# German Bombs Fall on Twin Falls

## Salvos of Bombs Hurtle Down on Battered London

### Germans Return for Regular Battle in Skies After Longest Day-Time Raid of War

LONDON, Sept. 14 (Saturday).—German warplanes hurled high explosive and incendiary bombs on London last night and early today in the seventh consecutive heavy all-night assault on this raid-worn empire capital which has seen bombs fall on the very streets of Britain's monarchy and Britain's government.

Coming over London at about 15-minute intervals in the face of intense anti-aircraft fire, the raiders unleashed a shower of incendiary bombs on the fringe of central London and dropped salvos of blasting bombs on other parts of the capital.

The all-night attack ended at 5:25 a.m. after having been in effect eight hours and 25 minutes. The week of raiding has taken an enormous toll of more than 1,200 dead and almost 4,500 persons wounded.

The Germans were busy elsewhere in the United Kingdom. Early today, a lone plane attacked a Welsh town and hit a hotel. Four people were believed killed.

Return for Battle After subjecting London to the longest day-time raid of the war, the Germans returned last night for their regular battle in the skies with London's reinforced anti-aircraft batteries.

They opened the night attack at 9 p.m. and continued for hours. They later hit a hospital and a school. They also hit a power station and a factory.

## Agry Debate Delays Congressional Passage

### Americans Man 50 Destroyers Rejected Conference Report Revised to Eliminate Seizure Terms

WASHINGTON, Sept. 13.—America's contention in the senate that a clause calling for the commandeering of "non-cooperative industry" was weak and unenforceable prompted a senate-house conference committee to insert in the price-line conference bill a section described as having "more teeth in it."

The senate had bucked at accepting the language originally laid before it by the conference committee and, by a vote of 37 to 33, had sent the whole bill back to conference with instructions to insert a more far-reaching provision.

The committee, acting with the house, had the bill back and approved one which the bill contained when it originally passed the house.

## Willie Declares Aim to Put More Men to Work

Republican Nominee Warns Kelly-Nash Political Machine in Talks Before Chicago Thronings

CHICAGO, Sept. 13.—From mid-morning until dark, Wendell Willkie campaigned along 75 miles of Chicago streets today and in half-dozen addresses called for "economic rehabilitation" to put more men to work.

Besides speaking at the stockyards and in the south and west industrial districts, Willkie swung his 40-car caravan through the busy loop, which was jammed with spectators who cheered and threw confetti and ticker tape.

"I suppose I have seen almost a million citizens today," Willkie said in one speech. He told reporters later he could not recall the exact number.

The Republican presidential nominee, 36, who has been elected Mayor of Chicago, said he would have the same rights as all others.

Earlier in the afternoon, the candidate addressed a crowd near the Chicago Illinois steel plant in South Chicago, where an occasional placard saying "steel workers" and "Wallace and Roosevelt" was seen among the audience.

The Chicago appearance marked the start of a campaign to win the support of the steel industry.

Referring to Mayor Edward J. Kelly and Pat Nash, leaders of the local Democratic organization, Willkie said he had no personal animosity toward them.

"I say to you, Mayor Kelly and Pat Nash, that when I am president there will be no income tax reduction," he said.

## Explosion Death Reaches 42

Seven More Mangled Bodies Removed From Ruins of Powder Plant

KENIL, N. J., Sept. 13.—Seven more bodies mangled and buried under the ruins of a powder plant today, bringing to 42 the number of deaths in the explosion.

The explosion occurred at the Kenilworth powder plant, which was destroyed by a blast that killed 42 men and injured 100 others.

## BOMBS FALL ON BRITISH PALACE

England's King and Queen  
Unharmed in Nazi Air-  
man's Attack

LONDON, Sept. 13 (AP)—The king and queen of England were bombed in Buckingham palace today by a twin-engine German raider participating in the heaviest daylight attack on London of this total war.

King George VI and his cheerful Scottish queen were not hurt, nor were they scared.

After the raid, they climbed out of palace air raid shelters, surveyed the damage that five bombs had wrought to royal chapel, huer quadrangle and roadway, and then the king told a handful of cabinet and people.

"Like so many other people, we now have had a personal experience of German barbarity which only strengthens the resolution of us to fight through to final victory."

Then, with the queen, he departed for another tour of London's bombed areas.

Considerable Damage  
The little prince, Elizabeth and Margaret Rose, were not in the palace—it is understood they have been kept away from London throughout the war—but their mother and father stayed on beneath the royal standard in the massive grey palace despite the fact that a time bomb had wrecked a corner of the roof last Tuesday.

The only casualties were three palace plumbers, who were injured slightly while at work in the south wing of the palace.

In all, five bombs struck the edifice.

The damage was considerable. Two of the bombs fell in the great inner quadrangle. A third smashed the little private chapel in the south wing, and the last two struck the roof.

Christened, scolding and ripping asunder its solid gold altar service and crimson silk furniture.

Between Palace Gates  
Two other bombs fell in the broad roadway between the palace and the white marble Queen Victoria memorial, a group of heroic figures carved by Sir Charles Wilson.

These last were incendiary bombs, and they were sufficed off by a rush of soldiers from the Wellington barracks across the way, aided by blue-clad auxiliary firemen.

The palace suffered little damage, but the palace with motors cut off, dropped its bombs and then its gators slipped into life for the getaway.

County Takes No Action on Request for Funds to Finance School

Responsibility for maintaining a school for transient children at the migratory labor camp south of Twin Falls continues to rest with the government until a satisfactory agreement to share resultant costs. An earlier tentative agreement was repudiated, with the exception of one term, by the FSA, and the county went to court against the Twin Falls school district for this purpose.

At present, such a school was originally scheduled to open Monday, Sept. 16, but will not start until the first security administration makes a satisfactory agreement to share resultant costs. An earlier tentative agreement was repudiated, with the exception of one term, by the FSA, and the county went to court against the Twin Falls school district for this purpose.

Portland. School students from the camp's permanent farm homes and transient quarters have been accepted by the school district, which grades school pupils in the farm cottages, but those from the transient quarters were to have been educated at the camp. For this purpose the emergency fund, forwarded upon by the county, was sought.

