and problems of G-men.

The officers, N. W. Bannister of Butte, Mont., and L. N. Conroy of Boise, asserted the federal agency was making vast strides in cutting the nation's crime rate.

Former Sheriff Frank Kennedy of Weiser, association president, presided at the convention attended by 100 officers. Pacifico Police Chief H. M. Puchner is secretary.

Harry M. Rayner, Idaho law enforcement commissioner; P. E. Harmsen of Seattle, Wash., an official of a southern law enforcement commission; and Frank Hurt, Nampa radio station owner, were other speakers.

### IDAHO REVIVES PIONEER DAYS

#### First Settlement at Franklin Scene of Commemorative Exercises

FRANKLIN, Idaho, June 12 (AP)—Idaho will revive its pioneer days here today, commemorating the 79th anniversary of the establish-

ment of its first permanent white settlement at Franklin.

Governor C. A. Bottolfsen, Chief Justice James A. Auld and Associate Justice Alfred Dunbar of the state supreme court are listed as speakers.

Leonard Parkinson is chairman of the program for the 29th observance of the anniversary of Franklin's founding June 15, 1859.

On the day's program is a parade, the opening of a banquet, baseball game, outdoor amateur wrestling event, and a show.

The British Astronomer-Royal has announced that the days are being recognized at the rate of 1037 second a century.

The Franklin relic hall, in which have been gathered many relics of the early days of the state and community will be open to visitors. Members of the Latter-Day Saints church established Franklin. There were other settlements in Idaho earlier but none survived the years and Franklin is recognized as the first permanent white settlement.

CONDITIONS VITAL TO PROSPERITY

A study made some time ago by a group of industrialists and economists found that the most important conditions vital to the prosperity of this country are:

- 1. Absence of arbitrary or uneconomic governmental restrictions on the production or marketing of goods in an effort to control prices or to secure other oppressive effects.
2. Absence of governmental activity which prevents the effective functioning of private enterprise.
3. Government regulation limited to promotion of fair competition and equal opportunity in the field of competitive enterprise.
4. Moderate and equitable taxes not having as their purpose the control or uneconomic restriction of industry, agriculture or commerce.

It takes no economist to see that today these conditions are largely lacking—and the result is our prolonged depression.

Government has gone actively into competition with private industries, thus throttling private industries and employment, and other industries are threatened.

Government regulation limited to promotion of fair competition and equal opportunity in the field of competitive enterprise.

# TWO AGAINST LOVE

by Frances Hanna

The Characters  
Jacelyn Russell, beautiful brunette. Tally Mack, young farmer whose family has inherited half the assets of the town.

Yesterday, Jacelyn and Tally were entranced with Tally and tells Lyn he has a law degree, Lyn decides to show him the way to a Country Club dance.

Chapter 15  
"May I cut?"  
Nola closed the door of the ladies' lounge, made sure no one else was inside, and added to herself: "I wonder why Tally wouldn't come with us?"

"Maybe he had a sick cow. Anyhow, Bob said he promised to put in an appearance."

"Oh, he didn't come?"  
"No, he didn't. I'm sure he's somewhere else."

"Such as?"  
"Such as the dance?"  
"What if he did?" Nola shrugged, powdering her nose and drawing a certain lipstick across her smiling mouth. "She would probably make him a terrible nuisance."

"Nola, you're absolutely hopeless!"  
"I think it is you who are hopeless. The other girl said lately, 'social snobbery is not a pleasant affliction. You can't expect to like people just for themselves.'"

Jacelyn paused in the process of smoothing down a stray curl which she had just brushed. Her face was thoughtful.

"You're as bad as all that, Nola?"  
"I wonder. You didn't used to be so tactless, not even when you were a child. I think you've lost your sense of tact."

"But why? You said you couldn't bear him?"  
"You stay on earth..."

"You don't understand women, Geoffrey?"  
"I guess I don't! I guess no man does."

"I think," mused Jacelyn, "there is one man who understands them far too well. A little laugh of self-deprecation escaped her. Tally had known very well just why he had been invited. Once again he had been invited. Once again he had a sly and sly grin on his face."

