Senate Declares Against Shift of American Areas

Unanimous Vote Warns United States Will Not 'Acquiesce' in Transfer of Colonies

(By The Associated Press)
WASHINGTON, June 17—Legislation warning that the United States will not "acquiesce" in the transfer of western hemisphere colonies from one non-American nation to another was hustled through the senate unanimously today after hours after word came that France was asking peace with Germany.

The house planned to act on the armistice legislation tomorrow—the day upon which Hitler and Mussolini meet to decide what peace terms will be imposed on France.

The senate approved the legislation by a 76 to 0 vote after Senator Connally (D-Tex.) had insisted such a declaration of policy was imperative and that "congratulation of our own safety, the United States cannot tolerate the transfer of these possessions either by negotiation or by the sword."

President Vandenberg (R-Mich.), cautioned the senate that the obligation of the United States under the Monroe doctrine "must fall due within 60 days."

The senate vote on this resolution climaxed a day of developments resulting from the capitulation of France.

President Roosevelt signed documents "freeing" French credits and cash, and that France has in excess of \$1,000,000,000 of cash and securities.

The United States government has advised that Britain would take over French armaments orders in this country.

44 New Armaments
The administration asked a huge new armaments program to the defense plans today, asking Congress to authorize construction of 44 additional warships in the next few years at an estimated cost of \$1,000,000,000.

On the heels of an 11 per cent naval expansion previously authorized, the new program was announced by General H. H. Arnold as a move toward increasing American sea power to the point where it could meet simultaneous threats in Atlantic and Pacific.

Greatest Naval Power
Its completion in 1944 would give the United States a mighty armada of 418 vessels, far greater naval power than this or any other nation ever has had. With completion of the new program and presently authorized construction, the fleet would total:

26 battleships, 14 airplanes carriers, 10 destroyers, 100 submarines. This compares with the present fleet of 15 battleships, five airplane carriers, 35 destroyers, 120 submarines.

The request for the additional naval expansion took the form of simple introduction of administration bills introduced by Representative (Continued on Page 2, Column 3)

FLASHES of LIFE

Right of Way
MEMPHIS, Tenn.—A Memphis pedestrian, with a dislike for automobiles which block way for motorcars, relieved his ill temper with action.

A sedan pulled across the yellow line, forcing many to walk around it. This fellow-unidentified, but not unappreciated—opened the back door of the car, stepped inside, opened the other door and stepped out before the car moved forward.

The pedestrian went his way, leaving both doors open and forcing the driver to get out and shut them.

In a Blare
UNION TOWNSHIP, N. J.—Edward Wood, 26, of Newark, a lighted flare in his hand, sped so soundly in his car that it took the cautious driver of the car to bring him to a stop.

His pants were ablaze. He suffered first and second-degree burns before firemen could extinguish the flames.

Besides that, 440 in his pants pocket was destroyed.

Soviet Troops, Tanks Speed to New Bases

Military Occupation Makes Three Little Nations Armed Camp for Red Forces

(By The Associated Press)
STOCKHOLM, June 17—Soviet Russia, which won important military concessions from Finland by war, rushed troops and tanks tonight to new Baltic bases seized from Latvia, Estonia and Lithuania by ultimatum.

The full military occupation of the three little nations made them an armed camp for Soviet troops, gave the Russians unchallenged command of the eastern end of the Baltic sea, and put Red armies close to the German frontier.

There were reports, too, in the Swedish press that Russian soldiers were being concentrated in Soviet eastern Poland.

Results of the broadening of Russia's armed influence could not be foretold immediately.

Reasons for the moves were given by the Moscow government in dispatches to Lithuania, entered by troops Saturday, and Latvia and Estonia, occupied today.

The notes demanded that the countries allow free entry of Soviet troops and reorganize their governments.

Tuss, official news agency, said the move was to "secure the Baltic littoral, Latvia and Estonia made a military agreement," directed toward the U.S.S.R., "violating pact with Russia, held secret conferences, and sought to bring Finland into a Baltic situation which would be to the detriment of the Baltic states."

There was no opposition to the steady stream of Soviet soldiers and mechanized equipment that poured in from the east and northeast.

Governments of the three nations were being reorganized. The populations of the countries were described as calm.

Hitler, Mussolini Head for Rendezvous to Draft Terms

Nazi Invaders Strike Again At France

(By The Associated Press)
BERLIN, June 17—Adolf Hitler and his axis partner, Benito Mussolini, will meet probably tomorrow somewhere in eastern Europe to decide the fate of the prostrate France and dictate terms to the republic which they created last night under the German military machine.

Mussolini was spreading northward from Rome to an announced destination for what promised to be a history-making conference with Hitler. Devising the French defeat possibly for generations were expected.