The plan was presented by Superintendent Homer M. Davis during a conference with the board, at which Mrs. Doris Stradley, county superintendent, was also present.

Nazarenes Plan Special Service  
Special services for men and boys only and services for women and girls only will be held at 8 o'clock this evening at the Twin Falls Nazarene church.

The services are part of a Nazarene convention which is in progress here with Rev. and Mrs. E. E. Stelhamer of Cincinnati, O., as principal speakers.

Rev. Stelhamer will speak to the men and Mrs. Stelhamer to the women.

Three services will be held Sunday, one at 10 a. m., 2:30 p. m. and 8 p. m.

Officials Seek Dynamite Caps  
A dangerous "hull" of 12 electric dynamite caps from a storage box near a drainage ditch north of Twin Falls is being sought by Twin Falls county sheriff's office.

The caps were the property of the Twin Falls Canal company, and several officials of dynamite may also have been taken.

Officials pointed out that the caps are highly dangerous in the hands of those not familiar with their use.

The new Consolidated Model 32, a four-engine land bomber, is reported to have a speed of 100 miles an hour, a range of approximately 300 miles, and a bomb-carrying capacity of approximately four tons.

## Magic Valley Onions 'In the Bag'

SUCH SCENES AS THIS are now typical throughout the Magic Valley with onion harvest well underway. The sacked onions shown above cover four and one-half acres and were grown by E. G. Stables, who lives five miles west of Twin Falls. With harvesting on this particular section now about three-fourths complete, 4000 sacks have been filled. Yields here are averaging about 45 sacks to the acre. (News Photo-Engraving)

## L. D. S. DONATE TO TEMPLE BUILDING

Church Members and Friends  
Contribute to Idaho Falls Structure

Work on the L. D. S. temple at Idaho Falls has been under way for some time and the foundation is rapidly taking shape. Sunday, Sept. 15, has been set apart by officials of the church as "Temple day," when members of the congregation are requested to make contributions to the fund for construction of the temple.

If housemembers should wish to contribute, they are welcome to do so, according to church officials.

Contributions will be received in the Twin Falls temple by the following: Bishop: N. W. Arntson, Twin Falls; Second ward: Edward Johnson, Bullard ward: A. O. Olsen, Kimberly ward: Lloyd G. Talmann, Meridian ward.

The L. D. S. church has seven temples in operation and another is being erected on an impressive site near Snake river.

Temple work is being carried out by all church members to contribute liberally. Names of all contributors will be placed on the corner stone of the building when it is laid.

BUHL GUARD UNIT LISTS RECRUITS  
Company D, 116th Engineers, at Full Strength, Ready for Training Camp

## PASTOR SPEAKS TO LIONS CLUB

Rev. G. H. McCallister Tells  
Underlying Causes in  
World Conditions

Speaking upon world conditions and their underlying causes, Rev. G. H. McCallister of the Methodist church addressed yesterday's luncheon meeting of the Twin Falls Lions club at the Park hotel.

For every movement there is a cause and the larger the upheaval and the more people involved, the deeper and more complex are the causes, the speaker pointed out.

"Revolution in Russia resulted from centuries of extreme poverty on one hand and great wealth and high position on the other," observed Rev. McCallister.

"Turning to fascism, he pointed out that it has resulted from lack of security among the many small states of Europe; while democracy has been the natural outgrowth of the modern age."

Rev. McCallister said that the desire for power, position and wealth among various individuals and groups, said Rev. McCallister.

Attending the meeting as a guest was John A. Anderson, Idaho Falls, deputy district supervisor of zone No. 7.

P. H. Kidd, Twin Falls, became a new member of the club.

Washington Student—George Davidson will leave tomorrow for Pullman, Wash., where he will attend Washington State college this year.

Enroll at Pullman—Mr. and Mrs. W. A. Van Engelen and daughter, Miss Margaret Van Engelen, plan to leave today for Pullman, Wash., where Miss Van Engelen will enroll as a freshman at Washington State college.

At O. E. S. Session—George Warberg, Mrs. Judith Monroe, Mrs. H. F. Morrison and Mrs. J. A. Johnson have left for San Francisco to attend sessions of the general assembly of the Order of Eastern Star.

Assault at Hevath—Rev. C. W. C. will leave Thursday for Payette to assist Rev. J. W. Collins of Spokane who is conducting revival meetings there for the next two weeks.

Attend Services—Mr. and Mrs. E. H. Smeal, Mr. and Mrs. N. D. Smeal and son, Mrs. James Smeal of Nampa attended funeral services for John H. Gray yesterday afternoon at 2 o'clock at the home of Mrs. E. H. Smeal and Mr. N. D. Smeal are brothers of Mrs. Edwin G. Fossella.

Leaves for School—Miss Ann Perry, daughter of Mr. and Mrs. J. A. Peavey, left Thursday for Pullman college at Walla Walla, Wash. To return she will visit her mother, Miss Betty Peavey, at Pendleton, Ore., and attend the Pendleton Normal school.

Attend Wedding—Mr. and Mrs. G. M. Simpson have returned to Twin Falls after a trip to Colorado, where they attended the wedding of their daughter, Miss Simpson, to Mr. Simpson, at Montrose, Colo., on Sept. 1.

Red Cross Meet—Twin Falls chapter of the Red Cross held a meeting of directors will meet at 8 o'clock this afternoon at the Twin Falls public library. Forrest Blevins, state director, will be present and plans will be outlined for the annual roll call in November.

Visit to Hevath—Mr. and Mrs. Robert Hayes of El Centro, Calif., who were en route to the International Four States Highway convention, stopped in Twin Falls Thursday evening and attended the service at the home of Mrs. Hayes.

Students Elect At Bull High  
BUHL, Sept. 13.—Annual elections at Bull high school were the order of business at the class meeting held Monday, with the following officers being chosen for the class:

Presidents—President, Forrest Blevins; vice-president, Betty King; secretary, Howard Johnson; treasurer, Fred Blevins; class officer, Fred Blevins.

Seniors—President, Forrest Blevins; vice-president, Betty King; secretary, Howard Johnson; treasurer, Fred Blevins; class officer, Fred Blevins.