Geoffrey, preoccupied, missed a step and tumbled on his small ears. "Hadn't you better call the vetinary and find out the state of your pony's health?" she suggested.

"You certainly haven't your mind on dancing here."

His eyes were uneasy. "Come outside with me, Lyn. I want to talk to you."

"In the semi-darkness of a porch corner he lifted her chin with his finger and said, 'Do you love me, Lyn? I've never questioned it before, but now...'"

"Now, say 'now' she asked lightly, absorbing all the dear familiarity of him. This was the man she had loved for so long, dependable; her own kind of person. He would make a dutiful husband, too—and a fair father for their children. He was good to look at, too. He had a nice firm face; clear blue eyes; pleasant hair and eyes.

"Of course I love you, Geoffrey," he declared. "I've loved you since the first time I saw you. I know our love affair has never been one of the wild, reckless things you...

# BOB SOULE, SIG WOODSON, HEROES OF BASEBALL GATHER AT SCENE OF FIRST GAME

## Soule, Reynolds. Heroes of Baseball Gather at Scene of First Game

### Join Twin Falls; Bees Play Here

Leishman Announces Release of Hurler Anderson

Reinforcements in the form of a new pitcher and a shortstop will join Cowboy uniforms and go to work at Twin Falls today. This week will Eddie Leishman, directing baseball activities from the bench sends his crew first against the Salt Lake Bees in a series starting tonight for the night of the game from Lewiston Friday, Saturday and Sunday.

Leishman, hobbling around on crutches with the first he broke at Boise in a heavy cast, said just before the Cowboys took the field against the S. L. Bees last night that Jerry Soule, a right-hander, would join the Twin Falls team. He is expected to be returning Monday Anderson to the Gem State.

Verne Reynolds, Spokane shortstop, will arrive in Twin Falls today. He is expected to be picked up by Leishman's injury. A rumored change involving the advancement of prominent member of the club to a class B league was neither confirmed nor denied by club officials.

Bill Schuber is slated for mound duty in tonight's game with the Bees. The ace pitcher booked for the second clash and Charley Vrye facing the Utahs Thursday.

## NELSON WINS U. S. OPEN GOLF TITLE

### Craig Wood Loses In Second Playoff

Texas Native Triumphs as Bad Luck Pursues Blond Bomber

BY BILL HORN  
PHILADELPHIA, June 12 (AP)—Byron Nelson, as durable as a cow pony from his native Texas and as cool as iced lemonade on a summer day, fired two great long shots on the third and fourth holes of the Philadelphia Country club's Spring Mill course today and thereby won the 43rd annual U. S. Open golf championship.

He had to go to the eighteenth green of his second playoff round with Craig Wood before he could make the victory official with a one-over-par 70 in the 72. But the blond bomber from Spearhead, N. Y., was ready to admit their struggle for the game's most important hole was over as early as the fourth hole.

On No. 3, Nelson used his sand wedge to knock the ball into a hole that almost rolled into the cup for an eagle 2. On the fourth, he used his driver to knock the ball into a hole that almost rolled into the cup for an eagle 2. On the fourth, he used his driver to knock the ball into a hole that almost rolled into the cup for an eagle 2.

## Hans Wagner's Team Wins, 4-2

### Hall of Fame Dedicated 'To All America' at Ceremonies Marking 100th Year of National Pastime

COOPERSTOWN, N. Y., June 12 (AP)—The first hundred years are always the hardest and old man baseball took off on his second century today after being hauled and fettered at the biggest birthday party tossed him during his 100 year rule as the No. 1 figure in American sport.

There were parades, dedications, speakings, a Babe Ruth "comeback" clam bake, ball games and what not for more than 11,000 people who poured into this pretty village where Abner Doubleday out of the blue found the ball game on a hot day and invented the national pastime.

Commissioner K. M. Landis, high priest of baseball, was there to find the church. He received plenty of help from a score of men who had found it almost every baseball ball game ever published.

The high school of the afternoon was "consecrated" by the Babe Ruth who lumbered out as a pinch hitter for the Yankees. The Babe, far off the old time form, puffed nearly to catcher Art Jorgens after missing one strike by a country mile and falling off another.