Hitler's Fate Falls
Meanwhile, the crumbling of French military resistance went on apace. The military French met before German onslaughts this afternoon, the German high command reported.

In the east, France virtually was open to tremendous blows from Germany's Wehrmacht. Forces were in position to strike.

Metz Falls As Maginot Line Crumples; Battle Rages In Southeast

(By The Associated Press)
BORDEAUX, June 17—The armies of France fought on tonight along the whole confused front after their government asked Adolf Hitler for terms of peace and received no immediate reply.

With what strength of men and munitions was left after 12 days of ceaseless retreat against heavy odds, the exhausted French still defiantly demanded "an honorable peace" as the condition of surrender.

A French night communiqué said the fighting still was violent, that French resistance continued, and that there had been no letup in the fierce Nazi onslaught south and east from the river Loire.

Military spokesmen admitted, however, that the front was disorganized and that the Germans had split the French forces into four ribbons.

Hardest fighting was reported in the vicinity of Orleans, along the Loire river, 75 miles south of Paris.

The French communiqué told of desperate resistance all along the middle Loire, but said German spearheads still stabbed deeper into France in the region of Dijon and Autun, east of Paris, 130 to 175 miles southeast of Paris.

The French admitted German mechanized units had pushed into the departments of Doubs and Jura west of the Swiss frontier.

"At all points of contact," the communiqué said, "our troops still are fighting with the same bravery for the honor of the flag."

Navy Air Forces Inter
The French radio said late tonight that the French air force was "intact and powerful."

"We are ready to lay down our arms if we can get an honorable peace," declared the new French Minister Paul Reynaud in a broadcast to the world over the French radio.

"But we are ready to accept any conditions which mean the end of the spiritual freedom of our people."

"We are given the choice between resistance and honor, the French army and the whole French people will never choose the latter."

AIR CRASH KILLS 11 ARMY FLIERS

Two Bombers Collide Half Mile Above Residential Section

NEW YORK, June 17 (AP)—Two army bombers collided a half mile above a residential section of Queens today, killing 11 army fliers and carried 11 army fliers to death in the burning wreckage.

Two hours were fired by flaming gasoline but by what seemed like a miracle no civilians in the thickly populated area were hurt.

All aboard the two bombers were killed. The crash occurred at 10:15 a. m. in a residential section of Queens.

Another mid-air collision, at Tulare, Calif., cost lives of 20 pilots and an instructor during routine maneuvers. One of the dead was a pilot who was killed by a collision on the ground were injured.

The crash here, a few miles west of Mitchell field, was immediately reported by a pilot who was in the air.

BROOKLYN, June 15 (AP)—Shoun pitched the first over seven innings Sunday by the Cincinnati Reds, the Brooklyn Dodgers made four costly errors today and dropped a 3 to 1 decision to the St. Louis Cardinals that also meant the loss of first place in the National League.

NEW YORK, June 15 (AP)—Paul Dean mastered the Chicago Cubs today for the second time in a week to give the New York Giants a 2 to 1 victory and move them within a game of second place in the National League.

Shoun, who had permitted the Cubs only four hits in his first start of the season in Chicago last Tuesday, yielded just six today and none in the last five innings.

Dean, who had pitched a shutout in the first game of the season, struck out seven batters in the first inning and then held the Cubs to one run in the second.

Shoun's fifth straight triumph for the Reds, who haven't lost since Billy Southworth assumed the managerial last week. Clyde Shoun, the former workhorse relief pitcher, started the game and went the full distance for the first time since 1938, allowing just four strikes.

Two of these gave the Dodgers their only run in the first inning. The Yankees and New Kimball, who started the ninth inning after Tammula was removed for a pinch-hitter, hurried good ball but the Dodgers' errors were more than enough to give them the win.

St. Louis got its other two runs in a sixth inning when the Cardinals' pitcher, Ed Stanky, opened by reaching first on Cookie Lavagetto's error and stealing score. He went to third on a fly by Pepper Martin. Terry Moore popped up, but Joe Greengard singled home the winning run.

COURT VACATES CLOSING ORDER

Proceedings Against Twin Falls Night Club Take New Tack

District Judge James W. Porter yesterday vacated a default judgment under which the Courtney club in Twin Falls was padlocked last June 7.

Prosecuting Attorney Averett said today. Sweely, who resisted the motion to vacate the judgment, indicated he may institute injunction proceedings today.

Attorney for the defendants, Mrs. Catherine Brain of Coeur d'Alene, owner of the property, and E. L. Rogers, asserted operator of the club, W. L. Dunn today assumed responsibility for failure to file an answer to the prosecutor's complaint before expiration of the time limit.

Filing of the defense answer would bring the complaint to trial on its merits.

The prosecutor sought the closing order on the grounds the club had been operated as a liquor nuisance.

For Jerome Child