## Introducing County's Fair Board

TO THESE SEVEN MEN goes a great share of the credit for success of the Twin Falls county fair and rodeo, which concluded last night at the fairground in Elmer. Photographed as they were introduced to rodeo booths, the fair board members are, left to right, W. M. Olds, board chairman; T. V. Sall, secretary; Parks, fair secretary; Wilbur Quilley, Cashier; R. K. Dillingham, fair chairman; Wilbur McMasler, Haven, and Claude H. DeWitt, Twin Falls. (News Photo and Engraving)

## Lions Officials -State Meetings

Plans for district, to next year convention, and for three inter-club meetings in the fall and winter sessions were formulated during a zone meeting at Hevath Thursday night.

Lions club officials of zone No. 7.

Comments were made upon the success of the zone fair and rodeo, which concluded last night at the fairground in Elmer. Photographed as they were introduced to rodeo booths, the fair board members are, left to right, W. M. Olds, board chairman; T. V. Sall, secretary; Parks, fair secretary; Wilbur Quilley, Cashier; R. K. Dillingham, fair chairman; Wilbur McMasler, Haven, and Claude H. DeWitt, Twin Falls. (News Photo and Engraving)

## Mexico Delegates To Road Meeting

Representing Mexico at the International Four States Highway association convention at Salmon will be two leading representatives of U. S. development, according to Robert H. Hays, El Centro, Calif., national secretary, who was here yesterday while en route to the meeting.

They are C. F. Reynolds, manager of the California, Mrs. chamber and Joseph I. Lopez, national director of the Four States Highway association.

After being met early this morning at El Centro by Roy J. Holmes, member of the Twin Falls delegation, they were driven to Salmon by the local man.

## SPECIAL TRAIN FOR IDAHO LEADERS

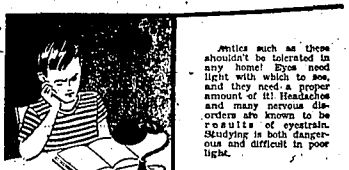

BOISE, Sept. 13 (AP)—Idaho LEADERS traveling to the American Legion's national convention in Boston, Mass., Sept. 22-26 will go on a special train from Boise to Chicago.

The train will be a special train with Pullman and Union Pacific Department Adjutant Lester Albert said today.

What is a  
**Bulb Snatcher**

A bulb snatcher is a character who goes around stealing lamp bulbs from one fixture for use in another. Another trick of his is to replace a bulb in a fixture with a bulb of much smaller wattage. Results of his rumpuses are headaches and eye-strain in other members of the household when they are forced to get along with improper light.

But homes that have banished bulb snatchers are healthful, contented and happy. They have ample light for every class-seeing task. Eyes are not strained. Headaches from eye-strain are a thing of the past. There is no need to have to put up with. Of course, they always keep plenty of Mazda lamp bulbs on hand all year 'round!

Go to your electric dealer's store and get his offer on Mazda lamp bulbs now! Put in a supply for the winter months ahead. Give your eyes a break—provide plenty of light at all times!

**EYES NEED LIGHT  
STOCK UP ON  
MAZDA BULBS  
NOW!**

Go to your electric dealer's store and get his offer on Mazda lamp bulbs now! Put in a supply for the winter months ahead. Give your eyes a break—provide plenty of light at all times!

## Thames Estuary Loses Half Of Docking, Wharf Facilities

Airforce losses, according to the same sources, are more critical in the repair, overhaul and servicing departments than in actual air casualties. English plants can still recondition the Blenheim and Spitfires for a second go at Jerry but the time element is longer due to

the crippling if not destroying effects of bombs on the ship roofs. Result is that English squadrons no longer go far out to sea to meet the German waves but engage them close to the shore line. The answer is already a scarcity of planes.

**PLEADING.**—Sidney Rogerson: "Propaganda In The Next War," suppressed by the British but now

forecast accurately much of Great Britain's work in connection with drawing us in. An excellent example of the technique at its best is *Guilty Men* by Cato. More than 70,000 copies of the book as first published were sold in England, and now the cheap edition is being ped-

Its aim is to hold fifteen more or less well-known Englishmen to account for what England is undergoing, and to strengthen the drive of Churchill and his followers to

taking over the powers of the government. The fifty destroyers were being delivered to the British as a token of our interest were intended to achieve the same thing. The nominal premier of England and the present president of the United States need each other in full control of their respective nations if the

war parties of both nations are to accomplish the far-flung plans which are familiar to army and navy men of both nations.

bacon. In that event a book probably will be written fairly soon which will describe the conviction of nonwar English government men that the British Isles would be utterly indefensible in a war where air power would play a major part.

and that it would be criminal, to waste billions in fighting such a war. Those men did not believe that we could possibly be so credulous as to toss our billions into the maelstrom, and regiment our nation for objectives with which, had they been

## WARM WEATHER HITS SPUD CROP

Forecast for Idaho Potato  
Production Still Over  
Last Year's

BOISE, Sept. 13 (AP)—August's hot, dry weather lowered potato prospects slightly, the federal agricultural marketing service noted today, but the forecast still was placed above last year's production of 26,200,000 bushels.

Richard C. Ross, federal agricultural statistician, said a crop of 29,140,000 bushels was indicated, compared to the Aug. 1 forecast of 29,100,000.

"Conditions varied widely in different parts of the state on Sept. 1," Ross said.

"Generally speaking, hot weather hastened maturity of early planted fields in the late crop areas and prevented full size development in these fields. Growth of late planted fields was checked during the hot weather in some areas, but potatoes in these fields were generally making good growth by Sept. 1 and are expected to make good to very good crops except in areas where irrigation water will be short. Quality of potatoes dug before Sept. 1 was generally good."

## INCREASE SEEN IN SCHOOL TAX

State Education Board to  
Fix Levies Totalling  
\$2,039,627

BOISE, Sept. 13 (AP)—County school levies expected to total \$2,039,627, up slightly from last year, will be set officially by the Idaho board of education in a meeting here Sunday.

An average county levy of 5.203 mills, already compiled by the department of education, is somewhat above the 5.193 mill assessment of last year, which brought in \$1,892,452.

The increase this year was necessary because it is believed state school revenue will decline about \$70,000.

Minimum total requirements for state's schools from all sources—county, school districts and state—was set up by the board in July at \$4,601,547, or about \$200,000 under the \$4,801,547 figure of 1939.