BYRON NELSON (left), winner of the 43rd national open golf championship at Philadelphia yesterday by defeating Craig Wood (center) in the second playoff; Henry Wright (right) tied with Nelson and Wood at the end of the regulation distance, was eliminated Sunday when they fought out in the first playoff.

## Legion Baseball Chiefs To Meet

### Frantz Announces Statewide Meeting of Officers in Twin Falls

W. W. Frantz of Twin Falls, Idaho, secretary of the Idaho department athletic officer, announced yesterday a statewide meeting will be held in Twin Falls Saturday evening, June 17, to decide on zoning for the state Legion-sponsored junior baseball championship.

Regulations also will be discussed, Frantz said.

Attention was extended to American Legion post athletic officers and others interested in junior baseball.

The meeting will be held at the Perrine hotel at 8 p. m. June 17.

## Shoshone, Burley Lead SCI League

### Tuttle Knocks Gooding Out of Tie for First Place in Standings

SCI LEAGUE STANDINGS

Team	W.	L.
Shoshone	5	1
Gooding	4	2
Burley	4	2
Kimberly	2	4
Hagerman	1	5

Shoshone and Burley, two of last week's three leaders tied at the top of the South Central Idaho league, posted wins Sunday afternoon to continue their battle for first place in the Gooding division.

Shoshone's victory was a 1-0 shutout over Tuttle. Burley's win was a 2-0 victory over Kimberly.

## English Flock To Races At Ascot

### Costly Turf Event Features Fancy Dress and Richest Stakes in World

ASCOT, Eng., June 12 (AP)—The question in this picture-postcard town tonight is: "Should an upright and conservative English gentleman neglect his job, impoverish his children and mortgage his house to go to the Ascot races tomorrow?"

Apparently the answer is: "Certainly, my dear fellow, certainly."

Ascot is the place where the "Sport of Kings" slogan came from and where the price is so high that it is enough to convince you that nobody but a king can afford to go there.

Royal enclosure tickets cost \$30 each and anybody knows a royal enclosure is the first act in the great calamity.

That \$30 merely gets you within earshot of the track and you must confront you with all the ingenious intrigues known to the race track, and you must spend your money on a well-cut morning coat is enough to make any sportsman's eyes water.

Consequently London tailors have been doing a whopping good business the last few days renting coats

## Wooderson Predicts World Record Mile

### Little Track Star Arrives From England to Race Cunningham at Princeton

NEW YORK, June 12 (AP)—Sydney Wooderson, the blitziest big league trackman in the business, said "Howdy" to the crowd at Princeton today and the boys he figures the four-minute mile is no longer a pipe-dream.

He wasn't cocky about it. There's nothing at all cocky about this slim, slight English solicitor as he peers at you through spectacles. He looks for all the world like a high schooler and you'd imagine him to be most any thing but the world mile record-holder.

But both 24-year old Sydney and his trainer, A. Hill, are quietly confident that Wooderson will knock off all this prunty talk Saturday in Princeton's invitation meet, and that he is likely as not to eclipse his own world record of 4:06.4.

## News-Times Golf Finalists Named

### Shotmakers Complete Second Round Play at Country Club Course

A round of terrific golf matches at the News-Times Golf and Country Club Sunday determined finalists in the News and Times best ball tournament, and results assured ten competitors for trophies in the three final rounds.

Stinson and Tashiro defeated Toole and Moss one up in the championship flight while Stone and Beaman outlast Winterhalter and Trail five up and four holes to play. Winning combinations will clash next Sunday over the 36-hole course starting at 9 a. m.

## Speedboats Vie At Lake Lowell

### Twin Falls Pilots Capture Honors in Annual Regatta

A program of thrilling races at Lake Lowell near Nampa, Sunday featured victories for George Jennings of Seattle in the class 7 foot boat race and Dexter plating the Twin Falls in the free-for-all event. The Twin Falls speedboat pilots was first in the class 7 race at the annual regatta.

