RAINS CAUSE REJOICING ON AREA'S FARMS

Intermountain Region Generally Covered by Showers During Day's Display of Widely Varied Weather

(By The Associated Press) Even the weather bureau waxes poetic today over a soaking rainstorm that gave needed moisture to farm lands in Utah, Idaho and Montana.

It was without ill effect, however, Utah and Idaho both had found their Sunday Pioneer league games washed out.

At Albion, Idaho, H. M. Chase, farm produce shipper, estimated 100 cars of green peas were destroyed by a hailstorm.

At Twin Falls area, intermittent showers during the past two days brought 21 inches of chill rain and the mercury dropped to 35 below.

At Pocatello, Idaho, the temperature at 10 a. m. was 29 degrees above freezing. Pocatello was in good luck with the rain and snow.

Washington 4, St. Louis 3.
Cleveland-Boston postponed, rain.

NEW YORK, June 17 (AP)—Like many another winning streak, the nine game march of the Detroit Tigers splintered against the rugged defiers of Yankee stadium today as the world champions nipped three hits for a run in the ninth inning July 1 to 0.

Red Ruffing and Duke Newson, the only pitchers in the American League to win 20 or more last year, squared off in a scorching pitching duel with the big Yankee veteran getting stronger as the game went along and the languid Newson weakening under the strain.

Rufus the Red Ruffing: Top Pitcher of the Top Team

By The (AP) Feature Service
Big Red is on his way again—and so are the Yankees. Charles Herbert (status the Red) Ruffing has been the Yankee top pitcher for the last three seasons. He's the only major league hurler who has won 26 or more games during each of the last three campaigns. And Big Red is at the age where most hurlers have passed their peak. He is 35. There are only a half dozen regular pitch-

ers in the Big Show who are on the shorter side of 35. None of these has approached Ruffing's performance. Last year, Big Red got off to a fast start this year by winning a 2-0 inaugural game against the Boston

Red Sox and the veteran Lefty Grove, but not only has as much stuff and speed as ever but he has acquired the cunning and "brain-pitching" that comes with age. He has also come out with a new pitch

Youngster From West Coast 'An Intelligent Pitcher,' Says Toledo Pilot

BY HAROLD CLASEN
KANSAS CITY, June 17 (AP)—That deck club has a \$50,000 silver lining for the man of the last place Toledo club in the American League.

It's Freddie Hutchinson, the young West Coast youngster who cost the Detroit Tigers their "pitcher" for their farm team.

Hutchinson, who hopes to garner his first victory on his twentieth birthday in August, relies primarily upon a fast ball which he hurries over the plate with a combination pitcher's windup and a catcher's snap throw.

"I don't even warm up when I start to pitch because I know that I am going to push that fast one around. I don't warm up a bit," said Hutchinson. "Some of the experts said Parrell didn't have it when he first pitched over his head. I don't know if I am in a better position to know and I say he has it—everything."

WISHA LEAVES WOODERSON IN LAST PLACE

Chuck Fenske Wins Mile After Texas Runner Trips Diminutive Record-Holder

Blaine Rideout Hits British Star With Left Leg

By OAYLE TALBOT PRINCETON, N. J., June 17 (AP)— Sydney Wooderson's long-antidated reputation of running fast ended on Saturday today when the little Briton was bumped and half-tripped in the final lap of the Princeton invitation mile, and, far from setting a new world record, finished last in a slow field of five.

With 30.000 cheering him on, the diminutive record-holder led all the way until Blaine Rideout of the North Texas State Teachers clipped him near the end of the race, and from home, he faltered and half-stumbled and fell back in the street as Chuck Fenske of Wisconsin ace, came through with a rush to win in the comparatively quiet of 4:11.

The veteran Glenn Cunningham, also profiting by Wooderson's misfortune, came up to finish second, about five yards behind Fenske. Archie San Roman came in third, and Rideout finished fourth. Wooderson was clocked in 4:18, considerably to his world record of 4:06.4.

There was no accident. Rideout's bump was accidental. It was clearly seen from the stands. With Wooderson striding along easily on the left side, the Texas made a sudden effort to crowd through from third place and strap the lead. He cut, it too fine as he attempted to edge past Wooderson, and hit him with his left leg. The 125-pound British half stumbled out several yards from the inside lane, and never fully regained his stride.

Immediately after they had passed the tape almost simultaneously, Rideout ran over to grasp Wooderson's hand and apologize for interference. Wooderson, smiling at his acceptance, but there was no doubt he was very unhappy. Asked if he didn't think it was an accident, the shy little fellow said: "I hope so."

Woodson, a G. H. Hill, the veteran British Olympic champion, was more cautious with "Yes, Rideout apologized, but that's good. That's just what I need."

Woodson, who had been confident of setting a new world record, finished near 1:52 and did not return to run again in this country and would leave for home "after seeing the crowd."

Though the mishap probably deprived him of victory, it didn't have anything to do with his failure to achieve a record. His chance was gone long before Rideout over-ambled him, and was replaced by a strong southeast wind. Sydney set a disappointing pace all the way. The mile climaxed a very disappointing program. There were no records, no nothing to cheer the big crowd in the stadium. John Quigley, a 19-year-old New York high school student, supplied most of the excitement of the preliminary program by beating Archie Williams, Olympic champion, in the quarter-mile. Quigley's time was 47.6.

The first mile went for the second straight year to Charles Bestman, former Ohio State track captain. He led the pack and set the pace. Burrows, J. P. of Princeton set the pace until they hit the last 100 yards, when he turned on and won easily in 1:51, pulled up.

Oklahoma Star Trounces Riggs

McNeill Takes French Singles Title and Moves Into Doubles Finals

PASADENA, June 17 (AP)—Don McNeill of Oklahoma City, 151-114, knocking off B. O'Connell and former champion, had a field day in the first round of the French high school tennis championship today.