Tuition county has a highest levy fixed at present—5.584 mills. Next highest is Gem county, 5.397. Clark has the smallest, 1.232 mills.

Levies of other counties: Ada 5.281 mills, Adams 4.581, Bannock 5.029, Ben 4.899, Blaine 5.905, 5.887, Blinnham 3.889, Blinnham 5.905, Boise 5.197, Bonner 5.843, Bonneville 6.238, Bonanza 5.825, Butte 5.422, Camas 5.208, Canyon 6.044, Caribou 5.264, Cassia 4.189, Clearwater 5.466, Coeur d'Alene 5.377, Elmore 5.490, Franklin 6.043, Fremont 5.585, Gem 5.307, Gooding 5.017, Idaho 5.203, Jefferson 6.492, Jerome 5.235, Kootenai 6.623, Latih 5.788, Lemhi 6.348, Lewis 3.952, Lincoln 3.760, Madison 6.040, Minidoka 5.773, Nez Perce 4.522, Owyhee 6.254, Owyhee 6.347, Payette 6.437, Power 5.334, Shoshone 5.381, Teton 4.594, Twin Falls 5.028, Valley 5.801, Washington 5.774.

### PAUL

John Paul—Ernest Morgan, youngest son of Mrs. Edith Morgan of Paul, left Monday for Twin Falls where he had been accepted in the U. S. navy, going from there to Salt Lake City and later to San Diego, where he will be stationed. Ernest attended the Paul school and graduated with the class of 1936. Sunday evening several of his schoolmates and friends honored him at a farewell party at the Wiley Crover home.

Official Visits—Dr. J. L. Hittinger of Chicago, superintendent of all at the German Congregational churches of the U. S., was a guest at the home of Rev. and Mrs. K. M. Maier, giving a talk at the church Sunday evening. He came here to select a minister for Twin Falls and American Falls as Rev. Maier has discontinued his services at those places.

Noted Speaker—Next Sunday, Sept. 15, the German Congregational church will be honored by a noted speaker, Rev. F. W. Gross, who has just returned from Argentina, where he spent the past six years as a missionary over all the Congregational churches there. Three meetings will be held Sunday.

Recent Trip—Mr. and Mrs. Donald Lyle of Seattle, who are visiting her father, E. E. Norton and family, accompanied her brother, Ralph, and Miss Zelle Brown to Sun Valley Sunday.

Kansas Guests—Mr. and Mrs. William Nyhart of Kansas City, Kan., arrived Thursday and visited until Monday at the home of their cousins, Mr. and Mrs. William Harton.

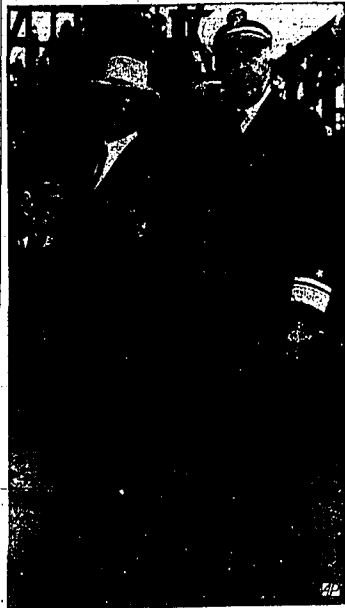

Aid To Merit—The Ladies Aid will meet Thursday afternoon, Sept. 19, the first time in two months, at the home of Mrs. P. R. Coon.

Uta, Visitors—A. L. McDonald of Salt Lake City and Mr. and Mrs. Willard Peart of Kayaville, Utah, arrived Monday and visited at the home of their niece, Mrs. P. R. Pack and at the home of her brother, F. R. Peart of Pioneer.

Attend Celebration—Mr. and Mrs. J. H. Wildison drove to Brigham City, Utah, for the celebration of peach day, and to Ogden where they spent the week end with relatives.

To Attend Rites—Mr. and Mrs. Harvey Jensen and daughter, Nyssa, accompanied Miss Mary Holte of Rupert to Chilonago Saturday, where they will attend the wedding of Mrs. Jensen's sister, Miss Hannah Rauch, formerly of Paul, to Pete Yoes of Chicago. The wedding will be Saturday, Sept. 14, at the Lutheran church there. While there, they will visit Mrs. Jensen's brother, Mr. and Mrs. Chris Ruach.

## Knox Inspects Navy Yard

COLONEL FRANK KNOX, secretary of navy, (left) inspecting west coast naval facilities, is shown here with Rear Admiral D. W. Bagley (right), commander of the Mare Island, Calif., navy yard. This picture was taken during Knox' inspection tour of the yard—Workmen and scaffolding, forming the cradle for a warship under construction, are shown in the background.

## New York Mayor Backs Roosevelt

NEW YORK, Sept. 13 (AP)—Mayor F. A. La Guardia announced his support of President Roosevelt last night and said Senator George W. Norris (Ind-Nat) would serve as honorary chairman of "an independent committee for Roosevelt."

The mayor declared his position in a broadcast over NBC-WJZ at the time for which was paid for by the Democratic national committee. A consistent supporter of new deal policies, La Guardia recently was appointed by the president as chairman of the U. S. section of the joint American-Canadian defense board.

Norris, termed by La Guardia "the outstanding leader of all of us independents and progressives," was chairman of the "National Progres-

sive League for Roosevelt as President" in Mr. Roosevelt's first campaign eight years ago.

"I belong to no party," said Mayor La Guardia, who was elected to Congress in the post as both a Republican and a Socialist. "I do not like politicians. I want nothing from either party. I do love my country. I am concerned and worried over world conditions and our relations to them. I know that President Roosevelt's foreign policy and his preparatory plan are the only hope of keeping our country out of war. I enthusiastically approve of the social welfare program of the new deal. I prefer Roosevelt with his known faults to Mr. Wulkie with his unknown virtues."

Manitoba was known as the Red River Settlement before it entered the Dominion of Canada in 1870.

## APPLE CROP IN IDAHO DECLINES

Substantial Reduction Indicated in Season's  
Production

BOISE, Sept. 13 (AP)—The commercial apple crop in Idaho was indicated today at 2,160,000 bushels, substantially below the 2,574,000 bushels of last year and the 3,625,000 average from 1934 to 1938.