Roy Paul of Buhl captured first place trophy for his remarkable aquaplane exhibition. His performance included a head stand on the board while being towed by Lud Drexler of Twin Falls and his speedboat at 40 miles per hour.

## Yankees Defeat Kansas City 4-1

### Steve Sundra Holds Blues to Six Hits in Exhibition Game

KANSAS CITY, June 12 (AP)—The world champion New York Yankees defeated the Little Rock Yankees in a Kansas City exhibition game here today, 4-1, before 22,844 spectators.

Steve Sundra, one of the Yankees' undefeated pitchers, held the Blues to six hits, one of them a fence-rattling triple by Clyde McCullough. The winners' first longest blow a three-bagger by Charles Keller, obtained nine hits off Joe Vance and Frank Macko.

## Riggs Advances To Quarterfinals

### Top Seeded American Tennis Star Triumphs in French Tourney

ATLIER, France, June 12 (AP)—Bobby Riggs, who will have to shoulder the American amateur tennis banner at Don Budge dropped when he turned pro, advanced into the quarterfinal round of the French hard court tennis championships today.

The top seeded Riggs eliminated Marcel Godwin of France, 6-4, 6-4, 8-6 in his march toward the title that he won last year by defeating Don Budge in the final.

## Jerome Golfers Play in Tourney

### Play in Tourney at Jerome Country Club

JEROME, June 12—About eighteen members of the Jerome Country club played in a club handicap tournament Sunday, Ketchum. The winners of the tournament were E. W. Sinclair, with a net score of 62.

# STOCK LEADERS DROPPED Associated Press Average of 60 Issues Off Four- Tenths of Point

## Markets At a Glance

**NEW YORK, June 17 (AP)**—The Associated Press average of 60 issues of stock prices closed today at 114.47, down 0.47 points from 114.94, the closing level of the previous day.

The average of 60 issues of stock prices closed today at 114.47, down 0.47 points from 114.94, the closing level of the previous day.

There was nothing particularly dramatic in the movement of the market today, but at the same time real stimulus for a resumption of the rally seemed to be lacking.

Analysts suggested the market acted normally in view of last week's gains and was expected to have a temporary breathing spell.

The Associated Press average of 60 issues was off of a point at 114.47, the lowest of selling throughout was mildly encouraging to those who look upon volume as an indicator of a decisive change in direction.

Traders for the five hours totaled only 12,420,000 shares against 76,270 last Friday when the market was rising.

While speculative sentiment had to contend with the General Motors bonds strike, nevertheless, there were no worse than Chrysler "GM" ended off at 44, and Chrysler "C" at 62.5. Ward's advances in estimate of new car production this month from 25,800 to around 27,000 units.

U. S. Steel and Bethlehem conceded about a point each as this week's shipments were placed at 53.1 per cent of capacity, a drop of 1.1 points.

The majority of the rails kept losses to minor amounts as last week's freight business, based on 1931 transfers for the five hours rebounded sharply after the Memorial holiday week's let-down.

**PRECIOUS METALS**

Montgomery Ward, Sweeney Stores, Douglas Aircraft, American Telephone and Telegraph, Santa Fe, Standard Oil of N. J., Westinghouse, Johnsonville, U. S. Gypsum and Philip Morris.

Emerging with modest improvement—Pan-American Airways, Colgate, Philadelphia Reading Coal & Iron and Eastman Kodak.

Some commodities advanced on the white, pointed lower—Salt, Dime Oil and Superior Oil of California about 1/2 cent. Ward's advances in a generally lower Curb market.

## Stock Averages

### BOARD REDUCES TAX FOR SCHOOLS

#### Rate of 16.2 Mills Off One-half of One Mill From Year Ago

Board of trustees of the Twin Falls independent school district set the 1938 tax rate at a decrease of .5 of one mill from the previous year, during a session at the office of Homer M. Davis, superintendent of schools, last night.

General fund levy was set at eight mills; interest fund, 1.4 mill; sinking fund, 4.8 mills; and transportation, 1.6 mill.

Successful bid for approximately 750 tons of coal for school use during the next nine-month term was made by the Magic City Feed and Grain company of Twin Falls.