First the young Oklahoman star outplayed Bobby Riggs of Chicago, the No. 1 U. S. amateur, 7-5, 6-0, 6-1, and won the championship. Then he teamed with Charles Hartz of Palm Beach, Fla., to defeat the team of James McNeil and Thomas Tracy of the Doubles, 7-5, 6-0, 6-1, to move into the final round.

The American pair will face the veteran Frenchmen, James Borotra and Jacques Brugnon.

Gregory Rice of Notre Dame Travels Two Miles in 9 Minutes 2.6 Seconds; U.S.C. Collects 86 Points

LOS ANGELES, June 17 (AP)—Two new records went into the books and Southern California's mighty Trojan force rode on to their fifth consecutive triumph today as the 18th annual national collegiate track and field championships came to a close in a brilliant climax of the 1939 college season.

Record smashing feature of the day came when chunky chivalry Rice of Notre Dame set of the two-mile grand in 9 minutes 2.6 seconds, leading a gallant Michigan star, Clyde Jeffrey, by nine yards in second place and the N. C. A. A. meet record of 9 minutes 11 seconds set by Walter Miller of Wisconsin a year ago to fall.

Golden Bears, Rowing at Low Beat, Set New Mark to Defeat Washington Boatload by Half Length

By BILL BONI COLUMBIA, June 17 (AP)—The University of California crew, which came close to rowing perfection under far from perfect conditions, mastered the choppy waters of the Hudson river today to shatter all records for the four mile championship of the Intercollegiate Rowing association.

Never worse than third and leaders throughout all of the race, the Golden Bears hit the finish line half a length in front of Washington in 18 minutes, 12 3/5 seconds. Their time cut six and two-fifths seconds of the former mark, set by Navy last year, and was all the more remarkable because California never was pressed.

STOCKS RALLY AS POOR WEEK ENDS

Tension in Far East Has Effect on Market Trading

Markets At A Glance

New York June 17 (AP)—The stock market today finished a generally declining week with a moderate rally.

The few traders who appeared for the two-hour proceedings apparently found sufficient business and political optimism to offset the British-Japanese far eastern tension.

Stocks in the recovery still included U. S. Steel, Bethlehem, Youngstown Sheet and Tube, General Motors, E. I. du Pont, and others.

Stocks drifted downward in the first four days of the week, with a stable sell-off occurring Thursday as the 60-stock average dropped a full point. Offerings dried up Friday.

CODE PROPOSED FOR SCHOOL BUS

Conference at Boise Seeks Formula for Greater Safety

BOISE, June 17 (AP)—A conference of educators, traffic specialists and civic leaders has recommended today enactment of legislation regulating school bus transportation that was described as having "unparalleled in Idaho without proper regard for matters of regulation and safety."

"They suggested that legislation be enacted to empower the state board of education by and with the advice of the commissioner law enforcement to adopt and enforce reasonable regulations governing specifications of buses and qualifications of drivers."

Similar proposed statutes were presented to the state legislature but failed of enactment. John W. Condie, state superintendent of public instruction, and Harry M. Rayner, law enforcement commissioner, joined in calling the conference.

Course of Action The approximately 30 persons were in attendance, representing public schools, state departments and civic organizations.

"We feel the conference was valuable in an educational way and that is the only way we can approach the subject of school bus regulation at present," Condie commented. "We must work through local school boards, and city and county school superintendents, making them see the importance of proper control of bus transportation."

The conference, in resolutions adopted, recommended that "a committee to set up reasonable regulations for drivers and specifications for buses in Idaho be appointed by the state superintendent of public instruction and the commissioner of law enforcement and that their findings be made available as soon as possible to school districts as recommendations looking forward to uniformity-adapted standards...."

"Included in the recommendations of the committee should be provision for initial and periodic examination of drivers and inspection of buses."

A training program for drivers could be provided through schools in cooperation with the state department of law enforcement and state traffic officers.

Safety Conclusions "Every effort should be put forth by the state department of education and the department of law enforcement through county and city superintendents, teachers, parent-teacher organizations, service clubs and through other suitable avenues to make pupils and the public generally safety conscious with regard to school transportation."

The group endorsed minimum standards for school bus construction which were set up by a nationwide conference at New York City and which were described by Con-

This is Father's Day!

Copyright 1939 by Joseph E. Bear

Sunday, June 18 is "Father's Day," but it's really YOUR day. Dad is getting on in years. He has had his tough times. On the whole he is just one of the big human family forever struggling for happiness and continued contentment. How can happiness be achieved? So many people say money is the goal to happiness.

While money can buy pretty nearly everything the heart can desire, it cannot always buy happiness. True happiness hinges so much on the little-big things in life, the touch of a hand, the warmth of a kiss, the inflection of the voice, the sincerity of a smile, kindness, the endurance and demonstration of love; these are the little-big things that are the most deeply satisfying of rewards to men.

It is these acts of affection, that should be heaped on Dad not only on Father's Day, but everyday he is here. You do not know, and will never know, how he has toiled for you through thick and thin. You do not know, and will never know, how he suffered when you have not measured up to his hopes for you. You do not know, and will never know, how you have hurt him because of a thoughtless word or act. You do not know, and will never know, how he has tried his best to help you to the end that your aims and ambitions, your ideals and your inspirations might be realized. Nobody will know, he has looked and soiled those things in his heart.

While Sunday, June 18 is Father's Day, and you are tired, let children and brighten the day with a gift, do not stop there. Every time you meet him, greet him with the little-big things in life that are the most satisfying of rewards given men.

Make Father's Day YOUR Day Everyday!