The crop was estimated by the federal agricultural marketing service as 70 per cent of normal, compared with 77 per cent last year.

The decline in production will be national, the service forecast, for a total of 14,930,000 bushels as against 16,085,000 in 1939.

Commercial apple counties of Idaho include Ada, Adams, Canyon, Gem, Payette, Washington, Jerome and Twin Falls.

The combined production of the

eight major fruit crops (peaches, pears, grapes, cherries, plums, prunes, apricots and commercial apples) was indicated as about 13 per cent smaller, than last year, and 1 per cent under the 1934-38 average. Idaho peach production was up from 136,000 bushels in 1939 to 204,000, prunes from 42,900 to 65,000, pears down 3,500 to 23,000 tons and grapes the same at 585 tons.

## CCC Enrollees Return to East

BOISE, Sept. 13 (AP)—Civilian Conservation Corps enrollees, numbering 35, from eight camps in Idaho and Oregon, will leave tomorrow by train for discharge or reassignment at their eastern enlistment points.

Replacements will be brought out next month, said Capt. D. O. Smith of the Boise district CCC office.

Eighty-six are leaving from Weiser, 42 from Vale, Ore., 11 from Caldwell and 48 from Boise for Fort Benning, Ga., and other camps.

Canyon City, Ore., is being 131, Keating, Ore., 96, Warm Lake, 80 and Meridian 87, all bound for Camp Moore at Seagrass, N.J.

## NEW HIGHS SET AT COUNTY FAIR

### Exhibits, Amusements Rate as Well as Attendance

Another fair has come and gone, leaving behind it a record high in attendance records and a new high in quality and quantity of exhibits. And not to be forgotten soon by winners of various contests and exhibitors is the thrill which accompanied the awards.

Rainstorms yesterday afternoon kept many people inside, but the place was almost deserted until the clouds "let out," but of the hundreds who attended from the grandstand, the biggest percent remained to explore the midway and visit the displays and exhibits in the surrounding buildings.

Survey of most of the exhibits revealed that visitors to most of them had been few compared to the preceding two days, and that women and men in charge of the different departments were "glad it's Friday" as they might expect some sleep.

Disappointment was in the voice of one woman when she said that exhibits could not be taken from her building until next week today, and "I was going to do my house cleaning."

None of the exhibits were removed from the exhibit until this morning, and attendance last night was small.

Exhibitors at the educational building and at the juvenile building were partially disappointed, as exhibitors who live some distance from Piler took them home.

Many of the exhibits, items in the line art and pottery department were kept inside, leaving the building a little less attractive.

A leisurely stroll through the hall which houses the Orange drive and the show entry and several county exhibits was an "appetizer" before the main course of the fair was served. The exhibits were more thoroughly and "mellow" until the "mixed" order of the extended display more than made one hungry.

Flowers, many of them, related only a small part of their original beauty, once to let visitors for the first time know what they had lost. The exhibits were more like the more hardy blooms were the tall spikes of gladioli and the fluffy saffers of many shades.

During yesterday afternoon's circus, most of the people in the grandstand were grouped about the county seed control and AAA exhibits, discussing the pros and cons of everything from the seed to the whole atmosphere was quiet and not so hurried as on previous days.

At the circus performance was ended, everyone automatically "came to life" and the fair took on the appearance of a fair in the midst of the crowd, not almost sleeping.

And after the best of the hilarious crowd last night had left for various towns in southern Idaho, some tired and "glad to be home" others jubilant with the success of their entries, still others happy from seeing a good performance and having a good time and many making plans to enter their canning, or livestock or flowers in next year's fair competition.

"Officials of the fair and rodeo had time to talk back a few minutes and realize that, after other year's program had been successfully completed, now to begin thinking about next year's fair, and how to make it the "best one yet."

### Illinois Man's Estate in Court

Mrs. Ella A. Packard of Lapwai, ID., applied to the probate court in Twin Falls yesterday for appointment of J. P. Marshall of Twin Falls as administrator with annexed of the being estate of her husband, Thomas J. Packard, who died last July 4 in Illinois. The estate in Idaho, valued at \$10,000, includes farm properties in Twin Falls and Jerome counties and lots in Piler. Mrs. Packard is the widow of a tax collector, a resident of Lapwai and the other in the naval service at Vallejo, Calif.

Petitioner's attorney is John W. Graham of Twin Falls.

## George P. Scholer, Optometrist

### Announces the Opening of New Offices with R & G Jewelers

SATURDAY, SEPTEMBER 14

115 Main Avenue West Perrine Hotel Building

A new service for your convenience

Glasses may now be purchased on our new budget-account plan

No extra charge

## New Jewelry Concern Opens

OPINING simultaneously at 9 a. m. today will be the R. and G. Jewelers' new store and the offices of Dr. George P. Scholer in the Perrine Hotel building on Main avenue west. Modern treatment of the jewelry store front appears in the photo at left; while at right top is Robert Summerfield, manager of the concern. Dr. Scholer appears below. (News Photo and Engraving.)

## FORMAL OPENING FOR NEW JEWELRY CONCERN

Opening at 9 a. m. today will be the R. and G. Jewelers in the Perrine Hotel building on Main avenue west in Twin Falls, according to Robert Summerfield, manager. The opening continues until 9 p. m.

Modern in front and interior design and fixtures, the store occupies space formerly used as a part of the hotel's lobby. Tones of brown are blended in the interior, and the scheme, while the display window, also is done in mahogany. New received lighting unique in this section, is used throughout.

### OPTICAL OFFICES TO NEW LOCATION

Dr. G. P. Scholer Announces Formal Opening in New Location

Transfer of his offices from 230 Main avenue south to the R. and G. Jewelers store location is announced by Dr. George P. Scholer, optometrist. Formal opening of the jewelry concern in the Perrine Hotel building comes at 9 a. m. today, and Dr. Scholer's office will open at the new location at that time also.

Dr. Scholer has been engaged in business in Twin Falls for the past three years, coming here from Burley where he was an optometrist for a number of years.

Complete optical service will be offered and modern equipment and other facilities are provided at the new location on Main avenue west.