Low bid of the firm was \$5.50 per ton on one-inch Hi-Heat Utah slack coal plus 25 cents per ton for oil treated coal.

Last year the board paid \$225 per ton until March 1, when freight rates were slashed bringing a cut to \$40.00 per ton. Figures are on oil treated coal.

Also submitting bids were the Idaho Bean and Elevator company, S. J. Winchester Lumber company, International Seed and Feed company, City Fuel company and Weathers Brothers.

Bids on eight school buses, one of Weathers' and seven contract covering use of the present equipment.

Both firms submitted identical bids on the used equipment—\$450 per day per bus.

In voting to retain the present equipment, the board inserted a safety clause. They stipulated that the buses must be in perfect condition; that insurance be increased from \$20,000 to \$30,000 per bus and that the board of trustees be sole judge as when any specific bus is no longer safe.

By accepting the present buses rather than new buses the board reduced the district's \$2,400 for the two years. Bids on new buses were \$3,500 per bus per year.

Superintendent Davis and Mrs. Vera O. O'Leary, junior high school principal, were authorized to extend the district-owned text book system to the seventh grade. Rental fee will be \$1.65. The system is now in use in the first six grades.

Three former school board members, C. E. McClain, William E. Nixon and S. D. Perrine, were named to supervise bringing of 60 school districts into one.

Date and time of the ceremony will be set by the committee. Bids are now in the vault.

The bonds, some dated back to 1909, represent a one-time value of \$500,000 and the coupons a similar value. It includes bonds up until 1955.

**Junior Musicians To Attend Fair**  
BURLEY, June 12—A group of Junior musicians from the Institute of Music and Art of Burley together with students from Burley and Declo will leave here June 23 to attend the Junior Musicians day June 25, at the San Francisco exposition where Junior Musicians of America numbering between five and nine thousand will assemble.

Students here range from six to twelve years of age and will be accompanied by San Francisco by Mrs. and Mrs. Stanley Morlock, instructors of the institute together with some of the mothers of students as chaperons.

Before departing a combination recital and musician show will be staged by the group at Declo on June 14, at Rupert on June 16 and at Declo and in the Burley high school auditorium on June 20.

The trip to San Francisco will be made on a special train arranged by the Union Pacific system for transporting the youth musicians of America to the world's fair.

**Twin Falls Man Meets Royalty**  
Clément Striffler, until recently an instructor in electrical engineering at Columbia university in the city of New York and formerly of Twin Falls, had the honor of being an honorary marshal at the special reception given for his majesties the king and queen of Great Britain when they paid a brief visit to a campus of Columbia university.

Mr. Striffler accepted a position as electrical engineer with the General Electric corporation in New York City. He will be engaged in the design of power transmission lines, in power systems stability studies, and in the solution of related electrical problems.

The United States uses approximately 23,000,000 bushels of flaxseed each year, but in 1938 it produced only 6,171,000 bushels, importing the balance.

### SEASON OPENS AT BUHL CAMP

#### Forty Teen-Age Girls Enroll for Three-Week Program

BUHL, June 12—The fourth annual group of the Teen Age girls arrived at the McChusky Health camp at Buhl on Sunday evening for a three-week camp program. Forty girls were enrolled by Sunday evening. Ten more will arrive by Tuesday including two Indian maidens from Fort Hall.

The following counties are represented: Canyon, 9 girls; Payette, 2; Cassia, 2; Jerome, 4; Power, 1; Blaine, 2; Bonneville, 1; Twin Falls, 17.

The girls range in age from 12 to 17 years.

The camp is under the supervision of Mrs. Jessie D. Gordon of Burley. She is assisted by Miss Mona Backwell and Miss Rea Moyer of Buhl and Godelieve. They will have charge of the recreation and hand work.

Nurse at Camp  
Mrs. Harry Wilson of Buhl, county health unit nurse, will be at the camp each morning for inspection and will give a course in practical home nursing and health instruction.

The kitchen and dining room to be managed by Mrs. Jack Balk, well assisted by Mrs. Bill Mrs. Annie Mitchell and Elsie Barnett, all of Buhl.