### Five Accepted For Navy Duty

Five youths of this section have passed final examinations and have been enlisted in the U. S. navy at the Salt Lake City district office, G. A. Edmondson, officer in charge of the Twin Falls Navy recruiting station, announced last night.

The young men, who were enlisted through the local station, now are in the training station at San Diego, Calif., for preliminary training.

They are: Herbert L. Phelps, son of Mr. and Mrs. C. Phelps, 1007 Elm street, Twin Falls, Idaho; Elwyn C. Thompson, Jerome; Roy E. McLean, son of Mrs. Louella E. Morgan, Paul; Melvin G. Prince, son of Mr. Harold J. Prince, Wendell; and Lee M. Day, son of Mr. and Mrs. Daniel M. Day, Heyburn.

### HOGGING FATHER TIME

HOUSTON, Tex. (AP)—Fifteen years ago George Lieberman was so attracted to the picture of a huge Newfoundland dog on a French clock that he bought the timepiece. He's been collecting similar pieces ever since.

## Welcome to R & G JEWELERS

Your fine new store is another step forward in making Twin Falls the trading center of Magic Valley.

We welcome you, as one jeweler to another.

Dozens of new designs to choose from—every one popularly priced. Bring your room measurements.

## NEW OUR PLACED ON AVIATION GAS

### Roosevelt Sets Up Control; Eyes on Japanese Reaction

WASHINGTON, Sept. 13 (AP)—The administration, which already has banned export of aviation gasoline to points outside the western hemisphere, established controls today over foreign purchase of American planes and equipment for producing this vital war time fuel.

By proclamation, President Roosevelt directed also that licenses be required for exports of plans and machinery for manufacturing airplanes and airplane engines.

Today's action does not, in itself, prohibit export of these plans and machinery. Bringing them under the export licensing system, however, would be the first step if an embargo were contemplated.

The president said the action was solely a step in the husbanding of resources essential to defense. Diplomatic quarters watched, however, to see how Japan would receive the news.

In addition to the extension of the export licensing system, there were other major defense developments: The army announced that it was reviving the plan of organization for its "streamlined" divisions to give them more flexibility.

Officially said it was decided to revive the "streamlined" divisions because of deficiencies uncovered during recent maneuvers and field exercises. The new divisions will have 14,000 officers and men instead of 12,000, will include an anti-tank company, and will have double the number of 81-millimeter mortar, and 50-caliber machine guns. In addition each rifle company will be given three 81-millimeter guns, and 100-millimeter howitzers will be substituted for the 75-millimeter guns in reserve units of the division.

Present streamlined divisions have 18 50-caliber machine guns and 18 81-millimeter mortars. They also have 150 30-caliber machine guns.

United States imports of arm products have fluctuated around one billion dollars annually in recent years.

## Weather

### IDAHO: Saturday partly cloudy with scattered thunderstorms in mountains; Sunday fair, rising temperature.

High temperature here Friday 72 degrees, low 49. 30 of an inch precipitation. Variable winds, partly cloudy; barometer 29.2 and precipitation of 48 to 88 per cent accumulation during 24-hour period ending at 5 p. m.

(By The Associated Press)

Showers were reported yesterday from Colorado and Utah northwest over the Rocky mountains and over the northwestern quarter of the country.

However, the weather was fair over Nevada, where the air is drier. Temperatures continue above normal over the west.

### Driver Sentenced For Girl's Death

CALDWELL, Sept. 13 (AP)—Paul Gibson, driver of the car in which Ruth Murphy, 14-year-old, was killed August 21, was sentenced today by District Judge Thomas E. Barker to serve 18 months in 10 years in the state penitentiary. Gibson pleaded guilty to a charge of manslaughter.

### GRANDMOTHER AT 11

Twins Falls, Sept. 13 (AP)—Although she is 31 years old, Mrs. Thea Soper is a grandmother. She bore her first child when she was 14.

## NAZI INVASION ATTEMPTS TOLD

### American Surgeon Brings Home Story of German Failures

JERSEY CITY, N. J., Sept. 13 (AP)—An American surgeon returning home after spending a couple of years in France said today that the German army already had made several unsuccessful attempts to invade England from the shores of conquered France.

Sharing his statement on personal observation and information from "many French sources" Dr. Charles F. Bove, 32, head surgeon of the American hospital in Lyon, declared on his arrival from London on the American Export liner "Essex" that "the Germans have tried the invasion several times at different points and each time they failed."

He reported having seen "hundreds of German bodies in the water near Cherbourg (France)."

"The Germans, he said, were constantly practicing for invasion all along the French coast—the practice including maneuvers in which Nazi soldiers in full uniform jumped from vessels and swam long distances with all their equipment."

Other passengers would not comment on the reported invasion attempts, but Dr. Bove's statement bore out similar reports received recently in New York in letters from two French officials.

These letters told of a German attempt to land troops on the west coast of England that proved "nothing short of suicide."

LONDON, Sept. 13 (AP)—A British military source said tonight there has been "absolutely no attempt at invasion in any direction, or form."

Commenting on a statement in Jersey City, N. J., by Dr. Charles F. Bove, former Paris surgeon, that he had seen "hundreds of German bodies in the water near Cherbourg (France)," this military source said it was possible that a German transport ship and been bombed or torpedoed.

The British censor passed Dr. Bove's story for publication in the British Isles.

## One-Shot Hunters On Antelope Trail

### LANDER, Wyo., Sept. 13 (AP)—Thom fleet, bob-tailed antelope which abound on Wyoming's plains may not know it, but their hunters are well matched against the skill of ten "one-shot" triggermen Sunday.

Governor Neh H. Smith will lead Wednesday a five-man trail of marksmen in competition with a similar number of Coloradoans in a one-shot antelope hunt.

Each hunter will be limited to a single shot. The team which bags the most antelope wins.

Lanny Ross, radio star, will be chief umpire.

The Colorado team is composed of Ed Hunter, Owen Tyngdall and Harold Dahl of Denver, Earl J. Zimmerman of Chicago and Jess Sampson of Loveland, Colo. They will be joined by the Wyoming team: Gov. Smith, Harold Evans of Lander, L. E. Wilkinson of Evanston, Chris Schroeder of Sheridan and R. H. Nichols of Casper.

### Congratulations

## Grand Opening SATURDAY, SEPT. 14

*A Budget Account*  
at R & G  
*What It Will Mean to You*

**QUESTION:** Does it cost more to buy on  
convenient budget terms?

**ANSWER:** Emphatically no! R & G carry all  
brands of standard merchandise — for ex-  
ample, Elgin Watches and 1847 Rogers  
Silver. Such merchandise does not have two  
prices. Whether you buy for cash or use  
our budget plan, you pay only the lowest  
cash prices. No interest — or carrying  
charges!

**QUESTION:** How long can I take to pay?

**ANSWER:** If you so desire, you may have as  
much as an entire year to complete your pay-  
ments. The amount of your purchase is di-  
vided into convenient, equal, weekly or  
monthly amounts.

**QUESTION:** How large a down payment  
must I make?

**ANSWER:** Your down payment will be ad-  
justed to suit your budget and your con-  
venience. Our credit department will accord  
you every consideration and courtesy.

**QUESTION:** May I buy more than one item?

**ANSWER:** Once your account is open, our  
complete stock is at your disposal.

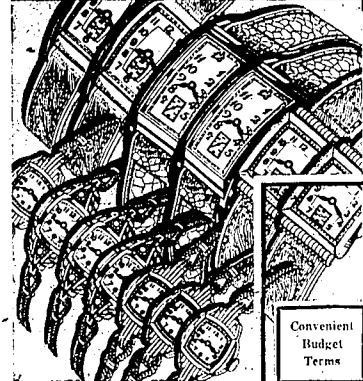

**QUESTION:** Are my Budget Account pur-  
chases delivered immediately?

**ANSWER:** Yes, immediately! You may take  
them with you at the time your selection is  
made.

**BUY NOW! PAY IN A  
CONVENIENT MANNER!**

At these four great Inter-Mountain Jewelry Stores:  
Pocatello, Malad, TWIN FALLS and Idaho Falls.

## Markets At A Glance

NEW YORK, Sept. 13.—Stocks opened steady, but narrow range. The market was quiet, with only a few transactions. The Dow Jones industrial average was 238.46, up 0.10 from the previous day. The volume of trading was light, with only a few million shares changing hands.

## By FRANKLIN GARDNER

NEW YORK, Sept. 13.—Resistance built in the stock market was held today, but buyers must not be too hasty in tentative dips. The market was quiet, with only a few transactions. The Dow Jones industrial average was 238.46, up 0.10 from the previous day. The volume of trading was light, with only a few million shares changing hands.

With the political campaign subsiding, the market is expected to be more active. The Dow Jones industrial average is expected to rise to 240.00 by the end of the month. The volume of trading is expected to increase to 10 million shares per day.

## Butter and Eggs

NEW YORK, Sept. 13 (AP).—Sugar futures settled upward today as a scattering of buying and covering revealed reluctant demand was stimulated by Cuban legislative approval of plans to settle debts on a basis of 100 cents per pound.

The world list closed unchanged to 1 cent higher on sales of 1,550 tons; Dec. 18, March 75 1/2.

Domestic futures were unchanged to 1/2 cent higher on futures of 5,000 tons. Distillates of raw sugar were confined to duty-free at 2 1/2 cents a pound up.

Refined remained locally at 420 1/2 cents. No. 3 (300 lbs) Jan. 15 1/2; March 1 5/8; 150 lbs. 7 1/2; July 1 3/8; Sept. 1941, 15 1/2.

# 2,000,000 WAIT FOR NAZI ATTACK

Neutral Military Observers Predict British Victory Over Invading Forces

By DREW MIDDLETON  
LONDON, Sept. 13 (AP)—An army of 2,000,000 stunned Britain's most shrewdly considered and hundreds of airfields or their landing spots tonight in expectation of an imminent Nazi invasion.

Intelligence officers of all three services confirmed Prime Minister Churchill's warning yesterday that a German attempt was considered possible perhaps in a week's time, and that Nazi power barges, and other ships were concentrated from Norway to southern France along the continental coast (London).

Four or five neutral military observers here also believed Germany will make the long-awaited Britain within ten days.

All the foremost thought Britain was strong enough to blow off any attacking force.

"When the invasion comes, some Germans will get through," our neutral observer said, "but as some bombers get through. The day and night never said this wouldn't. But there never will be many and I believe the army equal to the task of throwing them into the sea."

He said the British would attack German invaders before they could land and that the British would attack German invaders before they could land.

Coastal defenses include many gun batteries, which have been constructed to great secrecy in the last three months. With these the army hopes to slow the German advance enough so that orders to "shoot them in their boats" can be carried out.

## SUPPLY SOURCES TO AID FEEDERS

Railroad Official Tells of Livestock Now Available at Lower Rate

Cattle and sheep feeders, who figure a rapidly growing Snake Valley industry, now have new sources of supply from which to obtain feeder animals at reduced shipping costs, B. P. Costello, traveling freight and passenger agent of the Union-Pacific railroad, announced last night.

Western Wyoming's shipping points on the Union Pacific, Opa and west and Idaho points, such as Pocatello, Montpelier, Soda Springs, and Burley, now have available through rates via Wells railway to California points, Bakersfield, Santa Maria, and Northridge, permit movement direct through Burley and Twin Falls where (top-to-bottom) transit privilege may be purchased without extra charge for back or out-of-line haul, the official pointed out.

Beats for the new rate, a two cents per hundredweight over the direct rates via Opa or Salt Lake City. As many of the sheep, lambs and cattle interest in the Snake Valley move out to San Francisco and other central California consuming centers, there should be an attractive outlet for any feeders, purchased in the western Wyoming and eastern Idaho sections, a spokesman said.

Also announced by Mr. Costello is that Union Pacific shipping points west of Huntington to the summit of the Blue Mountains at Kamela, Ore., including the so-called Joseph branch route through Burley, Twin Falls and Wells to San Francisco and other central California destinations, at rates level on the continuous short line distance applicable via Wells. Previously each feeder had to move by way of Portland to California to obtain a through rate. Many feeders in the Shoshone, Twin Falls district have purchased their supplies, especially lambs, in eastern Oregon, and were compelled to pay local rates to obtain the feeding point.