The kitchen and dining room have been enlarged to accommodate a hundred children. An electric refrigerator plant has been installed. The showers and rest rooms have also been enlarged. An isolation ward and washing pool are in the process of construction and will be ready for use when the second camp begins on July 9.

Officials Visit  
Dr. E. L. Berry and Mrs. Elizabeth Smith from the county health unit, made an official visit to the camp Monday morning.

Mr. and Mrs. Hugh N. Caldwell of Caldwell brought three of the Canyon county girls to the camp on Sunday. Mrs. Caldwell is Canyon county chairman of the Anti-Tuberculosis association. Mr. Caldwell is a Caldwell attorney.

Miss Harriet Russell, county nurse from Jerome county, visited the camp on Sunday, bringing three girls from Jerome.

D. W. Waterman of Florence, Idaho, has a job to fit his name. He's been a plumber at the city water plant for 57 years.

### Wields Gavel

C. C. KINGSBURY... Twin Falls pharmacist presides as president at an annual meeting of the Idaho State Pharmaceutical association.

**Burley Rites for Cassia Pioneer**  
BURLEY, June 12—Funeral services for John L. Hayes, Cassia county pioneer, were held at the First Ward L.D.S. church here Sunday at 2 p. m. with Bishop Sidney Larson of the Third Ward church officiating.

A tinted quartet sang the opening number, "Come, Come Ye Saints" and the invocation was by Edgar C. Gibson. The quartet then sang "Beautiful Isle of Somewhere."

Speakers were Alma Richlin, Leola J. Critchfield of the Oakley Third Ward church, Wilford Richlin and John H. Fairchild of the Basin Ward church. Bishop Larson made concluding remarks.

Closing a noble quartet composed of H. B. Weaver, who also directed the other quartet, Bishop Earl Olive of the First Ward, Bishop Sidney Larson and Clarence Gibson sang "O, My Father." The benediction was by William Gibson and interment under the direction of Vera B. McCulloch of the Burley funeral home was in the Burley cemetery with grave dedication by Charles Dayley.

Palmer were Earl Reed, Search Hancock, Jesse Nelson, Clifford Beck, Gracinda Stinger and Roy Jelfs. The First Ward Relief Society was in charge of the protesting of flowers.

Mexico is considering restrictions on cattle exportations because Mexican ranches need re-stocking.

### DRUGGISTS HEAR IDAHO GOVERNOR

#### Botolfson Tells of Mounting Relief, Unemployment Expense

BOISE, June 12—Governor C. A. Botolfson told delegates to the 25th annual convention of the Idaho State Pharmaceutical association today they could find in solving "one of our most serious problems."

He cited the removal here of former residents of midwestern states and described them as "responsible parents with children to educate, who are broke, unable to buy their own farms in Idaho or to set themselves up in business."

"So they are forced to look for jobs," the governor added.

He referred again to the plan he proposed several weeks ago to call a conference to discuss taxation and relief.

The governor's address was the feature of the first day of the drug-gists' convention that will continue tomorrow and Wednesday.

Also speaking was John T. Witly of Portland, president of the National Association of Retail Druggists, who described efforts to obtain federal fair trade legislation.

Wholesale planmeters registered for 25 years who were honored was W. S. Whithead, father of Idaho's lieutenant governor, Donald S. Whithead, registered in 1886 and in business here since 1888. Others registered for more than 40 years were Rector Smith of Mountain Home, the association's first president; H. Plummer of Hazelton and Frank Haines of Idaho Falls.

Lieutenant Governor Whithead is secretary of the state association of Idaho Falls. The latter presided at the sessions attended by approximately 100 delegates.

**Landholder Applies For Court Decree**  
George S. "Redwood" started suit in district court in Twin Falls yesterday to quiet title to a 13-acre tract east of Kimberly under deed executed by the late W. H. Turner as trustee in April, 1907. Named as defendants were the trustees of the Payne-Weber Milling company. Petitioner's attorneys are J. R. Bollwell and Harry Povey of Twin Falls.