## Johnston Estate In Probate Court

Estate of the late W. J. Johnston, described as being "substantial," is to be distributed equally among his seven sons, four daughters and the children of a deceased son, under terms of his will which was filed for probate in probate court in Twin Falls yesterday. Mr. Johnston, a pioneer of Twin Falls, died last Friday. He was 92 years old.

Named as executor of the will was a son, James G. Johnston, of Twin Falls. The will was executed Oct. 7, 1927.

W. A. Johnston, of Boise, attorney for the executor in the probate proceedings.

Hearing on the petition was set by Probate Judge C. A. Bailey for next Sept. 30.

## Police Protest a Protest

Little bit of action occurred as police broke up a crowd of several hundred demonstrators who attempted to hold an anti-conscription "prayer meeting" at night on the Capitol here with their.

## FORECAST CUT FOR BEAN CROP

Hot August Weather Damages Production in Twin Falls Area

HOUSE, Sept. 13 (AP)—Hot August weather damaged the bean crop in the Twin Falls area and northern Idaho and the result, the crop is now forecast at 1,620,000 bushels, or 20,000 less than the August 1 forecast.

The reduction was made today by Richard C. Ross, federal agricultural statistician.

"Many beans were down in fields during rains which have fallen here since Sept. 1, but it is not believed serious losses have resulted," Ross said. "Harvesting was well under way by Sept. 1."

"Another 150,000 bushels crop of dry, edible beans is being harvested. The final output is not reduced by losses in late fields, the indicated 1940 crop of 15,130,000 bushels, undressed beans will be the third in four years to exceed 15 million bushels."

He said per acre yields in north Idaho were good but were low in the southern part of the state.

## Idaho Sheep Men Enter Utah Sale

WILSON, Sept. 13 (AP)—Fifty-five of Idaho's best pasture breeders will compete in the 1940 annual fall sale at Pocatello Oct. 5, President B. B. Stender of the Idaho Wool Growers association said today. Col. E. O. Walter of Pocatello will be in the ring.

HEAVENLY MESSIAH BY KALAM, Sept. 13 (AP)—The Rev. Kenneth A. Mearns, is no horse-and-buggy preacher. He has been cutting in his parishioners by airplane, landing in crop fields or whatever clearing was handy.

## AIRCRAFT FACTORY Trained Men Needed

Mechanically inclined men, White American citizens, 18 to 28, and not addicted to drink. Defense program calling for 50,000 planes per year, offers a wonderful opportunity to those who can qualify. Untrained men who are acceptable must finance themselves thru short training. For interview and qualification examination, see:

Barley - National Hotel, Sept. 17-18

A SPECIAL EDUCATIONAL ACTIVITY, CONCERNING THE EVOLUTION OF THE AIRCRAFT INDUSTRY AND ITS FUTURE POSSIBILITIES WILL BE DELIVERED SUN., 2:30 P. M. IN THE PERRINE HOTEL, BY CHARLES, ALL APPLIED TO ATTEND.

## FRANCE PAYS BIG SUMS TO VICTORS

400,000,000 Francs a Day Fixed as Price for German Army

VOCHY, France, Sept. 13 (AP)—The French public was informed officially today the price they will have to pay for the German army of occupation of more than 2,000,000 men is 400,000,000 francs a day.

At the official franc exchange this is more than \$2,000,000.

The expense of the army of occupation had been fixed by the Germans at 20,000,000 reichsmarks daily, but since the Germans also have a fixed rate of exchange of 20 francs to one special reichsmark, the bill thus mounted to 20,000,000 reichsmarks.

The big payment for the upkeep of France's conquerors is only part of the price France must pay for being the war. Property destruction in the invaded regions has not been computed but is estimated at many millions.

An estimated 100,000 men were killed. Prisoners for their dependents will be required for many years.

An estimated 2,000,000 prisoners of war reduced the nation's manpower, raising continuing manufacturing and agricultural losses.

The burden of upkeep of prisoners held in the occupied zones rests with the French people in cities and towns nearest the prison camps. They are expected to provide food-stuffs.

German in the occupied zone are stripping their munitions war materials, having many times they have not had in a long time. They are using the special marks which the French must accept at the rate of 20 francs for one mark. Storekeepers turn the marks to the Bank of France, receiving francs in exchange, so individuals are not the losers.

## FRESHMAN DAY AT COLLEGE

CALDWELL, Idaho, Sept. 13 (AP)—Approximately 150 new students were guests of the College of Idaho faculty and student body yesterday at the institution observed its traditional celebration of "Freshman Day."

A four-foot variation, three inches trampled, "makes an awful lot of difference." It would, for example, enable some boats to get perhaps a quarter of a mile closer to shore.

## L.D.S. Quarterly Meet at Rupert

RUPERT, Sept. 13 (AP)—Mishook take quarterly conference will be an so-on in Rupert Saturday and Sunday, beginning Saturday evening at eight o'clock with a presidential meeting and closing Sunday evening with a mutual meeting.

Two sessions will be held in the auditorium of the tabernacle. The first at ten o'clock and the afternoon meeting at two o'clock.

Salt Lake City speakers will be here and representatives from all wards of the state: Rupert, Tuit, Second and Third, Arden, Heburn, Paul, Eden, Alastair, Emerson and Jackson, will attend.

## WPA LISTS AID FOR WATERWORKS PROJECTS

WASHINGTON, Sept. 13 (AP)—The four northwest states took advantage of the work projects administration's seven year construction program and built 216 waterworks projects of an estimated cost of \$1,122,765.

The data announced this week by the W.P.A. said that of 2,621 such projects throughout the country only 17 had not been completed.

The announcement said Idaho had constructed 33 such projects costing \$2,223,768.

## SHOE-LESS, OF COURSE

HOPKINSVILLE, Ky. (AP)—Police, finding a dice game, found a Negro rolling the dice while holding a one-year-old baby on one arm.

Tell me, Mr. Grocer, How can BUTTER-KRUST be so good?

Butter-Krust is exceptionally good because the bakers are satisfied only when they are producing the best bread to be had. Their product has no equal.

ONE POUND

BUTTER - KRUST BUNS are just as popular too! Try them in your own home. Ask your grocer!
